CHIEF MINISTER MANIPUR

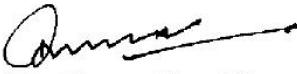

MESSAGE

I am glad to learn that the Directorate of Economics & Statistics, Manipur is bringing out the 28th Edition of the Economic Survey, Manipur.

The 'Economic Survey Manipur, 2023-24' presents a comprehensive picture of the growth trends and achievements of the State in different sectors of the economy, with important statistical facts and figures. I believe this publication will be helpful to policy makers, administrators, economists, businessmen and other users who are interested in the socio-economic development of the State, and also to the general public.

I would like to express my gratitude to the team of officials of the Directorate of Economics and Statistics, Manipur who have contributed in bringing out this publication.

Imphal, the 8th February, 2025

P K Singh, IAS
CHIEF SECRETARY
Government of Manipur

February 5, 2025

MESSAGE

I am glad to learn that the Directorate of Economics & Statistics, Manipur is bringing out its 28th issue of Economic Survey, Manipur. The '**Economic Survey Manipur, 2023-24**' highlights performance of different sectors of the State's economy and numerous schemes and programmes being implemented by concerned departments/agencies for the welfare of people of the State.

I would like to extend my sincere thanks to all the departments/agencies for supplying required information on time for making the current publication possible.

I would also like to congratulate the team of Officials of the Directorate of Economics and Statistics, Manipur who have worked hard in bringing out this publication.

(P K Singh)

Joseph Pauline Kamson, IAS

Imphal, the 3rd February, 2025

FOREWORD

I am very pleased to know that the 28th issue of the publication 'Economic Survey, Manipur, 2023-24' is being published by the Directorate of Economics & Statistics, Manipur which gives a picture on the status of achievements of the various sectors of the State economy. An assessment of the performance of certain sectors will also help in identifying areas where intervention may be required for attaining the Sustainable Development Goals.

The cooperation extended by the various Departments/ Offices and other agencies in furnishing the required information for the publication is highly appreciated. As source agencies, their role is very much crucial and we wish that they will continue to cooperate in the years to come too.

I would also like to extend my heartfelt congratulations to the team of Officers and Staff of the Directorate for their endeavour and commendable role in bringing out the publication.

(Joseph Pauline Kamson)
Secretary (Economics & Statistics)
Government of Manipur

PREFACE

The '**Economic Survey, Manipur, 2023-24**', the 28th issue of the series, presents a comprehensive overview of the economic performance of the State. It highlights the key achievements of the State Government in promoting economic growth and empowering the overall well-being of its citizens.

The State Gross State Domestic Product (GSDP) is estimated to grow at 11.8 percent in 2023-24. Despite the positive outlook, the State economy faces a number of challenges. The Government is committed to address these challenges and promote sustainable economic growth in the State. Further, the publication will serve to strengthen evidence based policy making in various sectors/ stages.

As per convention, the first Chapter of Part-I presents the summary picture based on the information contained in the following 11 (Eleven) Chapters. Supporting Statistical Tables are presented in Part-II. Updation has been made from the information received from 46 Departments in the relevant Chapters and graphs and pictures of important achievements also have been presented for at a glance perception.

The enormous support and commendable guidance extended by the Secretary, Economics & Statistics, Government of Manipur in all stages, for bringing out the Economic Survey, Manipur 2023-24, is extremely valued. The present publication is the outcome of dedicated efforts of the team of the Economic Analysis Unit of the Directorate. Without their contributions, the publication of the issue in such a short period of time would not have been possible at all.

The publication provides valuable insights into the State economy and will be useful for policy makers, planners, business persons and investors as they work to develop strategies to promote rapid economic growth in Manipur and achieve Sustainable Development Goals within the contemplated period.

Suggestions for improvements in its future issues are most welcome.

Imphal, the 3rd February, 2025

PART - I

1. OVERVIEW OF THE STATE

The State of Manipur has come a long way in its march towards sustainable development. Its achievements, like other states, tell a story of challenges and the manner in which India has transcended them. Indeed, there are dimensions of development where Manipur lags and there are also dimensions in which the rest of the country can learn from the State.

Like the other northeastern states, it took time to adjust itself to the destabilising effects of partition in post independent India. The factors responsible for making the State economy not as vibrant as it used to be seven decades back are many. Poor infrastructure, new institutions, rapidly changing economic environment etc were the main factors behind it. However, these challenges have been largely taken care of through concerted policies of the government and active participation of the people. Despite these various odds and challenges, the Government of Manipur has been relentlessly putting efforts to accelerate the pace of economic development of the State to bring it at par with the rest of the country. Unlike the past, there is also a gradual realisation on the part of policy makers that sustainable development should come from within, not from outside. Needless to say, the drivers of growth are being identified and incorporated in policy making.

This introductory chapter gives a brief account of the performances of the various sectors of the economy and numerous steps and measures being taken up by the different departments of the Government of Manipur. The numerous indicators employed for measuring the performance of the State economy, show that the economy is performing well in many aspects in the recent past. Nevertheless, there are several areas also that need special focus for bringing the economy to a level playing field. The areas in which the economy is lagging behind and the areas where there is high prospect for speedy growth of the economy are highlighted in relevant sections of the following chapters.

1.1 Area and Population:

Among the vital determinants of economic development of a region, the geographical area and population are the ones that cannot be ignored. The total geographical area of Manipur is 22,327 Sq. kms. and the State ranks 23rd among the states of India. Geo-climatically, the State may be categorised into two regions viz. the hill and the valley. The valley region, which is very small with an area of just 2,238 square kilometers only (roughly 10 per cent of the total geographical area of the State) is densely populated by various religious and ethnic communities. On the other hand, the hilly region constitutes 20,089 Sq. Kms. i.e., 90 per cent of the total State area which is approximately nine times the size of the valley area. The

density of population in the hills is only 61 while it is 730 in the valley areas. District wise area and population of Manipur according to the census 2011 is presented in Table 1.1.

Table 1.1: District-wise Area and Population of Manipur (2011 Census)

Districts/State	Area		Population	
	Sq. Km.	% of Total	'000 Nos.	% of Total

Source: Office of the Registrar General of India

The population of Manipur as per 2011 Census is 28.6 lakh consisting of 14.4 lakh males and 14.2 lakh females. The population of the State increased by 5.62 lakhs during the decade 2001-2011. The decadal growth rate in 2011 over 2001 is 24.50 per cent, which is higher than the all-India average i.e. 17.40 per cent. Another significant observation is that the proportion of population in the working age-group 15-59 years increased from 51.1 per cent in 1961 to 62.5 per cent in 2011 Census. The total population of Manipur as projected by Ministry of Health and Family Welfare, Government of India as on 1st March, 2024 is 33.53 lakh out of which, 16.32 lakh are males and remaining 16.21 lakh are females. According to Sample Registration System Bulletin, Registrar General of India, the birth rate for Manipur was 13.3 in 2020 as against 14.4 in 2015 and the death rate was 4.3 as against 4.0 in the same period. The infant mortality rate reduced from 9.0 in 2015 to 6.0 in 2020.

1.2 Gross State Domestic Product (GSDP) at Current Prices:

The performance of an economy is conventionally expressed in terms of its GSDP. As per the Advance Estimates, the GSDP at Current Prices for Manipur for the year 2023-24 is estimated at Rs. 44,995 crores, as against Rs. 40,243 crores in the year 2022-23 (Quick Estimates) showing a growth of 11.8 per cent. The estimates of GSDP of Manipur and All India GDP and their growth rates are presented in Table 1.2.

Table 1.2: GSDP of Manipur and All India GDP (at Current Prices)

Year	(Rs. in crore)					
	(1)	(2)	(3)	(4)	(5)	(6)

1.3 Sectoral Contribution to Gross State Value Added (GSVA):

As can be seen from the Fig. 1.1, in 2023-24, the Tertiary Sector is the major contributor to the total GSVA of the State. According to 2023-24 Advance Estimates, the contributions of the Primary, Secondary and Tertiary Sectors to the total GSVA are likely to be 20.2 per cent, 10.7 per cent and 69.1 per cent respectively. The contribution of Tertiary Sector to total GSVA showed an increasing trend while the contribution of Secondary Sector to total GSVA showed an increasing trend in the last four years.

Fig. 1.1: Sectoral Composition of GSVA (%) at Basic Prices (Current Prices)

1.4 Per Capita Income :

The Per Capita Income (PCI) of Manipur at current and constant (2011-12=100) prices in 2023-24 are estimated to be Rs. 1,23,581 and Rs. 63,202 respectively, showing a growth of 10.5 per cent and 5.0 per cent over the previous year. It indicates the average size of the income and the standard of living of the people of the State. The trend of the PCI of Manipur and All India at current and constant (2011-12=100) prices is shown in Table 1.3.

1.5 Revenue of State Government :

Fiscal health of the State is also reflected by its revenue receipts comprising both tax and non-tax revenue. The total revenue receipts over the last four years of Manipur are illustrated in Fig. 1.2.

Fig. 1.2: Total Revenue Receipts of the State Government

RE – Revised Estimates

BE – Budget Estimates

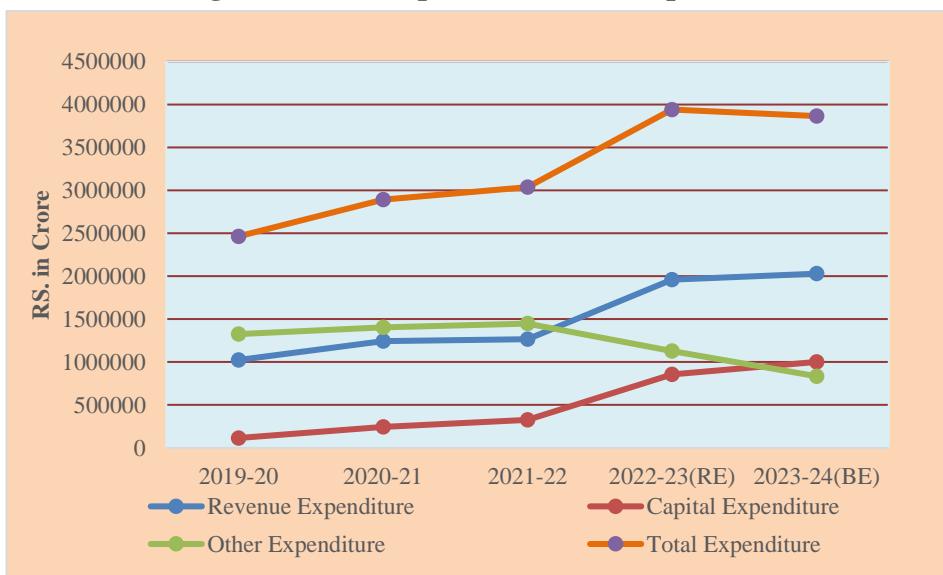

Source: Financial Account, 2020-21 & 2021-22, Annual Financial Statement, 2022-23 & 2023-24,
Department of Finance, Manipur

The total revenue receipts of the State increased from Rs.12,982.65 crore in 2020-21 to Rs.14,091.00 crore in 2021-22 showing a growth of 8.54 per cent. The total revenue receipts (Revised Estimates) for the financial year 2022-23 stands at Rs. 25,600.77 crore and the Budget Estimates for the financial year 2023-24 stands at Rs. 27,547.53 crore. The share of Non-Tax Revenue to total revenue receipts of the State has been increasing over the years. The share of Non-Tax Revenue to total revenue receipts is estimated to increase from 57.1 per cent in 2020-21 to 61.8 per cent in 2023-24 (BE), while the share of Tax Revenue to total revenue receipts is estimated to decrease from 42.9 per cent in 2020-21 to 38.2 per cent in 2023-24 (BE). The total revenue receipts as percentage of GSDP for the year 2023-24 (BE) is 63.5 and the figure for 2022-23 (RE) is 65.3.

1.6 Expenditure of State Government :

The total expenditure of State Government of Manipur was Rs. 30,370 crore in 2021-22 and estimated to be Rs. 39,412 crore in 2022-23 (RE), which is an increase of 29.77 per cent over 2021-22. The total expenditure of Manipur for the last five years is graphically presented in Fig. 1.3.

Fig. 1.3: Total Expenditure of Manipur

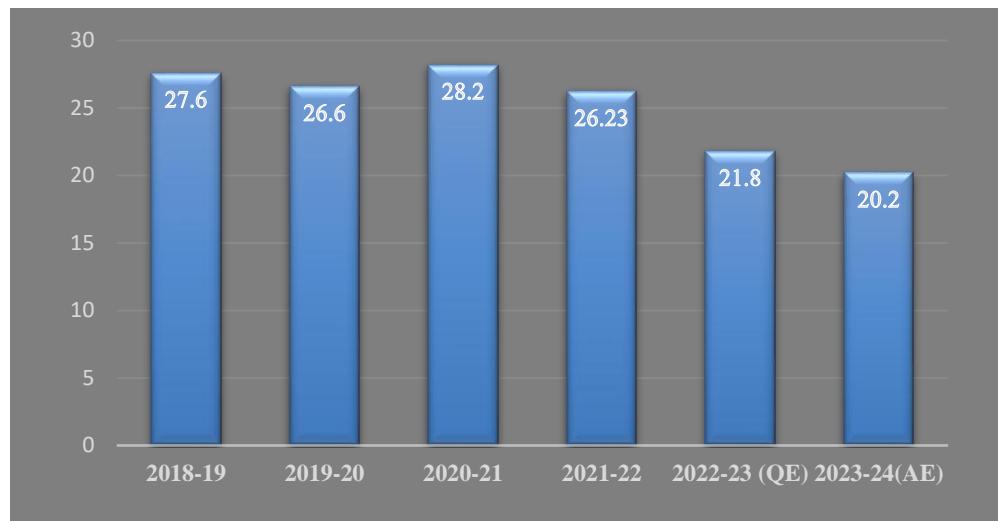

Source: Finance Account & Annual Financial Statement, Department of Finance, Manipur

1.7 Agriculture & Allied Sectors:

Agriculture still occupies the most prominent position in the State's economy. About 80 per cent of the population in Manipur is directly dependent on agriculture and allied sector. The primary sector accounted 21.8 per cent of the Gross State Value Added (GSVA) at Current Prices in 2022-23. The share of the primary sector to GSVA of Manipur has been declining from 28.2 per cent in 2020-21 to 20.2 per cent in 2023-24 (AE), which can be seen in Fig. 1.4. The State economy is showing a shift in the composition towards the tertiary sector over the last five-six years. The declining share of the agriculture in the State's economy,

however, does not take away the criticality of this sector. Food security has been an issue of concern in Manipur.

Fig. 1.4: Percentage Contribution of Primary Sector to GSVA (at Current Prices)

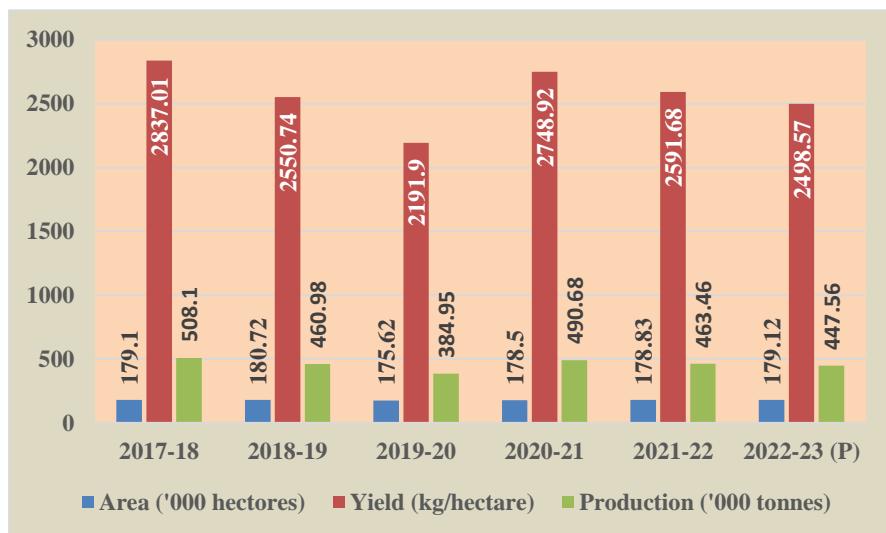

QE – Quick Estimates AE – Advance Estimates

Source: Directorate of Economics & Statistics, Manipur

1.7.1 Agricultural Production :

The production of rice, staple food for the people of the State, for the year 2022-23 was estimated at 4.47 lakh tonnes as against 4.63 lakh tonnes in 2021-22. In case of maize, the estimated area, the average yield and production for the agricultural year 2022-23 was recorded as 1.66 thousand hectares, 2975.74 kgs. per hectare and 4.96 thousand tonnes respectively. The area, yield and production of rice in Manipur are shown in the following Fig. 1.5.

Fig. 1.5: Estimated Area, Yield & Production of Rice in Manipur

Source: Directorate of Economics & Statistics, Manipur

The farmers in Manipur are highly dependent on monsoon in the absence of adequate irrigation facilities. Farm mechanisation is also hardly happening due to difficult hilly terrains coupling with fragmented and marginal land holdings size. Nevertheless, to ensure food security and double the income of the farmers, the State Government has been implementing various centrally sponsored schemes and state specific schemes.

1.8 Horticulture:

Next to agriculture, horticulture occupies the second most important spot in agriculture and allied sector in terms of income generation and engaging of the farmers in Manipur. The State has a plenty of scope and potential to grow various horticulture crops because of varied agro-climatic conditions. The potential area for horticulture crops in the State is about 2,77,064 Ha. The major horticultural crops grown in the State are pineapple, lemon, orange, banana, guava, peaches etc. The area for cultivation of fruit and vegetables in Manipur has been fluctuating over the last five years. The following Table 1.4 shows the estimated area under some fruits and vegetables in Manipur.

Table 1.4: Area Under Some Fruits and Vegetables in Manipur

(Area in '000 hectares)					
Name of the crop	2017-18	2018-19	2019-20	2020-21	2021-22 (P)

P= Provisional

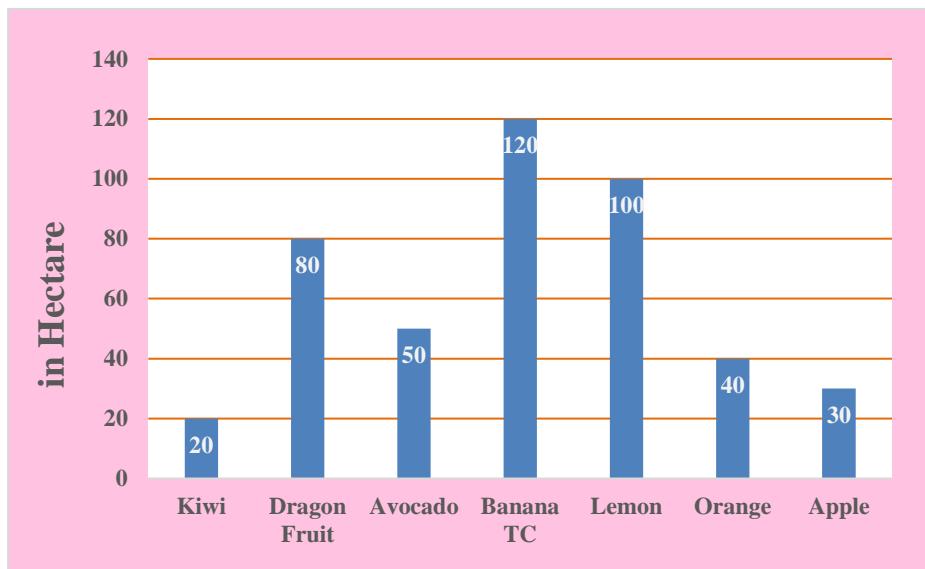

Source: Directorate of Horticulture & Soil Conservation, Manipur

Some of the activities taken up for development of horticulture in Manipur under different schemes are as given below.

1.8.1 Mission for Integrated Development of Horticulture (MIDH):

Under MIDH scheme for holistic growth of the horticulture sector covering fruits, vegetables, root & tuber crops, mushrooms, spices, flowers and cashew, new plantation has been taken up in the State, which is shown in Fig.1.6.

Fig. 1.6: New Plantation of Various Fruits Under MIDH (in hectare) during 2023-24

Source: Directorate of Horticulture & Soil Conservation, Manipur

1.8.2 Manipur Organic Mission Agency (MOMA) :

Manipur Organic Mission Agency (MOMA), Department of Horticulture and Soil Conservation, has been constituted as the State Lead Agency for implementing the scheme Mission Organic Value Chain Development of North Eastern Region and has been in implementation in the State since 2015-16. Under the scheme, 65 Farmers' Producer Company (FPCs), covering 37,900 Ha. and 37,900 farmers, have been formed producing eleven high-value organic crops viz., pineapple, king chilli, ginger, turmeric, kiwi, passion fruit, black aromatic rice (Chak-hao), maize, kachai lemon, Tamenglong Orange and HYV rice.

Significant Achievements under MOMA

GI registration of three crops viz., Black Aromatic Rice, Tamenglong Orange and Sirarakhong Chilli to increase demand and brand visibility.

Opened Organic Manipur Food stall at Dilli Haat, INA, Delhi during March, 2023 to facilitate marketing of organic products outside the State.

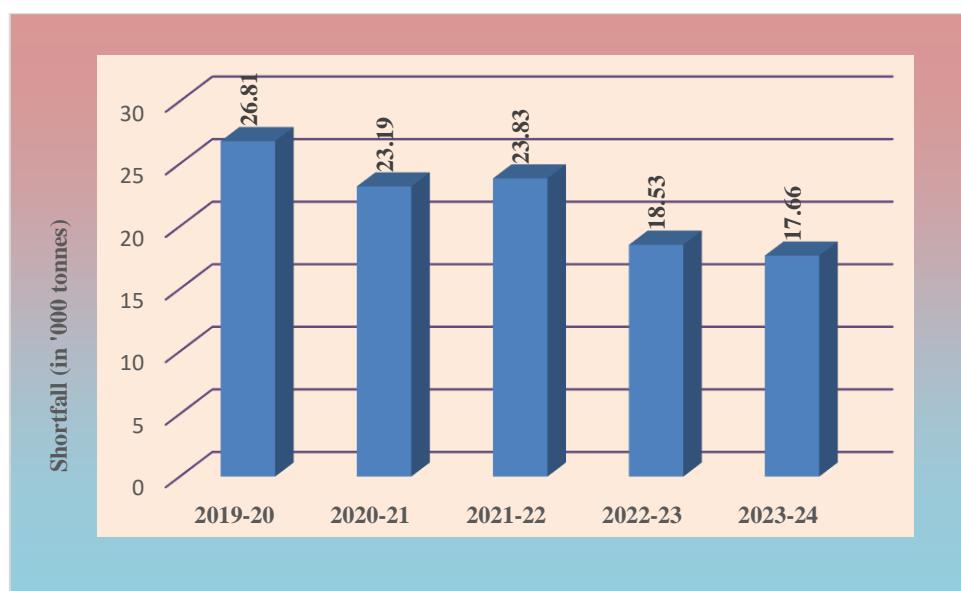

Establishment of Organic Outlet at Imphal with cold chain facilities and mini testing lab.

1.9 Fisheries:

Fisheries provide avenue for employment generation. Lakhs of fish farmers depend upon fishery for their livelihood. Inland fisheries constitute a major sector in Manipur's economic development. People of the State rear fish in ponds, lakes, reservoirs, rivers etc. where perennial supply of water is available throughout the year. Manipur has a total water area of 56,461.05 hectares but at present only 18,000 hectares is being utilised for fish farming.

The annual fish production in the State is estimated at 35.77 MT against annual consumption requirement of 52.43 MT during 2023-24. Both production of fish and estimated requirement of fish has increased over the years. However, the total requirement of fish far exceeds its domestic production. The demand-supply gap is filled by importing fish from other states.

Fig. 1.7: Demand-Supply Gap for Fish in Manipur for the Last Five Years

Source: Department of Fisheries, Manipur

1.10 Forestry:

Manipur forests are unique by virtue of its varied composition which serve as a repository of a wide range of flora and fauna. The major types of forest in Manipur are Tropical Wet Evergreen Forest, Tropical Moist Deciduous Forests, Sub-Tropical Pine Forest, Tropical Dry Deciduous Forest, Montane Wet Temperate Forest and Sub-Alpine Forest. According to Forest Report, 2021, the forest cover of Manipur is 16,598 Sq. Kms. as against 16,847 Sq. Kms. in 2019, a decrease of 1.48 per cent. Area under forests by legal status remain the same over the years.

The out-turn and value of forest products (major and minor forest products) for 2023-24 is Rs. 30,95,68,839/- which can be seen in Table 1.5.

Table 1.5: Out-turn and Value of Forest Production of Manipur, 2023-24

1.11 Livestock :

Amongst the allied sectors of agriculture, livestock is an important sector. Development of animal husbandry is an essential feature as livestock plays a pivotal role particularly in the State's rural economy. In order to ensure a steady growth of these livestock and poultry products and also by-products, the Department of Veterinary and Animal Husbandry Services has taken up development programmes such as animal health and disease control, cattle development, pig breeding, poultry development, feed and fodder development and dairy development and milk supply schemes. Livestock and poultry population of Manipur according to livestock censuses is given in Table 1.6.

Table 1.6: Livestock & Poultry Population of Manipur per Livestock Censuses

The main livestock products are milk, egg and meat. The estimated production of milk in the State in 2022-23 was 71.87 thousand tonnes which was 4.87 per cent less than the production of 75.55 thousand tonnes in 2021-22. The production of egg (nos.) in 2022-23 was estimated at 1215.64 lakhs showing an increase of about 5.83 per cent over the production of 1148.65 lakhs in 2021-22. The estimated meat production in 2022-23 was 20.79 thousand tonnes which is 4.02 per cent less than the production of 21.66 thousand tonnes in 2021-22.

1.12 Rural Development :

Improvement in quality of life of economically weaker sections of the society is also one of the basic objectives of development planning. For accelerating the pace of development in rural areas and also to uplift the standard of living of the rural population of Manipur, various developmental schemes and programmes such as Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS), Pradhan Mantri Awas Yojana Gramin (PMAY-G), Pradhan Mantri Gram Sadak Yojana (PMGSY), Shyama Prasad Mukherjee

Rurban Mission (SPMRM)/National Rurban Mission (NRuM), Rashtriya Gram Swaraj Abhiyan (RGSA) etc. were launched in the State. During 2023-24, a total of 5,97,827 Job Card were issued under MGNREGS. The average days of employment for Manipur provided in the State along with the National Average during 2019-20 to 2023-24 is shown in the Fig. 1.8.

Fig. 1.8: Average Days of Employment under MGNREGS

Source: Department of Rural Development and Panchayati Raj, Manipur

1.13 Industrialization :

Though Manipur is rich in natural resources, due to difficult terrain, inadequate infrastructural facilities and varying climatic conditions, the State could not develop much in industrial sector. Realising the need for rapid industrialization to generate more employment opportunities, alleviate poverty and remove economic disparities in the State, the State Government formulated the Industrial and Investment Policy of Manipur, 2022.

The major public sector undertakings in the State which are generating employment are: Manipur Industrial Development Corporation Limited (MANIDCO), Manipur Electronics Development Corporation Limited (MANITRON), and Manipur Food Industries Corporation Limited (MFICL).

The district wise number of enterprises registered with Udyam Registration in the State during 2023-24 is shown in Table 1.7.

Table 1.7: District-wise Number of Enterprises Registered with Udyam Registration for the Year 2023-24

1.14 Power:

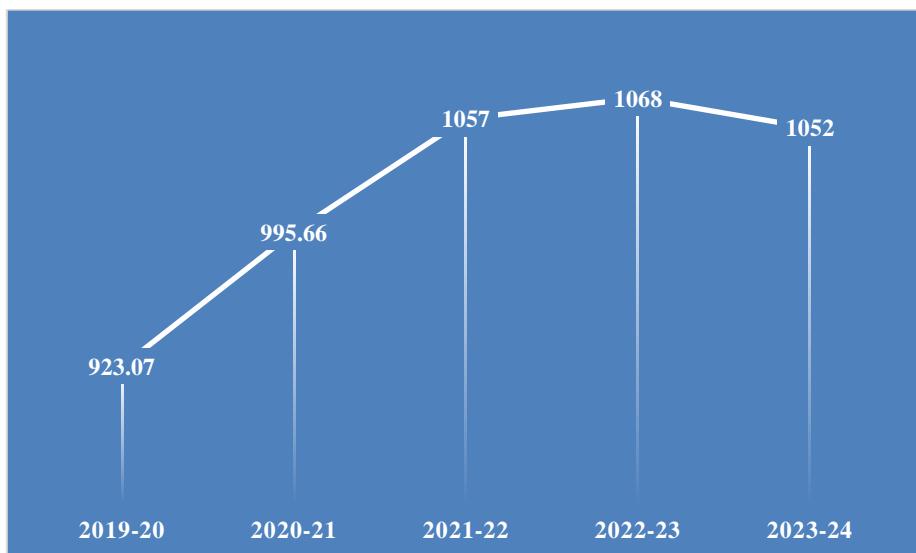

The availability of reliable, quality and affordable power is vital for rapid growth in agriculture, industry and for overall economic development of the State. An efficient, resilient and financially healthy power sector is an essential requirement for growth of the State and economic empowerment of the people of the State. Moreover, it lights up lakhs of homes and thus plays a significant role in improving the standard of living for the general public of Manipur.

1.14.1 Availability of Power:

Manipur has no sufficient power generation of its own while it needs more power to meet the ever-increasing demand. Electric energy in the State continues to be insufficient over the years. The power supply in Manipur depends on the share of power allocated from the Central sector plants and on purchase. However, keeping in mind the necessity of providing uninterrupted power supply for rapid economic growth of the State, the Government of Manipur has been managing with all its efforts to ensure availability of energy. Net energy (summation of Energy purchase, Free Energy from Loktak HE Project, Energy generated by

the State and subtracting Energy Sold & Banked Energy) availability for the State for the last five years is shown in Figure. 1.9

Fig. 1.9: Net Energy Available (MU)

1.15 Roads:

Roads may be described as the lifeline of the people of the State. The surface transport is the most important means of connectivity for the State in which major portion is characterized by difficult hilly terrains. As such good roads have a special importance as vital infrastructure for speedy economic growth of the State.

The total length of roads in Manipur is 18,437 Kms. (out of which 9,920 km is under State PWD) which comprised of 1,724 Kms. of National Highways, 764 Kms. of State Highways, 1,286 Kms. of major district roads, 1,128 Kms. of other district roads and 13,535 Kms. of village roads.

1.15.1 National Highways:

The total length of National Highways in Manipur is 1,723.595 Kms. out of which the length of National Highway under PWD, Manipur is 310.64 Kms. only, 1,407.955 Kms. is under National Highway and Infrastructure Development Corporation Limited (NHIDCL) and the remaining 5.00 Kms. are under Border Road Organisation (BRO).

1.15.2 State Highways and Major District Roads:

The next important roads that are highly responsible for improving the connectivity of the State are State Highways and major district roads. State highways and major district roads form the secondary road system and take care of collection and distributary functions.

Besides the road transport, air connectivity, new railway lines and waterway projects have also been taken up recently. Imphal is now connected with capitals of other Northeastern states under Regional Connectivity Scheme-UDAN. With the completion of Phase IV

(Tupul-Imphal), which was targeted to be completed by December, 2023, the capital city of Manipur will be connected with the rest of the country by railway. As a matter of pride for Indian Railways, the construction of the world's tallest rail bridge on the ongoing Jiribam-Imphal railway line is near completion.

1.16 Regional Connectivity through Heli Service:

Under the Ministry of Home Affairs (MHA), Government of India's Helicopter service scheme for the "North Eastern Region, UT of Jammu & Kashmir, UT of Ladakh and State of Himachal Pradesh", the Government of Manipur is operating Non-Scheduled Operators Permit (NSOP) Helicopter service in the State since 2018, connecting Imphal with Jiribam, Moreh and Tamenglong.

Further, the Government of Manipur is developing five Heliports in the State at Jiribam, Moreh, Parbung, Tamenglong and Thanlon under the Regional Connectivity Scheme- Ude Desh Ka Aam Nagrik (RCS-UDAN) scheme of Ministry of Civil Aviation, Government of India. This scheme is under developmental phase and is targeted for completion by March, 2024. Once completed, it is expected to provide air connectivity to the remotest parts of the State and further boost the tourism sector while also enhancing the relief & rescue and medical emergency operations of the State Government.

1.17 Information & Communication Technology (ICT):

The State Government is actively promoting the use of IT to improve governance and service delivery. The State Government has launched a number of schemes for the development of IT in the State during 2022-23. Mention may be made of implementation of eOffice across the entire State Government offices since 2020 and setting up an Information Technology Special Economic Zone (IT SEZ) over 10.85 hectares of contiguous land at Mantripukhri.

1.18 Banking :

The need for a well-developed banking system in the economic life of the State can hardly be exaggerated. Growth of industry and trade has necessitated the development of banks and other financial institutions. The banking scenario of Manipur has undergone a sea-change over the years. As on 31st March, 2024 there are 260 scheduled commercial banking offices in the State as against 223 in 2020. From the aggregate deposits and credits of banks including Regional Rural Bank (RRB) and Co-operative Bank in the State, the Credit-Deposit ratio was worked out to be 81 in 2022-23 which increased to 83 in 2023-24.

1.19 Health:

Medical facilities are the basic social input for healthy and efficient human resources. The State Government provides services such as public health, control of communicable diseases, health education, family welfare, maternal and child health care through a network of Civil Hospitals, Primary Health Centers, Primary Health Sub-Centers, Community/ Urban Health Centers and Dispensaries. Special attention is also given from time to time to eradicate diseases like malaria, leprosy, T.B., Iodine Deficiency and AIDS.

1.19.1 Chief Minister's Health for All (CMHA):

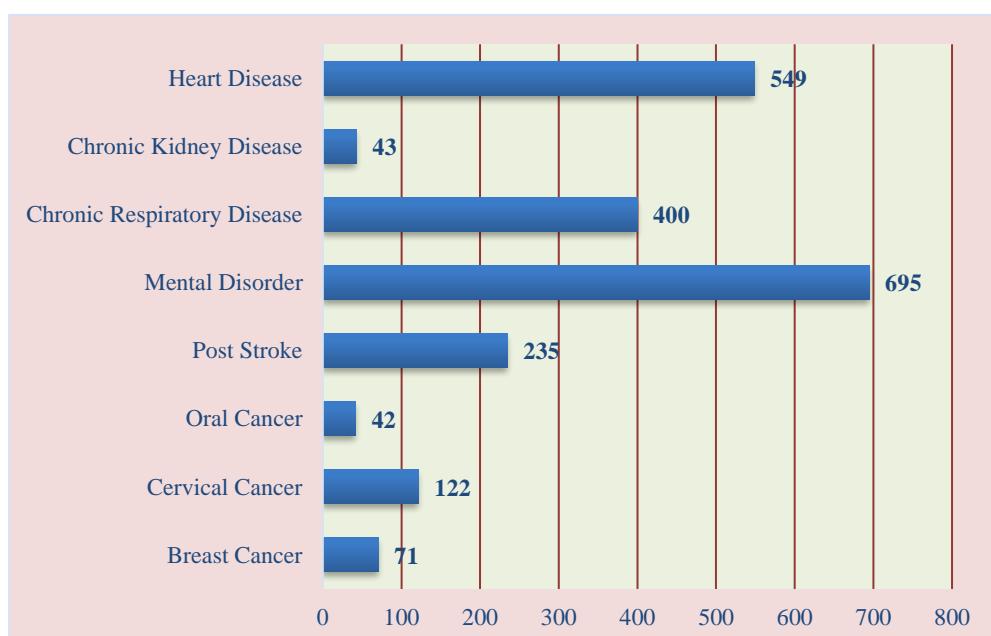

Chief Minister's Health for All (CMHA) Scheme is an initiative of the Chief Minister of Manipur, with a primary objective to provide health screening of chronic diseases among the population of 18+ years of age and Primary Health Care management at door step. It was launched on 14th October 2021.

The scheme also aims to provide medicines and further assist in getting treatment under the Chief Minister Gi Hakshel Gi Tengbang (CMHT) and Pradhan Mantri Jan Arogya Yojana (PMJAY) schemes. The scheme would especially benefit elderly patients above 60 years, bed-ridden patients and NCD patients, who are not on regular follow-up or who have not visited health centre due to financial or physical problems.

Achievement/ Outcome of CMHA
Till 31st March 2023, the scheme has been initiated in 1,263 villages across 16 districts of the State and a total of 36,5943 citizens have been screened
A total of 61,406 (16.78%) individuals were found to be diabetes suspect and 61435 (16.79%) to be hypertension suspects
Free drugs worth for approximate amount of Rupees 80 lakhs have been distributed during home visit
Protocols and guidelines have been developed for screening of individual diseases.
Care of elderly patients and bedridden/palliative patient integrated with CMHA in January 2023
Training of 4th and 5th batches of CHOs and training on dashboard for district staff have also been conducted

Number of suspect or high risk cases of other diseases detected during the screening process is shown in the Fig. 1.10.

Fig. 1.10: Number of Suspect or High Risk Cases

Source: Directorate of Health and Services, Manipur.

1.20 Education:

The Government of Manipur has taken a number of initiatives to bring about progress in the field of education in Manipur out of which School Fagathansi Mission is one of the biggest achievements.

1.20.1 School Fagathansi Mission (SFM):

With the launch of the School Fagathansi Mission (SFM) on 18th January, 2019, the pass percentage of the government schools under the mission performed better than the schools not covered under the SFM.

In Higher Secondary Examination, 2023, seven students of Government Higher Secondary Schools were among the position holders. 160 students (out of 167 students) of private schools took the remaining positions. Out of a total of 44 subjects in the examination, 17 students of Government Higher Secondary Schools scored highest marks in 14 subjects.

In the HSLC examination 2023, out of a total of 38 subjects (including MIL/ Optional), 10 students of Government Schools scored highest marks in 3 subjects (i.e., Anal, Fine Arts & Zeme) in the HSLCE, 2023. Further, out of 313 government schools appearing in the HSLCE, 2023, 51 schools achieved 100 percent pass percentage.

1.20.2 National Education Policy 2020:

The National Education Policy (NEP) 2020 is a comprehensive education policy that was introduced by the Government of India in 2020. The policy aims to transform India's education system by making it more equitable, inclusive, and relevant to the needs of the 21st century. The transformation in the curricular and pedagogical structure in NEP 2020 is highlighted below.

Transforming Curricular & Pedagogical Structure:

Existing Academic Structure		New Academic Structure	
2 Years (Age 16-18)		4 Years (Class 9 to 12) (Age 14-18)	Secondary
10 Years (Age 6-16)		3 Years (Class 6 to 8) (Age 11-14)	Middle
		3 Years (Class 3 to 5) (Age 8-11)	Preparatory
		2 Years (class 1 & 2) (Ages 6-8)	Foundational
		3 Years (Anganwadi/pre-school/Balvatika) (Ages 3-6)	

New pedagogical and curricular structure of School Education (5+3+3+4):

Foundational stage (5) is multilevel, play/ activity-based learning (3 years in Anganwadi / pre-school)

Preparatory Stage (3) is play, discovery, and activity-based and interactive classroom learning.

Middle Stage (3) is experiential learning in the sciences, mathematics, arts, social sciences, and humanities.

Secondary Stage (4) is multidisciplinary study, greater critical thinking, flexibility and student choice of subjects.

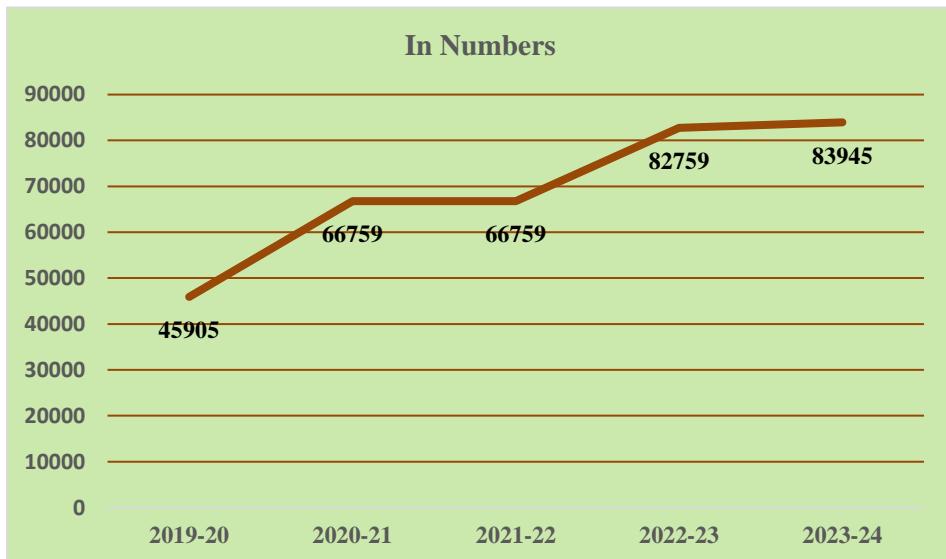

1.21 Social Welfare:

The Government of Manipur has been implementing various social welfare programmes and services for the upliftment of disadvantaged segments of the population specially women, children, disabled persons, old aged and infirmed etc. So, the welfare services are intended to provide needed care and protection for weaker sections of the community. Among the various schemes being implemented by the government, the following vital schemes may be highlighted here.

1.21.1 Manipur Old Age Pension (MOAP) Scheme:

Under this scheme, Department of Social Welfare, Govt. of Manipur is providing financial assistance to the old aged & infirmed persons / destitute under Manipur Old Age Pension Rules continuously. A sum of Rs. 100/- p.m has been given to these old and aged persons as pension. It is preferably given to low income group and handicaps (both male and female).

Fig. 1.11. Number of Beneficiaries covered under MOAP

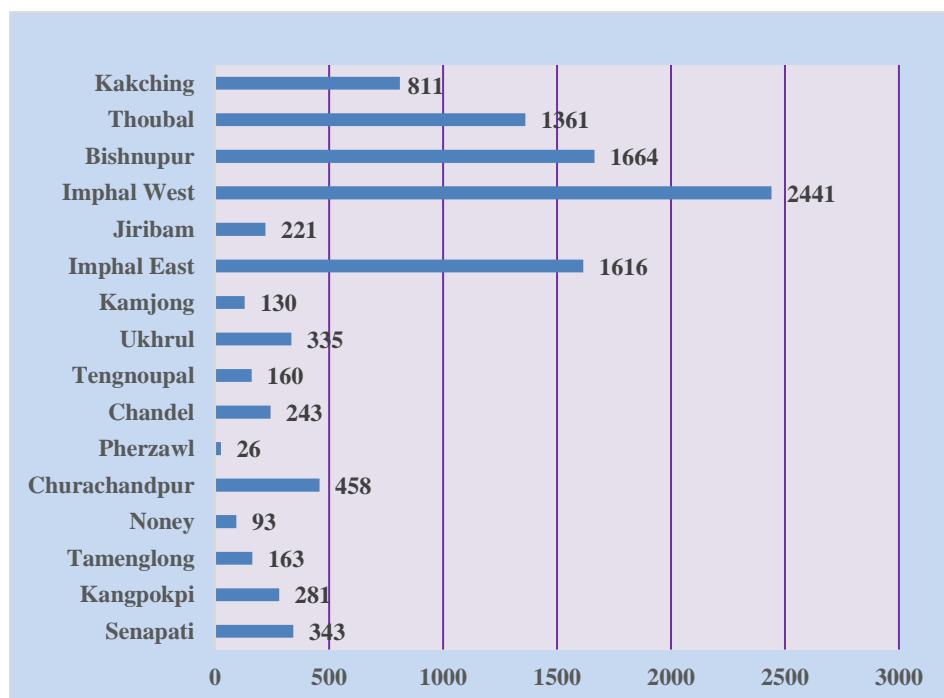

Source: Department of Social Welfare, Manipur

1.21.2 Chief Minister Widow Pension Scheme (CMWPS):

The scheme, which was launched during 2021-22, is applicable for those widows belonging to Economically Weaker Section whose annual income are less than Rs. 72,000/- per annum.

The pension amount is Rs.500 per month. The eligible age for applying the scheme is 40 to 59 years and in case of widows with HIV positive, the eligibility is 18 to 59 years.

Fig.1.12: Number of Beneficiaries under CMWPS, 2023-24

Source: Department of Social Welfare, Manipur

1.21.3 Prohibition of Drugs:

1.21.3.1 Framing of State Specific Guidelines:

The State Government has recently framed the “Guidelines for setting up of Treatment and Rehabilitation of Users for Social Transformation (TRUST) Centre in Manipur” and “Minimum Standard of Care and Service for Treatment and Rehabilitation of users for TRUST Centre” and notified in the Official Gazette on 6th September, 2022, to regulate the non-funded/ private de-addiction centres operating in the State and to ensure effective treatment services to the needy psychoactive substance users. 31 numbers of TRUST centres have been registered under the Department. There are 27 numbers of Integrated Rehabilitation Centre for Addicts (IRCA) which comprises integrated services for the rehabilitation of the substance dependent person.

1.21.3.2 Anouba Mangal Treatment and Rehabilitation for Users of Social Transformation (TRUST) Centre:

A government TRUST centre namely Anouba Mangal TRUST Centre at Sunusiphai, Bishnupur District, having 50 bedded capacity has also been set up w.e.f. 26th June, 2022 for providing free treatment services to psychoactive substance dependents who belonged to economically weaker section of the society. 336 clients have been treated till date. The centre is now shifted to the premises of Manipur State Bal Bhavan, Khuman Lampak, Imphal.

1.21.4 State Share Contribution under Indira Gandhi National Widow Pension Scheme (IGNWPS) and Indira Gandhi National Disabilities Pension Scheme (IGNDPS) as Top-up:

The State Government has enhanced the existing rate of benefit of Rs. 300/- per month to Rs. 500/- per month to the 7,075 beneficiaries of IGNWPS and 918 beneficiaries of IGNDPS by contributing a State top-up of Rs. 200/- per month under National Social Assistance Programme (NSAP).

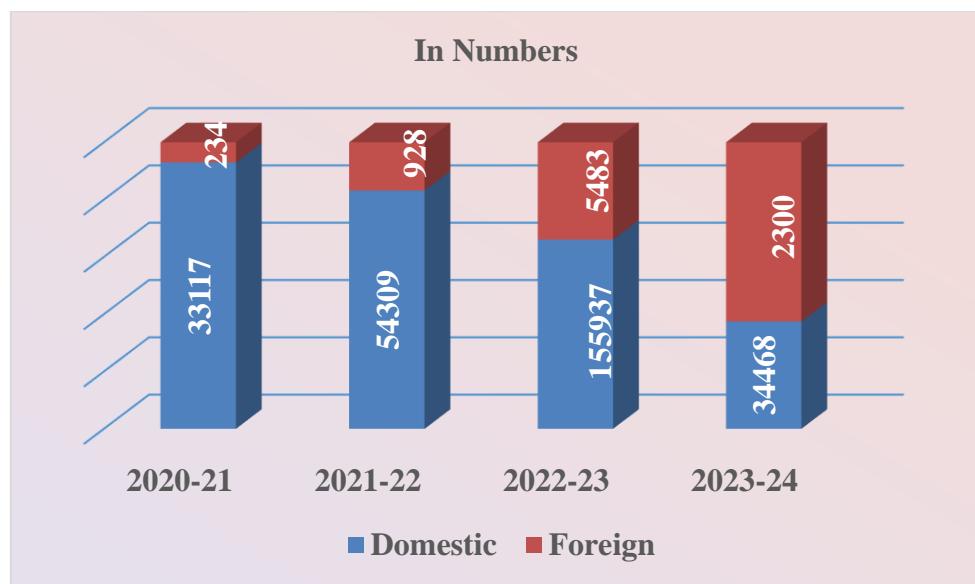

1.22 Tourism in Manipur:

With incredible scenic natural beauties, favourable climatic condition throughout the whole year and warm hospitality of the local people, huge prospect of tourism is unquestionable. Keibul Lamjao National Park known for its floating phumdis on the bank of the Loktak Lake, the only habitat of brow antlered deer locally known as ‘Sangai’, Indian National Army (INA) Memorial at Moirang where INA hoisted tricolour flag, Siroy National Park at Ukhrul, Loktak Lake, the biggest fresh water lake in the North-Eastern Region and Khongjom War Memorial, where the last war of Manipur Independence was fought, are the major tourist spots of the State.

In order to facilitate the movement of tourist in the State, the Government has been providing various infrastructural facilities for incoming tourists. Various events like Shirui Lily Festival, Barak Spring Festival, Sangai Festival, Manipur Statehood Day, Women’s Polo Tournament etc. are organized to attract tourist in the State.

Another added factor for attracting tourist in the State is the improvement in the transport and communication. Manipur is now well connected with cities like Delhi, Kolkata, Guwahati, Silchar, Aizwal, Dimapur, Jaipur, Bagdogra, Chennai, Ahmedabad, Goa, Pune, Bengaluru and Mumbai by Air. The year wise number of tourists in Manipur is shown in Fig. 1.13.

Fig. 1.13: Year wise Number of Tourists in Manipur

Source: Directorate of Tourism, Manipur

1.22.1 Tourism Festivals in Manipur:

Among the numerous tourism festivals in Manipur, the following most two popular festivals may be mentioned here.

A. Manipur Sangai Festival - Festival of Oneness:

The first Manipur Sangai Festival was celebrated in 2010 to promote Manipur as a world-class tourist destination. Since then, it is being held from 21st to 30th November annually and has become the biggest tourism festival of the State.

B. Shirui Lily Festival:

Manipur celebrates the Shirui Lily Festival every year at Utkhrul District. The festival features demonstrations of the age-old traditions and culture of the inhabitants of the district of Utkhrul. The festival is being organized during the month of May keeping in mind the peak blooming season of Shirui Lily, the State flower of Manipur

C. Development of Water Amusement Park:

The project was sanctioned in the year 2021-21 under the scheme of Special Assistance to States for Capital Expenditure (SASCE) of Ministry of Finance, Government of India. The project is completed and inaugurated on 13th March, 2024 by Hon'ble Chief Minister, Manipur.

1.23 Achievements in Sports:

Manipur, which is popularly known as “India’s Sports Powerhouse” is proud of its achievements in games and sports. This tiny State has produced many Olympians, World and National Champions. Games & sports form an inseparable part of the lives of the people of Manipur. Historically, Manipur being sports loving State, the youths are following it vigorously to excel despite various bottlenecks and resource constraints. A good number of sportspersons are playing under different banners countrywide bringing laurels for the State. For a poor and resource handicapped State like Manipur, games & sports have become an employment avenue also. Performance of our sportspersons in the recent years:

A. Medal Tally of Manipur in the Last 5 National Games

Year	National Games	Gold	Silver	Bronze	Total
2007	33rd National Games, Assam	51	32	40	123
2011	34th National Games, Jharkhand	48	37	33	118
2015	35th National Games, Kerala	22	21	26	69
2022	36th National Games, Gujarat	20	10	20	50
2023	37th National Games, Goa	68	89	41	198

1.24 Manipur Towards Sustainable Development:

Like in other states, in November 2019, Manipur adopted its Vision 2030. The Planning Department, Manipur developed State Indicator Framework in respect of the State consisting 108 indicators for 15 SDGs, which also included ten State Specific Indicators. The State Indicator Framework will be the backbone for monitoring the SDGs as they will serve as a management tool to allocate resources and as a report card to measure progress towards achieving a target and ensure the accountability of Government and stakeholders for achieving the SDGs. The following graph depicts the performance of the State in terms of SDGs in 2023-24 over 2020-21.

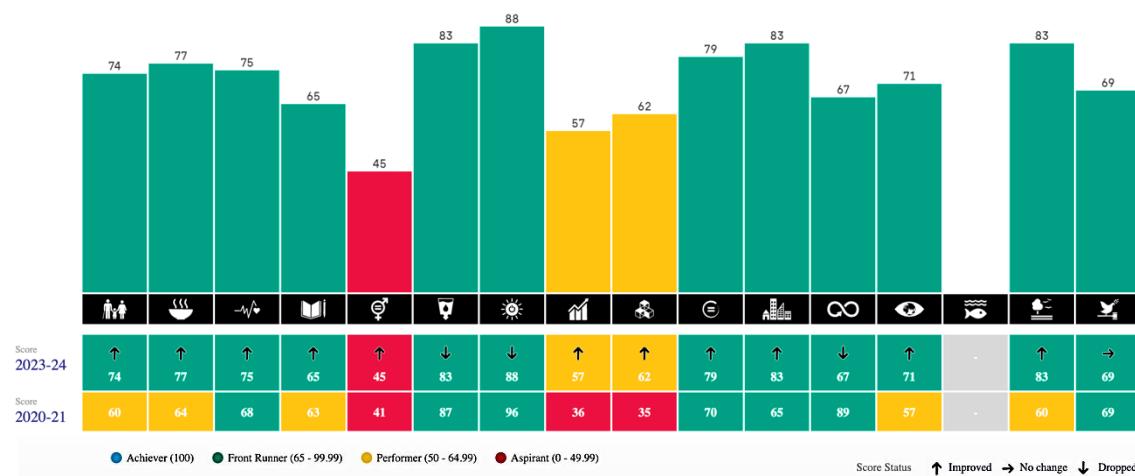

Chart courtesy: NITI Aayog

From the above chart, increase in SDG Index score can be observed as many as for 11 SDGs and there is decline for three SDGs. There is no change for one SDG i.e. Goal No. 16: Peace, Justice and Strong Institutions with score 69.

Though the State is not able to perform well in some sphere of the economy due to the impediments, there are ample scope for improvement and excel in many sectors of the economy. Need of the hour is to move ahead by converting the challenges into opportunities so that all round development of the State is ensured.

2. DEMOGRAPHIC FEATURES

Population of a country is its most important asset and resource for all kinds of development. In terms of population size, Manipur is the 4th largest State in the North Eastern Region of India. Population of Manipur constitutes 6.24 per cent of the total population of eight North-Eastern States and nearly 0.24 per cent of the total population of India. Population pressure is found to be increasing reducing the man-land ratio from about 1:7.85 hectares in 1901 to 1:0.78 hectares in 2011.

2.1 Area and Population:

Manipur is a small state with an area of 22,327 Sq. Kms. which constitutes 0.67 per cent of the Indian Union. It is situated in the far-flung north-eastern part of India and has international border with Myanmar. In terms of area, Manipur ranks 23rd among the states of India. The following Table 2.1 gives a comparative picture of the population statistics of North-Eastern States of India.

Table 2.1: Population Statistics of North Eastern States of India

North Eastern States/ India	Area (Sq. Kms.)	Population		Decennial Growth Rate (2001-11)	Population Density (per Sq. Kms.) 2011
		2001 Census	2011 Census

Source: Office of the Registrar General of India.

Geo-climatically, the State may be classified into two regions viz. the hill and the valley. The valley region is very small with an area of 2,238 Sq. Kms. which is 10 per cent of the total geographical area of the State, but the density of the population in the region is very high i.e. 730. On the other hand, the hilly region constitutes 20,089 Sq. Kms. i.e., 90 per cent of the

total State area and thus, it is approximately nine times the size of the valley area. The density of population in the hill is only 61. Though Manipur has now 16 districts altogether with the creation of seven new districts by carving out from the erstwhile seven districts, the information for each of the new districts is not yet available. Hence, the data as per 2011 Census for the nine districts of Manipur is reproduced in Table 2.2.

Table 2.2: Area and Population of Manipur by Districts According to 2011 Census

Districts/ State	Area		Population	
	Sq. km.	% to total	'000 Nos.	% to total

The scenario of the region-wise share of population during the last five decades (1971 to 2011) is graphically depicted in the following chart.

Fig. 2.1: Population Composition Over Regions

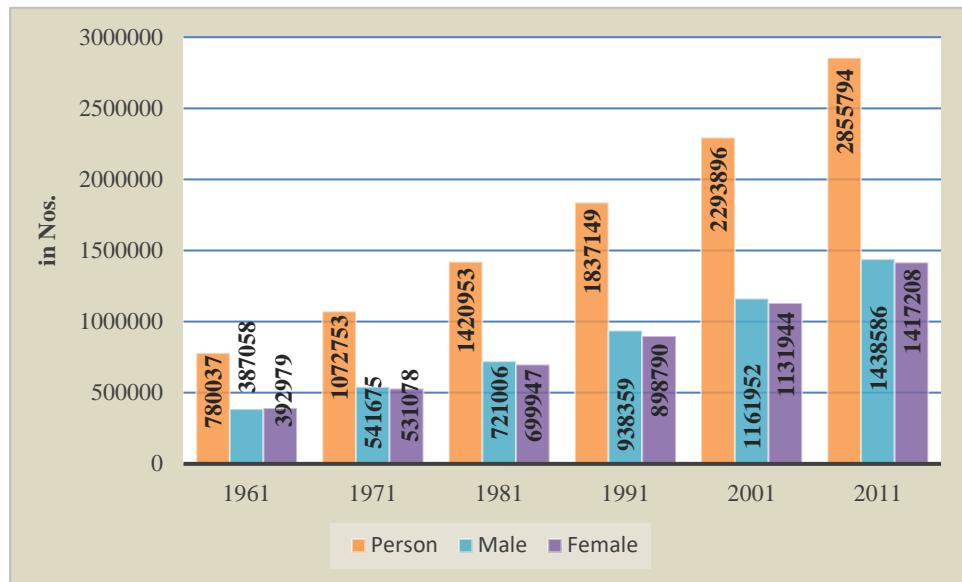

Source: Office of the Registrar General of India

The population of Manipur as per the 2011 Census was 28.6 lakhs consisting of 14.4 lakhs males and 14.2 lakhs females. In absolute terms, the population of the State has increased by 5.62 lakhs during the decade 2001-2011. The decadal growth rate in 2011 over 2001 was

found to be 24.50 per cent. The population trend of Manipur as per census record from the year 1961 onwards can be seen in the Fig. 2.2

Fig. 2.2: Population of Manipur (1961 to 2011 Census)

Source: Office of the Registrar General of India

2.2 Population Growth:

In 1971, the population of Manipur was 10.73 lakhs which rose to 28.56 lakhs in 2011. The Fig. 2.3 presents the decennial growth rates of population of Manipur as compared to those of all India.

Fig. 2.3: Decennial Population Growth of Manipur vis-à-vis All India

Source: Office of the Registrar General of India

The decade 1961-1971 registered highest growth rate i.e. 37.53 per cent. Thereafter, the decadal growth rate decreased to 32.46 per cent in 1971-1981, which further declined to 29.29 per cent in 1981-1991 then to 24.50 per cent in 2001-2011. The district wise absolute growth in the total population in 2011 over 2001 is shown below.

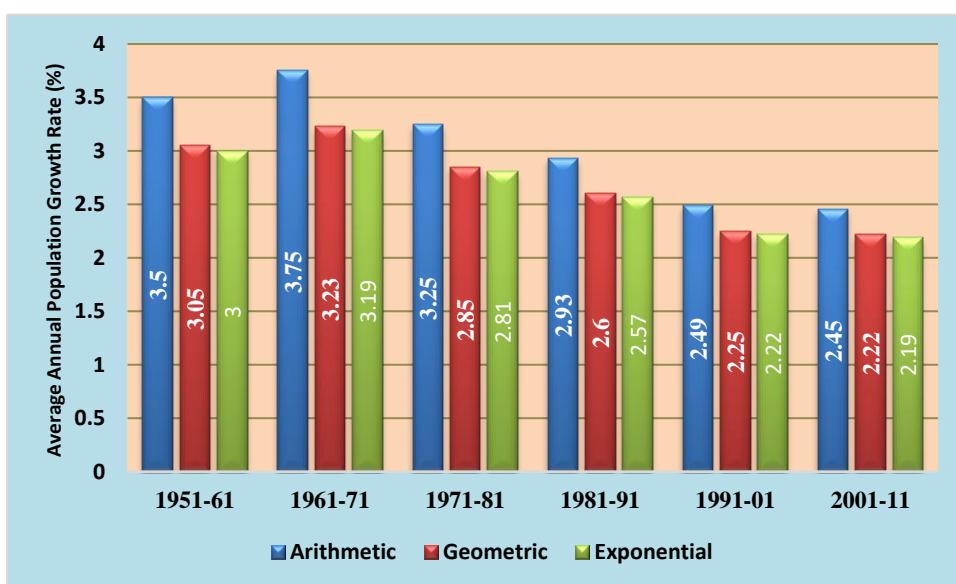

Table 2.3: District-wise Absolute Growth in Total Population (2001-2011 census)

Districts/State	Population						Absolute Population Growth

The average annual arithmetic, geometric and exponential growth rates of the population of Manipur and All India are shown in Fig. 2.4 and Fig. 2.5 respectively.

Fig. 2.4: Average Annual Population Growth Rate of Manipur

Source: Office of the Registrar General of India

Fig. 2.5: Average Annual Population Growth Rate of India

Source: Office of the Registrar General of India

Considering the literacy rates, low sex ratio, higher mean age at marriage, changes in consumption patterns, various health interventions, people's awareness of small family norms, lesser immigrations etc., it was naturally expected to have a lesser growth rate in the decade 2001-2011. The decade 2001-2011 registered a growth rate of 24.50 per cent as against 24.86 in the previous decade 1991-2001. Table 2.4 indicates the district wise decennial growth rate of population of Manipur since 1991.

Table 2.4: Decennial Population Growth Rates for the Districts of Manipur

District/State	Population ('00 nos.)			Decennial Growth (%)	
	1991	2001	2011	1991-2001	2001-2011
(1)	(2)	(3)	(4)	(5)	(6)

Source: Office of the Registrar General of India

In most of the districts, growth rate has declined during the decade 2001-2011 except Senapati and Ukhrul districts. The most populous district of the State is Imphal West while the least populated is Tamenglong District. As per 2011 Census, the valley areas of the State account for 57.2 per cent of the total population whereas the hill areas account for 42.8 per cent.

2.3 Projected Population:

The year-wise projected population of Manipur from 2011 to 2036 according to National Commission on Population, Ministry of Health and Family Welfare (MoHFW) is shown at Table 2.5.

Table 2.5: Estimated Population of Manipur

Source: Ministry of Health and Family Welfare, Govt. of India

2.4 Density of Population:

Density of population refers to the number of persons living per sq. km. of geographical area, which indicates whether a region or country is thickly populated or thinly populated. In 1961, the density of population of Manipur was recorded at 35 persons per sq. km, that keeps increasing in subsequent population censuses. Among the districts, Imphal West District had the highest density with 998 persons per Sq. Km. while the lowest was recorded in Tamenglong District with only 32 persons per Sq. Km. in 2011 which is depicted in Fig. 2.6 & 2.7.

Fig. 2.6: Population Density of Manipur, 2011 Census

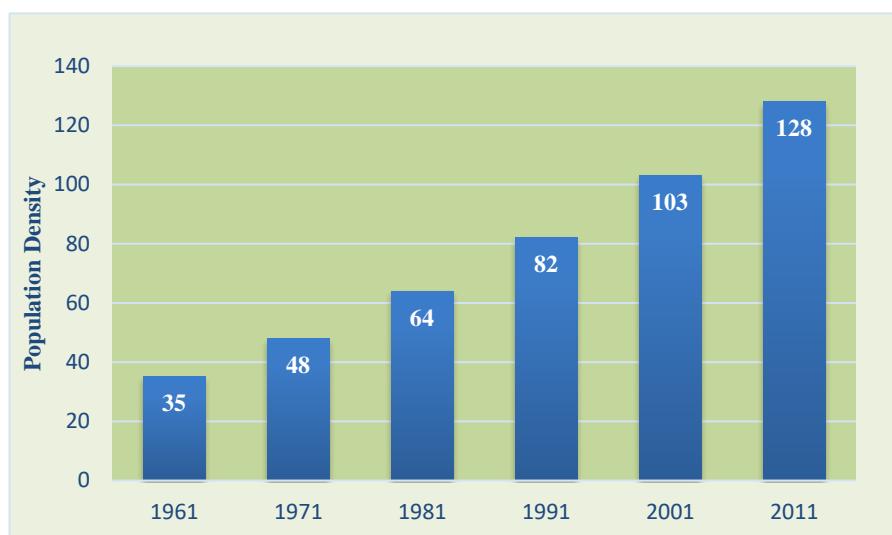

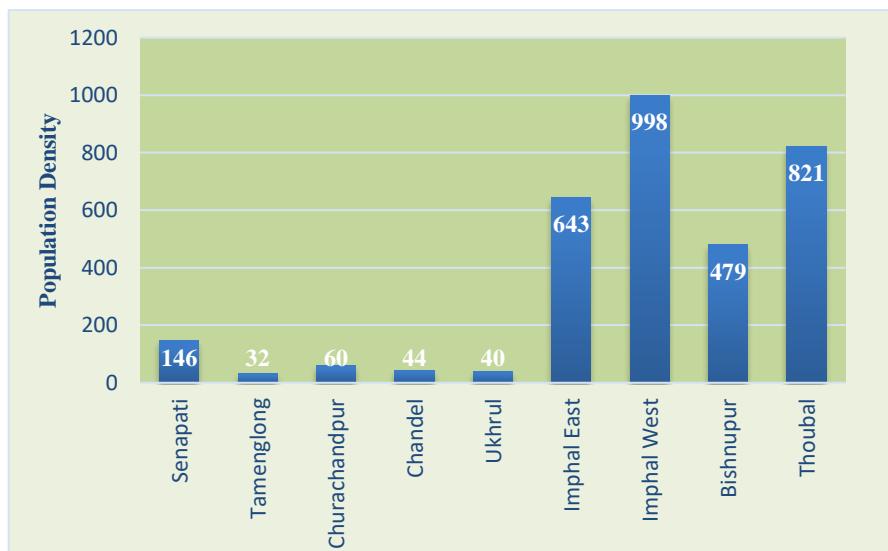

Fig. 2.7: District wise Population Density of Manipur, 2011 Census

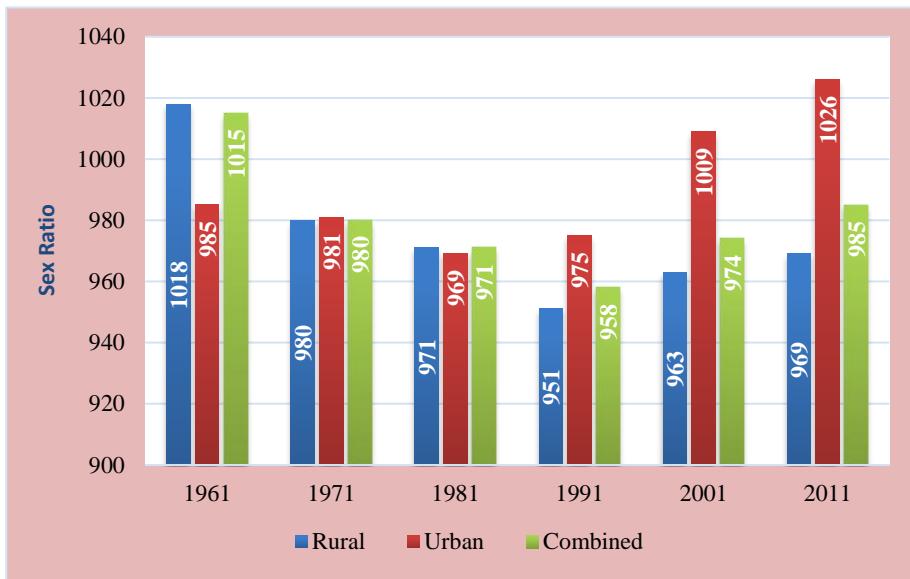

Source: Office of the Registrar General of India

2.5 Sex Ratio:

The sex ratio, number of females per thousand males, for Manipur in 2011 was 985, which was 1015 in 1961. The sex ratio trend from 1961 to 2011 is depicted are shown in Fig. 2.8.

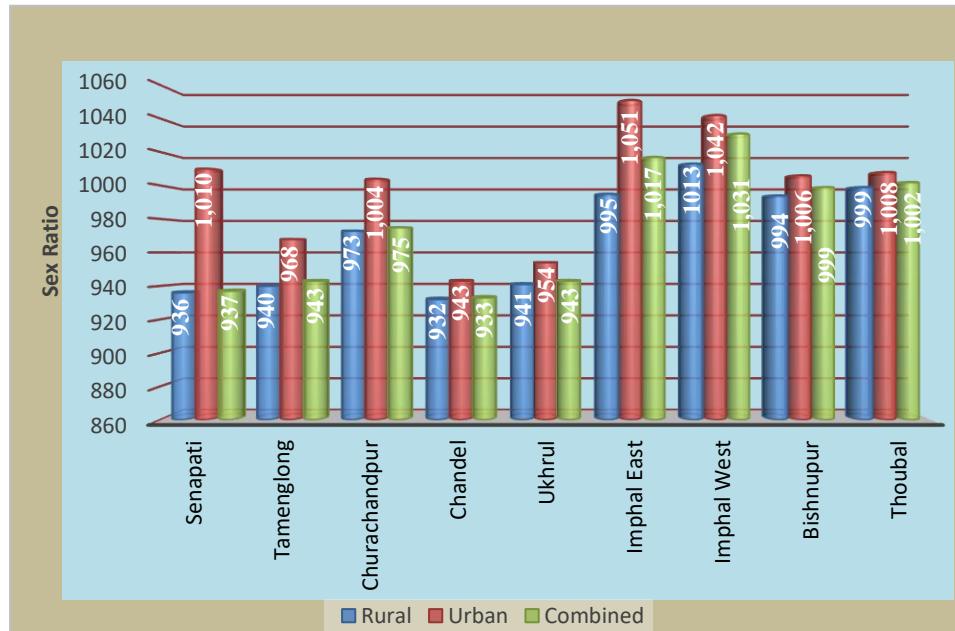

Fig. 2.8: Sex Ratio Trend in Manipur, 2011 Census

Source: Office of the Registrar General of India

Fig. 2.9 presents district wise scenario from the latest census i.e., 2011 Census that reveals the highest sex ratio in Imphal West district (1,031) followed by Imphal East (1,017) and Thoubal (1,002) districts while the least is reported in Chandel District (933).

Fig. 2.9: District wise Sex Ratio of Manipur, 2011 Census

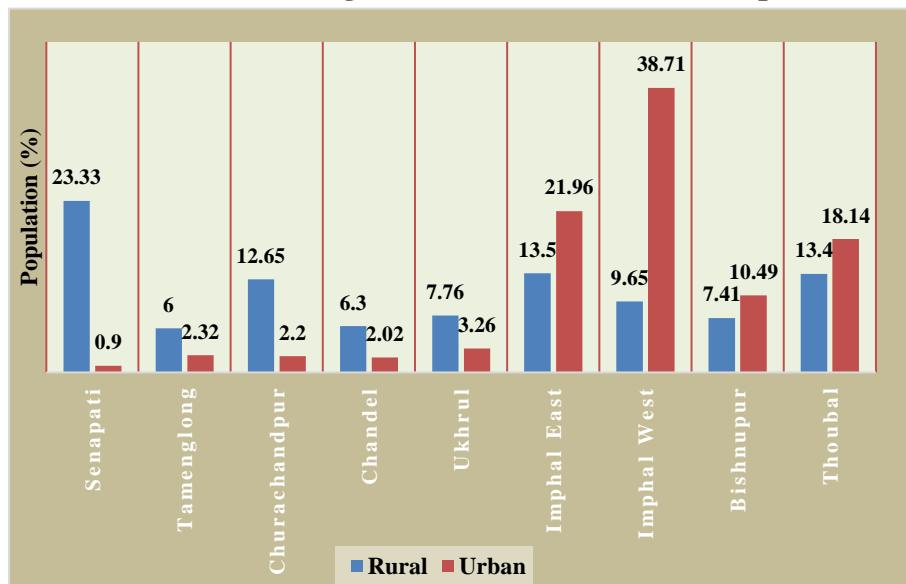

Source: Office of the Registrar General of India

2.6 Rural and Urban Population:

Although major share of the total population in Manipur live in rural areas, the percentage of urban population is also increasing. District wise percentage share of rural and urban

population of Manipur in 2011 considering both statutory and census towns in 2011 is shown in the Fig. 2.10 given below:

Fig. 2.10: District wise Percentage Share of Rural & Urban Population, 2011 Census

Source: Office of the Registrar General of India

According to 2011 Census, 70.79 per cent of the total population are found in rural areas while only 29.21 per cent are settled in the urban areas. Similar pattern is observed at the regional level also. However, the concentration of population in the rural areas is much higher in the hill region (92.70 per cent) as compared to the valley region (54.40 per cent). Table 2.6 shows the rural-urban population of Manipur.

Table 2.6: Rural-Urban Population of Manipur

Year/District	Population			% of Total Population	
	Rural	Urban	Total	Rural	Urban
(1)	(2)	(3)	(4)	(5)	(6)
1961	712320	67717	780037	91.32	8.68

Source: Office of the Registrar General of India

During 1961-71, the average annual arithmetic growth rate for rural was 3.07 per cent and for urban was 10.89 per cent. But in 2001-11, the average annual arithmetic growth rate for rural was 1.77 per cent and for urban it was 4.48 per cent. The census figures generally indicate that the average annual arithmetic growth rate of urban population had been higher than rural population except in 1991-2001 as evident from table given below.

Table 2.7: Rural-Urban Population Growth of Manipur

Period	Average Annual Arithmetic Growth Rate of Population (in %)			Rural-Urban Growth Differential
	Rural	Urban	Total	
(1)	(2)	(3)	(4)	(5)
1961-71	3.07	10.89	3.75	(-) 7.82
1971-81	1.23	16.54	3.25	(-) 15.31
1981-91	2.74	3.47	2.93	(-) 0.73

2001-11	1.77	4.48	2.45	(-) 2.71

Source: Office of the Registrar General of India

2.7 Urbanisation:

Urbanisation is generally associated with the growth of industrialization, trade and commerce. Table 2.8 shows the growth in the number of towns and the urban population of Manipur. According to 2011 census, a total of 8,34,154 population were found to live in the urban areas constituting 51 towns (28 statutory and 23 census towns) in the State as against only one town in 1961. It appears that the process of urbanization has been very slow in the State which perhaps indicates a slower occupational shift. The district wise number of towns against its population is shown at Table 2 (j) of Part-II.

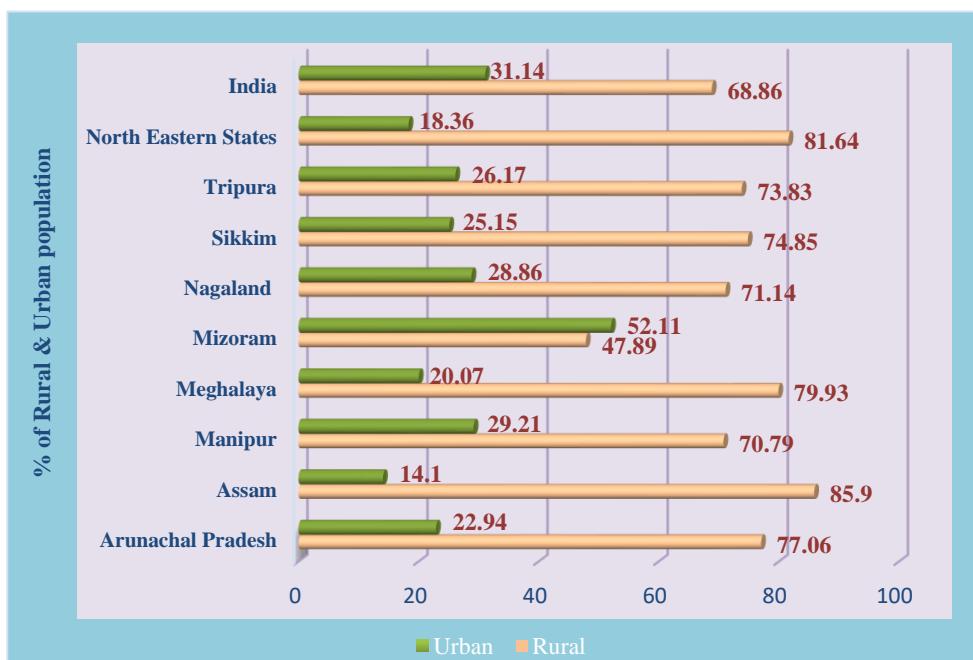

Table 2.8: Urbanisation in Manipur

Year	Number of Towns	Urban Population (in numbers)	Absolute Increase (in numbers)
(1)	(2)	(3)	(4)
1961	1	67717	-
1971	8	141492	73775
1981	32	375460	233968
1991	31	505645	130185
2001	33	575968	70323
2011	51	834154	258186

Source: Office of the Registrar General of India

A comparative picture of North Eastern States of India shows that Manipur is at second among the North Eastern States of India in terms of size of urban population according to 2011 census which can be seen from Fig. 2.11.

Fig. 2.11: Percentage of Rural/ Urban Population for the North Eastern States vis-a-vis India (2011 Census)

Source: Office of the Registrar General of India

The percentage of urban population of the respective North Eastern States of India and all India according to population censuses from 1971 to 2011 is shown in Table 2.9.

Table 2.9: Percentage of Urban Population According to Population Censuses

North Eastern States/ India	1971	1981	1991	2001	2011
(1)	(2)	(3)	(4)	(5)	(6)
1. Arunachal Pradesh	3.70	6.56	12.80	20.75	22.94
2. Assam	8.82	9.88	11.10	12.90	14.10
3. Manipur	13.19	26.42	27.52	25.11	29.21
4. Meghalaya	14.55	18.07	18.60	19.58	20.07
5. Mizoram	11.36	24.67	46.10	49.63	52.11

8. Tripura	10.43	10.99	15.30	17.06	26.17
India	19.91	23.34	25.70	27.81	31.14

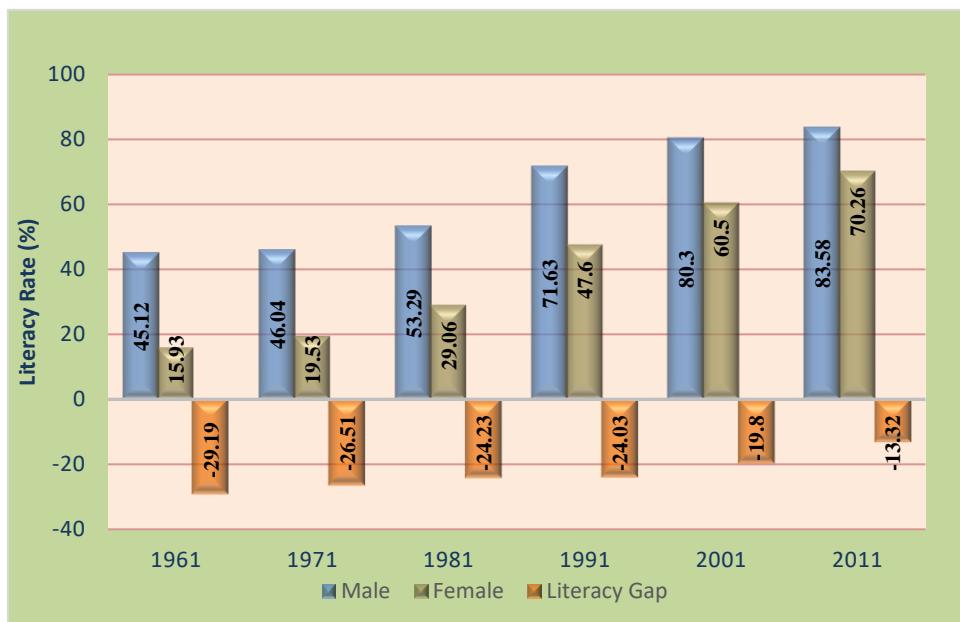

Source: Office of the Registrar General of India

2.8 Literacy Rate:

The extent of literacy reflects the qualitative aspect of the population. Increase in literacy rate from 30.42 per cent in 1961 to 76.94 per cent in 2011 can be observed over the decades. Male literacy rate rose from 45.12 per cent in 1961 to 83.58 per cent in 2011 and that of female

rose from 15.93 per cent to 70.26 per cent. The gender literacy gap of Manipur has started narrowing in the decades as evident from the Fig. 2.12.

Fig. 2.12: Gender Literacy Gap of Manipur

Source: Office of the Registrar General of India

The literacy rates for 1961 and 1971 relate to population aged five years and above whereas the rates for the censuses from 1981 onwards relate to the population aged seven years and above. Table 2.10 provides the male-female break-up of literacy rates of North Eastern States and All-India.

Table 2.10: Literacy Rate of North Eastern States of India and All-India (2011 Census)

North Eastern States/India	Literacy Rate (Percentage)		
	Male	Female	Persons
(1)	(2)	(3)	(4)
1. Arunachal Pradesh	72.55	57.70	65.38
2. Assam	77.85	66.27	72.19
3. Manipur	83.58	70.26	76.94
4. Meghalaya	77.95	72.89	74.43
5. Mizoram	93.35	89.27	91.33
6. Nagaland	82.75	76.11	79.55
7. Sikkim	86.55	75.61	81.42
8. Tripura	91.53	82.73	87.22
India	80.89	64.64	72.99

Source: Office of the Registrar General of India

It is seen that the literacy rates of Manipur are found to be better as compared to that of all India for both males and females. The district wise distribution of literate population of Manipur in 2011 shows that the percentage of rural literate population is highest in Senapati (20 per cent) and urban literate population is highest in Imphal West (40 per cent).

Fig. 2.13 District-wise Percentage of Literate Population-Rural 2011

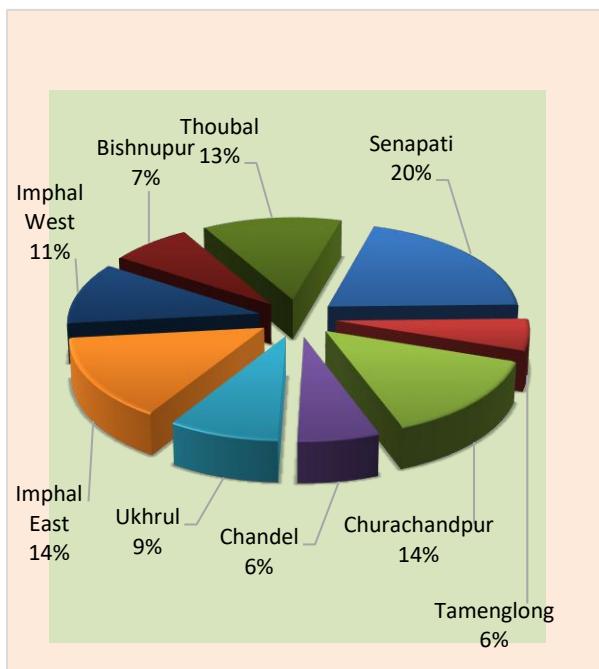

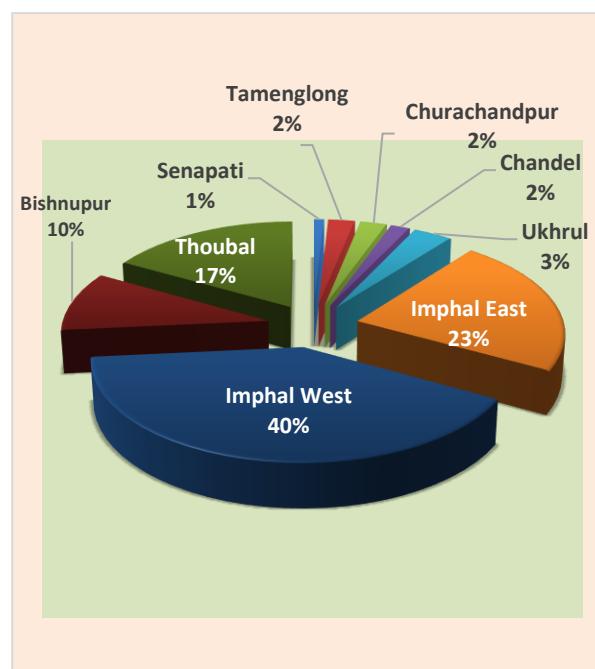

Fig. 2.14 District-wise Percentage of Literate Population -Urban 2011

2.9 Scheduled Castes (SC) and Scheduled Tribes (ST) Population:

According to 2011 Census, the ST population constituted 40.88 per cent of the total State population while that of the SC is 3.41 per cent as evident from Table 2.11.

Table 2.11: Number of Scheduled Castes and Scheduled Tribes of Manipur by Sex

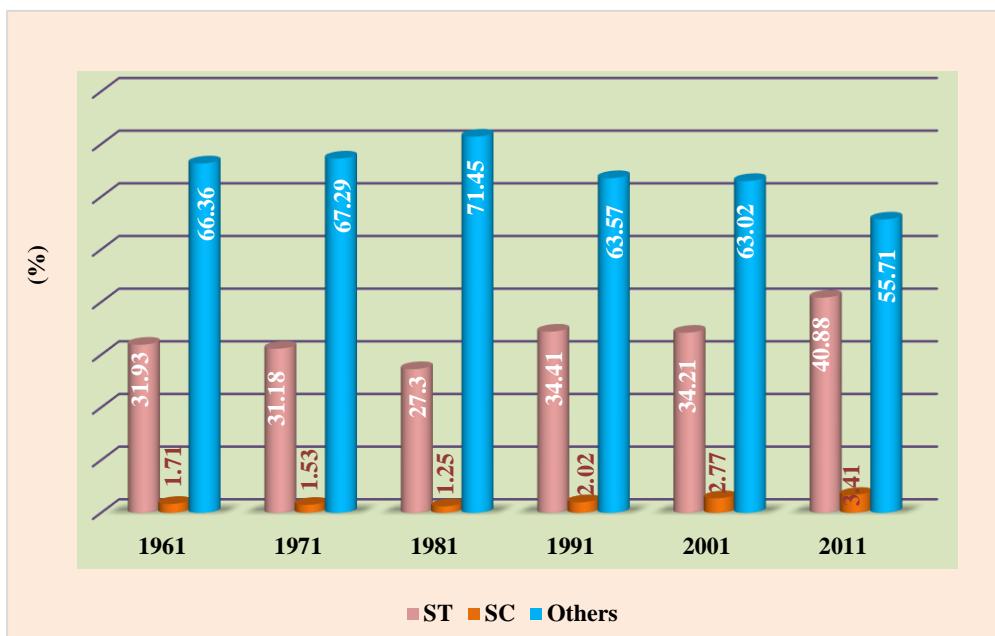

Year	Scheduled Castes			Scheduled Tribes			% of State Total Population	
	Male	Female	Total	Male	Female	Total	S.C.	S.T.

Source: Office of the Registrar General of India

The Scheduled Tribes in Manipur are Aimol, Anal, Angami, Chiru, Chothe, Gangte, Hmar, Kabui (substituted as Kabui, Inpui, Rongmei), Kacha Naga (substituted as Kacha Naga, Liangmai, Zeme), Koirao (substituted as Koirao, Thangal), Koireng, Kom, Lamgang, Mizo, Lushai, Maram, Maring, Mao, Monsang, Moyon, Paite, Purum, Ralte, Sema, Simte, Sahte, Tangkhul, Thadou, Vaiphei, Zou, Poumei Naga, Tarao, Kharam, any Kuki tribes and Mate. While the Scheduled Castes communities in Manipur are Loi, Yaithibi, Dhobi, Muchi or Rabidas, Namsudra, Patni and Sutradhar.

Population of Manipur in respect of their Mother Tongue/ Language according to Census, 2011 is provided at Table 2 (k) of Part-II. The following chart shows the percentage distribution of population by different social groups.

Fig. 2.15: Population Composition by Social Groups (%)

Source: Office of the Registrar General of India

According to the 2011 Census, about 95 per cent of the Scheduled Tribe population are found to live in the hill districts of Manipur while the remaining five per cent are in the valley districts. In case of the Scheduled Caste population, about 98 per cent are concentrated in the valley districts against the two per cent in the hill districts. The distribution and percentage of the Scheduled Tribe and Scheduled Caste population in the districts of Manipur and in the North Eastern States of India are shown in Table 2.12 and Table 2.13 respectively

**Table 2.12: District-wise Distribution of ST and SC Population in Manipur,
2011 Census**

2.10 Population by Religion:

Attempts are made to provide a picture of the religious pursuits of the people of Manipur. The Hindus who constitute about 41.39 per cent of the total population are mostly settled in the valley districts. The Muslims who constitute about 8.39 per cent of the total population are also settled in the valley areas. Most of the tribes are Christians (41.29 per cent) and they are mainly settled in the hills. Other small communities like Sikhs, Buddhists and Jains are also found in Manipur although their number is very few. The distribution of the people following different religions in Manipur are shown in Fig. 2.16.

Fig. 2.16: Distribution of Population by Religion in Manipur (2011 Census)

Source: Office of the Registrar General of India.

2.11 Age Composition:

Population stabilization requires the stabilization of the age-composition of the population. The changes in the level of fertility and mortality affects the age distribution of the population in the subsequent years. The age-sex distribution of the population has also been changing. The population in the younger age-group 0-14 years decreased from 43.1 per cent in 1961 to 30.2 per cent in 2011. The proportion of population in the working age-group 15-59 years found to increase from 51.1 per cent in 1961 to 62.5 per cent in 2011 Census.

With the improved health care facilities in the State, the proportion of senior citizens in the State in the age group of 60 years and above has increased from 5.8 per cent in 1961 to 7.3 per cent in 2011. The distribution of population by age-group is presented in Table 2.14.

Table 2.14: Percentage Distribution of Population of Manipur by Age Groups

Census Year	Age Group (%)			
	0-14	15-59	60 and Above	All Ages
(1)	(2)	(3)	(4)	(5)
1961	43.1	51.1	5.8	100.0
1971	42.5	51.4	6.1	100.0

2.12 Birth, Death and Infant Mortality Rates:

In Manipur, the birth rate was 13.3 in 2020 as against 14.4 in 2015 and the death rate was 4.3 as against 4.0 in the same period. The infant mortality rate reduced from 9.0 in 2015 to 6.0 in 2020. The rural and urban break-up in respect of the birth rates, death rates, and infant mortality rates in Manipur are presented in Table 2.15 and North Eastern States of India vis-à-vis All India are presented in Table 2 (l) of Part-II.

Table 2.15: Estimated Birth, Death and Infant Mortality Rates in Manipur

Item	Year					
	2015	2016	2017	2018	2019	2020
(1)	(2)	(3)	(4)	(5)	(6)	(7)

2.13 Distribution of Workers in the State:

The percentage distribution of workers in the State of Manipur and All India estimated from Periodic Labour Force Survey (PLFS) 2023-24, NSSO, MoSPI, GoI are given in Table 2.16 and Table 2.17 respectively. According to the PLFS 2023-24, the percentage distribution of own account worker and employer is 62.2 per cent in Manipur as compared to 39.0 per cent at the All India level, while the percentage distribution of casual labour is 4.9 per cent in the State as compared to 19.8 per cent at All India level.

2.14 Composition of Population by Disability:

Article 41 of the Constitution of India ensures equality, freedom, justice and dignity of all the citizens of the country including Persons With Disability (PWD) without any discrimination. The following table presents data on PWD in Manipur according to 2001 and 2011 Population Censuses.

Table 2.18: Number of Disabled Persons by Sector and Type of Disability in Manipur

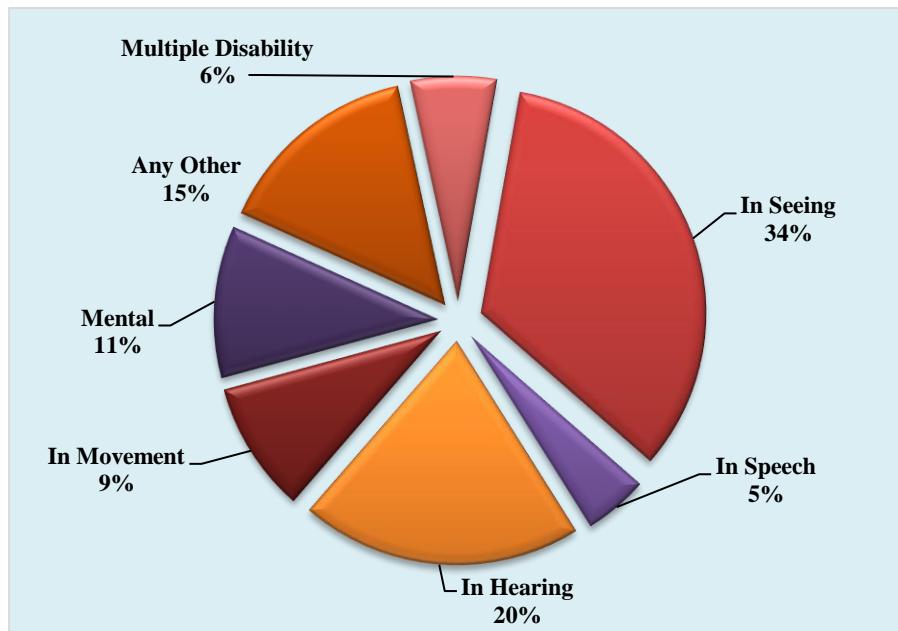

Year	Rural/ Urban/ Total	Total No. of Disabled Persons (4 to 10)	Number of Disabled Persons by Type of Disability						
			Seeing	Speech	Hearing	Movement	Mental	Any Other	Multiple Disability

3. STATE INCOME AND PRICES

The estimates of State Domestic Product (SDP) represent the value of final goods and services produced within the State. It is one of the most important economic indicators used to measure the growth and structural changes in the economy of the State. The estimates of SDP of Manipur are prepared both at Current and Constant Prices. The estimates of SDP at Current Prices depict the combined effect of growth in production as well as changes in price level of goods and services, while the estimates at Constant Prices reflect the actual growth in production of goods and services.

3.1 Gross State Domestic Product:

The estimates of SDP are prepared both in terms of gross and net basis. The difference between the two is that in the gross estimates, no adjustment is made for Consumption of Fixed Capital (CFC) during the year which takes place in the process of production, whereas in the net estimates, CFC is subtracted from the gross value figures.

3.1.1 Gross State Domestic Product at Current Prices:

The monetary value of final goods and services produced by the State during the year is known as Gross State Domestic Product (GSDP). As per the Advance Estimates, the GSDP at Current Prices for Manipur for the year 2023-24 is estimated at Rs. 44,995 crore, as against Rs. 40,243 crore in the year 2022-23 (Quick Estimates) showing a growth of 11.8 per cent. The Compounded Annual Growth Rate (CAGR) of the GSDP at Current Prices for the period 2011-12 to 2023-24 is 10.08 per cent. The estimates of GSDP of Manipur and All India GDP and their growth rates for the years 2018-19 to 2023-24 are presented in the Table 3.1.

Table 3.1: GSDP of Manipur and All India GDP (at Current Prices)

(Rs. in crore)

Year	2018-19	2019-20	2020-21	2021-22	2022-23	2023-24

2. NAD, NSO, Ministry of Statistics & Programme Implementation, GoI

3.1.2 Gross State Value Added (GSVA) at Current Prices:

The GSVA at Basic Prices (Current Prices) increased from Rs. 28,441 crore in the year 2019-20 to Rs. 42,520 crore in the year 2023-24 (AE). The sector wise estimates of GSVA at Basic Prices at Current and Constant (2011-12=100) Prices for the years 2011-12 to 2023-24 can be seen at Table 3(a) and Table 3(b) of Part II.

Fig. 3.1: Gross State Value Added (GSVA) at Basic Prices (Current Prices) for the Last Five Years

Source: Directorate of Economics & Statistics, Manipur

3.1.3 Sectoral Composition of GSVA:

The economy of the State can be broadly classified into the following three major sectors.

Primary Sector:

Consists of crops, livestock, forestry & logging, fishing & aquaculture and mining & quarrying. Crops and livestock contribute a major share within the primary sector.

Secondary Sector:

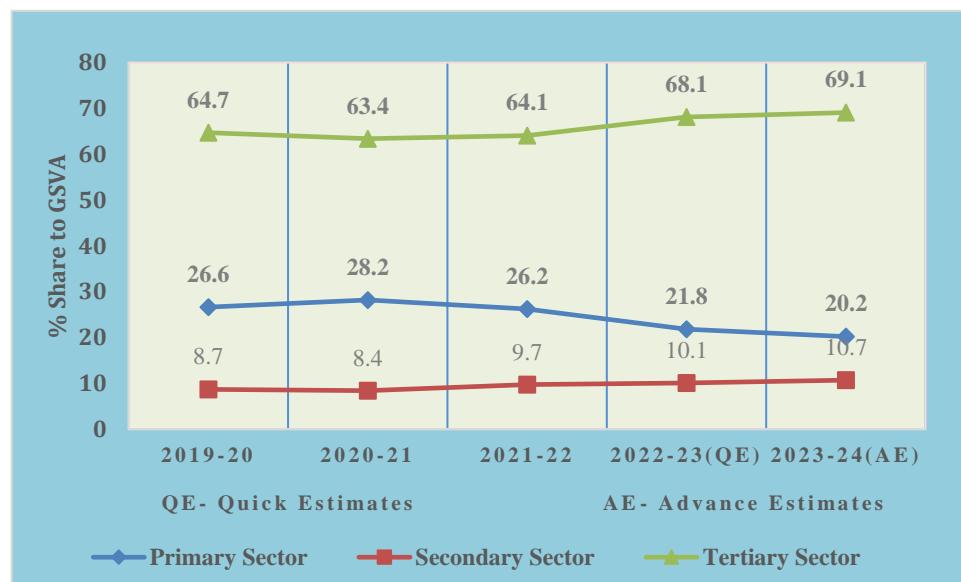

Includes manufacturing, construction, electricity, gas, water supply & other utility services.

Tertiary Sector:

Consists of transport, storage, communication & services related to broadcasting, trade, repair, hotels & restaurants, financial services, real estate, ownership of dwelling & professional services, public administration & defence and other services.

The composition of GSVA of Manipur by broad sectors of the economy at Basic Prices (Current Prices) in the last five years is given in Fig. 3.2. As can be seen from the figure, Tertiary Sector is the major contributor to the total GSVA of the State. In the year 2023-24, the contribution of the Primary, Secondary and Tertiary Sectors to the total GSVA is likely to be 20.2 per cent, 10.7 per cent and 69.1 per cent respectively.

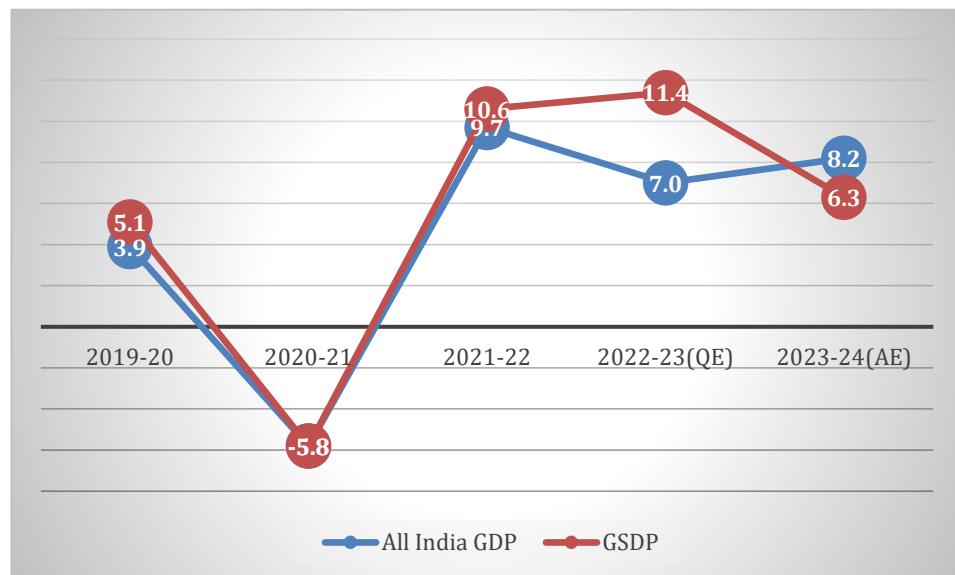

Fig. 3.2: Sectoral Composition of GSVA (in %) at Basic Prices (Current Prices)

3.1.4 Gross State Domestic Product (GSDP) at Constant Prices:

The GSDP of the state at Constant Prices is estimated to be Rs. 22,256 crore in 2022-23, demonstrating a positive growth of 11.4 per cent over 2021-22. In 2023-24, the GSDP at Constant Prices is estimated to be Rs. 23,661 crore with a growth rate of 6.3 per cent. The CAGR of the GSDP at Constant Prices for the period 2011-12 to 2023-24 is 4.77 per cent.

Fig. 3.3: Growth Rate of GSDP at Constant Prices of Manipur vis-à-vis All India for the Last Five Years

Source: 1. Directorate of Economics & Statistics, Manipur
2. Ministry of Statistics & Programme Implementation, GoI

3.2 Net State Domestic Product (NSDP)

NSDP is the value of final goods and services produced in the State during a specified period, after making adjustments for CFC. The NSDP at Current Prices is estimated at Rs. 31,417 crore in 2021-22 registering a positive growth rate of 18.0 per cent. Further, it is estimated to grow at 14.3 per cent in 2022-23. The NSDP at Current Prices for the year 2023-24(AE) is estimated at Rs. 40,016 crore.

Table No. 3.2: Net State Domestic Product of Manipur at Market Prices for the Last Five Years

Year	At Current Prices		At Constant (2011-12=100) Prices	
	NSDP (Rs. in crore)	Annual Growth Rate (%)	NSDP (Rs. in crore)	Annual Growth Rate (%)
(1)	(2)	(3)	(4)	(5)
2019-20	27025	-	16945	-

2021-22	31417	18.0	17353	11.1
2022-23(Q)	35894	14.3	19319	11.3
2023-24(A)	40016	11.5	20465	5.9

Q: Quick Estimates

A: Advance Estimates

Source: Directorate of Economics & Statistics, Manipur

The NSDP of Manipur at Constant Prices is projected to increase from Rs. 17,353 crore in 2021-22 to Rs. 19,319 crore in 2022-23 and further increase to Rs. 20,465 crore in 2023-24. The sector-wise estimates of Net State Value Added at Basic Prices at Current and Constant Prices are shown in Table 3(c) and Table 3(d) of Part-II.

3.2.1 Per Capita Income:

Per Capita Income (PCI) is generally considered as the most effective indicator for ascertaining the economic welfare of a state. It enables us to know the average size of the income and the standard of living of the people.

The PCI of Manipur at Current and Constant (2011-12=100) prices in 2023-24 are estimated to be Rs. 1,23,581 and Rs. 63,202 respectively, showing a growth of 10.5 per cent and 5.0 per cent respectively over the previous year. The trend of the PCI of Manipur and All India at Current and Constant (2011-12=100) Prices is shown in Table 3.3.

Table 3.3: Per Capita Income of Manipur and All India for the Years 2019-20 to 2023-24

3.3 Prices:

Every commodity/item produced bears a price. They are based on the factors of production. Prices are the signals to both producers and consumers. It is the value of goods and services in terms of money. In fact, households buy goods and sell factors of production whereas the producers (firms/ business houses) sell goods and buy factors of production. Every price level plays an important role in the economy.

In an open economy, the price situation in the State is bound to be influenced by the price behaviour in the country. Price stability is essential for sustaining the momentum of growth and ensuring equitable distribution of benefits. For assessing the price situation of the state, the Directorate of Economics & Statistics, Govt. of Manipur collects on a regular basis, the prices of essential commodities and cost of services to consumers from selected centres in urban and rural areas.

3.3.1 Consumer Price Index Number (CPIN):

The Consumer Price Index Numbers which were popularly termed as Cost of Living Index Numbers are designed to measure by means of appropriate weighting, the average change in the prices paid by the ultimate consumers for specified quantities of goods and services. There are three essential ingredients of Consumer Price Index Numbers, namely (i) the relative importance of consumer goods and services expressed as the percentage share of expenditure on items in relation to the total consumption expenditure known as “Weighting Diagram”, (ii) base year prices which are generally taken as the 12 months average to remove the seasonal effects, and (iii) current prices.

3.3.2 Consumer Price Index Number for Industrial Workers:

The Consumer Price Index Numbers for Industrial Workers (CPIN-IW) are of vital importance for millions of employees whose wages are closely linked to the movement of these index numbers. CPIN-IW for Manipur is not yet constructed. The All-India CPIN-IW is a better indicator for the increase in the price level of the items of common consumption. The All India Consumer Price Index number (General Index) for Industrial Workers for the last three years is shown in Table 3.4.

Table 3.4: Monthly All India CPIN (General) for Industrial Workers

Base year (2016=100)

3.3.3 Consumer Price Index Numbers for Agricultural Labourers:

The Consumer Price Index Numbers for Agricultural Labourers (CPIN-AL) is constructed and released by the Labour Bureau, Shimla. The base year for CPIN Agricultural Labourers (AL) and Rural Labourers (RL) is 1986-87. The annual average general indices for the years 2018-19 to 2023-24 is presented in Table 3.5 for Agricultural as well as Rural Labourers.

Table 3.5: CPIN for Agricultural Labourers and Rural Labourers

(1986-87 = 100)

4. STATE BUDGET

A budget is the statement of the financial plan of the government. It is prepared by the State Government for every financial year. State budget gives complete picture of the estimated receipts and expenditure of the State. It shows the financial accounts of the previous year and Revised Estimates of current year and the Budget Estimates of the next financial year. The receipts and expenditure are shown in three parts of government accounts.

Parts of Government Accounts:

Part-I	Consolidated Fund
---------------	-------------------

Part-II	Contingency Fund
----------------	------------------

Part-III	Public Account.
-----------------	-----------------

The budget relating to Part-I i.e., the Consolidated Fund consists of revenue and expenditure of the State Government which are presented under three divisions viz., Revenue Account, Capital Account and Debt Account. The Revenue Account consists of revenue receipts and expenditure met out of these revenues. Capital Account consists of capital receipts (market loans, external assistance, repayment of debt etc.) and the expenditure met out of these capital receipts. The Contingency Fund refers to the fund which is at the disposal of the government for use in emergencies and to cover unforeseen expenses pending authorization of the Legislature. The State Legislature has not yet constituted the Contingency Fund in Manipur and as such the accounts of the Government of Manipur are shown under Part-I and III only. Part-III i.e., the Public Account comprises of unfunded debt, deposits and advances, and remittances.

The combined effect of the transaction in the Consolidated Fund and the Public Account presents the overall budgetary position with the surplus (+) or deficit (-) thereof. The overall budget for a particular financial year shows either surplus/deficit which represents the gap between its receipts and expenditure. The revenue deficit is the excess of revenue expenditure over revenue receipts and represents the financing of the revenue expenditure by borrowings etc. In other words, the existence of revenue deficit indicates that the revenue receipts of the State Government were not able to meet its revenue expenditure and therefore the current obligations are met through borrowed funds. The summarized picture of the budgetary position of Manipur for the last few years is shown in Table 4.1.

4.1 Revenue of State Government:

State Government has two sources of income viz., Tax Revenue and Non-Tax Revenue. Tax Revenue is divided into (a) Share in Central taxes and (b) State's own tax and Non-Tax Revenue is divided into (a) State's own non-tax and (b) Grant and Contributions from the Central Government. The tax revenue includes taxes on property and capital transactions, commodities and services. Non-Tax Revenue of the State consists of interest receipts, dividends and receipts from general services, social and community services and economic services.

Fig. 4.1: Total Revenue Receipts of the State Government

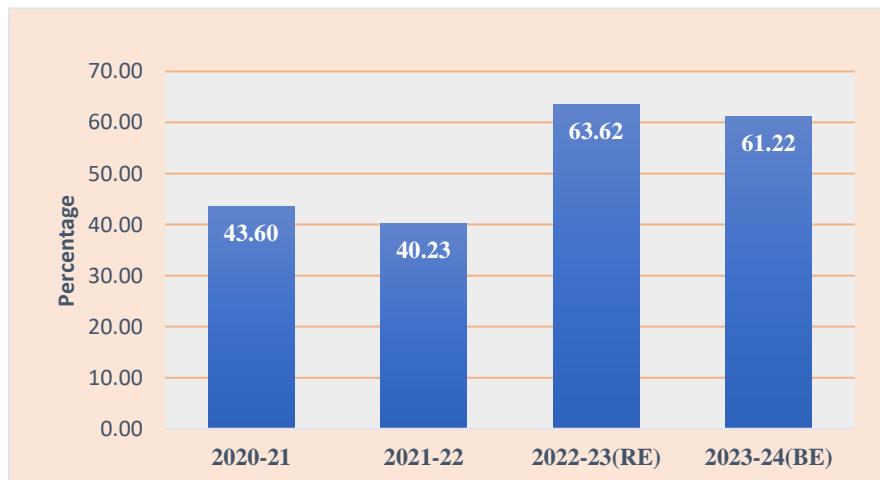

RE – Revised Estimates

BE – Budget Estimates

Source: Financial Account, 2020-21 & 2021-22, Annual Financial Statement, 2022-23 & 2023-24,
Department of Finance, Manipur

The total revenue receipts of the State increased from Rs. 12,98,265 lakh in 2020-21 to Rs. 14,09,100 lakh in 2021-22 showing a growth of 8.5 per cent. The total revenue receipts (Revised Estimates) for the financial year 2022-23 stands at Rs. 25,60,077 lakh and the Budget Estimates for the financial year 2023-24 stands at Rs. 27,54,753 lakh. The share of Non-Tax Revenue to Total Revenue Receipts of the state has been increasing over the years. The share of Non-Tax Revenue to Total Revenue Receipts is estimated to increase from 57.12 per cent in 2020-21 to 61.83 per cent in 2023-24 (BE), while the share of Tax Revenue to Total Revenue Receipts is estimated to decrease from 42.9 per cent in 2020-21 to 38.2 per cent in 2023-24 (BE). The total Revenue Receipts as percentage of GSDP for the last few years is shown in Fig. 4.2.

Fig. 4.2: Total Revenue Receipts as Percentage of GSDP

Department of Finance, Manipur

A comparative picture of the Revenue Receipts of the North Eastern States of India is presented in Table 4.2. As far as State's Own Revenue is concerned, Manipur's contribution is very low. The table reveals that the Tax and Non-tax Revenue raised by the State Government of Manipur constitutes only 11.62 per cent and 1.45 per cent respectively and the major share of the revenue receipts comes from the share in Central Taxes (26.55 per cent) and Grants-in-aid from the Centre (60.38 per cent).

BE : Budget Estimates

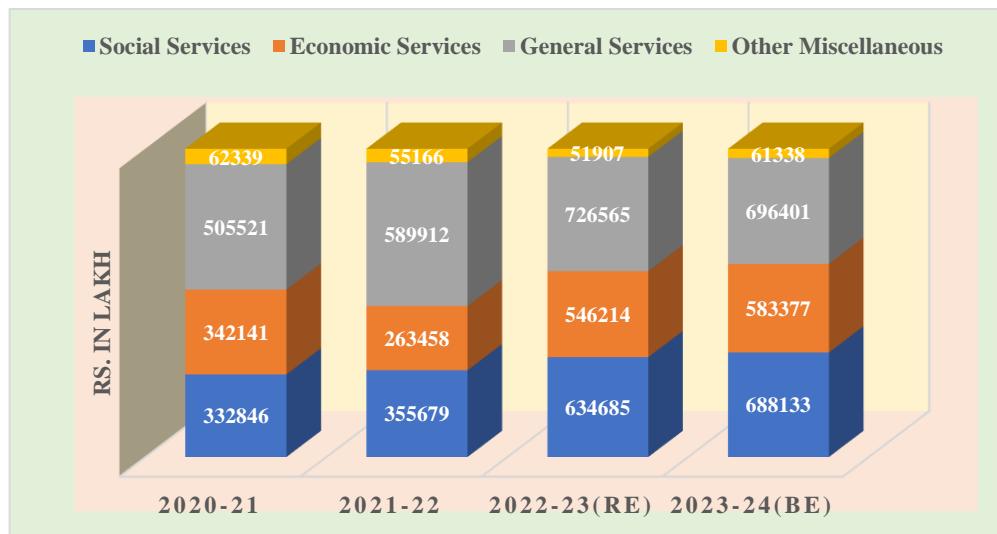

Note: Underlined figures are percentages of total revenue receipts

Source: Annual Financial Statement, 2023-24, Government of the respective States.

4.2 Expenditure of State Government:

The revenue expenditure of State Government under broad category for the year 2020-21 to 2023-24 (BE) is presented in Fig. 4.3.

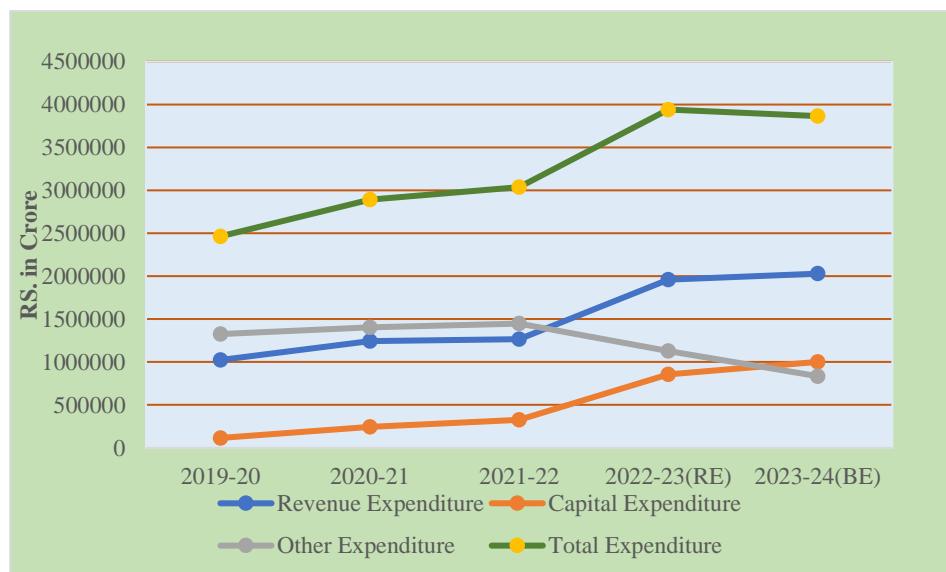

Fig. 4.3: Revenue Expenditure of the State Government of Manipur

Source: Financial Account, 2020-21 & 2021-22, Annual Financial Statement, 2022-23 & 2023-24, Department of Finance, Manipur

The total expenditure of State Government of Manipur was Rs. 30,370 crore in 2021-22 and estimated to be Rs. 39,412 crore in 2022-23 (RE), which is an increase of 29.77 per cent over 2021-22. The expenditure of Manipur for the last five years is graphically presented in Fig. 4.4.

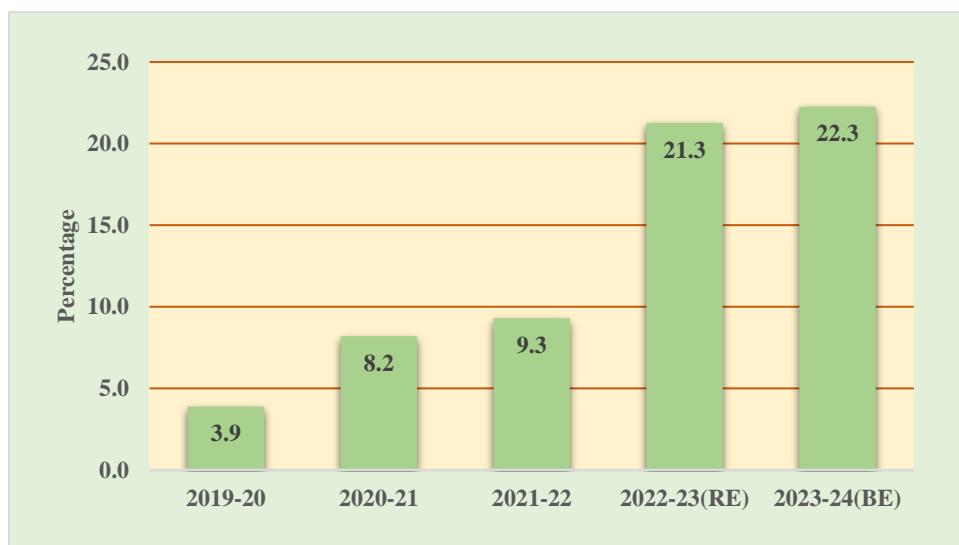

Fig. 4.4: Expenditure of Manipur

Source: Financial Account, 2019-20, 2020-21 & 2021-22, Annual Financial Statement, 2022-23 & 2023-24, Department of Finance, Manipur

The capital expenditure of the State Government is estimated to increase to Rs. 10,014 crore in 2023-24 (BE) from Rs. 8,553 crore in 2022-23 (RE). The capital expenditure as a percentage of GSDP at Current Prices showed an increase from 9.3 per cent in 2021-22 to 21.3 per cent in 2022-23 (RE) and is estimated to increase to 22.3 per cent in 2023-24 (BE). Details of Revenue Receipts, Capital Receipts and Revenue Expenditure are given in Table 4 (a), (b) & (c) of Part-II.

4.3 Finance Commission:

The Indian Union has a federal constitution and accordingly public finance in India has a federal set-up. With a statutory provision in the Constitution regarding appointment of a Finance Commission (FC) to review the working of the financial relation between the Centre and the states, the 1st FC was accordingly appointed in November, 1951 under the Chairmanship of Shri K.C. Neogy. It submitted its report in December, 1952. Likewise, for every five years, a new FC gives its recommendations for the next five year coming under the Article 280, which provides for constituting a FC at the expiration of every 5th year or at such earlier time, as the President of India considers necessary.

4.3.1 Fifteenth Finance Commission:

The 15th Finance Commission was constituted on 27th November, 2017 in pursuance of clause (1) of Article 280 of the Indian Constitution and is headed by former Revenue

Secretary and former Rajya Sabha MP Shri N.K. Singh. The period of the 15th FC commenced from 1st April, 2020.

The Commission submitted its recommendations in two reports. The first report is for the financial year 2020-21 and was tabled in Parliament on 1st February, 2020. The Commission's final report is for the financial years 2021-22 to 2025-26 and was submitted to the President of India on 9th November, 2020 and to the Prime Minister of India on 16th November, 2020.

4.3.1.1 Key Recommendations in the First Report :

A. Vertical Devolution of Taxes:

The 15th Finance Commission after careful examination of the behaviour of inter-governmental transfers during the award period of the 14th FC as well as the earlier period noted that tax devolutions are a mere objective form of transfer of resources as compared to other forms of transfers which are more discretionary and empirically found to be less progressive. The 15th FC is of the view that stability and predictability of resources is an essential component of good long-term budgeting for both the Union and States. Therefore, there should be broad continuity in the availability of resources. For the year 2020-21, the 15th FC is inclined to leave the vertical split of the divisible pool at the same level. However, taking into account recent changes due to the re-organisation of the erstwhile State of Jammu & Kashmir and creation of two Union Territories of Ladakh and Jammu and Kashmir, the 15th FC recommended an aggregate share of 41 per cent of the net proceeds of Union taxes (divisible pool) to be devolved to states in the year 2020-21.

B. Horizontal Devolution of Taxes:

The basic objective of a horizontal devolution formula is to enable the states to provide basic public goods and services with equivalent tax effort. Achieving this may entail:

- i. filling up the vertical fiscal gap of the states;
- ii. providing horizontal equity (by providing higher share to poorer regions);
- iii. equalising the fiscal capacities of states (revenue equalisation);
- iv. providing for cost differentials in states for basic public service (expenditure equalisation); and
- v. ensuring that the states have enough incentives to mobilise own revenue and spend them appropriately in an efficient manner

A fiscal gap exists in all states due to the structural mismatch between states' own resources and their committed/development expenditure liabilities. To meet the first objective of filling the vertical gap of the states, any transfer of resources required to be determined on need based criteria. Per capita transfers based on population and cost disabilities need to be factored in for such purpose. Given the large differences in the resource base available and status of development within the country, fiscal equalisation is an essential objective to be kept in mind while distributing resources among states. The 15th FC has taken into account fiscal needs, equity and performance principles for determining the criteria for horizontal sharing. Need is the basic tenet of inter-governmental resource transfer. Each state has its own unique enablers as well as disabilities, irrespective of the policy choices made. Such cost and economic differentials is addressed by applying the equity principle and equalising fiscal capacities. The efficiency principle has also been applied to reward and incentivise states to perform better, in terms of utilisation of resources available to them. Another important principle followed is the broad need for stability and predictability in transfers. Hence, all three principles of need, equity and efficiency (performance) have been balanced by assigning appropriate weightages. Based on the above principles and considerations, the 15th Finance Commission finds it appropriate to use the following criteria in the devolution formula.

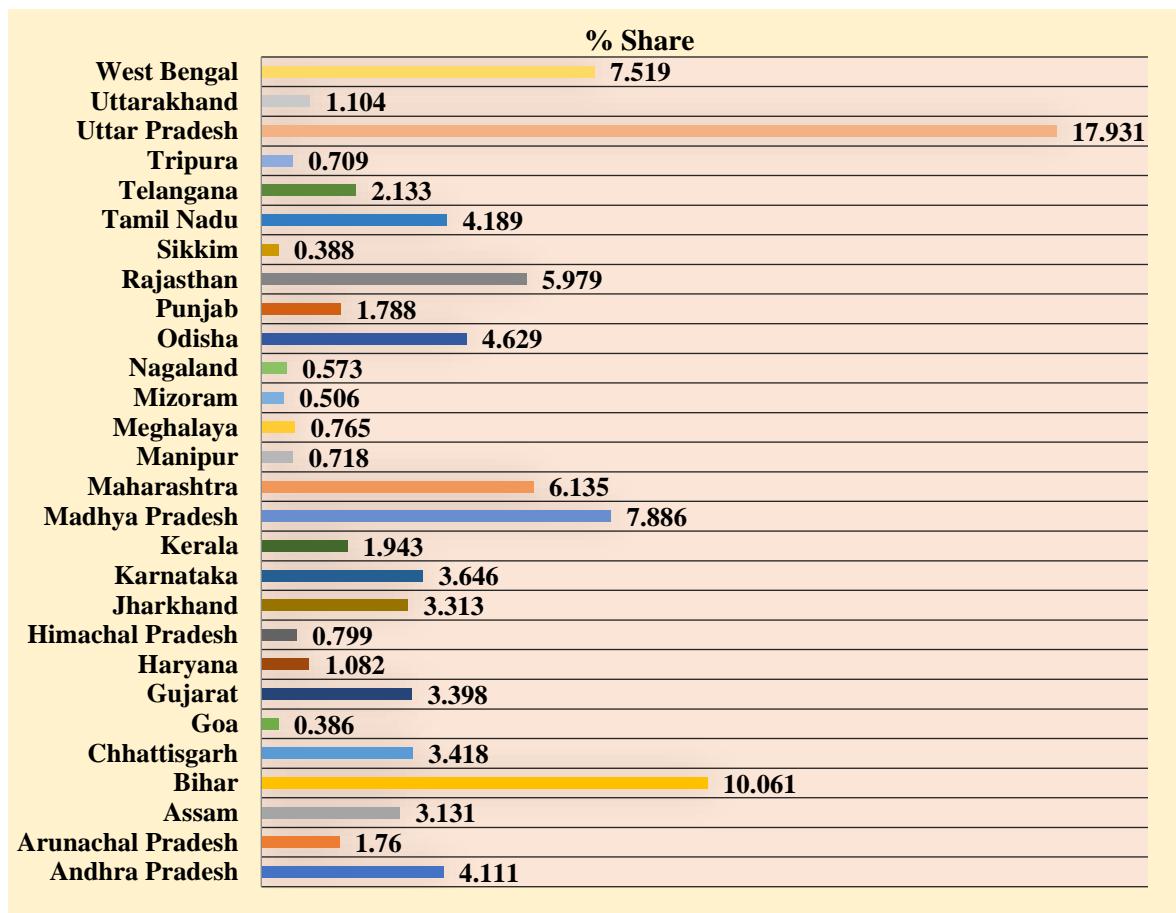

Table 4.3: Criteria and Weights Assigned for Horizontal Devolution

Sl. No.	Criteria	Weight (%)
(1)	(2)	(3)
1	Population	15.0
2	Area	15.0
3	Forest and Ecology	10.0
4	Income Distance	45.0
5	Demographic Performance	12.5
6	Tax Effort	2.5
Total		100

Source: Report for the year 2020-21, XV Finance Commission, November, 2019

Based on the methodology described above, the inter se shares of states in the net proceeds of the taxes (divisible pool) as recommended by the 15th FC is shown in Fig. 4.6. The share for Manipur is 0.72 per cent, a devolution of Rs. 6,140 crore in 2020-21 to the State.

Fig. 4.6: Inter se Share of States

Source: Report for the year 2020-21, XV Finance Commission, November, 2019

C. Grant-in-Aid:

The total Grants in Aid recommended by the 15th FC for Manipur is Rs. 13, 804 crore out of which Rs. 9, 796 crore is Revenue deficit grants. The total transfers recommended by 15th FC for Manipur is given in Table 4.4.

Table 4.4: Total transfers recommended by 15th Finance Commission for Manipur

Sl. No.	Grants in Aid	Amount (Rs. in crore)
(1)	(2)	(3)
1	Revenue deficit grants	9796
2	Grants to local bodies	1277
3	Disaster management grants	234
4	Sector-specific grants (Health, PMGSY Roads, Statistics, Judiciary, Higher Education and Agriculture)	1597
5	State specific grants	900
6	Total Grants in Aid	13804

The recommendations of the 15th FC go beyond the disaster response funds that already exist at the national (NDRF) and state (SDRF) levels on Disaster Risk Management. The Commission has recommended the creation of funds for disaster mitigation along with disaster response, which will now together be called as National Disaster Risk Management Fund (NDRMF) and State Disaster Risk Management Fund (SDRMF) and the continuation of the existing cost sharing arrangement between the Union and State Governments in the ratio of 75:25 to fund the total corpus of SDRF and SDRMF. However, the share of the North-East and Himalayan States shall continue to be 10 per cent, with the remaining 90 per cent to be provided by the Union Government. The disaster management grants for Manipur in the 15th FC is Rs. 234 crore.

4.3.2: Sixteenth Finance Commission:

In pursuance of clause (I) of article 280 of the Constitution read with the provisions of the Finance Commission (Miscellaneous Provision) Act, 1951 (33 of 1951), the President of India constituted the Sixteenth Finance Commission with Dr. Arvind Panagariya former Vice-Chairman, NITI Aayog and Professor, Columbia University as the Chairman on 31st December, 2023.

The Commission shall make recommendations as to the following matters, namely;

- i. The distribution between the Union and the State of the net proceeds of taxes which are to be, or may be, divided between them under Chapter I, Part XII of the Constitution and the allocation between the States of the respective shares of such proceeds.
- ii. The principles which should govern the grants-in-aid of the revenues of the State out of the Consolidated Fund of India and the sums to be paid to the States by way of grants-in-aid of their revenues under article 275 of the Constitution for the purposes other than those specified in the provisos to clause (I) of that article and
- iii. The measures needed to augment the Consolidated Fund of a State to supplement the resources of the Panchayats and Municipalities in the State on the basis of the recommendations made by the Finance Commission of the State.

The Commission may review the present arrangements on financing Disaster Management initiatives, with reference to the funds constituted under the Disaster Management Act, 2005 (53 of 2005), and make appropriate recommendations thereon. It shall make its report available by 31st day of October, 2025 covering a period of five years commencing on the 1st day of April, 2026.

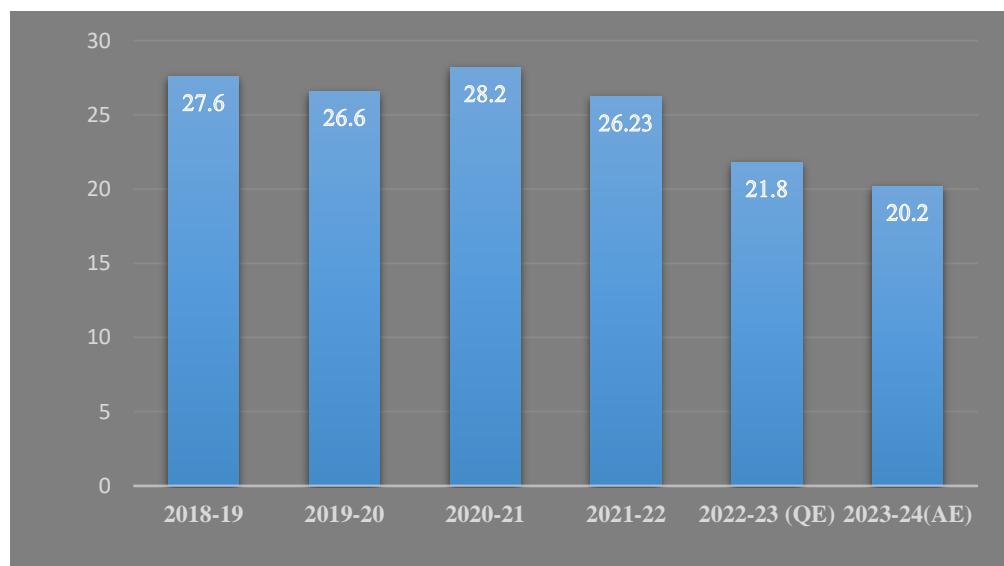

5. AGRICULTURE AND ALLIED SECTORS

The economy of Manipur being primarily dependent on agriculture, emphasis has been given on augmenting agricultural production of the state. Agriculture still occupies the most prominent position in the state's economy. Traditionally, people in the hills practice jhuming or shifting cultivation in general i.e., they cultivate on high slopes, then abandon the plots after a few years and cultivate in another hill plot. Arable land is by and large marginal and hence agriculture had persistently been on subsistence level in Manipur.

5.1 Agriculture:

About 80 per cent of the population in Manipur is directly dependent on Agriculture and Allied Sector. The primary sector have contributed 21.8 per cent of the Gross State Value Added (GSVA) at Current Prices in 2022-23. The share of the primary sector to GSVA of Manipur has been declining from 26.2 per cent in 2021-22 to 20.2 per cent in 2023-24 (AE). This contrasts sharply with the steady growth of the GSVA over the same period. The state economy is showing a shift in the composition towards the tertiary sector over the last 5-6 years. The percentage contribution of Primary Sector to GSVA (at Current Prices) is given below.

Fig. 5.1: Percentage Contribution of Primary Sector to GSVA (at Current Prices)

QE – Quick Estimates

AE – Advance Estimates

Source: Directorate of Economics & Statistics, Manipur

The declining share of the agriculture in the state's economy however does not take away the criticality of this sector. Food security has been of concern in Manipur. In the past, popular agitations (Nupi Lan, 1939 etc.) were launched on account of the scarcity of foodgrains. Food security in Manipur through empowerment of the farmer is the vision of the State Government.

5.1.1 Pradhan Mantri Fasal Bima Yojana (PMFBY):

The Pradhan Mantri Fasal Bima Yojana (PMFBY) is a crop insurance scheme for Indian farmers. PMFBY provides insurance of any of the notified crops (i.e., HYV Paddy, Cabbage and Mustard) as a result of the natural calamities, pests and diseases. The Scheme was implemented by the Insurance Company (IC) selected from the empanelled companies of Government of India with e-Tender process for a period of three years. The Bajaj Allianz Insurance Company Ltd, implemented the programme from Kharif 2021.

The Sum Insured (SI) of HYV Paddy is Rs. 68,000/- per ha, with farmers share premium being Rs. 1360/- per ha. (2% of Sum Insured), Mustard is Rs 26,666/- per ha, with farmers share premium being Rs. 400/- per ha. (1.5% of Sum Insured) and Cabbage is Rs. 91, 228/- per ha, with farmers share premium being Rs. 4561 per ha. (5% of Sum Insured).

In Rabi 2022-23, an area of 314.65 ha, under Mustard and Cabbage (winter) 451 nos of farmers have been enrolled and claim amount is yet to be released by the Insurance Company.

During Kharif 2023, an area of 3599.69 ha., under HYV Paddy and Cabbage (summer) and 4588 nos of farmers have been enrolled. The Crop cutting experiment for estimation of loss has been completed and submitted to the Insurance Company for loss calculation.

In Rabi 2023-24, 496 nos of farmers have been enrolled and covered an area of 434.29 ha, under notified crops Mustard and cabbage (Rabi).

The PMFBY aims to support sustainable agricultural production and stabilize farmers' incomes. PMFBY has been implemented in all Districts of Manipur. Crop Insurance claim of Kharif 2022 for 4026 farmers amounting to Rs. 162.33970 lakhs is finalized and released by the Insurance Company. Premium rate to be paid by the farmers are 2.0% for kharif crops, 1.5% for Rabi crops and Maximum of 5% of the sum insured for Horticulture crops. Number of insured farmers under PMFBY is shown in the Table 5.1.

Physical Target and Achievement for the year 2023-24

During Kharif season 2023, an area of 1,78,550 Ha., were brought under main paddy cultivation. Total area brought under paddy (Pre- Kharif and Kharif) was 1,84,280 ha with an estimated production of 3,31,550 MT of clean rice. The total area brought under paddy (Pre- Kharif and Kharif) was 1,86,380 ha with an estimated production of 3,49,260 MT. The productivity of rice for the year 2023-24 was 1,870 kg/ha whereas the National average was 2,700 kg/ha.

The estimated area under pulses during Kharif 2023 was 4,600 ha with an estimated production of 4,540 MT. The productivity of Kharif pulses was 990 kg/ha. The targeted area and production of Rabi pulses were 27,560 ha and 27,140 MT respectively.

An estimated area of 18,040 ha was brought under maize cultivation during Kharif 2023 with an estimated production of 39,500 MT. The production of Kharif maize was 2,190 kg/ha. The targeted area and production of Rabi and Maize were 7,440 ha and 17,060 MT respectively.

During Kharif 2023, an estimated area of 6,800 ha were brought under cultivation of Kharif oilseeds with an estimated production of 5,870 MT. The targeted area and production of Rabi oilseeds were 32,180 ha and 23,980 MT respectively.

The following Table 5.2 shows the year wise number of farmers benefited under Pradhan Mantri Krishi Sinchayee Yojana (PMKSY-PDMC) and the Physical and Financial Statement of the yojana for the year 2022-23 implemented during 2023-24 is presented in Table 5 (a) of Part II.

Table 5.2: Year wise number of farmers benefited under Pradhan Mantri Krishi Sinchayee Yojana (PMKSY-PDMC)

5.1.2 Agricultural Mechanization:

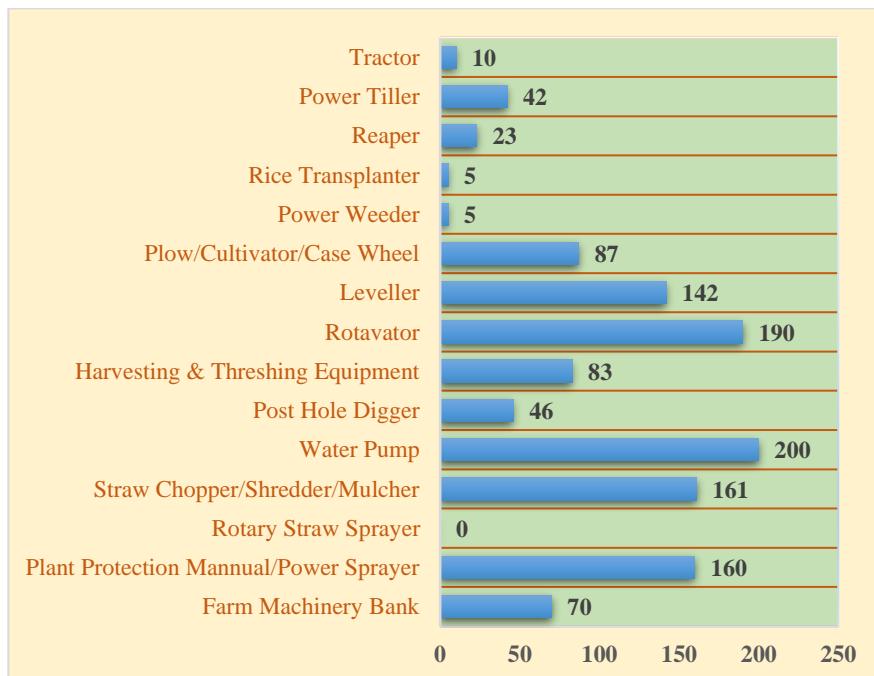

5.1.2.1 Sub Mission on Agricultural Mechanization (SMAM):

The unspent fund available for implementation of the scheme work for the year 2022-23 i.e. Rs. 1,682.19 lakhs, were utilized during the year 2023-24 and still there is an unspent balance of Rs.70.45 lakhs. The Scheme provided financial assistance to 1,718 Nos. of Individual Farmers on procurement of Farm machineries/ Equipments, 82 Nos. of groups for

“Establishment of Farm Machinery Bank/ Custom Hiring Service Centre”. In addition to this, under flexi fund 120 Nos. of individual farmers were provided financial assistance on procurement of Mini Rice Mill, Mini Power Tiller, Mini Rice Transplanter, Mini Tractor, Tractor 4WD.

Under SMAM assistance is provided for procurement of agricultural equipment. Figure 5.2 shows the number of distribution of Agricultural Equipment and Machinery for the year 2023-24.

Fig. 5.2: Number of distribution of Agricultural Equipment & Machinery

Source: Department of Agriculture, Manipur

5.1.3 National Food Security Mission (NFSM):

Under the scheme cluster demonstrations were made on improved practices, demonstration on cropping system on Rice, Pulses, Coarse Cereals, Nutri Cereals and Oilseeds.

The unspent fund available for implementation of the scheme work for the year 2022-23 i.e. Rs. 82.13 lakhs, were utilized during the year 2023-24 in providing the financial Assistance for Distribution & Production of Seeds on Rice, Pulses, Coarse Cereals, Nutri Cereals and Oilseeds for 1402 Qtls, INM/IPM for 5505 ha, cluster demonstration on soyabean for 62.00 Ha, production inputs (Gypsum/Pyrite/PP Chemicals/bio agents/ etc.) for an area of 301 ha and 95 Nos. of PP equipments (Manual/power sprayer) were given assistance to farmers and 11 Nos. of farmers training programme were conducted.

5.1.4 Rashtriya Krishi Vikas Yojana (RKVY):

During the year 2023-24, under the scheme for infrastructure development, 11 Agro Market Sheds were constructed. Additionally, 120 tube wells were installed, and one vermi-compost

unit (measuring 11.44 m x 11.00 m) was built at the District Agriculture Office complex, Imphal East. The scheme also provided subsidies for plant protection equipment, distributing 1,994 knapsack sprayers and 2,572 power sprayers. Furthermore, INM and IPM demonstrations were conducted, covering an area of 815 hectares.

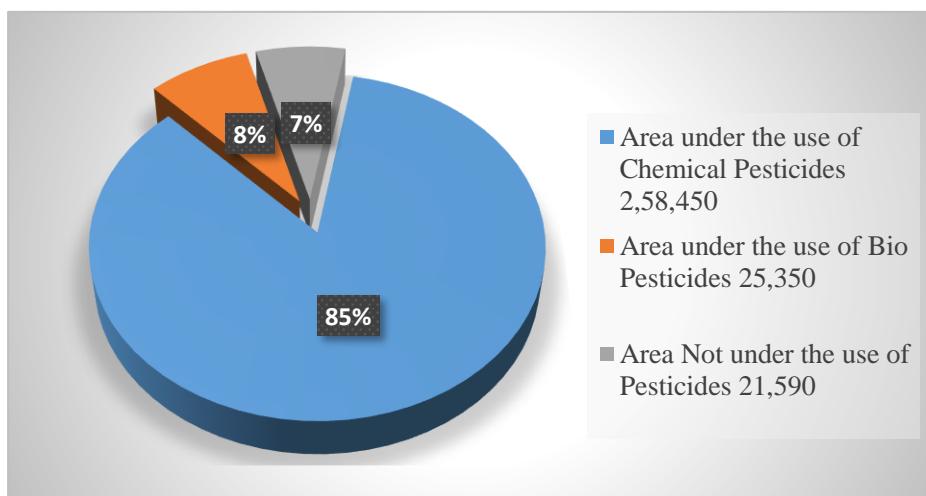

5.1.5 Pradhan Mantri Kisan Samman Nidhi Yojana (PM-KISAN):

PM-Kisan is a government scheme that provides financial support to families of landholding farmers in India. The scheme aims to help small and marginal farmers. The Scheme is being implemented across the State since its inception in 2018-19. Under the scheme, 6.20 lakhs farmers have been enrolled in the PMKISAN portal and an eligible farmer is getting a sum of Rs. 6000 per annum in three equal instalments of Rs.2000 each, at every four months interval through Direct Benefit Transfer (DBT). The amount so far released during the period 01.02.2019 to 31.01.2024 under the scheme to the farmers in the State was Rs. 712.271 cores.

5.1.6 Plant Protection:

Percentage share of Gross area under cultivation using Chemical Pesticides and Bio Pesticides during 2023-24 is shown in Fig 5.3.

Fig. 5.3: Percentage share of Gross area under cultivation using Pesticides

Source: Department of Agriculture, Manipur

There are 274 private traders sale point for Pesticides and 10 Insecticides Inspector are notified for plant protection. There is ‘Nil’ report on Pesticides Poisoning Report (Half Yearly Return) Period during the year 2023-24.

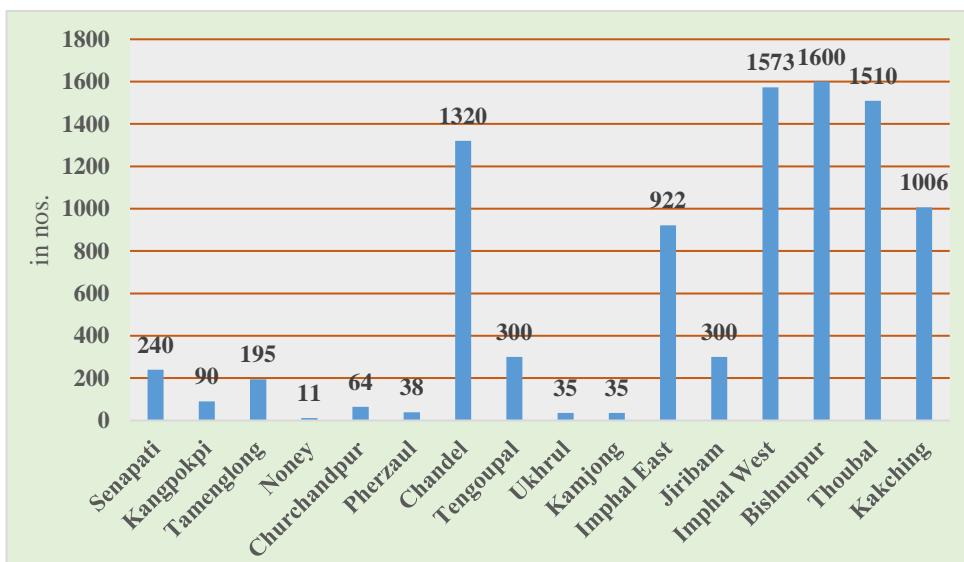

5.1.7 Seed Certification Cell :

During 2023-24, the Seed Certification Cell of the Agriculture Department certified different seeds of Rice, Pulses, Oilseeds produced by 60 registered State’s farmers. Seed certification is a legally sanctioned quality assurance system whereby high quality, genetically pure free from pests and diseases seeds of notified varieties are produced and multiplied in quantities to ensure timely availability of Certified Seeds (CS) to the farmers at the affordable price for getting maximum crop production.

5.1.8 Distribution of Soil Health Card:

During the year 2023-24, 7500 numbers of Soil Health Card were distributed to the farmers against the target of 15000. District wise distribution of Soil Health Card for the year 2023-24 is shown in Fig. 5.4.

Fig. 5.4: District wise Number of Soil Health Card Distributed during 2023-24

Source: Department of Agriculture, Manipur

5.1.9 Establishment of Information Network:

An information network throughout the State is being established with the help of electronic connectivity to Agricultural Marketing Information Network (AGMARKET) Portal for five main markets of the State in which 27 commodities are reported daily on the website under Market Research and Marketing Information Projects. This daily updated market prices help the farmers aware of the prevailing prices of agricultural commodities in the state.

5.1.10 Organic Cultivation:

The state is promoting Organic Chak-hao/ Black Rice and has also bagged Geographical Indication (GI) tag during the year 2020 for Chak-hao. During the year 2023-24, production of organic Chak-hao was 1500 MT and the same is being sold in both inside and outside the State's market. In order to store farmers' own saved seeds at village, one collection aggregation units were constructed with financial assistance of Rs.11.25 lakhs/unit/FPC. The Government provided assistance @ Rs. 2.00 lakhs / FPC to 14 FPC for implementation of the scheme. The Government provided assistance for procurement of three numbers of 4 wheeler transport vehicle to FPC to transport farm produce from farm gate to collection & aggregation unit @Rs. 6.00 lakhs as subsidy.

Under the Central Sector Scheme Mission Organic Value Chain for North Eastern States, there are 20 (twenty) FPO/FPC formed for promotion of organic cultivation. The FPOs have been linked with the production of organic Black Rice, HYV Rice, Maize, Spices, Fruits etc. In order to promote/protect soil fertility, Soyabean crop is also included for intercropping.

5.1.11 Promotion of Millets:

A state program for promotion of millets is being taken up in consonance with International Year of Millets, 2023. Under this programme, focus has been given to the formulation of 32 Nos. of Farmer's Interested Groups (FIGs) covering an area of 200 Ha. Under this programme, there is a provision to provide financial assistance for 12 nos of millet milling machines. For carrying out the above activities, the Government has released an amount of Rs 50 lakhs till date.

5.2 Rainfall:

The irrigation system in Manipur is not fully developed and therefore, the main source of water for agricultural purpose is rain water. The prospects of agriculture in the state depend largely on timely occurrence of rains. It is particularly so in the case of Kharif season where production and productivity of crops are dependent not only in the quantum of rains, but also its equitable distribution over the days/months of the seasons. The distribution of rainfall over the months as recorded by ICAR, Manipur at Lamphelpat are shown in Table 5.3.

Table 5.3: Monthly Rainfall recorded during 2017 to 2024

Months	Rainfall (in mm)							
	2017	2018	2019	2020	2021	2022	2023	2024

5.3 Size of Holdings:

The agricultural holding/land holding is the amount of land held by a farmer. In Manipur, arable land is limited and majority of the farming community have small and marginal land holdings which make them difficult to practice any commercial farming. The area of operational holdings is about 172 thousand hectares operated by 151 thousand farmers as per the agricultural census 2010-11. It can be seen from the Table 5.4 that the average size of operational holdings for Manipur has remained the same at 1.14 hectares in 2015-16 and

2021-22. The area operated in small and marginal holdings accounted for 59.88 per cent in 2021-22.

Table 5.4: Distribution of operational holdings in respect of Manipur State

Size of holding	Category of farmer	No. of operational holding ('000)		Area operated ('000 Ha.)		Average size of Operational holding (Ha)	
		2015-16	2021-22	2015-16	2021-22	2015-16	2021-22

5.4 Pattern of Land Utilization:

The plains of Manipur occupy about 2,238 sq. kms. which accounts for about 10 percent of the total geographical area. A firm information regarding the land utilization of the entire State cannot be built up since land records are available only for the cadastrally surveyed area of the Manipur valley and a very small pocket of the hills where no complete and regular land utilization survey have been undertaken by the authorities, such as Agriculture/ Horticulture/ Settlement and Land Records/ Revenue Departments. The total cropped area of Manipur for the year 2023-24 is presented in Table 5.5.

Table 5.5: Total Cropped Area of Manipur for 2023-24

(Area in '000 hectares)

Sl. No.	Districts	Net Area sown	Area sown more than once	Total cropped area
(1)	(2)	(3)	(4)	(5)
1	Senapati & Kangpokpi	16.61	7.40	24.01
2	Tamenglong & Noney	17.23	6.42	23.65

9	Thoubal & Kakching	29.93	14.26	44.19

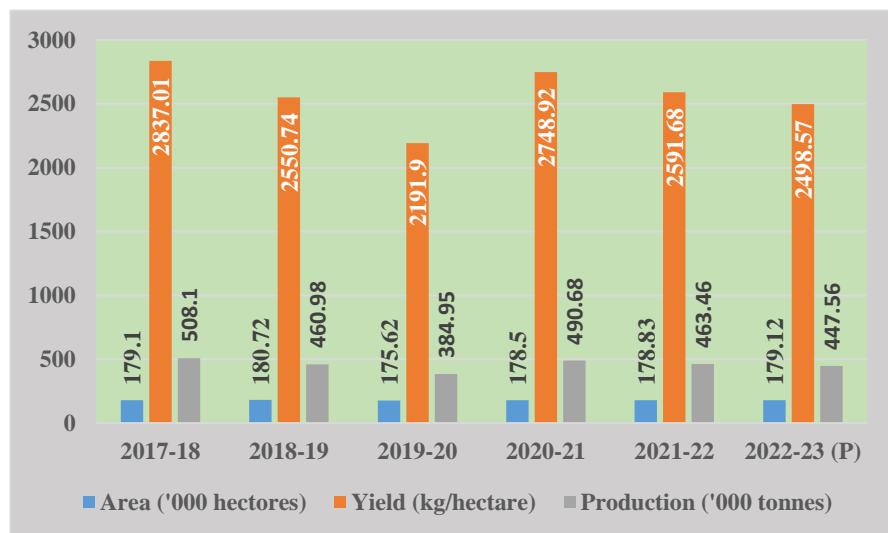

Source: Department of Agriculture, Manipur

5.5 Agricultural Production:

Permanent cultivation is generally practiced in the valley districts, while terrace cultivation is practiced in some pockets of the hills where jhuming or shifting cultivation is widely adopted in most of the hill districts. Rice is the staple food of Manipur and is grown in both the hill and valley. Cultivation is almost entirely mono-crop with rice accounting about 98 per cent of food-grains production.

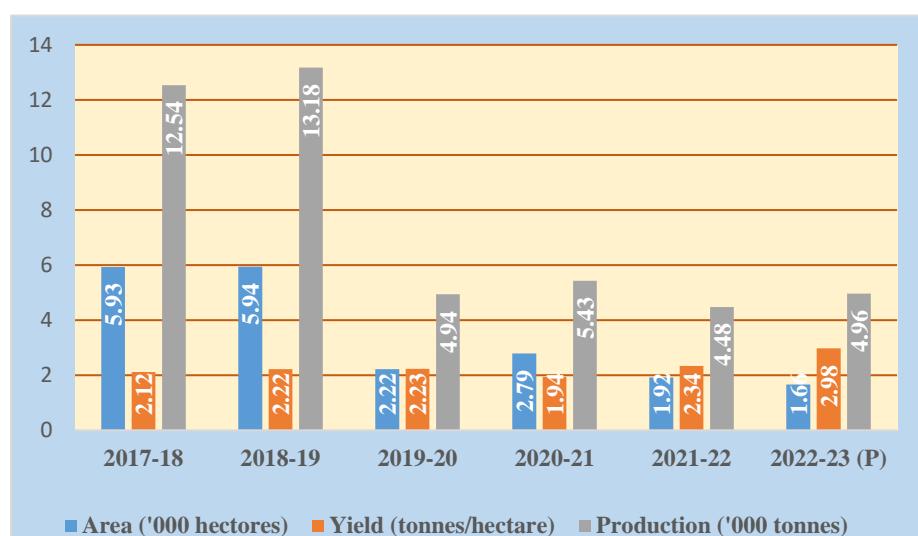

The production of rice in Manipur for the year 2022-23 was estimated at 4.47 lakh tonnes as against 4.63 lakh tonnes in 2021-22. In case of maize, the estimated area, the average yield and production for the agricultural year 2022-23 was recorded as 1.66 thousand hectares, 2.98 tonnes per hectare and 4.96 thousand tonnes respectively. The Area, Yield and Production under cereal crops for the year 2017-18 to 2022-23 (P) are shown in Fig. 5.5 & 5.6.

Fig. 5.5: Estimated Area, Yield & Production of Rice in Manipur

Source: Directorate of Economics & Statistics, Manipur

Fig. 5.6: Estimated Area, Yield & Production of Maize in Manipur

Source: Directorate of Economics & Statistics, Manipur

5.6 High Yielding Varieties (HYV) Programme:

The High Yielding Varieties Programmes which were introduced in India since the mid-sixties, the progress in the State has been found to be very slow particularly in the hill areas and also with regard to other crops except for paddy.

According to the results of Crop Estimation Survey conducted by the Directorate of Economics & Statistics, the estimated area under HYVs and Improved Varieties (IVs) of paddy in 2022-23 is more than the previous year. The total area under HYVs and IVs of paddy constitutes about 70.24 per cent of the total area under paddy in 2022-23 as against 61.25 per cent in 2021-22. The adoption of HYVs of paddy in the hill districts continues to be negligible which is perhaps due to surface configuration of the hill areas while that of IVs is quite encouraging. The proportion in the hill areas for the HYVs and IVs was 36.31 per cent in 2022-23 as against 26.96 per cent in 2021-22. The percentage of area under local varieties, HYVs and IVs of paddy to total area under paddy during 2017-18 to 2022-23 is shown in Table 5.6.

Table 5.6: Percentage of area under HYVs, IVs and local varieties of paddy to total area under paddy

Region	Varieties of Seed	2017-18	2018-19	2019-20	2020-21	2021-22	2022-23(P)
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)
1. Hill	HYV+IV	12.28	19.38	26.89	22.58	26.96	36.31
	Others	87.72	80.62	73.11	77.42	73.04	63.69
	Total	100.00	100.00	100.00	100.00	100.00	100.00
2. Valley	HYV+IV	94.97	91.61	95.00	91.98	92.83	99.46

	Total	100.00	100.00	100.00	100.00	100.00	100.00
State	HYV+IV	56.07	57.39	63.21	58.63	61.25	70.24
	Others	43.93	42.61	36.79	41.37	38.75	29.76
	Total	100.00	100.00	100.00	100.00	100.00	100.00

P: Provisional

Source: Directorate of Economics & Statistics, Govt. of Manipur

During 2022-23, it was found that HYVs & IV of paddy were mainly used in the valley areas of the state. Of the total area under paddy, the area under paddy using HYVs & IVs was found to be 36.31 per cent in the hill areas in 2022-23. With the irrigation potentials created under major, medium and minor irrigation projects and the objective to double the agricultural production in the state, the State Government has urged the farmers to adopt double cropping and multiple cropping.

5.7 Seeds:

Quality seeds are the carrier of new technology and are the basic input in any crop-based farming system. It is also a determinant factor required to ensure the success of crop production. Using high quality seeds result in higher yields, better resistance to disease and

improved overall plant health. The State Government is committed to providing quality seeds to the farmers to ensure maximum crop production.

During the year 2023-24, the following quantities of seeds of different crops were made available to the farmers free of cost.

Table 5.7: Quantities of seeds of different crops supplied to the farmers

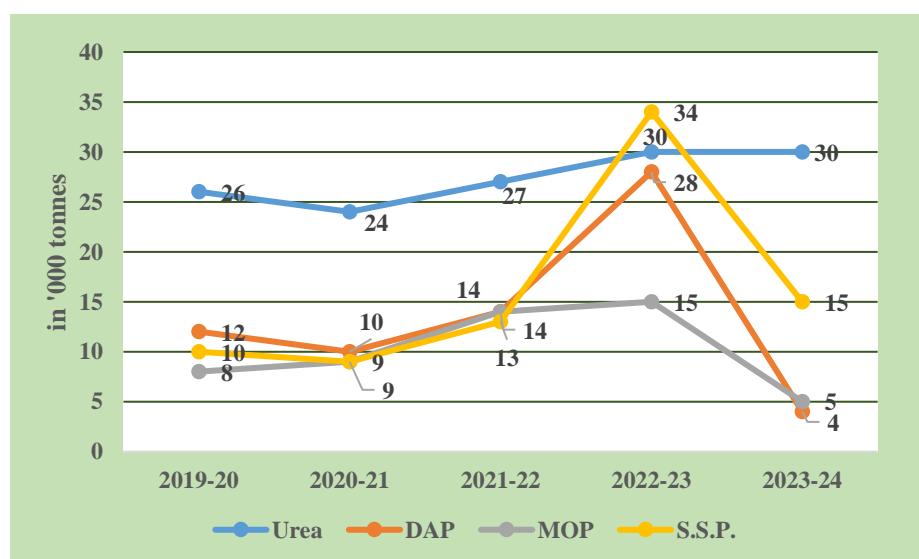

Sl. No.	Crop	Total (Mt)
(1)	(2)	(3)
1.	HYV Paddy (RCM-12 & 13)	362.60

5.8 Application of Fertilizers:

Chemical fertilizers play an important role in increasing the agricultural production particularly when used with the high yielding varieties which are responsive to recommended doses of fertilizers. The increase in agricultural production was possible as a result of adoption of quality seeds, appropriate doses of fertilizers and plant protection chemicals, coupled with assured irrigation. The improved and certified seeds have been the catalyst for making inputs cost effective. The trend in the distribution of fertilizers during 2019-20 to 2023-24 can be seen in Fig. 5.7.

Fig. 5.7: Distribution of Fertilizers in the State

Source: Department of Agriculture, Manipur

The consumption of different types of fertilizers in Kharif and Rabi season in the erstwhile nine districts of Manipur during 2023-24 is shown in Table 5.8.

Table 5.8: District wise consumption of fertilizers in Manipur during 2023-24

5.9 Action plan for compensatory package of paddy areas affected by present law and order situation:

Due to the prevailing law and order situation, many farmers from the State were unable to cultivate paddy in the Kharif season 2023. To compensate for their losses, the State Government requested the Ministry of Home Affairs, Government of India for compensation to the affected farmers. This was done as per an initial survey conducted by Agriculture Department, Government of Manipur in June, 2023. Subsequently, Ministry of Home Affairs, GoI sanctioned an amount of Rs.38.60 crores for the same.

The Government re-conducted a survey through the Deputy Commissioners to include all the affected farmers. The DCs submitted a list of farmers accompanied by geo-tagged photographs and drone photos (where geo-tagged photos could not be captured due to security risks involved) of the uncultivated fields, Aadhaar cards etc. The amount of compensation to the individual farmers has been calculated based on the yield per hectare in the previous 3 (three) years of the respective district.

Under the program, 3930 Kgs of different Rabi crop seeds to cover an area of 159 Ha were distributed to the inmates residing at different relief camps owing to the present law and order situation in the state for cultivation in and around the camp with an objective to support their day today needs.

Table 5.9 Distribution of Rabi Seeds to different Relief Camps 2023-24

District	Quantity of seed req (Kg)

Source: Annual Administrative Report, 2023-24, Department of Agriculture, Manipur

5.10 Plant Health Clinic (PHC):

Advisory services on plant health were provided through instant messaging apps and Agri toll free no 1800 345 3822. Cases of 1300 insect pest and diseases faced by the farmers of the different crops from different locations were identified and recommended remedial measures during 2023-24.

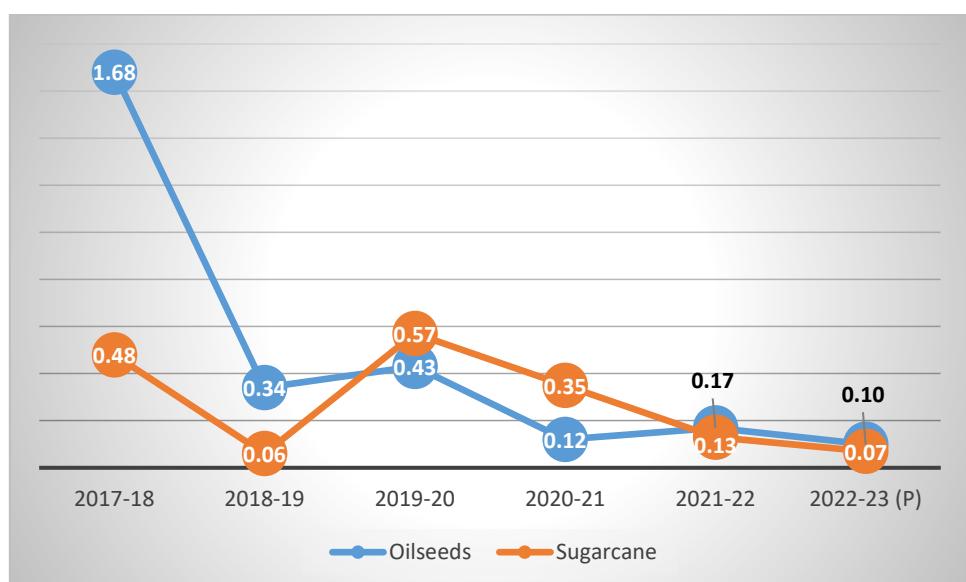

5.11 Oil Palm Cultivation In Manipur:

Annual Action Plan for the year 2023-24 has been prepared for Thoubal district having a potential area of 18475 Ha. against which 1,200 Ha. have been proposed at the cost of Rs. 3176 lakhs and the same has been approved by the Ministry of Agriculture, Govt. of India. Area expansions will be targeted mainly at abandoned Jhum lands, foothills and fallow lands where economic crops are not grown. Mandatory requirement for empanelment of Oil Palm Entrepreneur / Company for Thoubal District & Kakching is under process for floating EOI.

5.12 Commercial Crops:

The development of commercial crops like cotton, kabrangchak, oilseeds and sugarcane is very essential for enhancing the growth of agro-based industries in the State. The estimated area under some important commercial crops are given in Fig. 5.8.

Fig. 5.8: Estimated Area under Important Commercial Crops (Area in '000 hectares)

P – Provisional

Source: Directorate of Economics & Statistics, Manipur

5.13 Irrigation Facilities:

An important negative aspect of the current strategy for raising agricultural production is increasing reliance on non-perennial irrigation due to the absence of timely and adequate rainfall. Therefore, the various programmes undertaken for providing irrigation facilities

produce only salutary effects. Out of the estimated area of 179.12 thousand hectares for paddy, 47.03 thousand hectares were found to be irrigated which accounted for 26.26 per cent of the total area under paddy during 2022-23. The district wise estimated irrigated and non-irrigated area under cereal crops in 2022-23 (P) is given in Table 5.10.

Table 5.10: District wise estimates of irrigated area under cereal crops during the agricultural year 2022-23 (P) in Manipur

(Area in '000 hectares)

5.14 Horticulture:

Manipur has plenty of scope and potential to grow various horticulture crops because of varied agro-climatic conditions. The soil of Manipur is strong to moderately acidic with two broad types of soil viz. red ferruginous soils in the hills and alluvium soils in the valley. The Government had conducted a survey during the early part of the 90's in collaboration with the National Horticulture Board (NHB) to identify potential areas for better development of the Horticulture. The survey report indicates that the potential area for horticulture crops in the State is about 2,77,064 Ha. Another base line survey for horticulture crop started under the Rashtriya Krishi Vikas Yojana (RKVY) which was completed during 2019-20. The major fruits grown in the state are pineapple, lemon, orange, banana, guava, peaches etc. Some of the activities taken up for development of Horticulture in Manipur under different schemes are as given below.

5.14.1 Mission for Integrated Development of Horticulture (MIDH):

MIDH is a Centrally Sponsored Scheme for the holistic growth of the horticulture sector covering fruits, vegetables, root & tuber crops, mushrooms, spices, flowers and cashew with a funding pattern of the mission is 90:10 (Centre: State). The main components of the Mission are the production of planting material, area expansion, rejuvenation of old and senile orchards, protected cultivation, creation of water resources, HRD program, post-harvest management, and marketing infrastructures, etc.

The main objectives are:

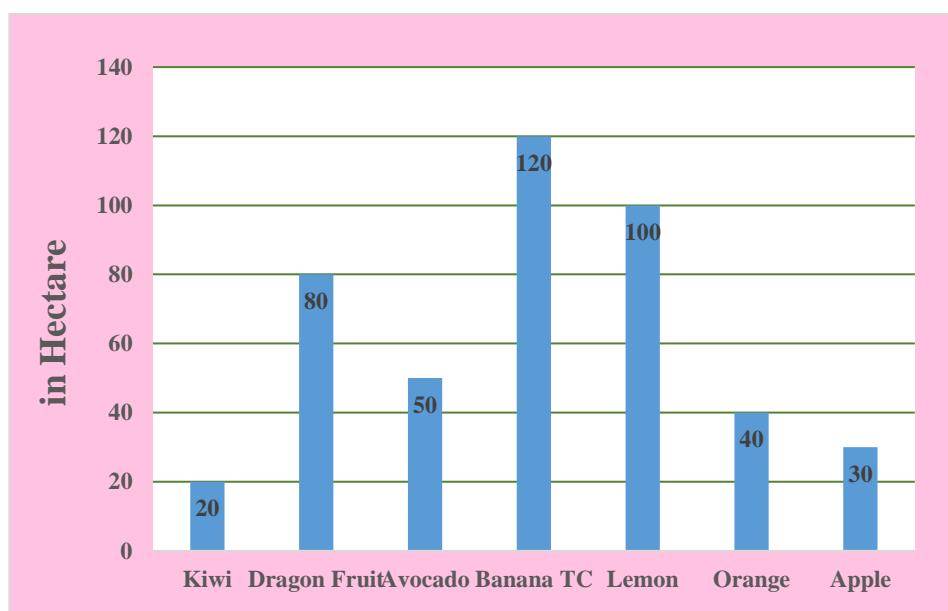

Promote holistic growth of horticulture sector, research & development, technology promotion, extension and post-harvest management, in consonance with comparative advantage of each State/region and its diverse agro-climatic features.

Enhance horticulture production, augment farmers' income and strengthen nutritional security.

Improve productivity by way of quality planting material and water use efficiency through Micro Irrigation.

Promote Farmer Producer Organizations (FPOs) and their tie up with Market Aggregators (MAs) and Financial Institutions (FIs) to support and provide adequate returns to farmers.

Fig. 5.9: New Plantation of various fruits under MIDH (in hectare) during 2023-24

Source: Directorate of Horticulture & Soil Conservation, Manipur

5.14.2 Manipur Organic Mission Agency (MOMA):

Mission Organic Value Chain Development of North Eastern Region (MOVCDNER), a Central Sector Scheme under the Ministry of Agriculture and Farmers Welfare, Govt. of India has been implemented in the State from the year 2015-16. Manipur Organic Mission Agency (MOMA), Department of Horticulture and Soil Conservation, has been constituted as the state lead agency for implementing the scheme. The scheme is implemented in 3-year

phase manner viz. Phase – I (2015-16 to 2017-18), Phase – II (2018-19 to 2020-21), Phase – III (2020-21 to 2022-23) and Phase IV (2023-2026). Eleven service providers viz. DSSS, Garden Care, AMPSEDS, Sheel Biotech, Clover Organic, ICCOA, NAFED, SIMPFED, Sarveshar FPL, Manipur Agro & Green Foundation and a third-party certification body are engaged to handhold farmers in phase-III as per guidelines of the Ministry and 65 FPCs covering 37900 Ha and 37900 farmers have been formed producing eleven high-value organic crops viz., Pineapple, King Chilli, Ginger, Turmeric, Kiwi, Passion Fruit, Black Aromatic Rice (Chak-hao), Maize, Kachai Lemon, Tamenglong Orange and HYV rice. The Farmers Producer Company/ Organization under Mission Organic Chain Development of North Eastern Region is shown in the Table 5(b) of Part-II.

Significant Activities under MOMA

During Phase – IV (2023-24 to 2025-26), 5500 organic farmers covering 5500 ha are in the process of registration as beneficiaries of the scheme.

A total of 65 Farmer Producer Companies comprising of 500 -1000 farmers have been formed and additional 11FPC is under process for registration under Ministry of Corporate Affairs' Company Act. The FPC formation has been facilitated by creation of 1680 FIGs/Clusters.

More than 1455 nos. of farmers training have been successfully conducted. The farmers are regularly trained for organic package and practice of different crops, organic certification procedure, capacity building of FPC, soft skills, post harvest management, marketing, etc.

The following farm infrastructures has been created for FPCs.

- i. Collection/Aggregation Unit – 91 units
- ii. Small Processing Unit – 69 units
- iii. Solar-powered cold room – 3 nos.
- iv. Input Delivery Unit – 46 nos.
- v. Poly Tunnel Solar Dryer – 14 nos.

Total seven nos. of Integrated Processing Unit for entrepreneurs viz. M/s Thangjam Agro (LIKLA), M/s Meira Foods, M/s Naga Spice and Herbs, M/s Kanan Agro Processing Enterprises, M/s Luwang Agro Industries, Serto Fruits Processing Unit and M/s AK Spices and 1 Integrated Pack House for M/s Rima Foods have also been established under the scheme. MOMA is also implementing another project of Manipur State Rural Livelihood Mission (MSRLM) under Department of Rural Development & Panchayat Raj, Manipur viz. "Promotion of sustainable organic cultivation for economic enhancement" at Machi and Tengnoupal Blocks of Tengnoupal District.

355 poppy affected farmers are included as beneficiaries to provide them with alternative crops and livelihood.

Marketing achievement during 2023-24

Agreement signed between Konkuwan Herbs and MOMA for the supply of 150 MT of Ginger with further processing at Manipur during 2023-24.

Harvest Depot has placed an order of 18 MT Dry Ginger slices for 2023. They have

requirement of 200 MT of dry ginger slices for 2024.

MOMA extended support to the farmers through procurement of 2 MT of GI tagged Tamenglong Oranges, 1.5 MT of GI tagged Kachai Lemon, 2 MT of Pineapple (both Kew & Queen) and 2 MT of Avocados for promotional sales in Organic Outlet, Manipur and Organic Outlet, Dilli Haat, New Delhi amidst the present crisis of Manipur.

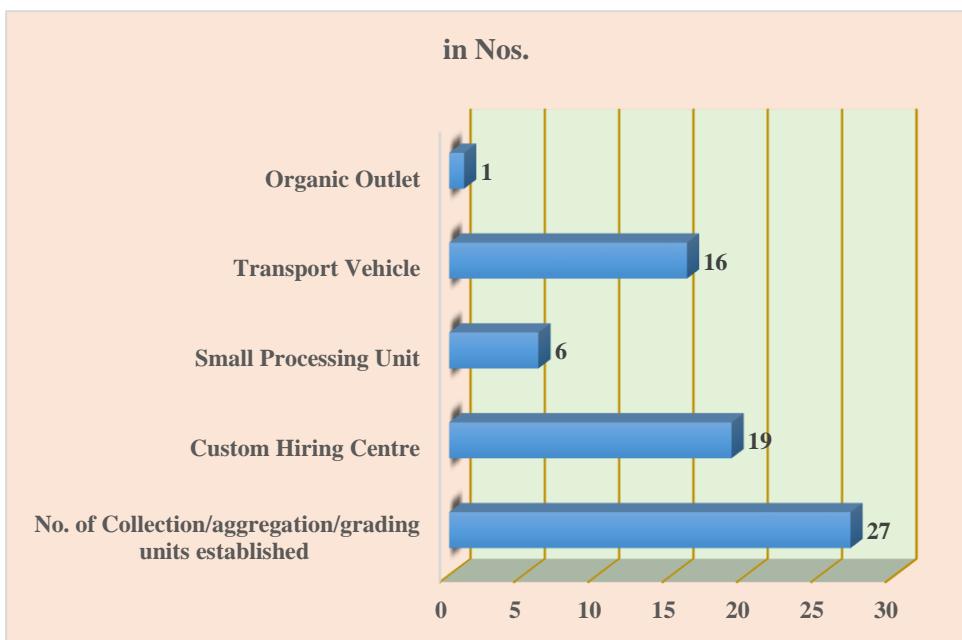

Facilitated marketing of 2.5 MT of Passion fruit, 61 MT of Pineapple to M/s Thangjam Agro Industries (LIKLA), Nilakuthi by different Farmer Producer Companies under MOVCDNER.

Facilitated marketing of 43 MT of Kachai Lemon to Magfruit, Nilakuthi by Oriental FPC.

Facilitated marketing of 2 MT of Black Aromatic Rice to M/s Tribal Roots, Mumbai.

Facilitated sell of 150 MT Black Rice through NERAMAC to the buyer of Tamil Nadu.

Fig. 5.10: Infrastructure Created under MOVCDNER during 2023-24

5.14.3 Pradhan Mantri Krishi Sinchayee Yojana Per Drop More Crop - Micro Irrigation and Other Intervention :

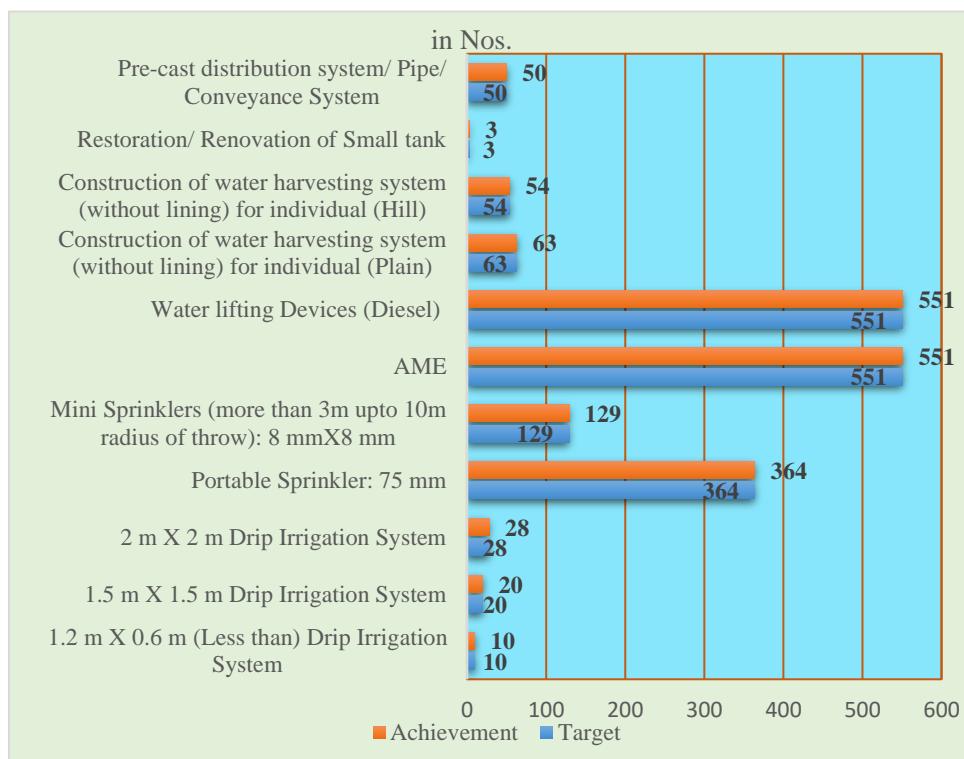

Pradhan Mantri Krishi Sinchayee Yojana Per Drop More Crop- Micro Irrigation and Other Intervention were implemented by Department of Horticulture and Soil Conservation, Manipur and Department of Agriculture, Manipur is the Nodal Department with the objective to achieve convergence of investments in irrigation sector at field level. The scheme aims at providing end-to-end solutions in irrigation supply chain, viz. water sources, distribution network and farm level applications. PMKSY not only focuses on creating water sources for assured irrigation, but it is also creating protective irrigation by harnessing rain water at micro level through 'Jal Sanchay' and 'Jal Sinchan'. Micro irrigation is an integral component of the scheme to maximise water use efficiency at farm level. PMKSY adopts

state level planning and projectized execution that allows states to draw up their own irrigation development based on District Irrigation Plan and State Irrigation Plan.

The Main Objectives:

- Increase the area under micro irrigation technologies to enhance water use efficiency in the country.
- Increase productivity of crops and income of farmers through precision water management.
- Make potential use of micro irrigation systems for promoting fertigation (technique of supplying dissolved fertilizer to crops through an irrigation system).
- Promote micro irrigation technologies in water-scarce, water-stressed and critical groundwater blocks/districts.
- Promote, develop and disseminate micro irrigation technology for agriculture and horticulture development with modern scientific knowledge.

Fig. 5.11: Achievement under PMKSY 2023-24

Source: Directorate of Horticulture & Soil Conservation, Manipur

5.14.4 Cultivation of Horticulture crops as an Alternative for poppy cultivation in Hill areas:

With the Government's Mission on "**War on Drugs 2.0**" under the leadership of the Hon'ble Chief Minister, Manipur, the Government has taken up a serious fight against illegal poppy cultivation in the hill areas and its impact on the people of the state of Manipur. To combat this menace which has become a social problem *per se*, the Government adopted a multi-pronged approach through inter-departmental efforts to provide alternative livelihood to these

illegal poppy farmers who had agreed to stop illegal poppy cultivation with a sustainable integrated farming system.

In the FY 2022-23, the Government's wide publicity and strong determination to fight the menace of illegal poppy cultivation and make the state of Manipur poppy-free had garnered positive responses from all communities of the state irrespective of all tribes and communities. Many CSOs and Village chiefs of all hill districts also supported the Mission "War on Drugs 2.0". As such, the Department of Horticulture & Soil Conservation had been instructed to provide alternative livelihood to these illegal poppy farmers by providing important horticulture crop planting materials as an alternative livelihood means.

A target of 1600 Nos. farmers covering about 2000 acres in the districts of Kangpokpi, Ukhru, Kamjong, Chandel, Churachandpur, Senapati and Tengnoupal Districts. The selection of genuine beneficiaries is very crucial for the effective implementation of the same. Beneficiaries were selected by the concerned village chiefs in consultation with the concerned District Officers (H & SC) duly approved by the District Administration.

Overall, the planting materials distributed under the innovative scheme of the Government namely "Cultivation of Horticulture crops as an Alternative for poppy cultivation in Hill areas" covers an area of 1600 acres (approximately 650 Ha).

5.14.5 Value chain Marketing of Quality Local Horticultural Crops and Brand Building Initiatives:

Realizing the availability of quality horticultural products and developing a complete supply chain and huge opportunities in the emerging market of the food sector, the Government proposed a scheme entitled "Value Chain Marketing of Quality Local Horticulture Products through Brand Building Initiative". The scheme shall support entrepreneurs, farmers groups and Farmer Producer Organizations of the state involved in the value chain agriculture and make available innovative market approaches and market linkage and intervene in their product development, brand building, and promotion. The scheme shall aim for the creation of indigenous food products, promote local brands, manufacturing, and supply chains and promote the Prime Minister's call for "Vocal for Local" through consistent quality management at every step. Providing need-based training, SOPs/ FSSAI Standards, Exposure to State level and National Level Seminars, Melas and Expo, and marketing of products by linking with national and international buyers through participation in Buyer-Seller Meets.

The main targets for the year 2023-24:

Assistance for basic infrastructure/machineries, material to ensure the quality of products, proper packaging, branding, certification, etc. to the selected entrepreneurs.

Assistance to quality packaging along with the design service.

Assistance to participate in Buyer-Seller Meet/ Agri Fairs/ Melas at the Regional or State Level for the promotion of local quality products.

Providing assistance to 30 percent of the actual cost incurred for transportation of fresh local quality horticulture products within and outside the state at the national market.

Training on standard production, post-harvest handling processing, and packaging to ensure quality within and outside the state.

Assistance to Quality Testing/ Laboratory testing as per requirements, testing of quality products in accredited laboratories for residue, nutritional content, etc./ quality parameter testing machine.

5.14.6 Establishment of Orchards in Hill Areas:

The establishment of orchards in hill areas of Manipur has the potential to be a major driver of economic development and social transformation. Orchards can provide a number of benefits for hill communities in Manipur. They can generate a source of sustainable income, create jobs and help to reduce poverty. The scheme provides to attend settled farming for mitigating problems related to climate change and rehabilitation of Jhumia families. It will enhance the income of farmers and improve the nutritional status of the state. The mode of assistance would be 80:20 (80 percent state assistance and 20 percent farmers' contribution). Training on new technology and operational management of orchards will also be imparted to farmer interest groups.

5.14.7 Mushroom Development Programme:

Integrated Mushroom Unit was first established at D.S.C.O (I.P.P), Mantripukhri, Department of Horticulture & Soil Conservation, Govt. of Manipur. Later, it was shifted to Office of the District Officer (H&SC), Thoubal.

The function of this unit is to produce mushroom spawn as well production of fresh mushroom. The equipment required for mushroom spawn production i.e., autoclave, laminar flow, incubator, oven, refrigerator, etc are available in this unit. The mushroom spawn production works like washing paddy grain, boiling paddy grain, mixing with chemicals, filling in packets, plugging of cotton, covering with butter paper, autoclaving, exposing to the laminar flow, inoculation etc. which are done by the staffs as well as workers engaged. The mushroom production unit for the cultivation of fresh mushroom includes a chamber for soaking of dry straw with chemicals, spawning room and cropping room.

Training/demonstration programmes to the needful and interested farmers regarding mushroom spawn production and mushroom cultivation are conducted in the training hall batch-wise. About 1000 packets of mushroom spawn are produced yearly for sale and distribution to the farmers.

The production and sale proceed for the year 2023-24 is as follows:

- i. 500 packets of spawn were produced and sold at Rs. 30 per packet and
- ii. 25 kg of fresh mushrooms were harvested and sold at Rs 200 per kg.

5.14.8 Alternative Seed Distribution as an alternative means of livelihood:

Under this project, distribution of seeds to farmers for achieving self-sufficiency in the state and to those affected by the destruction of poppy for immediate seed requirement as an alternative means of livelihood. Targeted allocation has been achieved.

5.14.9 Fruit Preservation Factory (MAGFRUIT) :

The Fruit Preservation Factory (MAGFRUIT) was inaugurated on 6th January, 2023. Since then, a team has undergone comprehensive training to acquire technical expertise in operating equipment and producing finished products like jams, jellies, squashes, RTS beverages, dried fruits, pickles, sauces, and canned goods. Seasonally available fruits, including 6.5 MT of oranges and 6.5 MT of Kachai lemons have been actively procured by the factory. Trial productions yielded 2.0 MT of dried ginger and 0.3 MT of turmeric slices. Additionally, 2.5 MT of orange juice and 2.6 MT of lemon juice have been extracted from Tamenglong oranges and Kachai lemons, respectively.

MAGFRUIT has secured FSSAI State License No. 11623008000028 under the FSS Act, 2006. Food safety testing for finished products like pineapple, kiwi, orange, lemon and passion fruit is currently in progress.

5.14.10 Coconut Development Board (CDB):

The CDB in Manipur offers scheme to promote coconut cultivation and production:

Objectives:

This scheme include financial support to the farmers to take up coconut cultivation on scientific lines in potential areas of Manipur..

The aim is to increase coconut production in non-traditional coconut growing areas through area expansion.

Major component:

Establishment of Regional Coconut Nursery (RCN).

Laying out of Demonstration Plot (LODP).

Establishment of Organic Manure Unit (OMU).

Extension activities (workshop, training, exposure visit, etc.).

10,000 numbers of coconut plant seedling (variety of Assam Tall) will be produced at Departmental Farm, Jiribam under the component establishment of RCN during, 2022-23.

5.14.11 Development of Floriculture:

The State plan scheme with the objective of Development of Floriculture for quality production and standardization of cut flowers in Manipur, providing healthy potted plants, flowering plants & loose flowers for every State/ National function and Awareness programme through promotion of flower exhibition cum competition during Mao Cherry Blossom cum Flower festival, Senapati and Shiroi Lily Festival/ Cosmos festival cum Flower exhibition, Ukhrul.

The scheme focuses on cultivation of Alstroemeria, Jasmine, Lilium, French Marigold and Lotus at 6 districts of Manipur viz., Imphal East, Imphal West, Bishnupur, Thoubal, Ukhrul and Senapati.

Advantages of Floriculture:

Employment generation for many unemployed.

Wide demand-supply gap in the country for a wide variety of flower species.

Providing aesthetic value and other health benefits.

The main objectives of the project/ scheme are:

Standardization of agro techniques in major loose flowers and cut flowers.

To reduce losses of flowers between harvest and consumption.

Creation of awareness through capacity-building programmes (Training, Demonstration and Mass Campaign).

To enhance the income of the farmers/villagers and improve the economy of the state.

5.14.12 Pradhan Mantri Fasal Bima Yojana - A Security To The Farmers:

Agriculture plays a crucial role in India's economy. The agriculture sector is highly volatile as it is subjected to many risks and manifold problems such as rainfall irregularity, temperature fluctuations, flood, drought, crop failure, non-remunerative prices for crops, poor yield, poor returns, etc. The farmers are vulnerable to these agriculture risks as these not only jeopardise the farmers' livelihood and income but also destabilize the agriculture/horticulture sector. So, in order to mitigate such unforeseen events and loss of their crop, the Government of India launched an initiative known as Pradhan Mantri Fasal Bima Yojana (PMFBY) in 2016 with the primary objective of providing insurance coverage and financial support to the farmers in the event of failure of any of the notified crops as a result of natural calamities. The farmer would have to pay a little amount of premium and this would help in stabilizing farmer's income to ensure continuation of farming along with the adoption of innovative and modern agricultural practices.

In Manipur, the scheme is implemented both by Department of Agriculture and Department of Horticulture and Soil Conservation with commencing its implementation during Rabi 2020-21 as a baseline survey for Crop Cutting Experiments (CCEs). The Government has identified "cabbage" (summer & winter) as notified crop which implies that at present only cabbage growers are eligible for applying and insuring compensation for damages to their crops. The Yojana's achievement during 2023-24 is shown in Table 5.11

Table 5.11: Achievements of PMFBY in Manipur

5.14.13 Eastern Border Areas Development Authority (EBADA):

EBADA, Manipur Government is promoting sustainable development, support alternative farming, livelihood programme and infrastructure projects. It aims to reduce poverty and improve quality of life. It launched alternative farming system for tribal jhumias/ poppy planters in Churachandpur, Pherzawl, Noney, Tamenglong, Senapati, Kangpokpi, Ukhrul, Tengnoupal & Chandel district of Manipur.

It aims to control deforestation and provide sustainable livelihood. It provides tools and equipments to farmers and encourages terrace cultivation and other sustainable farming practices and promotes horticulture products to enhance rural development. Some target and achievements under the scheme is shown in Table 5.12.

Table 5.12: Target and Achievement of Land Development and Infrastructure under EBADA during 2023-24

Sl. No	Component	Units	Physical	Achievement

5.14.14 Area under Fruits & Vegetables:

Growing of fruits and vegetables on small plots of land provides additional income to the farmers undertaking crop husbandry enterprises. Another advantage of growing fruits is that these can be grown on uneven and undulating lands. In this way, it gives additional benefits as forests cover for such lands which are liable to run off and erosion.

At present, the reliable estimates of the total acreage of the various fruits and vegetables are not available for the state. The area for cultivation of fruits and vegetables in Manipur has been fluctuating over the years. The Table 5.13 shows estimates of area under some fruits and vegetables in Manipur during 2017-18 to 2021-22 (P).

Table 5.13: Area under some Fruits and Vegetables in Manipur

(Area in '000 hectares)

5.14.15 Construction of Cold Storage:

A State-Level Committee for the Establishment of Cold Chain and Post Harvest Management of Horticulture Produce was constituted as per the direction of the Hon'ble Chief Minister, Manipur. Accordingly, a project titled "Setting up of Cold Chain Infrastructure for Horticulture Produces in Manipur" was submitted by the committee constituted for the same. Technical and financial estimates were prepared for the construction of 2 (two) cold-chain systems in the State. Two districts of the State viz. Senapati and Ukhrul districts were identified to be covered during 2023-24. Technical and financial estimates including all civil works have been submitted for effective implementation of the scheme.

5.15 Cropping Pattern:

Rice continues to dominate acreage of all the crops. The following Table 5.14 gives an idea of the cropping pattern of Manipur.

Table 5.14: Cropping Pattern of Manipur

(Area in '000 hectares)

Year	Name of Crops					
	Cereals	Pulses	Oilseeds	Sugar cane	Other Misc. crops	Total
(1)	(2)	(3)	(4)	(5)	(6)	(7)
2018-19	186.66	12.78	0.34	0.06	64.44	264.28
	(70.63)	(4.84)	(0.13)	(0.02)	(24.38)	(100.00)
2019-20	177.84	9.04	0.43	0.57	58.18	246.06
	(72.28)	(3.67)	(0.43)	(0.57)	(23.65)	(100.00)
2020-21	181.29	11.98	0.12	0.35	56.81	250.55
	(72.36)	(4.78)	(0.05)	(0.14)	(22.67)	(100.00)
2021-22	180.75	12.83	0.17	0.13	54.77	248.65
	(72.69)	(5.16)	(0.07)	(0.05)	(22.03)	(100.00)
2022-23 (P)	180.79	6.55	0.10	0.07	45.92	233.43
	(77.45)	(2.81)	(0.04)	(0.03)	(19.67)	(100.00)

Note: Underlined figures are percentage share to the respective total

Source: Directorate of Economics & Statistics, Manipur

Area under cereals is estimated at 180.79 thousand hectares (77.45 per cent) in 2022-23 as against 180.75 thousand hectares (72.69 per cent) in 2021-22. The area under pulses is estimated at 6.55 thousand hectares or 2.81 per cent of the cropped area of the State in 2022-23 as against 12.83 thousand hectares or 5.16 per cent in 2021-22. The foodgrains alone accounted for 80.26 per cent of the sown area during the year 2022-23.

5.16 Veterinary and Animal Husbandry:

Amongst the allied sectors of agriculture, livestock is an important sector. Development of animal husbandry is an essential feature as livestock plays a pivotal role particularly in the state's rural economy. A large number of small and marginal farmers, agricultural labourers and other economically weaker sections depend upon livestock for gainful employment. The primary objective of animal husbandry development activities is to augment animal based products like milk, meat, egg, wool, hide, skins etc. In order to ensure a steady growth of these livestock and poultry products and also by-products, the Government has taken up development programmes such as animal health and disease control, cattle development, pig breeding, poultry development, feed and fodder development and dairy development and milk supply schemes.

5.16.1 Cattle and Buffalo Development:

The indigenous/desi breeds of cattle are low milk yielders. The main objective of cattle and buffalo development programme is to make genetic improvement/upgradation of the local non-descript cattle through adoption of Artificial Insemination (A.I.) practices. Cross Breeding Programme/Artificial Insemination is carried out by using semen of proven bulls. Recently, the Government introduced sex sorted semen to the dairy farmers of the State. Presently, the A.I. is done at the three main A.I. Centres and 76 ICDP (Intensive Cattle Development Programme) sub-centres. Besides, the existing 55 Hospitals, 109 Dispensaries and 34 Vety Aid Centres have also A.I. facilities. The Government has also been maintaining a Buffalo Breeding farm at Wabagai, Thoubal District. The present livestock strength of the farm is 25 consisting of 1 adult male, 17 female and 7 calves. Among other objectives, the farm is also aiming to conserve rich genetic resources and supply of heifers and bulls to the interested farmers.

5.16.2 Outbreak of African Swine Fever:

The outbreak of African Swine Fever (ASF) was confirmed by NERDDL, Khanapara, Guwahati on the 12th October, 2023 at the pig farm of CAU, Imphal West, Manipur and thereafter, the disease has been widespread at 37 (thirty seven) epicentres in 7 (seven) districts of Manipur viz Imphal West, Imphal East, Bishnupur, Thoubal, Kakching, Utkhrul and Kamjong during the period from 12th October to 1st December, 2023.

ASF is a schedule disease under the Prevention and Control of Infectious and Contagious Disease in Animals Act, 2009. The Government swiftly deployed Rapid Response Teams (RRTs)/Task Forces for taking up the control and containment measures for eradication of ASF on war footing from 13th October, 2023 onward.

The Government deployed 35 Nos. of Task Forces (RRTs) in Infected Zones (within 1km) for taking up control measures such as culling, bio security including cleaning, disinfection and sanitization of all pig farms at different epicentres in IZ to prevent further spread of the disease as per NAP-ASF guidelines.

Simultaneously, the Government deployed additional 67 RRTs/Task Forces in Surveillance Zone (within 9 km) for surveillance of pigs in surveillance zone for any unusual morbidity and mortality due to ASF and also took up awareness programme on ASF and roles of bio-security measures to prevent the disease. Pig farmers were also apprised regarding Dos and Don'ts on ASF.

The Government opened ASF Control Room with 7 (seven) officials for monitoring the on-going control and containment measures on ASF on even Sundays and holidays and Daily Action Taken Report were submitted to the Government.

After the last ASF positives results received from NERDDL, Guwahati for the last consignment of pig samples from Imphal West and Bishnupur, received on 1st December, 2023, there has been no more report of unusual morbidity and mortality in pigs in Manipur.

The control and containment of the outbreak of ASF has been completed in different districts of Manipur by the concerned district offices.

There has been no further unusual report of mortality and mobility in pig from different districts and the widespread outbreak of ASF in the state of Manipur has been fully controlled as of now.

(i) No. of pigs culled	-	1781
(ii) Pigs destroyed in terms of weight (kg)	-	23694
(iii) Pigs in infected zone that were disinfected and cleaned	-	1829

5.16.3 Poultry Development:

Poultry development is an important sector of Animal Husbandry which gives not only self-employment to a sizable number of people but also subsidiary income to many families of rural mass in the State. Till today production of total eggs and good percentage of poultry meat in the state are by the non-organized groups of small farmers with backyard poultry. Accordingly, the two State Government poultry breeding farms at Mantripukhri and Porompat (now shifted to Khumbong) have been converted for production of low input technology birds with assistance from the Government of India. The Poultry Breeding Farm at Ningthoukhong, Bishnupur District under NEC have been established and it has targeted to produce 60,000 Day Old Chicks every month to supply at subsidised rates to the poultry farmers.

The State has three farms namely Central Poultry Farm at Khumbong, Poultry Breeding Farm at Ningthoukhong and Duck Breeding Farm at Lamphelpat. These three farms were revived successfully last year after not functioning properly for nearly 1 to 2 years due to COVID-19 pandemic.

5.16.4 Animal Health Coverage:

The animal health care programme has been implemented successfully because of which incidence of major outbreaks of livestock and poultry diseases have been reduced in the State during the year 2023-24. An X-ray machine had been installed in the State Veterinary Hospital for delivery of prompt and rational treatment of livestock. Other equipment and diagnostic tools for D.I. Laboratory have also been procured in order to upgrade the existing infrastructure of the laboratory so that the laboratory can work as a molecular biological laboratory. With the installation of one PCR (Polymerase Chain Reaction) Machine with Gel Documentation System at the D.I. Laboratory, it can now independently diagnose and confirm many livestock diseases at the molecular level without depending upon other outside state and National Laboratories in India.

The animal health care programmes are being conducted through the following Veterinary Institutions, such as Veterinary Hospitals – 55 nos., Veterinary Dispensaries – 109 nos. and Veterinary Aid Centres – 34 nos.

Under the Rural Infrastructure Development Fund (RIDF) of NABARD, construction of 9 District Veterinary Hospitals and Infrastructure Developments in all the districts of the State has been completed. The following Table 5.15 shows the achievement in Livestock Health Coverage during 2023-24.

Table 5.15: Achievements in Livestock Health Coverage

Sl. No.	Particulars	No. of animals covered
(1)	(2)	(3)
1	Vaccination against BQ and HS	1,05,350
2	Vaccination against Brucellosis	39,669
3	Vaccination against Rabies	1,35,290
4	Vaccination against CSF	1,67,268
5	Lab. Faecal Sample Examination	3,450
6	Skin Scrapping Examination	216
7	Lab. Blood Test conducted	340
8	Lab. Serological Test conducted	3,700
9	Post Mortem Examination conducted	21,500
10	Canine Rabies Diagnosis	11

Source: Annual Administrative Report, 2023-24, Department of Veterinary & Animal Husbandry, Manipur

5.16.5 Pony Development:

In order to conserve and develop Manipuri Ponies, the Government adopted ‘Manipur Pony Conservation and Development Policy 2016’. Under this policy, Marjing Pony Sanctuary has already been established at Heingang Ebudhou Marjing Complex and adjoining Pangei area, Imphal-East:

- (i) Area of land at Heingang Ebudhou Marjing Complex - 13.49 acre
- (ii) Area of land at Heingang Ebudhou Marjing Complex (for construction of Polo Ground at International standard) - 12.15 acre
- (iii) Area of land at Marjing Pony Breeding Farm, Pangei - 23.33 acre
- (iv) Area of land at Pangei by direct purchase for expansion of Pony Breeding Farm, Pangei - 5.93 acre

Further, as a part of Manipuri Pony Conservation and Development Policy, a special programme has been taken up by the Government in coordination with Polo and Pony Association/Breeders to prevent loitering around/trespassing of ponies on roads and in and

around Imphal areas causing traffic jam, feeding of plastic food wastage, road accidents and deaths of human as well as ponies during the current year. A special package of Rs. 36.24 Lakhs were provided to the Veterinary Department and constructed three Pony Shelter Sheds, one Care Taker's House and Wire Netting Fencing at the grazing area of MHRPA, Lamphelpat and another two Pony Sheds at Ebudhou Marjing Pony Breeding Farm, Pangei, Imphal East.

In order to encourage Polo clubs and Pony-owners in the state, the Government has co-ordinated with the Manipur Horse Riding and Polo Association, Lamphelpat, All Manipur Polo Association, Manipuri Pony Society and Manipur Equestrian Association to identify established/registered Polo clubs in the state for providing incentives towards care and management of their ponies during the current year, 2023-24. For this, the Government has earmarked a sum of Rs. 15 lakhs for providing incentives to these Polo Clubs.

Health Camps were organized by the Government for Ponies at four locations (Lamphel, Khurai, Hapta Kangjeibung & Pangei).

5.16.6 Dairy Development:

Manipur Milk Producers' Co-Operative Union Ltd., Porompat is the union of Registered Dairy Co-operative Societies of the State. It is the implementing agency for National Programme on Dairy Development (NPDD) and the Department of Veterinary & A.H. is the Nodal Department. For the first time the Central Dairying Plant, Porompat managed by Manipur Milk Producers' Co-operative Union Ltd. has been producing pasteurized toned milk fortified with Vitamin A & D since August, 2019 to make it available to the consumers of the State.

5.16.6.1 NEC Projects:

(a) Dairy Farming - A way of life for Schedule Caste farmers of Manipur under the scheme of NEC. Objectives of the Project are i) increase milk production, ii) increase milk bi-products, iii) socio-economic upliftment of the farmers and increase cattle population. Project location can be in the Schedule Caste population area of Manipur.

(b) Construction of five slaughter houses in five different districts viz. Senapati, Ukhrul, Imphal East, Imphal West and Churachandpur under the scheme of NEC. Objectives of the projects are i) to provide hygienic and proper place for animal slaughter, ii) to generate direct 80 to 90 permanent employment, iii) engage in the slaughter house indirectly about 200 seasonal employment, iv) to improve socio-economic development of the community, v) to

provide scientific knowledge of farming domestic animals, vi) to provide comprehensive knowledge of value addition on varieties of meats and vii) construction of 5 nos. of slaughter house which is under process.

5.16.7 Livestock Wealth:

Livestock and poultry population of Manipur according to livestock censuses is given in Table 5.16.

Table 5.16: Livestock & Poultry Population of Manipur as per Livestock Census

Category	Number (in '000)			Variation (%)	
	2007	2012	2019	2007 to 2012	2012 to 2019

Source: Directorate of Veterinary & Animal Husbandry Services, Manipur

The main categories of livestock reared in Manipur are cattle, buffalo, sheep, goat, dog, pig, etc. Cattles and buffaloes provide motive power in wet cultivation. Rearing of pigs and poultry are found to be very important sources of income generating activities. The total livestock population according to livestock census, 2019 was recorded to be 7.46 lakhs as against 8.59 lakhs in the livestock census, 2012. Thus, there was a decrease of 15.12 percent in the livestock population of the State. Cattle population constitutes 30.72 percent of the total livestock population. In 2019, the total cattle population was about 2.2 lakhs as compared to 2.6 lakhs in 2012 census. The total number of buffaloes was 36 thousand in 2019 as compared to 66 thousands in 2012. The total number of sheep and goats in 2019 census was 45 thousands as compared to 76 thousands in 2012 census. In case of poultry, the total population in 2019 census was 58.48 lakhs as compared to 24.99 lakhs in 2012. District-wise livestock and poultry population according to 2019 livestock census is presented in Table 5(c) of Part II.

5.16.8 Animal Health and Disease Control:

To keep livestock and poultry healthy and also to protect them from a number of deadly epidemic diseases, a network of veterinary services such as Hospitals, Dispensaries and Veterinary Aid Centers are in place throughout the State for treatment and control of diseases.

The overall aim of the Livestock Health & Disease Control scheme is to improve the animal health sector by prophylactic vaccination programmes against various diseases of livestock and poultry, capacity building, disease surveillance and strengthening of veterinary infrastructure. It is envisaged that implementation of the scheme will ultimately lead to prevention & control, subsequently eradicating the diseases, increased access to veterinary services, higher productivity from animals, boosting up of trade in livestock and poultry, in livestock and poultry products and improving socio-economic status of livestock and poultry farmers. The funding pattern is 100 per cent central assistance for the Control of Animal Disease Control Programme (CADCP) and the non-recurring components of Establishment and Strengthening of Veterinary Hospitals and Dispensaries (ESVHD), and 90:10 between Central and State for the other components of Assistance to State for Control of Animal Diseases (ASCAD).

The objectives of the scheme are:

To implement Critical Animal Disease Control Programme to eradicate diseases like Peste des Petits Ruminant (PPR) by 2030 by vaccinating all sheep and goats and to control Classical Swine Fever (CSF) by vaccinating the entire pig population

To provide veterinary services at the farmers' doorstep through Mobile Veterinary Units (MVUs)

To Assist States/UTs for Control of Animal Disease (ASCAD) by prevention & control of important livestock and poultry diseases prevalent in different States / UTs as per the State /UT's priorities.

5.16.8.1 National Animal Disease Control Programme:

National Animal Disease Control Programme (NADCP) is a flagship scheme launched by Hon'ble Prime Minister of India in September, 2019 for control of Foot & Mouth Disease and Brucellosis by vaccinating 100 per cent cattle, buffalo, sheep, goat and pig population for FMD and 100 per cent bovine female calves of 4-8 months of age for brucellosis.

Foot and Mouth Disease (FMD) is a highly contagious viral vesicular disease of cloven-hoofed animals such as cattle, buffaloes, sheep, goats and pigs etc. FMD leads to reduction in milk yield, decreased growth rate, infertility, reduced working capacity in bullocks, trade embargo in the international market. Control of FMD can be achieved by mass vaccination of susceptible livestock repeatedly at regular intervals till the incidence of the disease comes down. This will pave way to gradual eradication of the disease from the country.

Brucellosis is a reproductive disease of cattle and buffaloes caused by bacterium *Brucella abortus*. The disease is characterized by fever, induces abortion at the last stage of pregnancy, infertility, delayed heat, interrupted lactation resulting in loss of calves, loss in production of

meat and milk. Bovine brucellosis is endemic in India and appears to be on the increase in recent times, perhaps due to increased trade and rapid movement of livestock. In the absence of any treatment for Brucellosis in bovine animals, the disease can be prevented by vaccination. Control of Brucellosis can be achieved by a once-in-a-lifetime vaccination of female bovine calves (4 - 8 months old).

Major Activities under NADCP for FMD and Brucellosis

Vaccination of the entire susceptible population of bovines, small ruminants (sheep and goats) and pigs at six-monthly intervals (mass vaccination against FMD).
Primary vaccination of bovine calves (4-5 months of age).
Deworming one month prior to vaccination.
Publicity and mass awareness campaigns at national, state, block and village level including orientation of the state functionaries for implementation of the programme.
Identification of target animals by ear-tagging, registration and uploading the data in Bharat Pasudhan.
Maintaining record of vaccination through Animal Health Cards.
Serosurveillance/ Seromonitoring of animal population.
Procurement of cold cabinets (ice liners, refrigerators, etc.) and FMD vaccine.
Investigation and virus isolation and typing in case of outbreak.
Recording/regulation of animal movement through temporary quarantine/ check posts.
Testing of pre-vaccination and post-vaccination samples.
Generation of data and regular monitoring including evaluation of impact of the programme.

Under this programme, the FMD vaccination Round 3 has been completed during the current year 2023-24 and Round 4 will be launched shortly. Vaccination cover for FMD 3rd Round and Brucellosis coverages are 1,86,496 and 39,669 respectively. The district achievement made under Animal Health & Disease Control Programme during 2023-24 is shown in Table 5 (d) of Part-II.

5.16.9 Livestock Products:

The main livestock products are milk, egg and meat. The estimated livestock products of Manipur are given in Table 5.17 and the district wise production of Milk, Egg and Meat during 2023-24 is shown in Table 5(e) of Part (II).

Table 5.17: Production of Milk, Egg & Meat in Manipur

Year	Milk ('000 tonnes)	Egg (lakh nos.)	Meat ('000 tonnes)
(1)	(2)	(3)	(4)
2020-21	71.05	1142.28	21.56
2021-22	75.55	1148.65	21.66
2022-23	71.87	1215.64	20.79

Note: Production data for the year 2023-24 is due to be published by the Ministry

Source: Directorate of Veterinary & Animal Husbandry Services, Manipur

The estimated production of milk in the State in 2022-23 is 71.87 thousand tonnes which is 4.87 per cent less than the production of 75.55 thousand tonnes in 2021-22. The production of egg (in number) in 2022-23 is estimated at 1215.64 lakhs showing an increase of 5.83 per cent over the production of 1148.65 lakhs in 2021-22. The estimated meat production in 2022-23 is 20.79 thousand tonnes which is 4.02 per cent less than the production of 21.66 thousand tonnes in 2021-22. Table 5.18 given below shows a picture of the annual average wholesale prices of milk, egg and meat prevailing in the districts of Manipur during 2023-24.

Table 5.18: Annual Average Wholesale Prices of Livestock Products, Manipur

District	Milk (Rs./tonne)	Egg (Rs./'000)	Meat (Rs./tonne)				
	(2)	(3)	Cattle	Buffalo	Goat	Pig	Sheep

5.16.10 National Insurance Scheme:

As per the National Insurance scheme, which is 50 percent central, 30 percent state & 20 percent beneficiary share, farmers are given the assistance to insure their large and small livestock against future risks.

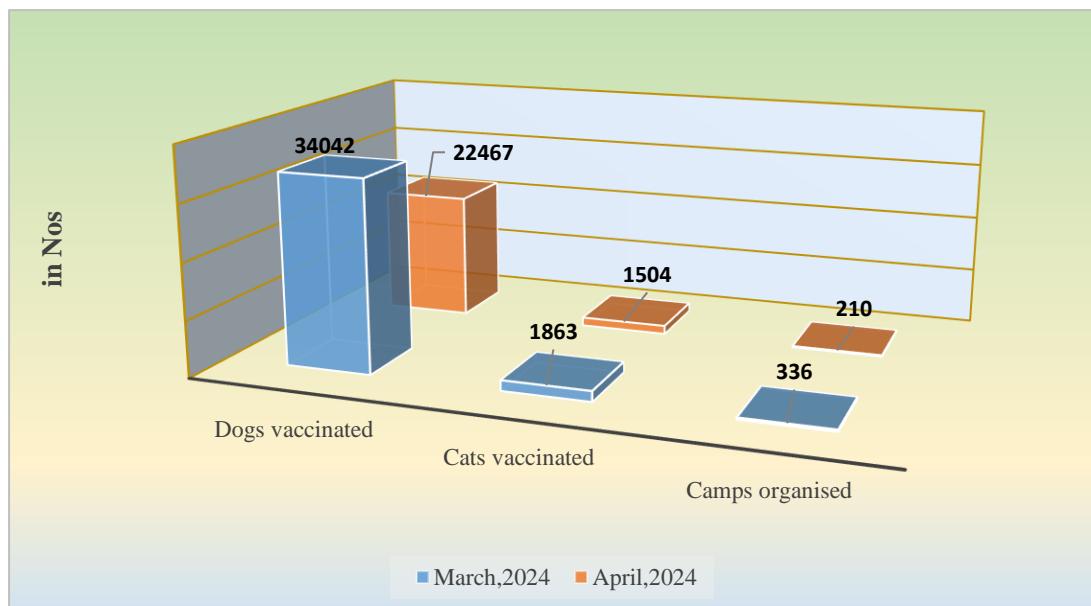

A total of 125 nos. of extension & training programmes have also been organised in all the districts of the State under the components of i) training programme on poultry management ii) scientific rearing of pigs and iii) training programme on livestock insurance under National Livestock Mission (NLM), a Centrally Sponsored Scheme and is still ongoing.

5.16.11 Rabies Outbreak:

There was a rabies outbreak in Manipur among human in March, 2023, 1st case of rabies was detected on 16th March, 2023, 4 cases in humans. Accordingly, the Government launched a

widespread anti-rabies vaccination drive district wise, tied up with local clubs and CSOs including State Veterinary Hospital. The number of dogs & cats vaccinated to control the outbreak of Rabies is shown in Fig. 5.12.

Fig. 5.12: Numbers of Dogs and Cats vaccinated within 2 months to control the outbreak of Rabies

Source: Annual Administrative Report, Directorate of Veterinary & Animal Husbandry, Manipur

5.17 Forestry:

Forests was under the absolute control of the Maharajah of Manipur till the early part of the 19th Century. It was in the 20th Century that the State Government gave attention towards defining the legal status of forest in Manipur for introducing scientific method of forest management. Reserved Forests were created by the Manipur State Durbar. Manipur Forest Department was divided into two Territorial Divisions on 1st April, 1967 namely, Eastern Forest Division (FD) and Western FD. In 1974, major reorganization of Forest Department took place by creating 4 more territorial divisions viz., North Division, South Division, East Division and West Division and re-naming Eastern FD and Western FD as Central FD. In the year 1976, Tengnoupal FD was carved out from the Central FD. With the developmental pace, 3 more Forest Divisions namely, Thoubal FD, Bishnupur FD and Jiribam FD were carved out from the Central FD and Senapati FD was also carved out from the North FD. Functional Divisions namely, Working Plan Division, Social Forestry Division, Soil Conservation Division, Research, Sericulture and Training Division, Forest Training School, Wildlife Division and Zoo came up with pyramidal expansion at the level of Conservators, Chief Conservators, and Additional Principal Chief Conservators with the Principal Chief Conservator of Forests at the top of the pyramid as Head of the Forest Force. On 28th February, 2017 the Governor of Manipur has accorded administrative approval to the opening

of 4 (four) new forest divisions namely Tengnoupal Forest Division, Kamjong Forest Division, Pherzawl Forest Division & Noney Forest Division.

Manipur forests are unique by virtue of its varied composition which serve as a repository of a wide range of flora and fauna including 4000 species of angiosperms, 1200 species of medicinal plants, 34 species of edible fungi, 500 species of orchids, 55 species of bamboo, 160 species of fish, 21 species of migratory aquatic birds and multitude of butterflies and it also has a huge potential for development of eco-tourism spot in the state. The major types of forest in Manipur are Tropical Wet Evergreen Forest, Tropical Moist Deciduous Forest, Sub-Tropical Pine Forest, Tropical Dry Deciduous Forest, Montane Wet Temperate Forest and Sub-Alpine Forest. According to Forest Report, 2021, the forest cover of Manipur is 16,598 Sq. Kms. as against 16,847 Sq. Kms. in 2019, a decrease of 1.48 per cent.

Forest plays threefold roles i.e., protective, productive and aesthetic, each being equally important. Based on the legal status, forest is categorised as reserved, protected and unclassed forests. Reserved Forests is one which is permanently dedicated either to the production of timber or to other forest produces and in which right of grazing and cultivation is seldom allowed. There are 35 Reserved Forests in Manipur with an area of 946.97 Sq. Km. during the year 2018-19. Unclassed Forests consists largely of inaccessible forest or unoccupied waste. Area under forests by legal status which have not increased over the years can be seen at Table 5.19.

Table 5.19: Area under Forests by Legal Status

(Area in Sq. Km.)

Year	Reserved Forests	Protected Forests	Unclassed Forests	Other Forests	Forest not Under the Control of Forest Deptt.	Total
(1)	(2)	(3)	(4)	(5)	(6)	(7)
2017-18	1467	4171	11780	-	-	17418
2018-19	1467	4171	11780	-	-	17418
2019-20	1467	4171	11780	-	-	17418
2020-21	1467	4171	11780	-	-	17418
2022-23	1467	4171	11780	-	-	17418
2023-24	1467	4171	11780	-	-	17418

Source: Forest Department, Manipur

The Government has also proposed 18 (eighteen) reserved forest viz., Uningthou Ching Reserved Forest; Koubru Reserved Forest; Kailam Ching Reserved Forest; Tuining Tuichum Yengkai Lok Reserved Forest; Chandel Pine Reserved Forest; Sirohi-Lok Reserved Forest; Lamphel Research Plot Reserved Forest; Maibam Lokpa Ching Reserved Forest; Khunuda Laiching Reserved Forest; Upper Makru Reserved Forest; Inkanki Reserved Forest; Lentang Reserved Forest; Tuilong Reserved Forest; Kangpokpi-Kanglatongbi & Burma Border Teak

Growing Reserved Forest; Oinamlong & Nungba Reserved Forest; Burma Border Reserved Forest; Lamdang Reserved Forest and Ireng Reserved Forest.

5.17.1 Forest Products:

With a view to maintaining ecological balance, the Government has restricted the felling of trees in the forest areas. The out-turn and value of forest products for 2023-24 is shown at Table 5.20. The District wise quantities and values of major and minor forest products in Manipur for the year 2023-24 is shown in Table 5 (f) of Part II.

Table 5.20: Out-turn and Value of Forest Production of Manipur, 2023-24

5.17.2 Economic and Commercial Plantation:

One of the most important activities of forestry sector is raising of suitable plantation and their subsequent maintenance. In addition to the plantation by the Forest Department, the plantation schemes that are being implemented in the State are artificial plantation, afforestation, creation of plantation crop, social forestry and recreation forests. Besides, plants that are naturally regenerated are also added over large areas every year to facilitate sustained growth. And also final plantation/ restocking was also taken up. A scheme for rubber plantation was also taken up to produce rubber as well as uplift the economy of the local people by providing employment to the backward families and to rehabilitate the wastelands.

Social Forestry scheme has three major components viz., (i) Farm Forestry Extension (Distribution of Seedlings), (ii) Fuel Wood and Fodder Plantation and (iii) Roadside Plantation.

Under the Farm Forestry Extension scheme, the people are encouraged to take up plantation activities in their own fields not only to meet their daily requirements of firewood but also to supplement their income by selling the firewood and fodder from these plantations.

In order to maintain ecological balance, the fuel wood and fodder plantation scheme was taken up. Under the scheme, the Government has taken up plantation on community and Panchayat land to develop woods and maintain it up to the third year of plantation. Thereafter, the plantation are handed over to the villagers.

Roadside plantation refers to the plantation of ornamental species in single or double rows along the National/State highways with the objectives of improving the aesthetic beauty of the surroundings and also provide protection to the roadside.

5.17.3 Soil and Water Conservation:

Soil and water are the most important natural resources. Therefore, it is necessary to take up measures for its management and conservation utilising the best technologies available, otherwise these resources might get rapidly depleted threatening the very survival of man and animal. The programme of soil and water conservation is, therefore, implemented in Manipur for ensuring proper management, maintenance and conservation of the vital resources of soil and water.

Soil erosion is a constant menace in the hilly terrain of Manipur, which is mainly caused due to the practice of shifting cultivation commonly termed as jhum cultivation. It is highly land extensive and labour intensive with small capital returns and is considered to be a destructive process because large areas under forests are burnt every year for preparation of jhum fields and thereby resulting in soil erosion and ecological imbalance.

5.17.4 Wild Life Management:

The Wild Life (Protection) Act, 1972 is provided for setting up National Parks and Sanctuaries for wild life. National Parks and Sanctuaries provide natural habitats for the wild

life. The aim is not only to protect and preserve what remains of wild fauna and flora but also to augment the costly national heritage.

The Wildlife Wing under the Forest Department of Manipur has been actively working for the conservation of Wildlife and its natural habitat. Through the conservation efforts of Wildlife Wing as well as the civil society including the wildlife activist, National Parks, Wildlife Sanctuaries and Community Reserves have been notified. Table 5.21 presents the areas and location of the Sanctuaries, National Parks and Community Reserves in Manipur.

Table 5.21: Area & Location of Wild Life Sanctuaries, National Parks and Community Reserves in Manipur

5.17.5 Manipur State Action Plan on Climate Change (MSAPCC) :

The Community based Sustainable Forest management for Water Resource Conservation in Manipur is one of the three components under Indo German Programme ‘Climate Change Adaption in the Himalayas’ which focuses on sustainable community forestry and soil and water conservation. The overall objective of the programme is investment in sustainable community forestry models, improve natural resources, minimize climate related risks, and increase rural productivity and income for the local population. The proposed measures shall serve to improve rehabilitation, protection and sustainable use of forest, their productivity and water resources as well as to develop and strengthen the resilience of forest and vulnerable population against climate change.

The envisaged Project which will contribute to the implementation of the Indian National Action Plan on Climate Change (NAPCC) as well as to the related missions (i.e. Green India Mission, Mission on Himalayan Ecosystem, National Mission on strategic Knowledge on climate change and National Water Mission, will be aligned to the priority areas of the Manipur State Action Plan on Climate Change (MSAPCC).

5.18 Fisheries:

Fish is the staple diet of majority of people in the State. Since time immemorial, majority of the people in Manipur developed fondness for fish as a favourite delicacy. Fisheries provide avenue for employment generation. Lakhs of fish farmers depend upon fishery for their livelihood. Inland fisheries constitute a major sector in Manipur’s economic development. People of the State rear fish in ponds, lakes, reservoirs, rivers etc. where perennial supply of water is available throughout the year.

The State Government has been taking initiatives for proper harnessing of vast natural fishery resources viz. lakes, beels, swamps, etc. and also for augmenting fish production in order to meet the growing demand for fish. Central and State sponsored schemes, being implemented in the state, envisage increase in production and productivity of sufficient quantities of commercially important fishes both indigenous and exotic species.

5.18.1 Fishery Resources:

Manipur has a total water area of 56,461.05 hectares but at present only 18,000 hectares are being utilised for fish farming. There are also a large number of reservoirs, hill streams and riverines where fish farming can also be taken up. Loktak lake, the largest fresh water like in the entire North Eastern Region, having an area of 287 Sq. Km. and its adjoining catchment area of 980 Sq. Km. constitute about 50 per cent of the total area of fish production of the State. The details of fishery resources in the state are given in Table 5.22.

Table 5.22: Fishery Resources in Manipur

Sl. No.	Particulars	Water area (in hectares)
(1)	(2)	(3)
1.	Lakes, reservoirs, tanks, canals etc.	13221.45
2.	Water-logged marshy and swampy lands, beels	11536.23
3.	Biomass	8596.50
4.	Submerged crop land	3480.50
5.	Rivers and streams	13888.27
6.	Water-logged areas converted into agricultural lands	1738.10
7.	Low-lying paddy field	4000.00
Total		56461.05

Source: Department of Fisheries, Manipur

5.18.2 Fish Seed Production:

A number of fish hatchery units have been constructed under different schemes with a unit production capacity of ten million fish seeds per annum. Presently, it is targeted to produce 300 millions of fish seed (fish fry) both from public and private sector and the state could produce a total of 287.2 million fish seed both from public and private sector.

5.18.3 Production of Table Fish:

The annual fish production in the State is estimated at 35.77 MT against annual consumption requirement of 53.43 MT during 2023-24. The annual production of fish, fish seed production and requirement of fish are shown in the Table 5.23.

Table 5.23: Production of Fish and Fish seed of Manipur in the last five years

Year	Fish Production (in '000 tonnes)	Fish seed production (in million)	Number		Estimated requirement of fish (in '000 tonnes)
			Fish seed Farm	Experimental fish farm	
(1)	(2)	(3)	(4)	(5)	(6)
2019-20	32.60	249.48	18	-	59.41
2020-21	32.87	278.80	18	-	56.06
2021-22	33.13	294.30	-	-	57.14

Source: Department of Fisheries, Manipur

From the above table, it can be observed that both production of fish and estimated requirement of fish has increased over the years. The district wise fish production , average price and value for the estimation of State Domestic Product is shown in Table 5(g) of Part (II). However, the total requirement of fish far exceeds its domestic production. The demand supply gap is filled by importing fish from other states.

5.18.4 Schemes for Development of Fisheries:

In order to enhance total fish production of the State, the State Government recently implemented centrally sponsored schemes like Blue Revolution, Pradhan Mantri Matsya Sampada Yojana (PMMSY), aquaculture programmes under Rashtriya Krishi Vikas Yojana (RKVY) and state sponsored scheme viz. Loktak Livelihood Mission etc. Under this initiatives significant areas of water bodies available in the State have been covered under fishery activities by reclamation of marshy lands, installation of pen and cage cultures in fresh water lakes and reservoirs, adoption of paddy-cum-pisciculture, etc.

Some of the prominent schemes for development of Fisheries sector are given below:

A. Pradhan Mantri Matsya Sampada Yojana (PMMSY):

The Department of Fisheries, Ministry of Fisheries, Animal Husbandry and Dairying is implementing PMMSY – A Scheme to bring about the Blue Revolution through Sustainable and Responsible development of Fisheries sector in India at a total investment of 20,050 crore. PMMSY is implemented in all the states and Union Territories for a period of Five years from FY 2020-21 to FY 2024-25.

Under this scheme, Ministry approved and sanctioned the following activities for the state of Manipur in the year 2021-22 and has been implemented in the year 2023-24.

Table 5.25: Activities implemented under Pradhan Mantri Matsya Sampada Yojana in Manipur

Sl. No.	Name of the component	Total units (No./Ha)	Unit cost (Rs. in lakh)
(1)	(2)	(3)	(4)
1.	Establishment of new freshwater Finfish Hatcheries	4	25
2.	Establishment of small Biofloc (7 tanks of 4m dia. and 1.5 m height) culture system	15	7.5
3.	Construction of Biofloc ponds for Freshwater areas including inputs of Rs 4 lakhs/Ha	5	14
4.	Inputs support for Integrated fish farming (Paddy cum fish cultivation)	100	1
5.	Backyard ornamental fish rearing unit (Freshwater)	10	3
6.	Medium scale ornamental fish rearing unit (freshwater)	8	8
7.	Installation of cages in Reservoirs	100	3
8.	Ice Plant of minimum 10 tonne capacity	5	40
9.	Insulated vehicles	5	20
10.	Mini Feed Mills of production capacity of 2 ton/day	4	30

Source: Department of Fisheries, Manipur

B. Sareng Project:

The ‘Sareng Project’ has been officially announced by the Chief Minister of Manipur during the celebrations of National Fish Farmers Day on 10th July, 2021 for revival and culture of the fish species in the farm ponds of Manipur. And further announced extension of 50% grant to fish farmers importing Sareng seeds from outside Manipur. The Government took up initiative as a pilot project and for the first time in the history of Manipur 500 numbers of Sareng seeds were imported from West Bengal and released at the department farm ponds located at Lamphelpat. Live sareng were displayed and sold in the Fish-fair cum fish crop competition and Imoinu Fish Festivals. In the month of June, 2024, major breakthrough in India and world in Sareng breeding is achieved by the sareng fish farmers of Manipur. More than 5 pioneers of sareng farmers have successfully bred the sareng fish which was cultured in their farm.

C. Loktak Livelihood Mission:

The Government have taken up a scheme - Loktak Livelihood Mission, for enhancing the livelihood of the fishermen staying around the periphery of the Loktak Lake for which an amount of Rs 1464.05 lakh have been sanctioned and released. Initially, Deputy Commissioner, Bishnupur have been implementing the scheme Loktak Livelihood Mission

and have completed the Pilot phase of the scheme under which 2(two) numbers of Cage culture batteries and 1 (one) number of Pen culture grow-out have been constructed. Further as per the advice of the Government have anchored the said scheme to implement the remaining phase of the mission. Under the 1st and 2nd phase of the mission the following activities are being taken up/to be taken up: (i) Installation of 45 Nos. of Cage culture batteries, (ii) Installation of 35 Nos. of Pen culture grow-outs, (iii) Installation of 01 No. of Feed production unit, (iv) Installation of 04 Nos. of Seed production unit, (v) Procurement of 100 Nos. of electric paddle aerators, (vi) Procurement of 500 Nos. of Water testing kits and (vii) Procurement of Wallago attu (Sareng) seeds.

D. North Eastern Council (NEC):

NEC has sanctioned and released a total amount of Rs. 1365.00 lakhs for Development of Inland Fisheries and Aquaculture by constructing new ponds in Manipur in two instalments which has been taken up in 5 hill districts viz. Chandel, Churachandpur, Senapati, Tamenglong & Ukhrul districts and one valley district viz. Bishnupur district during 2016-17. Under this scheme, a total of 175.3 ha area i.e. 150.00 ha in hill districts and 25.3 ha in Bishnupur district have been developed by constructing new ponds and has benefitted 351 Nos. of fish farmers in the state. The Scheme was being implemented by the Manipur Fish Farmers Development Agency, a sister organization of the Department of Fisheries, Manipur.

E. Group Accident Insurance Scheme (GAIS):

The New Group Accident Insurance Scheme (GAIS) is being implemented by NFDB as a sub-component of PMMSY. This policy provides Life Insurance coverage under Death/ Permanent disability, Partial disability and hospitalization at the rate of Rs. 5.00 lakh, Rs. 2.5 lakh and Rs. 25,000/- respectively. The scheme started in 2021-22 and so far, the Government has enrolled 4719 nos. of farmers from all the districts of the state. The Government through District Fishery Officers is also organizing awareness regarding the scheme.

6. RURAL DEVELOPMENT AND CO-OPERATION

In Manipur, a large percentage of the population live in rural areas. Out of the total State population of 28,55,794 in 2011, the rural population constituted 70.79 per cent while the urban population was 29.21 per cent.

6.1 Rural Development:

Improvement in the quality of life of the economically weaker sections of the society is also one of the basic objectives of development planning. As far as rural development is concerned, the Department of Rural Development and Panchayati Raj, Manipur is the nodal agency to ensure implementation of various programmes for accelerating the pace of development in rural areas of the State through District Rural Development Agencies (DRDAs)/ Panchayati Raj Institutions (PRIs). Following are the various developmental schemes and programmes launched in the State to uplift the standard of living of the rural population of Manipur.

6.1.1 Mahatma Gandhi National Rural Employment Guarantee Scheme (MGNREGS):

The MGNREGS formerly known as National Rural Employment Guarantee Scheme (NREGS) is a unique employment scheme introduced by the Government of India to provide at least 100 days of guaranteed wage employment to every household whose adult members volunteer to do unskilled manual work, so as to enhance livelihood security in rural areas in a financial year. The scheme is implemented as a Centrally Sponsored Scheme (CSS) on cost sharing basis between the Centre and State in the ratio of 90:10. The MGNREGS was launched initially on 13th April, 2006 at District Headquarters, Tamenglong by distributing Job Cards to registered applicants.

As required under the MGNREGS, the Government of Manipur has formulated a scheme called the Manipur Rural Employment Guarantee Scheme (MREGS). The permissible works under the scheme are as given below.

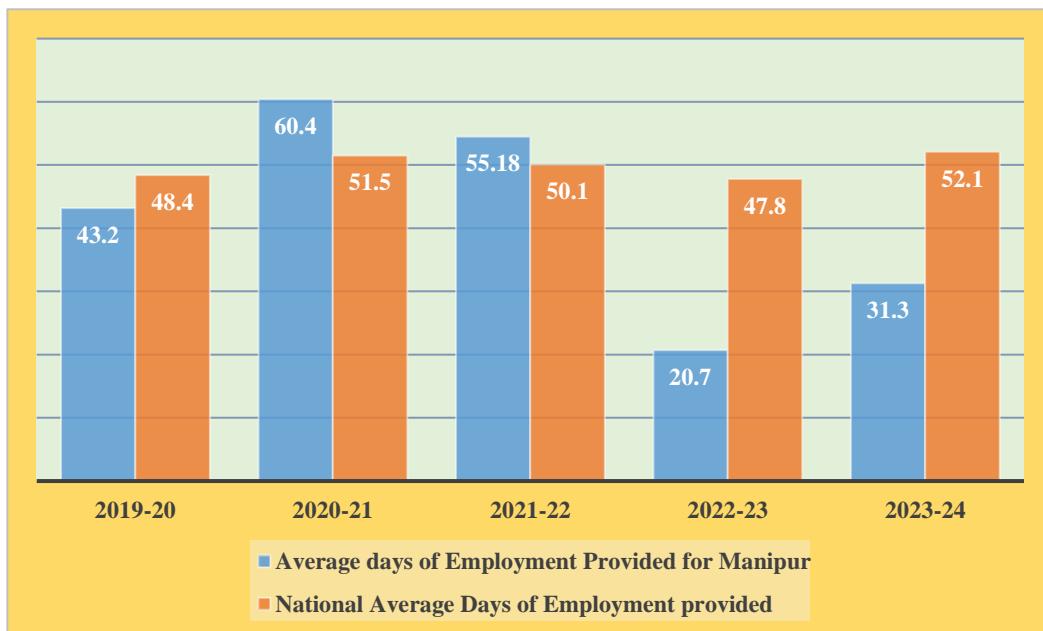

- (i) Water conservation and water harvesting;
- (ii) Drought proofing (including afforestation and tree plantation);
- (iii) Irrigation Canals including micro and minor irrigation works;
- (iv) Provision of irrigation facility to land owned by households belonging to Scheduled Castes and Scheduled Tribes or to land of beneficiaries of land reforms or that of the beneficiaries under the Indira Awaas Yojana of the Government of India.
- (v) Renovation of traditional water bodies including desilting of tanks;
- (vi) Land Development;
- (vii) Flood control and protection works including drainage in water logged areas;
- (viii) Rural connectivity to provide all weather access;

- (ix) Construction of Bharat Nirman Rajiv Gandhi Sewa Kendra as Knowledge Resource Centre at the Block level and as Gram Panchayat Bhawan at the Gram Panchayat level;
- (x) Agriculture related works, such as, NADEP composting, vermi-composting, liquid bio-manures;
- (xi) Livestock related works, such as, poultry shelter, goat shelter, construction of pucca floor, urine tank and fodder trough for cattle shed, azolla as cattle-feed supplement;
- (xii) Fisheries related works, such as fisheries in seasonal water bodies on public land;
- (xiii) Works in coastal areas, such as fish drying yards, belt vegetation;
- (xiv) Rural drinking water related works, such as soak pits, recharge pits;
- (xv) Rural sanitation related works, such as individual household latrines, school toilet units, anganwadi toilets, solid and liquid waste management;
- (xvi) Construction of Anganwadi Centres;
- (xvii) Construction of playfields;
- (xviii) Any other work which may be notified by the Central Government in consultation with the State Government.

During 2023-24, a total of 5,97,827 Job Card were issued which is same as in 2022-23. The physical achievement of the MGNREGS during 2019-20 to 2023-24 is shown in the Table 6 (a) of Part-II.

The Average Days of Employment for Manipur provided in the State along with the National Average during 2019-20 to 2023-24 is shown in the Fig. 6.1.

Fig. 6.1: Average Days of Employment under MGNREGS

Source: Department of Rural Development and Panchayati Raj, Manipur

Initiatives taken under MGNREGA in the last 5 years
Paradigm shift towards creation of durable, community and individual assets leading to sustainable livelihoods.
Funds are now being directly transferred from State Nodal Account to beneficiaries Bank/Post Office Accounts in all 70 Blocks of Manipur through Electronic Fund Management System (e-FMS), however from the current FY 2024-25 wages payment will be from Central Nodal Account (CNA) through Ne-FMS.
Direct benefit Transfer: Aadhaar numbers of active workers are being actively seeded and after due consent being enabled for Aadhaar Based payments. From 1st January 2023 all the fund transfer for wages will be through only ABPS (Aadhaar Based Payment System).
Emphasis on taking up MGNREGA works in convergence with different Department/Scheme.
Introduction of automated estimate calculation for all works to be taken up through SECURE (Software for Estimate Calculation Using Rural Rates for Employment).
Geo-MGNREGA (Phase I & II): Geotagging of all MGNREGA assets created since inception in Phase I. In phase II, assets being taken up from 2017-18 onwards are being Geo Tagged at three stages; before the start of work, mid-way and on completion of work.
GIS based planning: Large scale capacity building and training to promote Natural Resource Management planning process using Geo informatics, however for planning of works for the next 2025-26 will be through Yuktdhara portal only.
Good Governance Initiatives: Several initiatives were taken to bring visibility, transparency and accountability in the scheme.
Indicative Framework for Job Cards, Case Record/Work File maintenance, Citizen Information Boards have been issued.
Job Card verification/updating exercise has led to deletion of more than 34,837 Nos. Job Cards.
Social Audit have been operationalized by conducting audit in the field by the resource person and 85.67 per cent have been completed against the planned GPs.
Trainings are being imparted to all the MGNREGA Functionaries/ PRIs across all level for SECURE, Geo MGNREGA, GIS Planning and MIS related Issues.
E-module for certification for all Gram Rojgar Sahayak (GRS) will be taken up.
Skilling of MGNREGA beneficiaries: To move up the skilling ladder, MGNREGA beneficiaries are being trained and absorbed as bare foot Technician (79 have been trained of which 72 have been deployed).
Efforts are on to skill those workers who have achieved 100 days of work through project UNNATI.
Brief note on Mission Amrit Sarovar
Mission Amrit Sarovar was launched on 24 th April, 2022 by the Hon'ble Prime Minister of India nationwide with a view to provide a sustainable water source for rural areas.
Mission Amrit Sarovar envisages creation or renovation of 75 ponds per district by 15 th August, 2023.
Out of the total target of 1200 ponds, a total of 1224 ponds have been completed, which is 102 per cent achievement.
The proposed Amrit Sarovar should be planned for an area of 1 acre with capacity of 10,000 cum. However, considering the difficult terrain in hilly districts, the Ministry of Rural Development, Government of India has allowed local adjustments in the prescribed dimensions based on feasibility and practicality.

The Pond will facilitate restoration of ground water level thereby, providing relief to problem of water scarcity in the villages during dry season.
The villages can also utilize this water for other purposes like agricultural and horticultural purposes washing, bathing and development of pisciculture for income generation. Each pond will give direct and indirect benefit to nearby households.
The sites for construction of ponds are decided by the Gram Panchayat/ Village Authorities and Zilla Parishads in consideration of the requirements for the villages.
Plantations of trees around the ponds contributes to support greening the environment.
Jal Doot (Measuring Ground Water Level): The Ministry of Rural Development and Ministry of Panchayati Raj, Govt. of India have jointly developed an app called " Jaldoot App " for measuring the water level where systematic measurement of the existing depth of ground water level on the broad basis are taken up. This enables ground water monitoring, water budgeting and planning for water harvesting and conservation related works.

6.1.2 Deen Dayal Antyodaya Yojana-National Rural Livelihood Mission (DAY-NRLM):

The program implementation of Manipur State Rural Livelihood Mission (MSRLM) started in the year 2016, in the four blocks namely, Sawombung and Keirao Block of Imphal East District and Machi and Tengnoupal Block of Chandel District (now Tengnoupal District) respectively. Currently, it is being implemented in 16 districts covering 52 blocks, 620 GPs, 955 villages.

One of the key components of the Mission is to organize all poor household (women) into institutions of the poor that provide them with voice, space and resources. MSRLM has presently mobilized more than 82932 women into forming 8068 Self Help Groups (SHGs) and SHGs have federated into 414 Village Level Federation (VLF), which comprises of more than 10 to 20 SHGs in one VLF, and 12 Cluster Level Federation having membership of 175 VLFs and 1,928 SHGs under it.

Initially, the Mission primarily focused on institution building and capacity building support to the rural poor women, to unleash their innate capabilities to bring about remarkable changes in the quality of life and empowering the rural poor women

In regard with financial inclusion, MSRLM has taken up continuous effort in building good relationship with the banks. So far, 1531 SHGs have been credit linked with banks.

Currently under the livelihoods thematic, major areas of intervention has been on convergence with line departments like Manipur Organic Mission Agency (MOMA) Horticulture, Agriculture, Krishi Vigyan Kendra (KVK); ICICI Foundation, Department of Veterinary and Animal Husbandry and with special focus on value chain marketing, branding of products of SHGs have been taken up to provide more opportunities and enhancement of their livelihood activities.

PRI- CBO Convergence, with the support of Kudumbashree:

It is being implemented successfully in Imphal East district and Tengnoupal District. This project has brought a meaningful participation of the SHG women in the development initiatives within the district.

Total Districts entered	16
Total Blocks entered	15
GPs covered	65
Villages covered	83
Total Households covered	10137
Total SHGs formed	1056
Total VLFs formed	29
Total SHGs provided RF	1977
Total RF amount received by SHGS	505.35 (in lakhs)
Total SHGs provided CIF	1440
Total CIF amount received by SHGs	917.00 (in lakhs)

6.1.2.1 Farm Livelihoods:

Major focus was the development of Livelihoods cadres namely Krishi Sakhis (KS) and Pasu Sakhis (PS). With the help of trained KS and PS, promotion of Producers Group i.e. organizing SHG members who are producing similar commodities into groups for collective aggregation of their products. Promotion of PGs is ongoing activity and is availed monetary support from the mission after grading. Based on inputs of cadres, provisions for providing livestock insurance by Cluster Level Federation (CLF) is under consideration for SHG members specially after the rampant outbreak of African Swine Flu in the State. With the support of Technical Support Agency (TSA) namely Manipur Organic Mission Agency (MOMA), promotion of organic farming was taken up. Under this organic farming promotion, 400 SHG members of Tengnoupal district have transited from traditional method of farming to Sloping Agricultural Land Technology (SALT).

6.1.2.2 Non-farm livelihoods:

Non-farm livelihoods focus on promotion of business/enterprises in the trade of manufacture, trading and services sector. The implementation process is briefly explained below:

- i. The local rural women are mobilized to the grass root level institution called Self Help Group (SHG).
- ii. SHGs are given capacity building on various functional areas of SHG.

- iii. SHGs are provided Revolving fund to bring them to financial discipline of taking loan from the group and then repay in time.
- iv. Provision of Community Investment Fund (CIF). This is to meet the higher loan requirement for the SHG members and they will be utilized in any Income Generation Activity (IGA).
- v. The IGA is segregated into Farm and Non-farm activities. For any non-farm activities, a business plan prepared by Udyog Sakhi who are well trained to prepare Business Plan/ DPR. The Udyog Sakhis will hand hold the beneficiary for 2/3 months to make the enterprise or business functional in the stipulated time.
- vi. Trainings related to the specific business are provided by TSA/PIA or under convergence with line departments to ensure proper management of the enterprise/business.
- vii. There are non-farm staff deployed at the district/block level to implement and monitor the whole activities of non-farm.
- viii. The Community Resource Persons (CRP)/ cadres are to support the district and block staff who are trained thematic wise to reach the MSRLM program at doorstep of the poor.

6.1.2.3 Social Inclusion:

Social Inclusion strategy under Manipur State Rural Livelihood Mission (MSRLM) is supported through identification and mobilization of left out vulnerable households and communities, comprehensive development of PwDs, elderly and others, preparation of Vulnerability Reduction Plan and disbursement & management of Vulnerability Reduction Fund (VRF).

6.1.2.4 Food, Nutrition Health and WASH (FNHW) :

To address health, nutrition, wash and sanitation related issues and bring behavior change to adopt recommended practices among SHG members, MSRLM has been implementing FNHW interventions. Under FNHW, MSRLM has developed a state specific operational strategy focusing on awareness generation and SBCC related to maternal and child health and nutrition, diet diversity, reducing anaemia, menstrual hygiene, diarrhoea, usage of toilets, hand washing and management of solid and liquid waste.

6.1.2.5 Gender :

Under Gender, MSRLM has been addressing issues like children education, early marriage, asset creation on the name of women and violence against women etc. GSDCC is constituted which is a platform to work closely with the Gram Panchayat and line departments towards social inclusion, local economic development, internalized gender-related issues, practice related to food, nutrition, and health of women and children, poverty reduction, and social

development. Awareness classes is provided to more than 800 adolescent girls & 736 SHGs women on menstrual cycle in Tengnoupal District.

Activities/Events initiated with some Line Departments
A. Health Department/ private agencies:
Cancer Screening and Awareness
Awareness programme on menstrual Hygiene and Sanitary napkin distribution to Adolescent Girl
Health Camps- Eye camps, BMI checks, Diabetes and Pressure monitoring
Awareness on Anaemia in Pregnant Women and Distribution of Folic acid and Iron tonic
Awareness on Malaria and distribution of Mosquito Nets
B. Social Welfare/ Legal Aids Clinic:
Awareness on women rights and POCSO Act
Awareness on Mobile Phone misuse for Parents and children
C. Activation of Village Water Sanitation Committee (VWSC)
This intervention began in three villages facing clean drinking water challenges. Efforts were made to raise awareness on water conservation, utilize public institutions for rainwater harvesting and manage solid waste
D. Education
Opening of Primary Schools: In response to the COVID-19 pandemic, schools were closed worldwide. Heinoukhong Village, a remote area predominantly inhabited by the Naga community, opened a school for Nursery to Fifth standard classes in June, 2020. Maryland Village in Machi Block followed suit in May, 2022
Re-enrollment in School: Yumnam Khunou Junior High School, impacted by COVID-19, saw a decrease in enrollments. VLF Matik Mangal, with support from PRI members and village collectives, re-enrolled 36 children in I - VI classes and distributed notebooks.
Inauguration of Free Coaching Center: In Lamboikhul Village under the Uyumpok Gram Panchayat, a coaching center was established to address the risk of school dropouts. The first batch of 48 students was enrolled for three months of coaching classes.
Adult Education: Initiated in Top Chintha GP of Keirao Block, this program had 94 beneficiaries. Classes were conducted for three months with support from CLF, VLF, PRI members, and the Adult Education department. This initiative expanded to six more GPs in Imphal East district.

6.1.3 Shyama Prasad Mukherji Rurban Mission (SPMRM)/ National Rurban Mission (NRM):

The Mission aims at development of smart villages and urbanisation of villages that preserve and nurture the essence of the rural community life with focus on equity and inclusiveness without compromising with the facilities perceived to be essentially urban in nature, thus creating a Rurban cluster of 'Villages' and it was started since 2016-17 and the funding pattern of the project is 90:10 by Centre and State.

The clusters would be strengthened with the required amenities. The components of the Scheme are Piped Water Supply, Sanitation, Solid and Liquid Waste Management, Access to Village Streets with Drains, Village Street Lights and Electrification, Inter Village Roads Connectivity, Public Transport, LPG Gas Connection, Skill Development Training Linked to Economic Activities, Agri-Services Processing and Allied Activities, Education, Health, Digital Literacy, Citizens Service Centres, Environment, Employment Generation and SHG Formation, Tourism Promotion, Sports Infrastructure, Social Infrastructure, Rural Housing and Social Welfare.

Considering the above components, Integrated Cluster Action Plan (ICAP) and Detail Project Report (DPR) for the cluster are prepared. Under this Mission, four clusters were allocated to Manipur viz. Khangabok Cluster, Thoubal district (1st Phase), Keirao-Makting Cluster, Imphal East district (2nd Phase) and Saikul Cluster, Kangpokpi District (3rd Phase) and (4th Phase), it has been allocated but not yet finalized.

The Integrated Cluster Action Plans (ICAPs) for each cluster were prepared by a private agency/ firm after conducting a baseline survey and in consultation with concerned DC, line departments and concerned panchayat. In Khangabok Cluster, ICAP preparation was done by ODESH and the implementation is under progress (98 per cent completed). For Keirao-Makting Cluster, ICAP preparation was done by Intellisome Consultancy and the implementation is under progress (30 per cent completed). For Saikul Cluster, ICAP preparation was done by BD Technology and the implementation is under progress (30 per cent completed). The ICAP so prepared has been evaluated and approved by State Level Empowered Committee (SLEC) chaired by Chief Secretary, Manipur and further it is presented to MoRD for approval.

State has won the National Award 2019 under the category of overall performance in implementation of Shyama Prasad Mukherji Rurban Mission (SPMRM). The physical progress of the Mission in respect of the North Eastern States is given in Table 6.1.

6.1.3.1 Cluster Facilitation Project (CFP):

Cluster Facilitation Project (CFP) is an initiative for Aspirational Districts and other backward areas in the country under Mahatma Gandhi NREGS. The project was to be operationalized in 250 blocks of 117 aspirational districts and backward areas in the states initially for a period of three (3) years with an extension for a further period of two years based on the performance of project and request from the state. As per the Ministry, Cluster Facilitation Project was to be commenced from 1st April, 2020 to 31st March, 2023 in all states. But in Manipur due to COVID pandemic, the Project commenced implementation from 1st April, 2022 in two blocks of Chandel district, an aspirational district of Manipur as per NITI Ayog and to be expanded in the remaining two blocks also.

The CFP has a vision of addressing poverty in aspirational districts/backward areas with a multi-pronged strategy of leveraging the synergies of different flagship programs of the Central Government/ State Governments in convergence with MGNREGS through better coordination, planning and its implementation. Since the commencement of the project, CFP Team organized several awareness and capacity building programmes at both specified blocks i.e. Chandel Block & Chakpikarong Block covering 295 villages constituting 129 villages from Chandel Block and 166 villages from Chakpikarong Block respectively wherein following subject matters were delivered:

- i. Natural Resource Management (NRM) for better implementation of MGNREGS related activity that will result in sustainable development thus mitigate failure in programme.

- ii. Geographical Information System (GIS) that will support proper planning and monitoring of MGNREGS related activities thus help villagers understand the proper site selection much better.
- iii. Livelihood that will encourage villagers to get involved in several SHGs and Income Generating Activities (IGAs) thus help themselves in sustainable livelihood.

With the help of the District GIS expert, GIS block coordinator have prepared a LULC (Land Use Land Cover) map for respective block. A total of 129 LULC maps have been prepared for the respective 129 villages present in the Chandel block. A total of 166 LULC maps have been prepared for the purpose of Panchayat Development Index (PDI) from the data provided by MARSAC for Chakpikarong block.

In the Aspirational Block programme, an ABP Steering Committee is formed whose members are officials from various departments. The ABP Steering Committee of Chakpikarong block also include Block Thematic experts of CFP.

6.1.4 Pradhan Mantri Awas Yojana Gramin (PMAY-G) :

In view of Government's commitment to provide "Housing for All", the scheme of IAY had been restructured into Pradhan Mantri Awaas Yojana Gramin (PMAY-G) and was launched on 20th November, 2016. In the State of Manipur, it was launched on 28th August, 2017 with the objective to provide pucca houses with basic amenities to all houseless households living in kutch and dilapidated houses in rural areas by 2024. Unit assistance of Rs. 1,30,000/- is provided to beneficiaries in three instalments. The cost of unit (house) is shared between Central and State Governments in the ratio 90:10 for north east and hilly states. The beneficiary is entitled to 90/95 person days of unskilled labour from MGNREGS. The assistance for construction of toilet shall be leveraged through convergence with SBM-G, MGNREGS or any other dedicated source of funding. Convergence for piped drinking water, electricity connection, LPG gas connection etc. under different government programmes is also to be attempted. The beneficiary, if he/she so desires, should be facilitated to avail institutional finance of up to Rs. 70,000 only.

Identification and selection of PMAY-G beneficiary shall be done by the community through the Gram Sabha, from the SECC 2011 List, based on the housing deficiency and other social deprivation parameters. Those who deserve a pucca house but are not in the SECC 2011 list are added in the Non-SECC Awaasplus list under the Scheme.

The scheme is expected to boost job creation in rural areas. And, provision of toilet at Rs 12000/- are provided to build toilet to each beneficiary under Swach Bharat Mission and 95 days of unskilled wage labour can be achieved under MGNREGA over and above the unit cost.

The Unit cost fixed by Government of India per beneficiary i.e., Rs. 1,30,000/- is released in three instalments in the State i.e., 1st Instalment @ Rs. 48,000/- at the time of House Sanction, 2nd Instalment @ Rs. 62,000/- at Plinth Level and 3rd Instalment @ Rs. 20,000/- at Lintel Level. All Payment to the beneficiaries is made electronically through FTO to their Bank/Post Office accounts that are linked to Aadhaar with consent.

Convergence with other Government Schemes for provision of basic amenities viz. toilet, drinking water, electricity, clean & efficient cooking fuel, treatment of solid and liquid waste etc. The district wise physical progress report for the financial year, 2016-2024 of PMAY-G is shown in Table No. 6.2.

6.1.5 Pradhan Mantri Gram Sadak Yojana (PMGSY):

The scheme has been started in Manipur w.e.f 25th December, 2000 with the conversion of 642 roads of works of the then erstwhile Rural Roads Scheme under BMS (Basic Minimum Services) to PMGSY Phase I with 6 divisions from the Public Works Department, Manipur as Programme Implementation Units (PIUs). The PMGSY is a Centrally Sponsored Scheme which is being implemented by the Manipur State Rural Roads Development Agency (MSRRDA) which was established in March, 2005. The objective is to connect eligible unconnected habitations with a population of 500 persons and above. Bharat Nirman (BN) is also a part of PMGSY. BN covers new connectivity to villages having population of 500 in Manipur. From Phase VII onwards, only BN component has been considered along with BADP Roads of Border Blocks.

6.1.5.1 PMGSY-I:

Envisages providing all weather access to eligible unconnected habitations of 250 persons (based on Census-2001) and above including 20 per cent up-gradation of existing roads.

As on 31st March, 2024, out of sanctioned 2066 works (1858 Roads & 208 Bridges) 1869 works (90 per cent) (1713 Roads & 156 Bridges) have been completed and out of 11348 Kms. of sanctioned road length, 10538 Kms. (93 per cent) have been constructed. Further, out of the sanctioned 652 habitations, 621 Nos. (95 per cent) of habitations have been connected. In respect of financial progress out of sanctioned Rs. 5,272.67 Crore, the expenditure incurred is Rs. 4491.11 Crore (85 per cent).

6.1.5.2 PMGSY-II

Envisages, consolidation of rural roads network by upgradation of selected Through Routes and some Major Rural Links (MRLs) based on Population, Educational, Medical, Veterinary, Transport and Market facilities etc.

As on 31st March, 2024, out of sanctioned 58 works (55 Roads & 3 Bridges), 48 works (45 Roads & 3 Bridge) have been completed which is 83 per cent of total sanctioned works and out of 325 Kms. of sanctioned road length, 289 Kms. (89 per cent) have been constructed. In respect of financial progress, out of sanctioned Rs. 275.21 Crore, the expenditure incurred is Rs. 206.23 Crore (75 per cent).

6.1.5.3 PMGSY-III:

Envisages consolidation of the existing rural road network by upgradation of existing through routes and major rural links based on population, educational, medical, transport and market facilities.

The state has been allocated 812.50 Kms. of road length under PMGSY-III, MoRD has given clearance for PMGSY-III (Batch-I) of 2023-24 for 56 Nos. of roads with a road length of 502.24 km having a sanctioned cost of Rs. 404.72 crore on 7th March, 2024. Pre-Empowered Committed held on 20th June, 2024 for balance road length of 322.85 Kms.

6.1.5.4 Achievement under PMGSY:

For the year 2023-24, out of 890 Kms. of target road length (as set by MoRD, GoI), 59 km have been constructed and out of 32 target eligible habitations, one eligible habitations have been connected by completing 58 works (28 Roads & 30 Bridges) at an expenditure of Rs. 296.84 crore. Ministry of Rural Development, Govt. of India has indicative allocation of Rs. 660.00 crore for the Central Share and State share of Rs. 73.33 crore. Ministry has released Rs. 161.29 crore for central share and corresponding State Matching Share for year 2023-24 is yet to be released by the State. However, the State has released Rs. 301.48 crore central share of year 2022-23 along with corresponding State Matching Share of Rs. 33.50 crore in year 2023-24. Achievement of PMGSY- I & II till 31st March, 2024 since inception is shown in Table 6.3 and achievement for the year, 2023-24 is shown in Table 6.4.

6.1.6 DDU-GKY (Deen Dayal Upadhyaya Grameen Kaushalya Yojana):

Deen Dayal Upadhyaya Grameen Kaushalya Yojana is the skills action-arm of the National Rural Livelihood Mission (NRLM), tasked with skilling rural youth, moving them from poverty to productivity. It is a placement-led skilling initiative by Ministry of Rural Development, Government of India and implemented by State Skills Mission of Manipur State Rural Livelihood Mission, under Rural Development & Panchayati Raj Department, Government of Manipur.

DDU-GKY works with Project Implementing Agencies (PIAs) to build and secure jobs. During the year 2023-24, 674 youths were given training under DDU-GKY.

Activities undertaken under DDU-GKY during the year 2023-24

A. Alumni Meets: Alumni Meets were organized at various locations where pass-out candidates from DDU-GKY are placed. Officials from State Government, National Institute of Rural Development and Panchayati Raj (NIRD&PR), Hyderabad and staffs of Skills Division, Manipur State Rural Livelihood Mission participated to understand their work environment, motivate and support their career progression in future. During the year, 2023-24, three alumni meets were organised at Hyderabad on 30th September, 2023, Bangalore on 25th November, 2023 and Kozhikode on 16th February, 2024.

B. Works undertaken for Internally Displaced Persons (IDPs): Awareness cum mobilisation camp conducted at 33 relief camps in Bishnupur, Churachandpur, Imphal East, Imphal West, Kakching and Thoubal Districts in which 8638 inmates attended including 1707 youths. A total of 14 youths from various relief camps undergone training under DDU-GKY for General Duty Assistant trade at Apollo Medskills, Hyderabad. All the candidates were offered jobs, however, only 5 of them are continuing on job. They are placed and working in various healthcare sector organizations in Bengaluru & Hyderabad. Another, 18 candidates from relief camps undergone training under Honda CSR Project for Food & Beverage job role out of which 6 of them got selected for job placement in Barbeque nation (Pan India) and rest are under process for interview schedule.

C. Honda CSR Project Buniyaad: A Corporate Social Responsibility (CSR) project in collaboration with Honda India Foundation was conducted for Food & Beverage trade for a target of 330 youths including 18 candidates from various relief camps. Hon'ble Chief Minister of Manipur in the presence of Hon'ble Minister Rural Development & Panchayati Raj Manipur, the Trustee of Honda India Foundation, officials of State Government, staffs of Skills Division Manipur, SRLM, trainees and employees, inaugurated the program on 12th February, 2024 at Hotel Classic Grande.

Future Plan of Action under DDU-GKY

Job Fair to be organized to provide jobs to not only DDU-GKY trained candidates, but also to local youths during the year 2024-25.

Migration Support Centers (MSCs) to be opened at 3 (three) locations where DDU-GKY trained candidates are placed. This will support them to guide during job change, including 15 days free accommodation and provide counselling for career progression. The locations are Delhi-NCR, Hyderabad and Bengaluru.

Skill Gap Assessment (SGA) to understand the job aspirations of local youths in Manipur and jobs demand at local, national and international markets, already conducted in 5 districts (Imphal West, Imphal East, Thoubal, Kakching & Bishnupur) and is planned to complete the remaining districts by September, 2024. This will help in planning the skill trainings for youths and provide the right path for career options for the youths in Manipur.
Skills training under DDU-GKY to include both rural and urban poor families.
Additional targets to be provided to performing Project Implementing Agencies (PIAs) for the following trades, such as Cabin Crew & Ground staffs, Food & Beverage, General Duty Assistants, etc.
To incorporate new jobs/trades in demand in local, national and international job markets during DDU-GKY 2.0 program implementation.

The awareness given to the inmates and youths performed in the relief camp under Yoyana is presented in Part-II Table 6 (b).

6.1.7 MLA Local Area Development Programme (MLALADP):

Under the MLALADP, the State Government provide funds for taking up various developmental works according to the needs of the 60 (Sixty) Assembly Constituencies @ Rs. 200 lakh per Assembly Constituency (AC).

6.2 Panchayat:

In a democratic set-up, Panchayats play a vital role in inculcating community feelings among the rural folks. In the state, Panchayats are carrying out manifold developmental and judicial functions for the upliftment of the villages. The village panchayat is a forum for local self-government which is composed of elected representatives of the village people. The Panchayat Samiti looks after all the development works at the block level.

The Panchayati Raj Institutions were first set-up in Manipur in 1960, by adopting the Uttar Pradesh Panchayat Raj Act, 1947. The first General Election to Panchayat was held in the year 1964. The Manipur Legislative Assembly passed the Manipur Panchayat Act, 1975 and this Act came into force on 10th January, 1978. Under the Manipur Panchayati Raj Act, 1975, the first election to Panchayats was held in May, 1978. The 73rd Constitutional Amendment Act, 1992 on Panchayati Raj was passed by the Parliament and received the assent of the President of India and enforced in all the states w.e.f. 24th April, 1994.

The first General Election to Panchayat under this new Act was held on 31st January, 1997. There are 2 (two) tier system of Panchayati Raj such as Gram Panchayat at village level and Zilla Parishad at district level in Manipur. Number of members of Zilla Parishads, Pradhans and Gram Panchayat is shown in Table 6.5.

Table 6.5: Number of Members of Zilla Parishads, Pradhans and members of Gram Panchayat (as on March, 2023)

Item	Member of Zilla Parishad	Pradhan of Gram Panchayat	Member of Gram Panchayat
(1)	(2)	(3)	(4)

According to Article 243 D (3) of the Panchayati Raj Act, 1994 not less than one-third (including the number of seats reserved for women belonging to the Scheduled Castes and Scheduled Tribes) of the total number of seats to be filled by direct election in every Panchayat is to be reserved for women and such seats to be allotted by rotation to different constituencies in a Panchayat, where according to Article 243 D (4) not less than one-third of the total number of offices of Chairpersons in the Panchayats at each level is to be reserved for women. A comparative picture of the number of elected members of panchayats in the north eastern region of India is presented in Table 6.6.

6.2.1 Rashtriya Gram Swaraj Abhiyan (RGSA):

The Union Budget 2016-17 announced the Rashtriya Gram Swaraj Abhiyan (RGSA) for building capabilities of Panchayati Raj Institutions to deliver on SDGs. Key local development challenges faced by the country viz. poverty, public health, nutrition, education, gender, sanitation, drinking water, livelihood generation etc. are in sync with SDGs and fall within the realm of Panchayats. The Panchayats have therefore been designated as a key player for implementation of the United Nations SDGs to be achieved by 2030. To enable Panchayats to function effectively for achieving SDGs and other development objectives require major capacity building efforts. The scheme of RGSA aims to strengthen capacities of institutions for rural local governance to become more responsive towards local development needs, prepare participatory plans, leveraging technology and efficiently utilize available resources for realizing sustainable solutions to local problems linked with SDGs.

The objectives of RGSA are as follows:

Develop governance capabilities of PRIs to deliver on the SDGs.

Enhance capabilities of Panchayats for inclusive local governance with focus on optimum utilization of available resources and convergence with other schemes to address issues of national importance.

Enhance capabilities of Panchayats to raise their own sources of revenue.

Strengthen Gram Sabhas to function effectively as the basic forum of people's participation, transparency and accountability within the Panchayat system.

Promote devolution of powers and responsibilities to Panchayats according to the spirit of the Constitution and PESA Act, 1996.

Develop a network of institutions of excellence to support capacity building and handholding for PRIs.

Strengthen institutions for capacity enhancement of PRIs at various levels and enable them to achieve adequate quality standards in infrastructure, facilities, human resources and outcome based training.

Promote e-governance and other technology driven solutions to enable good governance in Panchayats for administrative efficiency and improved service delivery.

Recognize and incentivize PRIs based on performance.

Under RGSA as many as 32 (thirty two) Gram Panchayat Ghars/Panchayat Bhawans have been constructed from 2017-18 to 2019-20. Another 10 (ten) Gram Panchayat Ghars construction are in progress for the year 2020-21. Altogether, 8 (eight) Gram Panchayat Ghars have been repaired in the year 2018-19 and 2019-20. And also as many as a total of 12 District Panchayat Resource Centres (DPRCs) have been approved for new constructions @ Rs. 2.00 crore per DPRC at District Headquarters and construction process for Kakching and Jiribam Districts are going on.

6.2.2 Activities/ Works taken up by Panchayats:

Activities/ Works taken up by Panchayats are mainly on basic services like construction of public/community toilet, sanitary drain, drinking water tank, ring culvert, slab culvert, pucca drain, construction of public pond & bath room, RCC Bridge, foot step (stair), water treatment tank, public hand pump, solar light, earthen dam, community hall, market shed, waiting shed, wooden/timber bridge, community well, crematorium etc. Panchayats also take up various works such as sanitation and maintenance of open-defecation free status and supply of drinking water, rain water harvesting and water recycling through convergence.

All Works/Activities/Plans are taken up after getting due approval from the Gram Sabha sitting of the Gram Panchayats which are submitted to the Department of RD & PR through the concerned Block Development Officers (BDOs). Implementation works are being monitored by the concerned Block Development Officers (BDOs) and their subordinate staff like PA, EOP, SO, Accountant, Panchayat Secretary etc. Similarly, Chief Executive Officers (CEOs) are monitoring the works/activities/programs undertaken by the Zilla Parishads.

6.3 Co-operation:

Co-operation is the basis of all organized human life. Mutual help and complete inter-dependence are to be met within the societies at all levels. Therefore, the co-operative movement in Manipur has played a significant role in the social and economic development of the State, particularly in the rural areas. Initially, this movement was confined mainly to the field of agricultural credit. Later, it rapidly spread to other fields like agro-processing, agro-marketing, rural industries, consumer stores, social services etc. The distribution of Co-operative Societies & its members for the year, 2023-24 is shown in Part-II of Table 6(c). The growth of Cooperative movement in Manipur is shown in Table 6.7.

Table 6.7: Growth of Cooperative Movement in Manipur

Year (1)	Number	
	Cooperatives (2)	Members (in lakhs) (3)
2019-20	11481	6.56
2020-21	11674	6.58
2021-22	12394	6.67
2022-23	11566	8.00
2023-24	11676	8.13

Source: Annual Administrative Report 2023-24, Department of Cooperation, Manipur

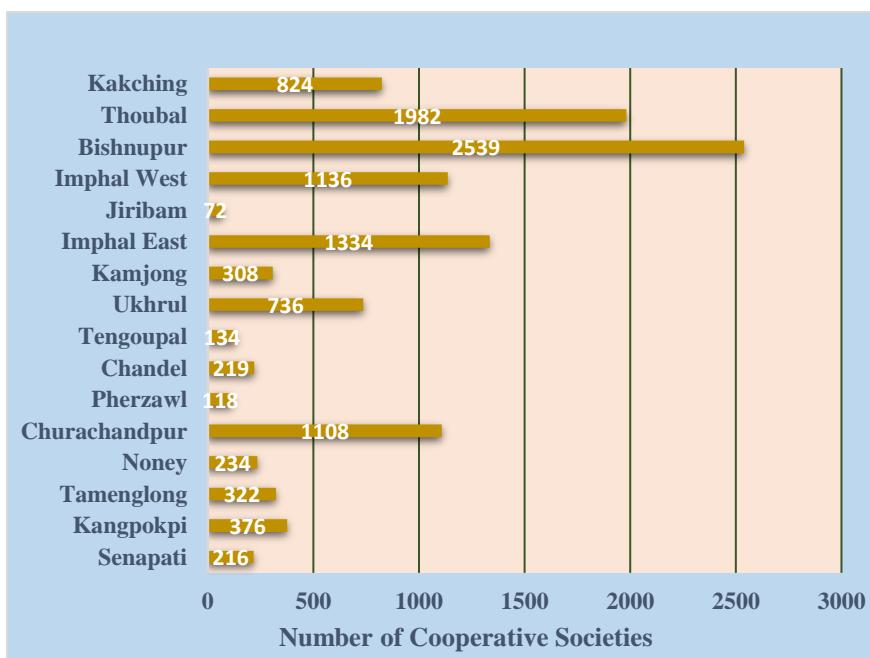

6.3.1 Primary Agricultural Credit Societies (PACS):

PACS are basically multipurpose. The main functions of the societies are to extend financial support such as short-term crop loans, medium term and long term loans for agricultural purposes, storage and distribution of consumer items, chemical fertilizers and marketing of agricultural produces. The PACS are known as Gram Panchayat Level Multipurpose Cooperative Societies (GPLMPCS) in the valley while in the hill, they are called Large Size Multipurpose Co-operative Societies (LAMPS).

To make PACS self-reliant in tune with ‘Atma Nirbhar Bharat Abhiyaan’, the Government of India has approved the Centrally Sponsored Project on 29th June, 2022 for computerisation of PACS for a period of five years from 2022-23 to 2026-27. A total of 232 active PACS have been approved for the Project by Ministry of Cooperation, Government of India.

During 2023-24, there were 15 State Level Co-operative Societies and 2 Primary Banks in Imphal under direct control of Registrar of Cooperative Societies in the State. The district wise number of co-operative societies in State during 2023-24 is shown in Fig. 6.2.

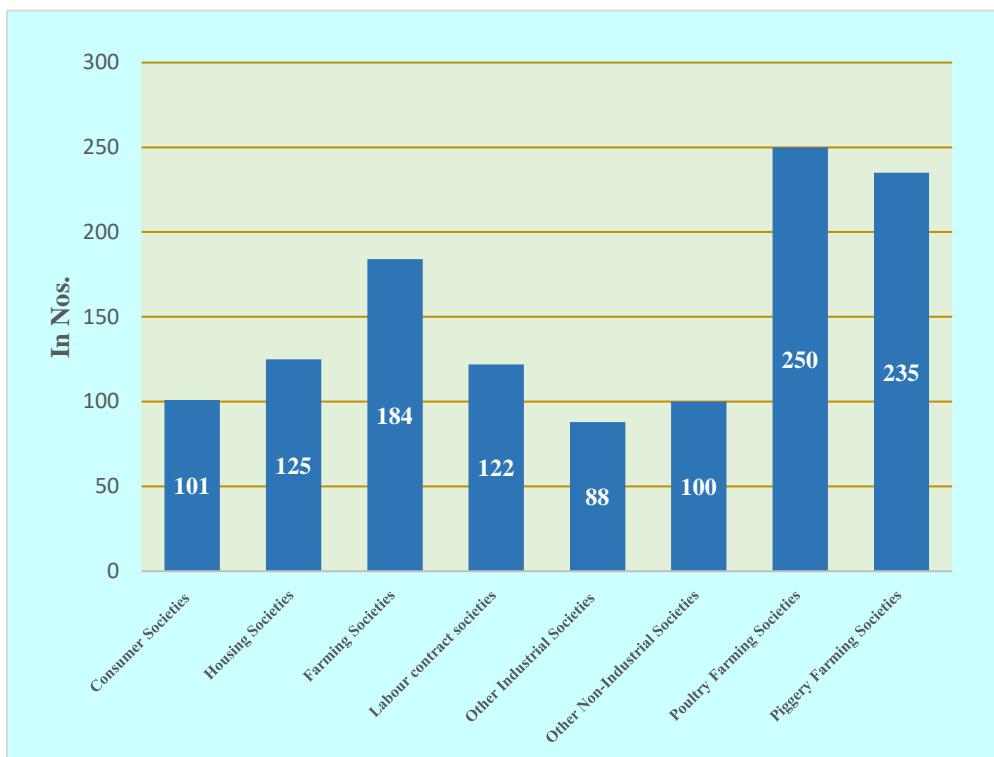

Fig. 6.2: District wise number of Co-operative Societies in Manipur

Source: Annual Administrative Report 2023-24, Department of Cooperation, Manipur

Cooperative Societies classified by type in the State during the year 2023-24 is shown in Fig.6.3. The District wise picture of cooperative societies classified by type in Manipur during 2023-24 is presented in Table 6(d) of Part (II).

Fig. 6.3: Co-operative Societies classified by type in Manipur

Source: Annual Administrative Report 2023-24, Department of Cooperation, Manipur

6.3.2 Cooperative Education and Training:

- (a) Manipur State Cooperative Union (MSCU): Cooperative education is the best input for Cooperative Societies. The Manipur State Cooperative Union and the Centre for Cooperative Management sponsored by the MSCU imparts various types of training. It also organises trainings for Self Help Groups.
- (b) Institute of Cooperative Management (ICM), Imphal: The Institute of Cooperative Management Imphal was established in 1988 under the aegis of the National Council for Cooperative Training (NCCT), New Delhi, and it is fully funded by the Ministry of Agriculture, Department of Cooperation, Government of India.

The Institute is catering to the training requirements of the middle level personnel of the Cooperative Department and institutions of Manipur, Nagaland and Mizoram. It is dedicated to three functional areas. i) Training, ii) Research and iii) Consultancy.

6.3.3 Best practices:

The Government has launched web based software for online registration and monitoring of the activities of registered voluntary organisations/ NGOs & Cooperative Societies in the State under Ease of Doing Business.

7. INDUSTRIES & MINERALS

7.1 Rapid Industrialization:

Manipur is rich in natural resources but due to difficult terrain, inadequate infrastructural facilities and varying climatic conditions, the state could not develop much in the industrial sector. Realising the need for rapid industrialization to generate more employment opportunities, alleviate poverty and remove economic disparities in the State, the State Government formulated the Industrial and Investment Policy of Manipur, 2022 which was notified on 21st March, 2023 with the following objectives to strengthen the State's mission to act as facilitator to accelerate industrial development.

- | |
|---|
| To create infrastructure facilities, provide incentives as well as marketing and technical support to industries. |
| To enhance the availability of raw materials. |
| To facilitate optimal utilization of the State's natural and human resources. |
| To attract investment. |
| To reduce procedural formalities and undue delay in setting up of industrial units in the State. |
| To promote planned industrial development in the State and reduce sectoral and regional imbalance. |
| To provide skill development and entrepreneurial skills and encourage gainful employment. |
| To accelerate economic growth in the State through proper linkages of infrastructure, human resources and administrative support mechanism. |
| To create employment opportunities. |

The major Public Sector Undertakings in the State which are generating employment are:

1. MANIDCO, 2. MANITRON and 3. MFICL.

1. Manipur Industrial Development Corporation Limited (MANIDCO):

Manipur Industrial Development Corporation Limited (MANIDCO), formerly Manipur Small Industries Corporation Limited (MSIC) was incorporated in the year 1969 under the Companies Act, 1956 (No.1 of 1956). The Corporation is a multi-functional company which acts as (i) State Financial Corporation (SFC), (ii) State Industrial Development Corporation (SIDC) and (iii) State Infrastructure Development Corporation (SIDC). It is the only financial institute of the State and is to cater long term credit requirement of the industrial sector. MANIDCO is governed by a Board of Directors. All the members of the Board are representatives of the Industrial Development Bank of India (IDBI) and Small Industries

Development Bank of India (SIDBI). It is worthwhile to mention that there was hardly fund available in the Corporation for industrial activities till the middle of 80's. In order to clear the backlog in industrialization, the State Government took initiative to revive the activities of MANIDCO with a very low budgetary support in 1985-86. IDBI also extended active support in this regard. The main activities of the Corporation are:-

A. State Financial Corporation (SFC):

As a State Financial Corporation, MANIDCO started its Term Loan lending activities from the year 1986-87 to 1992-93, providing financial assistance to Tiny & Cottage and Small Scale Industries, Hotel Industries and Transport Industries etc. in the State of Manipur under the Refinance Scheme of IDBI and SIDBI.

B. State Industrial Development Corporation (SIDC):

As a State Industrial Development Corporation, MANIDCO participated in investment to subsidiary/ joint sector projects (industrial units).

C. State Industrial Infrastructure Development Corporation (SIIDC)/ Engineering Cell:

As a State Industrial Infrastructure Development Cell, MANIDCO has been undertaking construction and design services for various civil construction works in the State of Manipur.

2. Manipur Electronics Development Corporation Limited (MANITRON):

Manipur Electronics Development Corporation Limited (MANITRON) was incorporated on 1st July, 1987. The main activity of the Corporation is the sale and servicing of electronics and I.T. related equipments of the Government Departments, Undertakings etc. The activities include printing & issuance of Smart Card, Driving License and Registration Certificate of vehicles under Transport, Govt. of Manipur; Biometric Enrolment of Aadhaar and Data Entry for Aadhaar Seeding with NPR.

3. Manipur Food Industries Corporation Limited:

The Manipur Sugar Mills Limited was established in the year 1987 and later it was renamed as Manipur Food Industries Corporation Limited (MFICL) in the year 1997. The main activities of the Corporation are to promote entrepreneurs in manufacturing and processing of food products, allotment and overall maintenance of Food Park at Nilakuthi, Imphal East. The main schemes taken up by MFICL during the year 2023-24 are as follows:

(a) Food Park at Nilakuthi :

It was established under the Department of Textiles, Commerce & Industries, Government of Manipur with the funding of the Ministry of Food Processing Industries, Government of India and managed by Manipur Food Industries Corporation Ltd. The Park covers an area of approximately 31 acres at Nilakuthi, Imphal East. There are 58 plots having 600 Sq.m. each. Six numbers of plots have been allocated to MSME for establishment of Technology Centre and another 52 plots were allotted to various entrepreneurs of food processing units. The category-wise of food processing units is depicted in Table 7.1.

Table 7.1: Category-wise Food Processing Units at Nilakuthi, Food Park during 2023-24

Sl. No.	Name of Unit	Category of Food Industries
(1)	(2)	(3)
1.	Umananda Food Industry	Bakery
2.	La Porei Fruits Processing Industries	Packaged Drinking Water
3.	Akoi Agro Milling Associates	Rice Mill
4.	Bakers Bakery	Bakery
5.	Horticulture Department (Mag Fruits)	Fruits and Juice
6.	Thangjam Agro Industries Pvt. Ltd.	Bakery, Packaged Drinking Water
7.	Dhanlaxmi Foods	Soy Nugget and Pappad, Oil Mill
8.	Kamal Bakery	Bakery
9.	K.M.U. Food Products	Bakery
10.	Vision Organic Products	Packaged Drinking Water
11.	Kangleipak Spices Industries	Spices
12.	Balaji Floor Mill	Agro Food Floor Mill
13.	Preety Bakes	Bakery
14.	MSME	Technology Centre
15.	Elle's Cakes and Bakes	Bakery
16.	Horticulture Department	Vacuum Freeze Dehydration & Integrated Pack House

Source: Directorate of Trade, Commerce & Industries

(b) Prime Minister Formalization of Micro Food Processing Enterprises (PMFME) Scheme:

Under the Atma Nirbhar Bharat Abhiyan of the Ministry of Food Processing Industries, Govt. of India, the Prime Minister Formalization of Micro Food Processing Enterprises Scheme was launched in the state of Manipur on 24th February, 2021 on sharing pattern of 90:10 (Centre and State) to provide credit linked capital subsidy @ 35 per cent of the project cost subject to a limit of Rs. 10.00 lakh only to individual food processing units, SHGs and FPO/FPCs. Under the One District One Product (ODOP) of PMFME Scheme, the Ministry of Food Processing Industries approved 16 districts in the state. Under the Scheme, scheduled commercial banks like PNB, Union Bank, Indian Overseas Bank, Central Bank of India and UCO Bank have accorded loan sanctions to 3 projects during the year 2023-24 for promotion of FPI in the State.

(c) Mega Food Park:

The Ministry of Food Processing Industries, Govt. of India sanctioned a Mega Food Park at Yaithibi Khunou, Kakching District of Manipur to facilitate agro processing units in the State. This Park aims at establishment of additional eight Primary Processing Centre (PPC) at Imphal East, Bishnupur, Churachandpur, Pherzawl, Noney, Chandel, Jiribam and Ukhrul districts.

7.1.1 Existing Synergetic Policies:

There are two policies of the Government of Manipur namely (i) The Industrial and Investment Promotion Policy of Manipur, 2022 and (ii) The Manipur Mineral Policy, 2021 which have distinctive values and importance. Due considerations have also been made to provide the required synergies of the inter-related aspects of other different policies such as (a) Ease of Doing Business (EoDB), (b) Manipur Public Services Delivery Guarantee Act, 2021 and (c) Manipur Logistic Policy, 2022 which are also in force.

7.1.2 Micro, Small and Medium Enterprises:

According to the Micro, Small Medium Enterprises (MSME) Development Act, 2006, the enterprises are classified into the following two divisions: (1) Manufacturing Enterprises engaged in the manufacturing or production of goods in any industry and (2) Service Enterprises engaged in providing or rendering services.

The MSME sector plays a pivotal role in the socio-economic development of the country. The major advantage of the sector is its capacity to generate employment at low cost next only to agriculture. It also ensures regional development. The MSMEs are complementary to large industries as ancillary units thereby contributing in the inclusive industrial development of the country. The new definition of the MSME is based on the size of investment and turnover as shown below:

MSME in Udyam Registration	
Micro Enterprise	Investment < Rs. 1 Crore
	Turnover < Rs. 5 Crore
Small Enterprise	Investment < Rs. 10 Crore
	Turnover < Rs. 50 Crore
Medium Enterprise	Investment < Rs. 50 Crore
	Turnover < Rs. 200 Crore

A. Industrial Estates:

The Government of Manipur is committed to set up industrial estates in 16 (sixteen) districts of Manipur with the financial assistance from the Ministry of Micro, Small & Medium Enterprises, Government of India and the North Eastern Council (NEC). The fund matching share of the MSME and NEC with that of the State share is 80:20 and 90:10. For development of MSME in Manipur, the State Government started construction of Industrial Estates in the State. The Takyel Industrial Estate in Imphal West, the Tera Urak Industrial Estate in Bishnupur and the Kuraopokpi Industrial Estate in Kakching are running in full swing. Industrial Estate Chandel, Utkhrul and Churachandpur are under construction. Lands have been acquired for construction of Industrial Estates at Imphal East, Senapati and Tamenglong District. The Ministry of MSME, Government of India has also approved the establishment of

Industrial Estates. The existing number of factory sheds and number of employment in the estates can be seen from the Table 7.2.

Table 7.2: Number of factory sheds in the existing Industrial Estates

Sl. No.	Name of Industrial Estate	Number	
		Factory Sheds	Employment
(1)	(2)	(3)	(4)
1.	Takyel Industrial Estate, Imphal West	58	404
2.	Tera Urak Industrial Estate, Bishnupur District	27	138
3.	Kuraopokpi Industrial Estate, Kakching District	27	188

Source: Directorate of Trade, Commerce & Industries, Manipur

B. Prime Minister's Employment Generation Programme (PMEGP):

The PMEGP is a credit linked subsidy programme launched in Manipur in 2009-10 by merging two earlier schemes namely, Prime Minister Rojgar Yojana (PMRY) and Rural Employment Generation Programme (REGP). At the State level, the scheme is implemented through State Khadi and Village Industries Commission (KVIC), State Khadi and Village Industries Board (KVIB), District Industries Centre (DIC) and Banks. The scheme aims to generate employment opportunities through self-employment ventures, arrest migration of rural youth to urban or other places by giving them self-employment opportunities and increase wage earning capacities of artisans and contribute to economic growth. Under the Khadi and Village Industries Board, the number of employment generated under PMEGP for the year 2023-24 is 494.

C. Udyam Registration:

The Udyog Aadhaar Memorandum (UAM) was launched in September, 2015 by the Ministry of MSME, Government of India as part of ‘Ease of Doing Business (EoDB)’. Score of EoDB is one of the indicators for measuring the progress/ achievement of the Sustainable Development Goals (SDGs). With the introduction of UAM, the EM-I & II filing system has been discontinued from September, 2015. UAM is a one page online form and allows ease of registration of MSME units i.e. either “Manufacturing” or “Service”. Udyog Aadhaar Memorandum (UAM) has been replaced by Udyam Registration on 10th July, 2020 and it is meant for (i) new entrepreneurs who are not registered yet as MSME or those with EM-II (ii) those already registered as UAM and (ii) those already registered as UAM through Assisted filling need to re-register under Udyam Registration. The district wise number of enterprises with Udyam Registration in Manipur is given in Table 7.3.

Table 7.3 District wise number of enterprises registered with Udyam Registration for the year 2023-24

Sl. No.	District/ State	Udyam Registration			
		Micro	Small	Medium	Total
(1)	(2)	(3)	(4)	(5)	(6)
1.	Senapati	3048	15	0	3063
2.	Kangpokpi	1416	4	0	1420
3.	Tamenglong	695	4	2	701
4.	Noney	246	2	0	248
5.	Churachandpur	3063	24	0	3087

16.	Kakching	2857	15	1	2873
Manipur		67394	617	45	68056

Source: Directorate of Trade, Commerce and Industries, Manipur

D. Livelihood Business Incubators (LBI):

Under the A Scheme for Promotion of Innovation, Rural Industries and Entrepreneurship (ASPIRE) Scheme of the Ministry of Small & Medium Enterprises, Government of India, nine Livelihood Business Incubators were established in nine districts of Manipur with the objective of lending support to entrepreneurs and promote start-ups for innovation and entrepreneurship in rural, agriculture based industries and products from forest, horticulture, fisheries and animal husbandry. Altogether, 962 persons have been given short term training in different trades till date.

E. Ease of Doing Business:

A portal has been developed i.e. <https://eodbmanipur.mn.gov.in> and the following services have been made online through the portal – (i) Issue of Factory Permit, (ii) Issue of Factory Licence, iii) Issue of Mining Lease and Issue of Mining Permit.

7.1.3 Factories Registered:

A manufacturing unit is determined by a factory under the provisions contained in the Factories Act, 1948. Fees for factories are based on the matrix of the number of employees and power requirement. As many as 14 numbers of permits, 11 numbers of licences and 13 licence

renewals for setting up of factories were granted to applicant units under the Factories Act, 1948 during 2022-23. The number of registered factories and persons employed by types during the year 2023-24 is shown in Fig.7.1.

Fig. 7.1: Number of Registered Factories and Persons Employed by types

Source: Directorate of Trade, Commerce and Industries, Manipur

7.1.4 SC/ST Hub Scheme:

The National Scheduled Caste/ Scheduled Tribe Hub Scheme was launched on 18th October, 2016 with the objective of providing professional support to Scheduled Caste and Scheduled Tribe Entrepreneurs to fulfill the obligations under the Public Procurement Policy Order, 2012. Four awareness programmes and two skill development programmes were conducted during the year 2019-20. Thirteen (13) entrepreneurs (SC/ ST) were deputed by the State Govt. to attend the North East Summit at Maniram Dewan Trade Centre, Guwahati, Assam in the month of November, 2019.

7.1.5 Industries other than Village and Small Enterprise:

The black rock and yellowish clay which are the raw material for production of special type of pottery are readily available at Nungbi, Ukhrul District. In view of the availability of the said material, the project was taken up under NEC funding.

7.1.6 District Industries Centre:

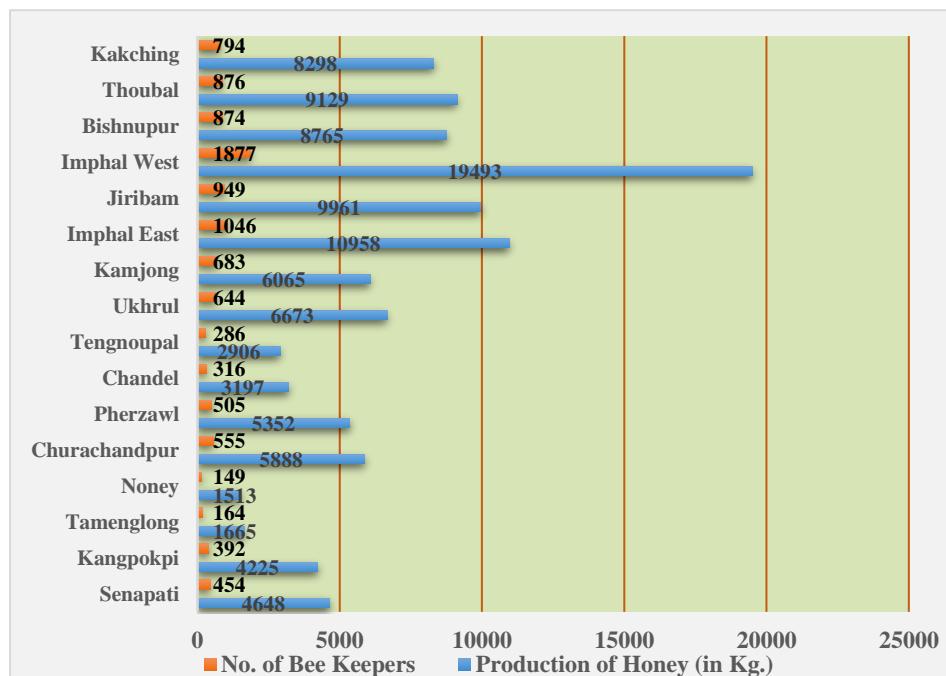

District Industries Centre (DIC) came into limelight in pursuance of the Industrial Policy Resolutions of the Government of India adopted in 1977. The DICs were established in all the District Headquarters with two sub centres at the then sub-division of Jiribam and Kangpokpi of Manipur. Its emphasis is laid on dispersal of industries in the district headquarters, small towns and rural areas. The intention of the policy makers is to make the DICs to work as

catalysts for promotion of cottage and small industries. It provides all the resources with its facilities required by the entrepreneurs including identification of suitable schemes, preparation of feasibility reports, arrangements for supply of machinery and equipments, provision of raw materials and facilities for marketing and extension services. Various schemes like Seed/Margin Money, Self-Employment for educated unemployed youths and Prime Minister's Rozgar Yojana were instrumental in the growth of industries in the state. One of the most important scheme undertaken by the DIC is Prime Minister Employment Generation Programme (PMEGP).

7.1.7 Khadi and Village Industries:

The Khadi and Village Industries Commission (KVIC) was established by the Govt. of India in the year 1957. The Khadi and Village Industries is not only providing employment to people in rural and semi-urban areas at low investment per job, but also utilizes local skill resources and provides part-time as well as full time work to rural artisans, women and minorities. It was only in the year 1966 that the State Board for the development of Khadi and Village Industries was constituted by the Government of Manipur. The traditional sector of industries falls within the purview of organisations such as Khadi and Village Industries Commission. The KVIC include artisans in tiny industrial units and defines it as any industry located in a village or town inhabited by population not exceeding 10,000 which produces goods and renders services with or without the use of power in which the fixed capital per head does not exceed Rs.15,000. In the State, the KVIC has given special attention for economic upliftment of the Scheduled Castes/Scheduled Tribes and women in general. The district wise number of Bee-Keepers, and Production of Honey in Manipur for the year 2023-24 is given in the Fig. 7.2.

Fig. 7.2: District wise number of Bee-Keepers & Production of Honey

Source: Khadi & Village Industries Board, Manipur

7.1.8 Indo-Myanmar Border Trade Promotion :

The opening of the border trade between India and Myanmar was an important achievement during the Eighth plan period. The Indo-Myanmar Border Trade was inaugurated on 12th April, 1995 by the then Union Minister of State for Commerce as a follow-up measure of the Trade Agreement signed between India and Myanmar on the 21st January, 1994 at New Delhi. Subsequently, exchange of 22 items have been notified by Public Notice No. 289(PN)/92-97 dated 10th April, 1995 by the residents across the border. The 22 commodities/ items notified for exchange were bamboo, betel nuts and leaves, chilies, coriander seeds, food items for local consumption, fresh vegetables, fruits, garlic, ginger, katha, minor forest products (excluding teak), mustard/rape seed, onion, pulses and beans, reed broom, resin, roasted sunflower seeds, sesame, soyabean, spices (excluding nut meg, mace, cloves, cassia and cinnamon), tobacco and tomato. Exchange of 18 commodities/items (agarbatti, bicycle's spare parts, blades, bulbs, cosmetics, cotton fabrics, fertilizers, imitation jewellery, insecticides, leather footwear, lifesaving drugs, menthol, mosquito coils, paints & varnishes, spices, stainless steel utensils, sugar & salt, X- Ray paper & photo paper) were also notified by Public Notice No. 106(RE-2008)/2004-2009 dated 7th November, 2008.

Further, 22 new commodities/ items have been added to the existing list of 40 tradable items and all the 62 commodities/ items were consolidated. The 22 new commodities/ items added includes agricultural machinery/ equipments/ tools, bicycle, bleaching powder, coal, edible oil, electrical & electric appliances, fabricated steel products, garments/readymade garments/cloths, handlooms and handicrafts items, hardware/minor construction materials and electrical fittings, lime, medicines, milk powder, tea, edible oil, beverages, motor cycles & motor cycle spare parts, other items such as electronic/musical instruments, stationary item, torch light, plastic items, water tank, buckets, chairs, plastic pipes and briefcase, rice, wheat, maize, millets & oats, scented tobacco, semi-precious stone, sewing machines, textile fabrics, three wheelers/cars below 100 cc.

7.1.9 Industrial Growth Centres:

Growth centres are large villages or small towns which have the potential to become the nuclei for the socio-economic development of the surrounding area. The centres can be identified by the different orders with respect to the quality and quantity of services and facilities, service area and population. A growth centre of lowest order should have services like agricultural input centre, primary and middle school, maternity and child care centres and daily market. At highest level, it must have manufacturing industries, hospitals, colleges etc.

The pace of development of backward areas is a cause for concern. With the doing away of the system of licensing of industries and coming into play of market forces, the industries tend to gravitate towards already developed areas which provide better infrastructure, easier availability of skilled work force and forward and backward linkages in terms of availability of raw materials and markets for products.

7.1.9.1 Food Processing Industries (FPI):

Food Processing Industries took a vital role in the development of industries and generation of large employment in the state. Food Park at Nilakuthi was inaugurated on 5th December, 2016 which covered an area of about 31 acres of land. The implementing agency of the Food Park Project is the Manipur Food Industries Corporation Ltd. (MFICL). The Food Park has Food Processing Units for which common facilities like Cold storage, Ware Houses, Quality Control Lab., Weight Bridge, Post Office, Bank, Water & Power supply etc., are made available.

A common infrastructure facility for Honey Processing has been established at Toupokpi of Bishnupur District, under the scheme of Agricultural and Processed Food Products Export Development Authority (APEDA), Ministry of Commerce and Industry, Government of India.

A week long Mobile Food Processing Training Programme was conducted at Imphal East, Imphal West, Tengnoupal, Kangpokpi, Ukhrul and Bishnupur Districts during the year 2022-23. A total of 606 trainees participated in the programme with theory and practical classes in the trade of preservation and preparation of pickles, squash etc.

7.1.9.2 Bamboo Processing Industries:

Considering the fact that Manipur share about 25 per cent of the total growing stock of bamboo of the North Eastern Region of India and 14 per cent of the country, Manipur State stands to prominently benefit from the national programme for bamboo development. The bamboo growing area within and around Jiribam, covering the bamboo abundant area of Tamenglong district and Tipaimukh area of Churachandpur district is about 2969 Sq. Km., which is about 80 per cent of the total bamboo growing area in Manipur. In order to facilitate the Bamboo Based Industry (BBI), for efficient utilization of bamboo resources, the following training programs were sponsored.

- a) Bamboo Cap
- b) Dyeing & Screen Printing of Round Bamboo, Bamboo Strips and Bamboo leaves.
- c) Transportation charges to be provided to the artisan participating in the International Bamboo Festivals

7.1.9.3 Results of the Annual Survey of Industries:

The summary results of the Annual Survey of Industries (ASI) reveal some idea about different characteristics of registered factories in the State. The important characteristics of Annual Survey of Industries pertaining to the North Eastern States during 2022-23 is presented in Table 7.4 and the salient features of ASI in respect of Manipur is shown in Table 7(a) of Part II.

Table 7.4: Estimates of some important characteristics of North Eastern States in the Annual Survey of Industries, 2022-23

(Value figures in Rs. Lakh, others in Number)

North Eastern States	Characteristics							
	No. of Factories	Fixed Capital	Working Capital	Invested Capital	Total Output	Total Input	Net Value Added	Deprecia- tion
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)

7.1.9.4 Industrial Disputes:

An industrial dispute is taken as a cessation/stoppance of work in a unit due to breakdown of understanding between workers and the employers on some issue. Strikes and lockouts are the two manifestations of the industrial dispute. The strikes represent in temporary stoppage of work by a group or all employees of an establishment to express a grievance or to enforce a demand whereas the lockout signifies temporary withholding of work from all or a group of employees by the employers for matters relating to employment or non-employment or the terms and conditions of employment. Information on the industrial disputes in Manipur is not available since 2014-15.

7.1.10 Handloom:

Handloom industry is the largest cottage industry in the state. It is a traditional cottage industry providing avenues of employment opportunities to the people of Manipur. Basically, it is a labour-intensive family occupation in which all the members of a family can participate. Majority of the handloom weavers in the state are self-employed artisans who are carrying on their profession in their own homes with the assistance of their family members in pre-loom and post-loom process. As a part of product diversification of handloom cloths of Manipur, a garment fair was organized in October, 2017 by Manipur Handloom & Handicrafts Development Corporation Limited at Panthoibi Shopping Complex, Imphal.

In artistic weaving also there are many accountable designs which are still famous like Ningthou Phee, Lamthang Khulak, Khamen-Chatpa, Shaphee Lanphee, Moirangphee, Lashing Phee, Leiroom, Hijam-mayek, Tindongbi, Leirong, Akoibi designs etc. Each design has its own history as to how and by whom they were invented. In the art of design and printing, Manipur can be proud of possessing good knowledge of dyeing of fast colour on various kinds of hard printing of cloths since time immemorial by using indigenous plant leaves etc. In Manipur, the Directorate of Handlooms & Textiles was set up vide Order No. 4/18/2016-C&I dated 2nd January, 2017, with the objective to promote the socio-economic conditions of the weavers, artisans, textile workers, entrepreneurs and also to work for their harmonious growth.

Manipur is a unique State having highest concentration of handloom weavers in the country. As per National Handloom Census 2019-20, Manipur has 2.12 lakh handloom workers and 2.11 lakh looms. Hon'ble Chief Minister, Manipur distributed 2475 frame/ fly shuttle looms to handloom weavers on 6th June, 2022 under Loom Upgradation Scheme. The district wise number of looms distributed during 2023-24 is given in Fig. 7.3.

Fig 7.3: District wise Number of Looms Distributed

Source: Directorate of Handlooms & Textiles, Manipur

7.1.10.1 Cluster Development Programme:

The programme focuses on development of weavers groups as a visible entity, so that the groups become self-sustainable. The Ministry of Textiles approved and sanctioned 21 project on 21st December, 2021, 31st December, 2021 and 15th June, 2022. These are implemented by Manipur Apex Handloom Weavers & Handicrafts Artisans Cooperative Societies Limited (15 Nos.), Ukhrul District Handloom & Handicrafts Cooperative Federation (4 Nos.) & Manipur Handloom & Handicrafts Development Corporation (2 Nos.). During the year 2023-24, there were 16654 weavers. The number of weavers covered in various cluster development programme are shown in Table 7.5.

Table 7.5: Number of Weavers covered under Cluster Development Programme during 2023-24

Sl. No.	District	Name of Cluster	Weaver covered
(1)	(2)	(3)	(4)
1.	Senapati	Paomata	267
		Purul	367
2.	Kangpokpi	Kangpokpi Mission area	247

7.1.11 Handicrafts:

Handicrafts is an important industry in the state. It has its own unique identity amongst the various crafts of the country. Handicrafts industry of Manipur may be mentioned with special

accounts for contributing to the economic structure and development of the state. The handicrafts of Manipur are treated in high class in themselves, drawing the main theme and subject matter from episode of Khamba Thoibi and latter Radha Krishna background of their religious belief and designs with depiction of Pakhangba. With simple processes of indigenous nature, craftsman here produce handicrafts of excellence in the form of cloths embroidery, cane and bamboo, ivory, stone and wood carving, metal crafts, deer horn decoratives and supari, walking sticks, dolls and toys etc. Various kouna products, artistic weaving, wood carving etc. have a distinct place of its own.

The State Government has made full efforts for overall development of handloom and handicrafts industries in the state. Manipur Handloom & Handicrafts Development Corporation and Manipur Development Society are the two agencies of the state government taking utmost efforts for production and marketing of handloom and handicrafts products. Manipur State Handloom Weavers Co-operative Society is an apex co-operative society taking pivotal role in the co-operative sector for development of handloom & handicrafts in the state. There is also departmental raw-materials bank to meet the requirement of various types and quality of yarn of weavers at reasonable price. The Mechanised Dye House is also making full efforts to make available quality dyed yarn for the weavers of the State.

Welfare Scheme for Handicrafts Artisans:

Incentives/State Awards to Outstanding Handicrafts Artisan

Providing financial assistance to individual ex-trainee Handicraft Artisans of Manipur

Implementation of ‘Modernisation of Handicrafts’ Scheme to promote outstanding craftspersons of the State

Survey & Census of HC

Publicity & Exhibition, Documentation

Cluster Development of Handicrafts

Study Tour of Handicraft Artisans

Development of Handicrafts Museum

7.2 Minerals:

Minerals provide a base for the rapid industrialization. It is imperative, therefore, that proper attention is paid to the development of mining industry in the State.

7.2.1 Mineral Exploration:

Mining in Manipur is taken up by the Geology and Mining Division of the Directorate of Trade, Commerce & Industry, Manipur. Exploration of chromite and associated minerals had started in Manipur since 2014-15. During the year 2017-18, exploration of chromite and associated minerals had started at Kwatha Village of Tengnoupal District. During 2019-20, drilling of Shingda Limestone Deposit was proposed but was not taken up due to unavailability of fund. The Government of Manipur notified the Manipur Mineral Policy, 2021 on 5th January, 2022 with the objective to ensure a sustainable mineral extraction through systematic and scientific

mining. The 17th meeting of the State Geological Programming Board, Manipur was held on 20th September, 2021 to review the work done during the Field Session 2020-21 and current Field Season 2021-22 and approval for Annual Geological Programme, 2021-22. The 19th meeting of the State Geological Programming Board (SGPB), Manipur was held on 1st September, 2023 to give approval programmes in respect of mines and minerals.

7.3 Sericulture:

Sericulture plays a vital role in the improvement of economic conditions of the artisans of the State. It is an important labour-intensive and agro-based industry generating employment opportunities for the rural people with lowest investment cost. Sericulture has a long tradition and has been practiced by the farmers from time immemorial but on a limited scale. Sericulture comprises of four sector namely Mulberry, Oak Tasar, Eri and Muga Sector and Manipur is among the state in the country where all the 4 (four) sectors are found and are exploited for generations for sustainable income. Table 7.6 presents the sector-wise number of sericulture villages and farmers as on 31st March, 2024 in Manipur.

Table 7.6: Number of Sector-wise Sericulture villages and farmers of Manipur

Particulars	Mulberry	Eri	Oak Tasar	Muga	Total
(1)	(2)	(3)	(4)	(5)	(6)
1. Sericulture villages	270	257	230	25	782
2. Farmers	6041	9500	1950	350	17841
3. Reelers	3277	0	250	40	3567
4. Spinners	0	1064	0	0	1064

6. Handloom Weavers	5600	3500	5150	250	14500

Source: Department of Sericulture, Manipur

7.3.1 Manipur Sericulture Project (MSP):

During the Ninth Five Year Plan, the State Government had taken up a project entitled “Manipur Sericulture Project” with assistance from Overseas Economic Co-operation Fund (OECF).

The Phase-I, Manipur Sericulture Project (MSP-I) was started with the employment of Project Consultant since June, 1998. To complement the MSP-I, the MSP Phase-II (MSP-II) was conceived with the objective of consolidating the gains of MSP-I activities and achievement, expansion and diversification of Mulberry Sericulture and Ericulture. The MSP-II is being implemented under 2 schemes – North-Eastern Region Textile Promotion Scheme (NERTPS), Special Plan Assistance (SPA) for Mulberry Sector in valley districts and an Integrated Sericulture Development Project (ISDP) for both hill and valley districts. The major

achievement made under this project for valley and hill districts during 2023-24 is given in Table 7.7 and 7.8 respectively.

Table 7.7: Number of Integrated Sericulture Development Project (ISDP), Valley for Mulberry

Sl. No.	Components	Physical Achievement
(1)	(2)	(3)
1.	Development of Kisan nursery	250 (Nos.)
2.	Mulberry Plantation Development	2500 (Hect.)
3.	Maintenance of Mulberry Plantation developed in Phase-1	3750 (Hect.)
4.	Technical Service Centre	9 (Nos.)
5.	Assistance for irrigation and other Water Conservation and usage techniques	2500 (Acres)
6.	Farmers Training Centre	4 (Nos.)
7.	Assistance for Construction of Rearing House/Rearing appliances and mounting hall	2200 (Nos.)
8.	Repairing of Pre-fab Adult Rearing House	2400 (Nos.)
9.	Mounting Hall for FOU covered in Phase-I for increase productivity	1000 (Nos.)
10.	Establishment of Sericulture Poly Clinics	30 (Nos.)

Under Manipur Sericulture Project (MSP) – II, farmers having 1 (one) acre of land are provided financial assistance of planting materials, assistance for plantation development, fencing of the plantation field, irrigation facility, beneficiary empowerment programme in the field of silkworm food plantation and silkworm rearing, construction of Individual Adult Rearing House (IARH), Mounting Hall, Rearing Appliances and disinfection materials. The number of villages involved in sericulture plantation in Manipur during 2023-24 is 782. The sector-wise families involved in Sericulture along with area and raw silk production under Silkworm Food Plantation as on 31st March, 2024 is shown in Table 7.9.

Table 7.9: Sector-wise Area, Raw Silk Production and Families Involved

Sector	Area (Ha.)	Raw Silk Production (MTs)	Family Involved
(1)	(2)	(3)	(4)
(a) Mulberry	8,228	37.67	2,311
(b) Eri	14,721	43.27	4,967

(d) Oak Tasar	8,135	1.86	2,060
(e) Post Cocoon	-	-	8,195

Source: Annual Administrative Report, 2023-24, Directorate of Sericulture, Manipur

7.3.1.1 Eri Spun Mill Project:

The Government is implementing Eri Spun Mill Project with the financial assistance under North Eastern Region Textile Promotion Scheme (NERTPS) of Ministry of Textiles (MoT), Government of India.

7.3.1.2 Rashtriya Krishi Vikas Yojana (RKVY):

RKVY is implemented since 2010-11 to incentivize the States that increase their investment in agriculture and allied sectors, to provide flexibility and autonomy to the States in planning and executing programmes for agriculture, to ensure the preparation of Agriculture Plans for the districts and states, to achieve the goal of reducing the yield gaps in important crops, to maximize returns to the farmers and to address the agriculture and allied sectors in an integrated manner and also to improve infrastructure for development of sericulture with funding by the Government of India as 100 per cent Additional Central Assistance (ACA) till the end of 2014-15 with sharing of 90:10 (Central: State). During the year 2023-24 the Government has submitted proposal for implementation of three RKVY Schemes to increase silk production in the state.

8. ECONOMIC INFRASTRUCTURE

Infrastructure is defined as the collection of systems and facilities that serve as the basis for economic growth of a country or region by facilitating better productivity. It includes the services and facilities required for economic development, improved lifestyles, and flourishing businesses. Economic infrastructure refers to the facilities, activities and services which support operation and development of other sectors of the economy. They help in increasing the overall productivity of the economy by facilitating the smooth running of all the sectors of the economy. It is nerve centre of the economic system. The economic infrastructure supports primarily the economic activities and its components being utilised such as power, irrigation, transport and communication etc.

8.1 Power:

Power sector is a critical infrastructure element for growth of Manipur's economy. The availability of reliable, quality and affordable power is vital for rapid growth in agriculture, industry and for overall economic development of the State. An efficient, resilient and financially healthy power sector is an essential requirement for growth of the State and economic empowerment of the people of the State. Moreover, it lights up lakhs of households and thus plays a significant role in improving the standard of living for the general public of Manipur.

In order to provide this basic key infrastructure, with effect from the 1st February, 2014, the State Electricity Department has been unbundled and corporatized into two state owned functionally independent successor entities namely:

- (i) Manipur State Power Company Limited (MSPCL) as the Holding Company (HOLDCO) to discharge the functions of the State Transmission and Generation Utility and the functions of State Load Despatch Centre (SLDC) and
- (ii) Manipur State Power Distribution Company Limited (MSPDCL) as the deemed Distribution License (DISCOM).

8.1.1 Power Generation:

Manipur State Power Company Limited (MSPCL) has given new thrust to the development of power generation schemes particularly in hydro sector to make up the peak shortages. It has been trying to take up many hydel schemes as long-term measures. A State Hydro Power Policy has also been notified for development of hydro power projects having capacities more than five MW in various modes including private participation.

8.1.2 Hydro Generation:

Hydro-electric plays a major role in the field of power development in the state. The hydro power potential of the State has been assessed at about 2000 Mega Watt (MW). However, the potential could not be harnessed due to various reasons including paucity of fund. The 105 MW Loktak Hydroelectric Project is the only project developed so far in the State under Central Sector which is not even five per cent of the potential available. At present, the State has no power generation of its own thereby incurring huge expenditure on purchase of power from other sources. The initiatives mentioned in the following paras have been taken up towards the development of Hydro Power Sector in the State.

The State Government has recently identified 29 nos. of small and medium range hydro power projects having a total capacity of about 305.76 MW. Three agencies are presently undertaking survey and investigation of these projects including formulation of the Detailed Project Reports (DPRs).

The 66 MW Loktak Downstream Hydroelectric Project which is to be located near Tousang village in Noney district is to be taken up by “Loktak Downstream Hydroelectric Corporation Limited (LDHCL)” a joint venture company formed between NHPC and State Government. Though the implementation of the project could not be taken forward due to non-signing of the Power Purchase Agreement (PPA) because of high tariff, the tariff has come down substantially to an acceptable rate after due persuasion from the State government. The mandatory PPA has been signed between LDHCL and MSPDCL on 31st August, 2020.

8.1.3 Transmission & Distribution:

At present, Manipur State Power Distribution Company Limited (MSPDCL) is the only distribution utility in the State using the services of both inter-State & intra-State transmission infrastructure.

8.1.3.1 Inter-State transmission infrastructure:

The bulk of the power requirement of the State is drawn from outside the State through the inter-State transmission lines. The existing inter-State transmission lines are (i) 132kV Loktak HEP to Ningthoukhong S/C line (ii) 132kV Imphal to Kohima D/C line (iii) 132kV Imphal to Dimapur D/C line (iv) 132 kV Leimatak – Rengpang - Jiribam S/C line (v) 132 kV Jiribam (PG)-Jiribam (State) S/C line (vi) 132 kV Imphal (PG) – Yurembam line (3 nos. of circuits) (vii) 33 kV Imphal (PG) – Yurembam multi circuit line (4 nos. of circuit) and (viii) 400 kV D/C transmission line from Silchar to Imphal (PG) (ix) Imphal–New Kohima –New Mariani 400kV D/C (KMTL). The inter-state transmission infrastructure is operated and maintained by Power Grid Corporation of India Ltd. (PGCIL).

MSPCL is constructing sufficient intra-State transmission & sub-transmission infrastructures all across the different regions of the State including the remotest area so as to provide quality power supply to every household. The installed capacity of Sub-stations added during the year 2023 and 2024 is shown in Table 8.1.

Table 8.1: Installed Capacity of Sub-Stations added for the year 2023 and 2024

Sl. No.	Particulars	Total Capacity (as on March)		Capacity Added (From the Previous Year 2021-22)
		2023	2024	
(1)	(2)	(3)	(4)	(5)
1.	400/132/33 kV transformation capacity (MVA)	945	945	-
2.	132/33 kV transformation capacity (MVA)	750.80	767.40	16.6
3.	33/11 kV transformation capacity (MVA)	938.65	941.65	3

Source: Manipur State Power Company Limited (MSPCL)

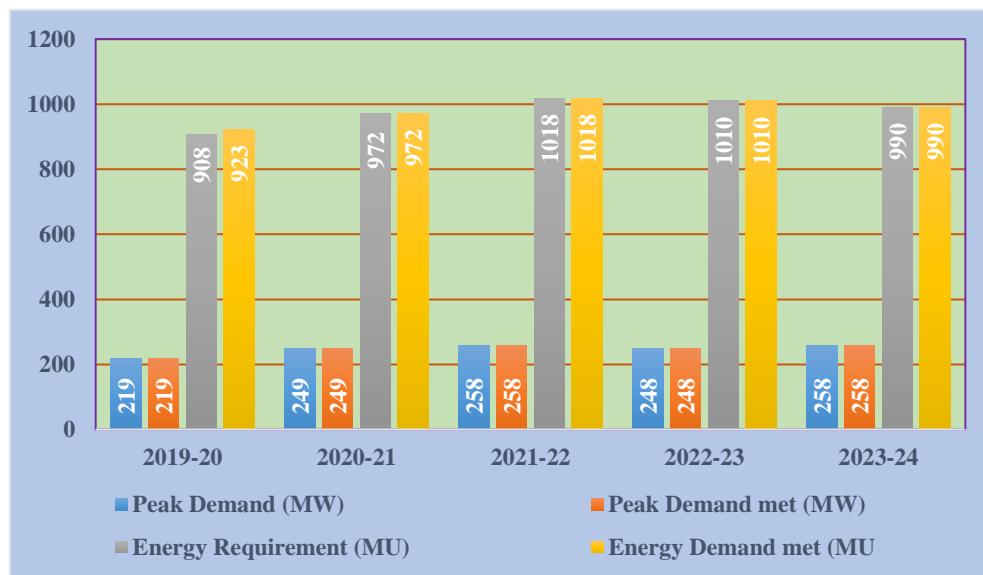

Though there is no added capacity in case of 400/132/33 kV transformations, installed capacity kept increasing in case of 132/33 kV and 33/11 kV transformations over the years.

8.1.4 Requirement of Power:

The requirement of power for the state for all categories of consumers has been gradually increasing year after year. Taking all sources of growth in the demand into account, the 19th Electric Power Survey of India under the aegis of Central Electricity Authority (CEA) forecasted the demand and the projected power requirement of the State.

The actual energy requirement and demand met for the last 5 years is shown in Fig. 8.1.

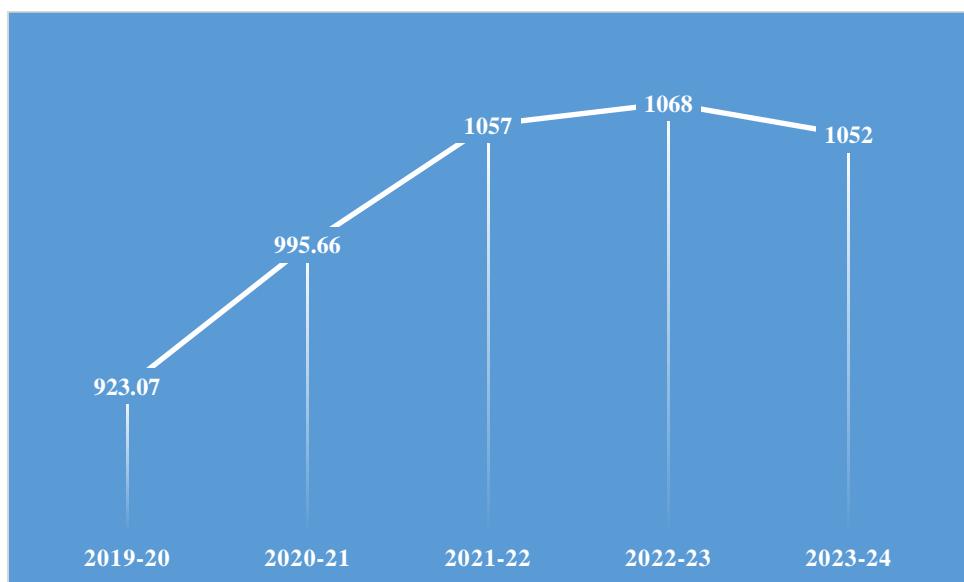

Fig. 8.1: Energy Requirement and Demand Met during last 5 years

Source: Annual Administrative Report, 2023-24, Manipur State Power Distribution Company Limited (MSPDCL)

Manipur has no sufficient power generation of its own while it needs more power to meet the ever-increasing demand. Electric energy in the State continues to be insufficient over the years. The power supply in Manipur depends on the share of power allocated from the Central sector plants and on purchase. The particulars of Net Energy Available for the State for the last five years are provided in Fig. 8.2. Free energy from Loktak HE Project for the State for 2022-23 was only 56.17 MU and Energy Purchase during the year 2022-23 was 1097 MU. The Net Energy (summation of Energy purchase, Free Energy from Loktak HE Project, Energy generated by the state and subtracting Energy Sold & Banked Energy) available for the year 2023-24 was 1052 (MU).

Fig. 8.2: Net Energy Available (MU)

Source: Manipur State Power Distribution Company Limited (MSPDCL)

Table 8.2 shows the details of Energy Available in Manipur during the year 2021-22 to 2023-24.

Table 8.2: Details of Energy Available in Manipur

Sl. No.	Particulars	2021-22	2022-23	2023-24
(1)	(2)	(3)	(4)	(5)
1.	Purchased (MU)	1103.91	1097	1139.21
2.	Free Energy from Loktak Hydro Electric Project (MU)	46.70	68.51	34.65
3.	Energy Generated by the State (MU)	Nil	Nil	Nil
4.	Energy Sold (MU)	54.28	68.76	135.00
5.	Banked Energy (MU)	(-)39.46	(-)28.99	13.00
6.	Net Energy Available (MU) [1+2+3-4+5]	1057	1068	1052

Source: Manipur State Power Distribution Company Limited (MSPDCL)

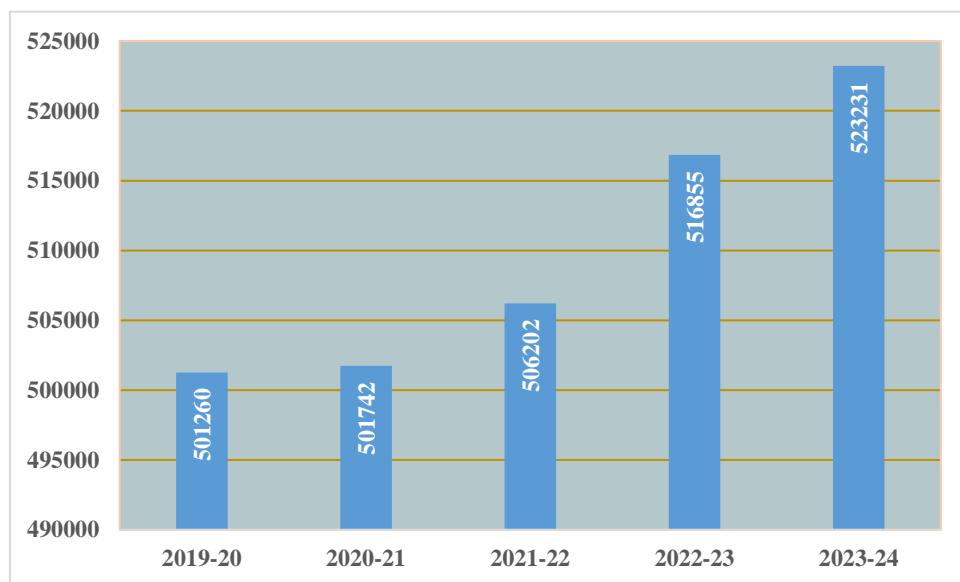

The generation of all the central sector power projects of North Eastern Region are shared among the states of the region as per the allocation made by the Govt. of India. During the year 2022-23, the allocated share of power for Manipur from the Central Sector Generating Stations in the North-Eastern Region of India is 242.99 MW. In addition to the above share of the State from the Central Sector Generating Stations, Manipur also receives another 10.50 MW of power from the TPGL, Agartala – Baramura Unit IV & V (Shared Project). As such the total power entitlement of Manipur stands at 253.49 MW.

As stated above major chunk of power supply for the State is through purchase. During 2022-23, 1097 MU of energy was purchased from Central Sector Power Generating Companies and Short-term Energy Market at a total cost of Rs. 573.65 Crores. The outstanding dues/arrears payable to the Central Sector agencies as on 31st March, 2022 was Rs. 89.24 Crores. To make up the dues, MSPDCL has been taking up resource mobilisation initiatives such as detection and disconnection of unauthorised consumers and spot collection of revenue; installation of prepaid energy meters; regularisation of unauthorised / illegal consumers etc.

8.1.5 Power Consumption:

The household sector is the largest consumer of electricity in Manipur. The consistently increasing year-wise number of consumers for the last five years is shown in Fig.8.3.

Fig. 8.3: Total Number of Consumers

Source: Annual Administrative Report, 2023-24, MSPDCL

The total number of 5,23,231 consumers as reported during 2023-24 is of different categories. Of the different categories, domestic consumers claim around 91 per cent of the total consumers. Next to domestic consumers, Commercial and Kutir Jyoti consumers are the two important categories of consumers. The Category-wise number of consumers in Manipur is depicted in Table 8.3.

Table 8.3: Number of consumers by categories in Manipur, 2023-24

Sl. No.	Category	Number of Consumer
(1)	(2)	(3)
A. LT Supply		
1.	Kutir Jyoti	13942
2.	Domestic	474689

6.	Bulk Supply	426
Total		523231

Source: Annual Administrative Report, 2023-24, MSPDCL

8.1.6 Rural Electrification:

With the initiative to electrify all census villages by the Ministry of Power, Government of India several schemes were taken up such as Rajiv Gandhi Grameen Vidyutikaran Yojana (RGGVY) subsumed to Deen Dayal Upadhyaya Gram Jyoti Yojana (DDUGJY). Manipur achieved 100 per cent electrification of all its villages as per Census 2011, becoming the sixth state in the North East to achieve this feat. The electrification of all villages in Manipur was achieved through a concerted effort by the State and Central governments.

8.1.7 Renewable Energy:

In order to achieve the mission of the Ministry of New and Renewable Energy (MNRE) - *Energy Security; Increasing the share of clean power; Energy Availability and Access; Energy Affordability and Energy Equity-* Manipur Renewable Energy Development Agency (MANIREDA) has been entrusted the responsibility of implementing all renewable energy programmes in the State. Cumulative achievements of MANIREDA in the implementation of

Renewable Energy sector projects/ programmes in Manipur upto the year 2020-21 is 19.60 MW, comprising of 5.5 MW in grid connected solar systems and 2.89 MW in off-grid/isolated solar systems. The achievement of various Renewable Energy Scheme/ Project for the last five years i.e., 2019-20 to 2023-24 is shown in Table 8(a) of Part II.

In order to reduce the present problem of acute power shortage in the State, MANIREDA has taken up various activities such as:

Implementation of 19,550 Nos. of 75W LED Solar Street Lighting System

Distribution of 60,664 nos. of Solar Study Lamps

Renovation of 15 kW Off-grid SPV Power Plants each at nine Deputy Commissioner's offices

Renovation/conversion of existing Off-grid 40kWp SPV Power Plant at Raj Bhawan, Imphal

Besides the above initiatives, many more projects as listed below, are also in the pipeline

Renovation of existing 5kWp Off-grid SPV power plants each at 18 police stations in hill districts of Manipur including 5 years MPWC;

Renovation of existing 5kWp Off-grid SPV power plants each at 15 police stations in valley districts and three police stations in hill districts of Manipur including 5 years MPWC

Renovation of existing 25kWp Off-grid SPV power plants each at three district hospitals-Thoubal, Moreh & Churachandpur and State Academy of Training, Takyelpat including 5 years MPWC

Installation of Solar Water Pump (50 Nos.) under Component-B of PM-KUSUM

8.1.8. Steps for Enhancing Power Supply Position in the State:

8.1.8.1 Works Completed during the last 2 year:

Completed augmentation of 132/33 kV Sub-Station at Kongba with additional 20 MVA under North Eastern Region Power System Improvement Project (NERPSIP) funding.

Inaugurated three 33/11kV Sub-Stations (i) 2 x 5 MVA, 33/11 kV Sub-Station at Top-Khongnang-Makhong (ii) 2x5 MVA, 33/11 kV Sub-Station at Sanjenbam and (iii) 2 x 5 MVA, 33/11 kV Porompat Sub-Station on 25th December, 2021 under NERPSIP.

Inaugurated two 33/11kV Sub-Stations (i) 2x5 MVA, 33/11 kV Yairipok Sub-Station and (ii) 2 x 5 MVA, 33/11 kV Sub-Station at Wangoi on 31st October, 2021 under IPDS.

Inaugurated one 2x10 MVA, 33/11 kV Gas Insulated Sub-Station (GIS) at Thongju, on 27th September, 2021 under NERPSIP.

Foundation stone laid for five 33/11 kV Sub-Station at Tousem, Chingai, Somdal, Kachai, Sanakeithel in Ukhrul District on 30th December, 2021 under State funding.

Inaugurated five sub-stations at Ibudhou Marjing, Leimapokpam, Hiyangthang, Moirang Palli, and Heirok on 13th June, 2022.

Completed installation of Automatic Demand Management Scheme (ADMS), a pilot project at four power sub-stations at Kakwa, Mongsangei, Thoubal and Wangjing under PSDF funding (100 per cent) grant.

8.1.8.2 Ongoing Works:

132 kV Transmission System

Construction of 132kV S/C Line (2nd Ckt.) on D/C towers from Leimatak PH (NHPC) to Ningthoukhong

Construction of 132 kV link transmission line for optimum evacuation of power from 400/132 kV sub-station at Thoubal to 132 kV sub-station at Moreh.

33 kV Sub-Transmission System

Under NEC, a sub-station at the site of Loktak Downstream HEP at Thangal.

Under State Plan, 14 nos. of sub-stations at Paoyi, Thuyeng, Chingai, Somdal, Akampat, Liyai Khunou, Kachai, Sanakeithel, Joujangtek, Oinam, Nampisha, Nambashi, Khongjaron and Gwakhal.

Works taken up under PGCIL

Under the ambitious North Eastern Regional Power System Improvement Project (NERPSIP) scheme (50:50 funding pattern) by World Bank & Government of India, the following works are at various stages of construction.

Two new 132/33 kV sub-stations at Gamphazol and Tamenglong along with associated 132 kV lines.

Augmentation of existing 132/33 kV sub-station at Jiribam, Rengpang and Ningthoukhong

Restrung of Imphal – Karong – Mao 132 kV line.

Stringing of 132 kV S/C Imphal- Ningthoukhong line on D/C tower.

Stringing of 132 kV S/C Rengpang-Tamenglong line on D/C tower.

Two nos. of 33/11 kV S/S at Takyel & Lamphel.

8.2 Transport and Communication :

Transport and Communication is the basic infrastructure needed for generation of economic activities and for bringing about prosperity and well-being of the state in which connectivity is still a big issue. A well-developed transport and communication system plays a vital role in ensuring sustained economic growth. Development activities of this sector generate large employment opportunities. Manipur is served basically by two means of transport viz., roads and airways in the minimal presence of rail network and waterways. The existing facilities of transport and communication are not adequate which continue to be a major constraint in the development process of the state.

8.2.1 Roads:

Roads may be described as the lifeline of the people of the state. Major portion of the State is characterized by difficult hilly terrains and the surface transport is the only means of connecting these difficult terrains. As such good roads have a special importance as vital infrastructure for speedy economic growth of the State. In other words, all the development activities depend largely on the road transport facilities. Hence, high priority is given in the plans and programme

for construction of roads for enhancing connectivity of different parts of the State that will eventually lead to economic development of the State.

The total length of roads in Manipur is 18,437 Km. (out of which 9,920 Km is under State PWD) which comprised of 1,724 Km. of National Highways, 764 Km. of State Highways, 1,286 Km. of major district roads, 1,128 Km. of other district roads and 13,535 Km. of village roads. A well planned and developed road network in Manipur will support overall economic and social development of the State through promoting growth across all sectors such as agriculture, horticulture, industry, and tourism.

8.2.1.1 National Highways:

The national highway (NH) system is the primary road grid of the State. The total length of national highways in Manipur is 1723.595 Kms. Out of which the length of NH under PWD, Manipur is 310.64 Kms. only, while 1407.955 Kms. are under National Highway and Infrastructure Development Corporation Limited (NHIDCL) and the remaining 5.00 Kms. are under Border Road Organisation (BRO). The break-up of the length of NH in the State is shown in Table 8.4.

Table 8.4: Length of National Highways in Manipur

(in Kms.)

National Highways	Agencies			Total
	PWD	BRO	NHIDCL	
(1)	(2)	(3)	(4)	(5)
1. NH-02(Old NH-39)	7.740	-	98.775	106.515
2. NH-02 (Old NH-150)	1.640	-	323.000	324.640
3. NH-202 (Old NH-150)	23.360	-	183.000	206.360
4. NH-102 (Old NH-39)	9.680	-	100.400	110.080
5. NH-37 (Old NH-53)	3.220	-	218.780	222.000

Total	310.640	5.000	1407.955	1723.595

Source: Annual Administrative Report, 2023-24, Public Works Department, Manipur

Among the national highways, NH-02 (previous NH-39), which is popularly known as Imphal-Dimapur road, is considered first lifeline of the state. The road connects Manipur with the rest of the country. The stretch of the highway from Mao (in Senapati district) to Imphal is also a part of the upcoming *Trans Asian Highway* connecting India with Thailand via Myanmar. With

respect to the distance, time consumption for travelling the road is very high due to the difficult hilly terrains, pathetic road condition, frequent landslides on the hilly tracts and other unwanted interferences on the highway. Consequently, transportation cost is exceptionally high.

The next important national highway, the second lifeline of Manipur, is the NH 37 (previous NH-53) which is generally known as New Cachar road. The highway connects Manipur with the rest of the country through Silchar in Assam. It passes through dense forests and difficult terrains of Tamenglong district which remain, by far, the most inaccessible and backward district in the state. News of frequent cut off of the road due to landslides during the rainy season is very common. The deplorable road condition increases the time taken to cover the distance and thus the cost of transportation.

8.2.1.2 State Highways and Major District Roads:

The next important roads that are highly responsible for improving the connectivity of the State are State Highways and major district roads. State highways and major district roads form the secondary road system and take care of collection and distributary functions. The district wise length of road according to category is presented in Table 8.5.

Table 8.5: District wise Length of Road under State PWD during 2023-24

Source: Public Works Department, Manipur

Besides the ongoing projects, there are three pipeline projects to be implemented by PWD, Manipur as externally aided projects with financial assistance from Asian Development Bank (ADB) and Asian Infrastructure Investment Bank (AIIB).

8.2.1.3 Externally Aided Projects:

Construction of Imphal Ring Road

Imphal Ring Road Project is being taken up to enhance urban mobility of the capital city and to provide a rapid access to all important establishments. The project is designed to promote the use of public transport system and to reduce the dependency on the private vehicles. It also aims to introduce the use of e-vehicles which shall enable to mitigate the adverse climate change.

Manipur Urban Road Drainage and Asset Management Improvement Project (MURDAMIP)

The Department of Economic Affairs (DEA), Ministry of Finance, Govt. of India has approved and posed the project “Improvement of Roads within Imphal City with Rigid Pavement including Concrete Lined Drains” to Asian Infrastructure Investment Bank (AIIB) for financing up to an amount of US\$ 352.40 Million (INR 2,812.85 Crore).

Manipur State Roads Improvement Program (MSRIP)

The project is aimed to develop a comprehensive State roads improvement program to address connectivity issues and focus on planned development of the State by developing the institutional ecosystem for the road subsector in Manipur. The Department of Economic Affairs (DEA), Ministry of Finance, Govt. of India has approved and posed the project to ADB for financing up to an amount of US\$ 3.60 Million (INR 27.00 Crore).

8.2.2 Development of Transport in the State:

I. Helicopter Service Under MHA 75 per cent Subsidy Scheme:

Under the Ministry of Home Affairs (MHA), Government of India Helicopter Service scheme for the “North Eastern Region, UT of Jammu & Kashmir, UT of Ladakh and State of Himachal Pradesh”, the Government of Manipur is operating Non-Scheduled Operators Permit (NSOP) Helicopter service in the State since September, 2018. Under the scheme, Ms Global Vectra Helicorp Ltd. (GVHL) is operating helicopter service to Jiribam, Moreh and Tamenglong from Imphal International airport. A summary of passenger footfalls in different routes are presented in Table 8.6.

Table 8.6: Number of Passengers Enjoyed the Heli Service

Years	Total numbers of passengers (all routes)	Route	Remark
(1)	(2)	(3)	(4)
2019-20	4991	Imphal–Jiribam–Imphal Imphal–Tamenglong–Imphal Imphal–Moreh–Imphal	From August, 2019 to 31 st March, 2020
2020-21	3697	Imphal–Jiribam–Imphal Imphal–Tamenglong–Imphal	i. Helicopter service was stopped due to COVID-19 pandemic from June to September, 2021
2021-22	8121	Imphal–Jiribam–Imphal Imphal–Tamenglong–Imphal	ii. Imphal–Moreh–Imphal route was stopped due to unavailability of regular passengers since 16 th February, 2020
2022-23	9579	Imphal–Jiribam–Imphal Imphal–Tamenglong–Imphal	
2023-24	10527	Imphal – Jiribam – Imphal Imphal – Tamenglong – Imphal Imphal – Moreh – Imphal Imphal – Churachandpur – Imphal Imphal – Lairouching – Imphal Churachandpur – Aizwal – Churachandpur Lairouching – Dimapur – Lairouching Imphal – Ukhrul – Imphal	
Total	36915		

Source: Department of Transport, Manipur

From the above table, it may be concluded that the heli service is serving its purpose of connecting the remote areas with State capital from the increasing number of passengers.

II. Regional Connectivity Scheme (RCS) - UDAN 2 . 0 Scheme:

Under the Regional Connectivity Scheme Ude Desh ka Aam Naagrik (UDAN) 2.0 scheme of the Ministry of Civil Aviation, Government of India has approved and sanctioned an amount of Rs. 52.13 crores for construction and development of five heliports at Jiribam, Moreh, Parbung, Thanlon and Tamenglong. This is expected to provide air connectivity to the remotest parts of the State and further boost the tourism sector while also enhancing the relief & rescue and medical emergency operations of the State Government.

Further, to improve regional connectivity among the North Eastern States, Tezu – Imphal and Imphal – Tezu, Imphal – Aizwal and Aizwal – Imphal flights were launched on 26th September, 2022 and 31st October, 2022 respectively under the RCS – UDAN scheme of Ministry of Civil Aviation, Government of India.

III. Project of Laying Broad Guage (BG) lines From Jiribam to Imphal (110. 625 Km):

Started in 2003-04 and declared as National Project in February, 2005 with total anticipated cost of Rs. 19,517.70 crore for the project.

Phase wise Progress:

Phase-I: (Jiribam to Vangaichungpao: 11.80 Km.) was commissioned in March, 2017.

Phase-II: (Vangaichungpao to Khongshang, 43.56 Km.) was flagged off by the President of India on 13th October, 2022.

Phase-III: (Khongshang to Tupul, 28.59 Km.) to be re- constructed since Tupul Railway station, which was almost completed construction, was destroyed by landslide on 22nd June, 2022.

Phase-IV: (Noney to Imphal, 37.02 Km.) it is targeted to be completed by December, 2026.

IV. New Project of Laying Railway Lines from Imphal to Moreh (111 Kms):

Final location survey of Imphal-Moreh railway line has started and targeted date for commissioning of the line is planned within six years.

V. Waterway Projects:

Besides the surface transport, railways and air connectivity, waterway projects are also taken up in the State.

A. Loktak Inland Waterways Improvement Project

The Ministry of Shipping, Govt. of India approved a project under the central sector scheme for augmentation of machinery and infrastructure inputs for waterway cleaning at Loktak lake at an estimated cost of Rs. 25,58,78,000/- . Though the 1st instalment has been released

by the Ministry, project work could not be started by Loktak Development Authority, Manipur due to a pending court case.

B. Barak Inland Water Transport Project

Project Profile for Barak Inland Water Transport Project for development of Barak Extension (65 Kms.) stretch has been submitted to the Ministry of Shipping/Inland Water Authority of India.

VI. Manipur State Transport (MST):

The Manipur State Transport (MST) was revived on 25th June, 2017 to provide connectivity between hill and valley districts by providing inter-district MST bus service on the routes where the private service providers hardly ply. At present the MST buses are plying in 22 different routes with total fleet of 33 buses.

VII. Vehicle Tracking System Under Nirbhaya Framework:

Transport Department is in the process of implementing the tracking and monitoring of the public transport vehicles for safety of women and children under the Nirbhaya Scheme in the financial year 2023-24. The total cost of the project is Rs. 10.40 crore with the funding pattern of 90:10 from the MoRTH. The Ministry has released Rs 5.496 crore (80 per cent) to initiate the process of development of Monitoring Centre.

VIII. E-payment/ E-Challan:

In order to streamline the payment process, improve transparency and accountability, and check leakage of government revenues, Transport Department has initiated work on digitizing the entire payment chain for various services provided by the department. An MoU was signed with SBI to integrate SBI e-Pay with VAHAN (registration) and SARATHI (issue of Driving License) software to make all payment system completely online for all services. The E-Challan system has also been introduced for charging penalties on traffic violators by the Traffic Wing of Police Department and Enforcement Team of Transport Department. For this also an MoU has been signed with SBI for supply of E-Challan machines, payment integration etc.

IX. Dealer Point Registration System:

With the launching of ‘Dealer Point Registration’ by Hon’ble Chief Minister, Manipur, entering of the particulars of vehicle owner/ purchaser name, and payment of MV tax, etc. are to be done from the dealers’ end and the same will be checked & verified by the concerned District Transport Office (DTO) and accordingly, the Registration No. will be assigned. This will tremendously decrease the time lag for registration of vehicles from months to less than seven days and also minimize the number of backlog/ pending cases of registration of vehicles.

X. Institute of Drivers Training & Research Centre (IDTRC) under MoRTH:

Manipur now have its own driving training centre with the inauguration of Institute of Driver Training & Research Centre (IDTRC) at Top Dussera, Imphal East, which was constructed

under Ministry of Road Transport and Highway (MoRTH) at the cost of Rs. 12.79 crore. The Centre will impart driving training, both theoretical and practical to the existing and aspiring drivers.

XI. Manipur Electric Mobility Policy, 2022:

The Manipur Electric Mobility Policy, 2022 has come into force on 16th August, 2022. To encourage early adoption of Electric Vehicles (EVs) by general public, subsidy is provided by the government in the form of waiver in the Motor Vehicle Tax (MV Tax) levied at the time of registration of newly purchased EVs in the State. The MV Tax waiver for the following EVs purchased and registered in the State during the policy period is shown in Table 8.7.

Table 8.7: Motor Vehicle Tax Waiver per Type of Vehicle for the year, 2023-24

Sl. No.	Type of Electric Vehicle	Number of vehicles targeted in 5 yrs.	Subsidy per vehicle
(1)	(2)	(3)	(4)
1.	E-Rickshaws (Passenger)	105	30% waiver on MV Tax
2.	M-Cycle/ Scooter	88	30% waiver on MV Tax
3.	Motor Cap	1	30% waiver on MV Tax
4.	Motor Car	545	20% waiver on MV Tax
5.	Omni Bus (Private use)	1	20% waiver on MV Tax
6.	Three Wheeler (Passenger)	38	30% waiver on MV Tax

Source: Department of Transport, Manipur

The total numbers of e-vehicles that has availed the above concession in MV tax since the announcement of the Policy till 31st March, 2024 is given in Table 8.8.

Table 8.8: No. of EV's availing MV Tax Waiver as on 31st March, 2024

Sl. No.	e-Vehicle Class	Total Number of Registrations
(1)	(2)	(3)
1.	E-Rickshaws (Passenger)	475
2.	M-Cycle/ Scooter	211
3.	Motor Cap	1
4.	Motor Car	1158
5.	Omni Bus (Private use)	1
6.	Three Wheeler (Passenger)	88
7.	E-Rickshaws with cart	5
Total		1939

Source: Department of Transport, Manipur

XII. Motor Vehicles:

Registration of motor vehicles is the prime responsibility of the State government. The total number of motor vehicles registered in the State for the year, 2023-24 is 19589. The district wise details of motor vehicles registered in the State are presented in the Table 8.9.

Table 8.9: District wise Number of Registered Motor Vehicles in Manipur

Districts/ State	Bus	Truck	Auto-rickshaw	Mini Bus	Car	Tractor	Two-wheeler	Taxi	Others	Total
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)
1. Senapati	6	15	1	0	98	1	10	0	2	133
2. Kangpokpi	0	13	144	0	7	0	5	0	1	170

Manipur	18	545	305	4	4234	20	14193	10	260	19589

Source: Department of Transport, Manipur

Of the total number of vehicles registered, 72.45 per cent are two-wheeler, 21.61 per cent are cars, and 1.56 per cent are auto-rickshaws. Imphal West has the highest number of registered vehicles followed by Imphal East. Among the hill districts, Churachandpur has the highest number of registered vehicles.

8.3 Information & Communication Technology (ICT):

Information and Communication Technology (ICT) has the potential to affect many aspects of economic and societal activities such as GDP growth, employment, productivity, poverty alleviation, quality of life, education, and healthcare. ICTs play a pertinent role in economic growth and development of India. ICTs are also expected to have an important impact on the

transparency and responsiveness of governmental agencies, education and healthcare opportunities, cultural creativity, and social integration of individuals with diverse cultural backgrounds. ICTs play an important role in the development of the State also. The State Government is actively promoting the use of IT to improve governance and service delivery. The use of IT increases efficiency, transparency, accountability and accessibility. The State Government has launched a number of schemes for the development of IT in the State.

8.3.1 eOffice:

eOffice has been implemented across the entire State Government offices and is running successfully since 2020. Further, in order to spread the benefit of eOffice and to ensure transparent and efficient delivery of government schemes and services, eOffice is being extended to 40 number of colleges/schools under Government of Manipur. eOffice has been awarded with Chief Minister's Award for Good Governance in 2021.

8.3.2 Information Technology Special Economic Zone (IT SEZ):

Towards developing an IT industry in Manipur, Government of Manipur is setting up an Information Technology Special Economic Zone (IT SEZ) over 10.85 hectares of contiguous land at Mantripukhri, equally divided into Processing Zone and Non-Processing Zone. The State Government has identified Cyber Corporation Manipur Limited (CCML) as a Special Purpose Vehicle for implementation of the IT SEZ project. The Manipur IT SEZ Project is now at the following stage:

8.3.2.1 World Bank Funding for Manipur Infotech eNabled Development (MIND) Project:

A Detailed Project Report (DPR) with a project cost of Rs. 418 crore was submitted for approval to the World Bank through Department of External Affairs (DEA), Government of India for IT SEZ Manipur. The objective of the project is "to promote digital skills and entrepreneurship, increase access to broadband in project areas and to enhance and secure the foundations for digital government in Manipur". The project has obtained the World Bank's Board Approval and loan signing is envisaged shortly.

8.3.2.2 Hotel and Hospital in the Non-Processing Zone:

A 60-rooms hotel and a 75-bedded multispeciality hospital envisaged to be set up in the Non-Processing Zone are currently at RFP circulation stage.

8.3.2.3 Residential Apartments:

Work order has been issued to M/s Variety Trades Complex for construction, development and marketing of residential complex. It will house a total of 154 flats having 2, 3 & 4 BHK. Construction works are going on and estimated to be completed by the end of 2024.

8.3.2.4 Centre for Invention, Innovation, Incubation and Training (CIIIT):

MoU has been signed between DIT and Tata Technologies Limited for development of Centre for Invention, Innovation, Incubation and Training (CIIIT) in the Non-Processing Zone of IT

SEZ. CIIIT will train 2,000 trainees per year in latest technologies viz IoT, Robotics, Electric Vehicles and make Manipur youths ready for high tech jobs.

8.3.2.5 Manipur Technology Innovation HUB (MTI-HUB):

MoU has been signed between DIT and KIIT-Technology Business Incubator (KIIT-TBI), KIIT University, Bhubaneswar. Construction of MTI-HUB shed has been completed and interior works are at finishing stage. Currently operating from a temporary shed in Manipur IT Park activities like roadshows, training startups on how to pitch to investors have been commenced.

8.3.2.6 Industry Linked Training for 2000 trainees in IT/ITES:

A skilling and placement programme of 2,000 trainees from Manipur in the IT/ITES sector was taken up during June, 2022. Under the first batch training, a total of 1200 trainees have been placed in BPO companies. A proposal has also been submitted for second batch of training for 2,000 trainees in conventional BPOs (1000 trainees), Health Sector (500 trainees) and Programming and Coding (500 trainees).

8.3.2.7 HCL TechBee:

An MOU has been signed with HCL Technologies to provide IT skilling for the youths of Manipur, empowering them with world class training, experience in global projects and jobs in multi-national companies. ‘TechBee’ is a one-year training programme for students who have passed class XII standard and upon completion of the programme, students are guaranteed a placement at HCL Technologies where they can pursue their higher education with leading universities while working simultaneously. Government of Manipur has agreed to pay a subsidy of Rs. 50,000/- for the first 500 candidates from Manipur against the training fee of Rs. 1,00,000 (excluding GST) for HCL TechBee training program. So far, 239 students have been selected for the interview for the said training programme, of which about 100 candidates have been onboarded and 70 have started their training.

8.3.3 Indian Institute of Information Technology (IIIT):

For imparting international level IT Education, Indian Institute of Information Technology (IIIT) has been set-up in Manipur and is functional from its city campus located at Mantripukhri, Imphal. The institute is in its 9th year of existence where eight academic sessions have commenced so far with a total of 839 students enrolled and a total of 232 students have graduated till date.

8.3.4 MyGov Manipur:

MyGov is citizen engagement platform of the Government of India which was launched by Hon'ble Prime Minister of India on 26th July, 2014. MyGov Manipur has been actively posting numerous posters and videos on different topics, including birth anniversaries, dissemination of state and central government schemes, state, national and international observance days, general knowledge, prominent personalities, etc.

8.3.5 Wireless Connectivity/ SWAN:

Towards establishing of reliable data network in the State, State Wide Area Network (SWAN) connectivity of horizontal office of District Headquarters & Block Headquarters has been completed and operational. Existing SWAN network has been upgraded by providing a bandwidth capacity of 40 to 50 Mbps at cheaper cost using wireless technology so as to enable better communication and information sharing to allow the officers to work more effectively, resulting in cohesive administration.

8.3.6 e-District Project:

e-Services Manipur is a mission mode project with 35 numbers of end-to-end online services for nine departments under Government of Manipur which was launched during 2016 covering erstwhile nine districts of the State where citizens can avail services like Birth Certificate, ST/SC/OBC Certificate, Domicile Certificate, Income Certificate, Registration Certificate for employment exchange, etc. without having to go physically to the concerned office. Further, with the creation of seven new districts in the State, the e-District Project has been augmented for the process flow with respect to seven new districts and the same has been operational in 16 districts. e-Services Manipur has been awarded GOLD award in "Public Digital Platforms- State Category" for Digital India Awards 2022 by the Hon'ble President of India on Saturday, 7th January 2023, at Vigyan Bhavan, New Delhi.

8.3.7 4G Saturation Project:

Union Cabinet in its meeting held on 27th July, 2022 has approved 4G Saturation project to provide 4G mobile services in about 25,000 uncovered villages in remote and difficult areas throughout the country to be completed in 500 days starting from 28th July, 2022. 897 uncovered villages in the State were surveyed by BSNL Manipur and State Government and 155 sites have been identified for installation of Mobile Tower/BTS and 12 number of 2G & 3G towers will be upgraded to 4G towers which will cover 295 villages in total.

8.3.8 5G Roll-out:

Hon'ble Prime Minister of India on 1st October, 2022 has launched the 5G Services in India with an objective to transform various sectors which includes Agriculture, Health, Industry, Disaster Management, Transport & Logistics, etc. The Chief Minister of Manipur has also launched the 5G Network on 21st December, 2022 in the State.

8.3.9 Establishment of Drone Pilot Training School:

Drone is a revolutionary technology that offers multi-dimensional benefits to almost all sectors of the economy like agriculture, medical supplies, surveillance, disaster & emergency response, transportation, geo-spatial mapping, defence, law enforcement, etc. Drones can be a significant creator of employment and economic growth due to their reach, versality and ease of use especially in remote and inaccessible areas. Accordingly, Government of Manipur is setting up a Drone Pilot Training School in the State.

8.3.10 Revival of State Data Centre Manipur:

The State Data Centre (SDC) has been identified as one of the important elements of the core infrastructure for supporting e-governance initiatives of National e-governance Plan (NeGP). The State Government has initiated for revival of Manipur State Data Centre (MSDC) with the latest technologies to introduce the concept of convergence to reduce IT infrastructure resources with maximum utilization of IT resources for secure hosting of government data in its own premises. Currently, 22 websites and six applications for various departments under Government of Manipur are hosted at Manipur State Data Centre.

8.4 Irrigation:

Providing sufficient and assured irrigation along with the use of good variety seeds and other necessary crop supplements is very much required to realize the objectives of self-sufficiency and improvement of the standard of living of the farmers in the State.

The State, although geographically small in area, is comparatively rich in water resources especially in surface water due to the presence of number of lakes and river basins. Lake as well as river water is important for irrigation purposes. The possibilities of tapping ground water for irrigation purpose are very limited as the knowledge of hydrological conditions prevailing in Manipur is incomplete.

To lessen the high dependence on erratic monsoon for agriculture, tapping the potential sources of irrigation is extremely required. Some of the measures taken up by the Government for providing sufficient irrigation in the State are mentioned in the following paras.

8.4.1. Major and Medium Irrigation Projects:

The State has taken up the following eight major & medium irrigation and multipurpose projects till date. They are: (i) Loktak Lift Irrigation Project; (ii) Khoupum Dam Project; (iii) Sekmai Barrage Project; (iv) Imphal Barrage Project; (v) Singda Multi-purpose Project; (vi) Thoubal Multi-purpose Project; (vii) Khuga Multi-purpose Project; and (viii) Dolaithabi Barrage Project. Of these eight projects, five projects have already been completed and three projects viz. (i) Thoubal Multi-purpose Project; (ii) Khuga Multi-purpose Project; and (iii) Dolaithabi Barrage Project are still going on.

The ongoing projects could not be completed in time due to fund constraint in the earlier part and issues related to rehabilitation and resettlement. However, these projects have been included in the Prime Minister's Package and 99 Priority Projects of the Ministry of Jal Shakti for early completion.

The benefits from the completed, partially completed and ongoing projects may be accounted from the irrigation potentials created. The status of total irrigation potential created upto March, 2023 is 51,763 Hectares. In addition, 1,200 ha. and 900 ha of low lying areas of Loushipat and Poiroupat respectively has already been reclaimed after having been taken up as a part of Thoubal Multi-purpose project.

8.4.2 Minor Irrigation Schemes:

The scope of minor irrigation is very large due to the existence of numerous small valleys in the far-flung hill districts and gentle slopes all over the State where permanent terraced fields are to be constructed for cultivation. Even for plain areas in the valley districts supplementary irrigation is to be provided during the dry spell of monsoon and drought by minor irrigation schemes, whereas in permanent terraced fields in the hill districts, irrigation is to be provided by contour canals throughout the monsoon as water from the elevated terraced plots reaches towards the lower plots (basin). Even though minor irrigation scheme is very small, their overall impact is quite substantial. Therefore, emphasis is to be laid on the minor irrigation schemes.

Since the minor irrigation scheme plays a significant role for the State, maximum priorities are given to accelerate the minor irrigation activities. Most of the minor irrigation schemes such as Pradhan Mantri Krishi Sinchayee Yojana (PMKSY) under Ministry of Jal Shakti, NABARD, NLCPR/ NEC schemes under Ministry of Development of North Eastern Region (MDoNER), Govt. of India are implemented under the sponsorship of Central Plan.

Minor irrigation schemes mainly taken up in the State may be broadly categorised as (a) Surface (River) Lift Irrigation Scheme; (b) Surface Flow Scheme; (c) Ground Water Schemes; (d) Rain Water Harvesting (RWH) Schemes etc.

The achievements of programmes taken up under different schemes during 2023-24 against its target is shown in Table 8.10.

Table 8.10: Physical Targets and Achievements of Different Minor Irrigation Schemes

Name of Scheme	2023-24					
	Physical Target			Achievement (upto Jan., 2024)		
	Hill	Valley	Total	Hill	Valley	Total
(1)	(2)	(3)	(4)	(5)	(6)	(7)
i. Pick up Weir	1.05	0.96	2.01	0.52	0.45	0.97
ii. River Lift Irrigation (RLI)	0.00	0.26	0.26	0.00	0.12	0.12
iii. Irrigation Tank/RWH	0.42	0.20	0.62	0.25	0.10	0.35
iv. Construction of Dug Well & Tube Well	0.64	1.42	2.06	0.08	0.30	0.38
Total	2.11	2.84	4.95	0.85	0.97	1.82

Source: Department of Minor Irrigation, Manipur

During the year 2023-24, total physical target could not be achieved both in hill and valley districts. However, achievement percentage is comparatively higher in valley districts.

8.4.3. Steps for Improving Irrigation Facilities :

The various measures and schemes being implemented in the State for enhancing irrigation facilities are:

A. Pradhan Mantri Krishi Sinchayee Yojana (PMKSY)

In order to provide assured irrigation in the fields and to promote agricultural activities of the farmers like double cropping, multiple cropping, plantation of cash crops etc., under Pradhan Mantri Krishi Sinchayee Yojana – Har Khet Ko Pani (PMKSY-HKKP) the following two centrally sponsored schemes have been sanctioned during 2020-21. The projects are (i) 375 Nos. of Surface Minor Irrigation Schemes and (ii) Construction of 550 Nos. of Tube & Dug well.

B. North Eastern Council (NEC) Sponsored Schemes:

- i. Construction of a Concrete Weir across Heirok Litan Makhong;
- ii. Construction of Pick up Weir across Loklai river at Penjang Churachandpur;
- iii. Construction of a Gated Weir across Yaralkhong at Gurupat, Imphal East; and
- iv. Construction of Mini Barrage across Langathel River nearby Lamlong Khunou, Thoubal District.

C. Rural Infrastructure Development Fund (RIDF), NABARD

Construction of 550 Nos. of Delivery Chamber and Branch Channel for Ground Water Irrigation under NABARD (RIDF-XXVI Tranche) Schemes in Valley and Hill Districts were sanctioned in 2020-21 by the NABARD-RIDF

D. North East Special Infrastructure Development Scheme (NESIDS)

A total of 18 Nos. of work under NESIDS's One Time Central Assistance for re-building totally washed away/damaged infrastructure during floods in 2017 is being taken up in the State

E. Rain Water Harvesting (RWH)

The Government of India had accorded One Time Special Assistance (OTSA), under central plan scheme, to take up RWHS in ten places during 2018-19. The works were taken up at Tamei (Tamenglong District), Nungshai Chiru Village (Kangpokpi District), Mantripantha (Chandel District), Ramrei Village (Kamjong District) and Val Veng Lamka (Churachandpur District)

F. Drought Mitigation Programme

During 2021-22, the Government was able to provide assured irrigation to the dry spell like situation in various parts of valley districts due to shortage of rainfall in the State by operating 204 Nos. of RLI Station. Thus, saving around 3160 Ha of dry spell like situation in various paddy field of valley districts

G. Focus Area Programme to increase Double Cropping

The Focus Area Programme for increasing double/rabi cropping was initiated during the year 2019. Under this, the Government has made commitment for providing assured irrigation to the areas where M.I. Schemes are available for promoting double/rabi cropping. Since its inception, the programme has been able to achieve minimum coverage of 1,000 Ha every year through some Surface Flow Weir Scheme and RLI stations

H. Command Area Development Programme

With the objective of integrating all the activities crucial for increasing agricultural productivity and production in the command area of irrigation projects leading to better utilisation of irrigation

potentials created by major & medium and minor irrigation projects, Command Area Development Programme has been laying emphasis on On-Farm-Development works such as development of field channels, field drains, land levelling, enforcement of proper system of Warabandi, supply of inputs and services including strengthening of extension services, selection and introduction of suitable cropping pattern, development and maintenance of the main and intermediate drainage and modernization, maintenance and efficient operation of irrigation system.

Cumulative physical achievement made under ongoing Command Area Development and Water Management (CAD & WM) Programme is shown in the Table 8.11.

Table 8.11: Cumulative Achievement made under CAD & WM Programme

(*'000 hectare*)

Sl. No	Name of work	Cumulative Achievement up to 2022-23			Cumulative Achievement up to 2023-24		
		Valley	Hill	Total	Valley	Hill	Total

8.5 Banking and Institutional Finance:

Bank plays an important role in the economic development of a state. Without a sound effective banking system, no country can have a healthy economy. It is the financial institution that performs several functions like accepting deposits and lending. Banks play the most important role in connecting those who have capital with those who need capital. Banks also help to stimulate economic development by financing for various projects that can create jobs, increase productivity, and drive economic growth. The need for a well-developed banking system in the economic life of the State is incomparable. Growth of industry and trade has necessitated the development of banks and other financial institutions.

8.5.1 Scheduled Commercial Banks:

Commercial Banks, an important segment of the banking organizations, accept deposits and provide short term loans and also discount bills of exchange and perform other subsidiary and general utility functions. In India, Scheduled Commercial Banks are categorized into five different groups according to their ownership and/or nature of operation namely (i) State Bank of India (ii) Nationalised Banks (iii) Regional Rural Banks (iv) Foreign Banks and (v) Other Indian Scheduled Commercial Banks (in the private sector). The total number of banking offices in Manipur for the year 2020-21 to 2023-24 is in Table 8(b) of Part II.

The Banking scenario of Manipur has undergone a sea-change over the years. As on 31st March, 2024 there are 260 scheduled commercial banking offices in the State as against 223 in 2019-20 as seen in Table 8.12.

Table 8.12: Distribution of Scheduled Commercial Bank Offices in Manipur

Year	Number of Bank Offices (as on 31 st March)			
	Rural	Semi Urban	Urban	Total
(1)	(2)	(3)	(4)	(5)
2019-2020	88	59	76	223
2020-2021	88	64	62	214
2021-2022	107	60	60	227
2022-2023	114	68	58	240
2023-2024	127	73	60	260

8.5.1.1 Growth of Deposit and Credit:

From the aggregate deposits and credits of banks including RRB and Co-operative Bank in the State, the Credit-Deposit ratio was worked out to be 68 per cent in 2021-2022 which increased to 83 per cent in 2023-24. The trends in deposit and credit of banks of the State over the past few years may be seen in the Table 8.13.

The district wise position of Deposits, Advances, and Credit-Deposit Ratio (CDR) are provided in Table 8 (c) of Part-II.

8.5.2 Institutional Finance:

The Directorate of Institutional Finance is basically entrusted to coordinate with various Government Departments, Corporations, Boards, Financial Institutions, Reserve Bank of India and Government of India in the matters relating to implementation of government sponsored programmes, particularly those having bank credit components.

DIRECTORATE OF INSTITUTIONAL FINANCE plays a key role in the banking development for the State such as expansion of bank branches, monitoring of credit flow, priority sector lending, and implementation of credit-linked employment generating /poverty alleviation schemes, financial inclusion by opening basic accounts, direct benefit transfer, and digital payments etc.

8.5.2.1 Opening of Bank Branches in Unbanked Blocks:

To promote financial inclusion and to extend the banking network in the unbanked blocks (i.e., blocks without a bank branch) in the State, the Sub-Committee of State Level Bankers Committee (SLBC), Manipur had been made bank-wise allocation for opening of their branches in the unbanked blocks. Out of the initially identified 27 blocks (unbanked), bank branches have been opened in 16 blocks and opening of the bank branches in the remaining 11 blocks is under progress. Out of the newly identified 12 unbanked blocks (besides the initial 27 unbanked blocks), bank branch has been opened in only one block, i.e., at Kangchup Geljang TD Block, Kangpokpi.

8.5.2.2 Opening of Bank Branches at Unbanked Urban Local Bodies (ULBs):

Some of the Municipal Councils/Nagar Panchayats in the State are without bank branch which had hampered the trade and development of these Municipal Councils/ Nagar Panchayats. SLBC, Manipur identified these ULBs and made the bank-wise allocation for opening bank branches at these unbanked ULBs. Thus, bank branches have been opened at four ULBs in Imphal East, Imphal West, Kakching and Bishnupur Districts and bank branches have not yet opened at seven ULBs.

8.5.2.3 Number of Bank Branches and ATM Booths in the State:

For providing proper banking facilities in the State, functioning of the banks, banking committees and ATMs are closely monitored. As on 31st March, 2024, there are 260 bank branches, 394 ATM Kiosks and 5,987 CSPs in the State. The district wise Bank branches, ATMs and CSPs can be seen in Table 8.14.

Table 8.14: District wise Number of Bank Branches and ATM Booths

(As on 31st March, 2024)

Sl. No.	Name of District	Number of Bank Branches	Number of ATMs	CSPs
(1)	(2)	(3)	(4)	(5)
1.	Senapati	17	17	102
2.	Kangpokpi	14	11	25
3.	Tamenglong	5	1	35
4.	Noney	6	1	17
5.	Churachandpur	23	32	349
6.	Pherzawl	0	0	5
7.	Chandel	4	4	29
8.	Tengnoupal	7	6	21
9.	Ukhrul	8	6	152
10.	Kamjong	2	1	4
11.	Imphal East	37	30	519
12.	Jiribam	5	2	22
13.	Imphal West	78	220	3544
14.	Bishnupur	22	14	390
15.	Thoubal	21	31	687
16.	Kakching	11	18	86
Total		260	394	5987

Source: Directorate of Institutional Finance, Manipur

Districts like Kamjong, Chandel, Tamenglong and Jiribam have very few bank branches. There is not even a single ATM booth in Pherzawl district, though there are 5 CSPs. There is only one ATM each for Tamenglong, Noney and Kamjong districts while Jiribam got two ATMs.

8.5.3 Pradhan Mantri Jan-Dhan Yojana (PMJDY):

Pradhan Mantri Jan-Dhan Yojana is a National Mission on Financial Inclusion encompassing an integrated approach to bring about comprehensive financial inclusion of all the households in the country. It envisages channeling all government benefits (from Central/ State/ Local Bodies) to the beneficiaries' accounts and pushing the Direct Benefits Transfer (DBT) scheme of the Union Government. An effort is being made to reach out to the youths of our country to participate in this programme. Account can be opened in any bank branches or business correspondent outlets. PMJDY accounts are being opened with zero balance. As on 31st March, 2023, the number of accounts opened under PMJDY is 11,01,691, and the number of operative CASA (Current Accounts and Saving Accounts) is 30,92,021.

9. SOCIAL INFRASTRUCTURE

Development of social infrastructure is a crucial need for a welfare state. The Government of Manipur has been making several efforts continuously for all-round development prioritizing the sectors like education, public health, water supply, social welfare, employment etc., for uplifting the quality of life of the people of the State.

9.1 Education:

Education is a lifelong process by which an individual acquires and accumulates knowledge, skills, attitudes and insights. Knowledge can be accumulated through the agencies of formal education such as schools, colleges, universities etc. and also through the informal agencies like family, social groups (clubs, associations, political parties, literary circle, debating societies, library, mass media radio, television, cinema, museum, tour etc.). It plays an important role in the socio-economic development of the State.

As per National Policy on Education, priority has been accorded to the universalisation of primary education for children in the age group of 6 to 14 years. Further, the Saansad Adarsh Gram Yojana (SAGY) was launched to provide rural India with quality access to basic amenities and opportunities and align adult literacy activities in Adarsh Gram located in Saakshar Bharat Districts with activities of SAGY programme. Again, Rashtriya Madhyamik Shiksha Abhiyan (RMSA), a centrally sponsored scheme, was launched by the Government of India on 2nd March, 2009 with the objective of enrolling students into classes IX to XII to achieve universalisation of secondary education by 2017 and full retention by 2020. In line with the programmes taken up at the national level, the State Government has taken initiatives to bring about progress in the field of education in Manipur.

9.1.1 Progress of Education:

There has been a great deal of accomplishment in the field of education since 1950-51. The number of institutions imparting occupational and technical education have shown a phenomenal increase. Among these, different types of institutions like those connected with agriculture, arts and commerce, engineering, medicine, physical education, teachers training etc. are emphatically included.

Located at Canchipur, Imphal, Manipur University was established on 5th June, 1980 under the Manipur University Act, 1980 (Manipur Act 8 of 1980) as a teaching-cum-affiliating University with territorial jurisdiction over the whole of the State of Manipur and it was converted into a Central University w.e.f. 13th October, 2005.

The Indira Gandhi National Tribal University (IGNTU), a Central University, opened in the State, is offering Post Graduate & M. Phil courses in certain arts subjects. Under an Act of the Manipur Legislative Assembly, a private university called the Sangai International University came into existence in 2015 and has provided different courses of study at Churachandpur. A State University called Dhanamanjiri University, Manipur at Imphal was set up by clustering the various DM Colleges along with GP Women's College and L.M.S. Law College under the relevant component of Rashtriya Uchhatar Shiksha Abhiyan (RUSA) and was approved by the project approval board of the RUSA National Mission Authority in the Ministry of HRD, Government of India on 13th May, 2014.

Bir Tikendrajit University is a private university in Imphal, Manipur. It provides Diploma, Under Graduate and Post Graduate programmes for various disciplines. It was established in 2020 and affiliated under University Grants Commission.

Central Agricultural University (CAU) is an agricultural University at Lamphelpat, Imphal, Manipur. The CAU was established by an act of Parliament, the CAU Act, 1992. The Act came into effect on 26th January, 1993 with the issue of necessary notification by the department of Agricultural Research and Education, Government of India. The University has integrated programmes of teaching, research and extension education.

The Government Polytechnic at Takyelpat, which was established in 1956 under the name of Adimjati Technical Institute, is offering courses on Civil Engineering, Electrical Engineering, Mechanical Engineering, Electronics and Communication Engineering and Pharmacy.

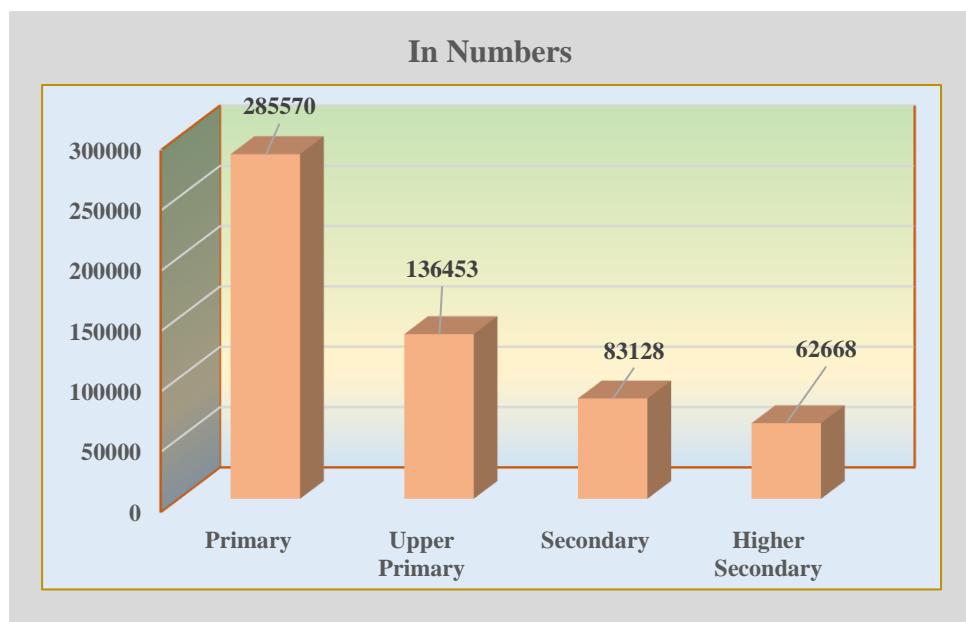

9.1.2 School Education:

As per the National Policy on Education 1986, a target had been set for the universalisation of primary education for children in the age group of 6 to 14 years. Under this policy, three aspects of elementary education viz. (i) universal access and enrollment (ii) universal retention of children upto 14 years of age and (iii) substantial improvement in the quality of education are to be achieved. Several programmes like National Programme of Nutrition support to primary education (Mid-Day Meal Scheme) and promotion of girls' education were also undertaken in the State. Under mid-day meal scheme, the State is providing 3 Kgs. of rice per student per month to the students of class I to V reading in Govt. and aided schools having primary classes. Under the scheme (Expanded Operation Blackboard) of the Govt. of India, minimum teaching learning materials, like teachers equipment, teaching learning materials, games materials, play materials, books for library, furniture etc. were procured for upper primary schools of the State.

The school level education is primarily looked after by the State Government. The high school stage of education comprising of classes from class IX to X are under the academic control of the Board of Secondary Education, Manipur. Higher Secondary Schools Education comprising of class XI to XII comes under the control of Council of Higher Secondary Education, Manipur. The number of students enrolled at different stages of schooling as on

31st March, 2024 is shown in Fig. 9.1 and district wise number of students enrollment is shown in Table 9 (a) of part II.

Fig. 9.1: Students Enrollment at Different Stages of Schooling in Manipur as on 31st March, 2024

Source: Unified District Information System for Education, Directorate of Education (S), Manipur

9.1.2.1 Key Programmes for the year 2023-24:

The Government plans to implement the following key programmes in 2023-24:

Creation of ICT assets and piloting e-governance plans to promote transparency and delivery of service.

Vocational education will be implemented in Higher Secondary Schools with the aim to prepare educated, employable and competitive human resource.

Timely release of Grant-in-Aid to schools to ensure better functioning of these schools.

Finalization of Private School Regulation Rules to regulate and streamline the functioning of private schools in the State.

Efforts to streamline effective teaching-learning activities in classrooms.

Organization of various training programmes for teachers to keep them abreast with the latest developments and Teachers' awards in recognition of professional excellence and commitment.

Ensuring coverage of children of the age groups 15-18 years under *Lairik Tamhalasi - No Child Left Behind Scheme* for enrollment in Government/ Government aided Schools for Classes IX-XII

To strengthen the initiatives of Nutritional Garden at school level so as to supplement the Mid-day Meal.

Conversion of Aided Schools to Government Schools.

Incentives to government school students who excel in High School Leaving Certificate Examination/ Higher Secondary Examination" in the year 2024.

9.1.2.1.1. Assistance for IDPs:

When the violence erupted on 3 May, 2023, the schools had been closed for summer vacation. Summer vacations were extended from time to time owing to the precarious law and order situation and keeping in view the safety of the students in priority. School started re-opening in a phased wise manner, for Class I to VIII from 5th July, 2023, for Class IX to XII from 10th August, 2023 and for Class Pre-primary from 16th August, 2023.

The Government appointed nodal officers for each of the relief camps. The nodal officers are tasked with the duties of i) Ensuring admission of displaced students, ii) Looking after other requirements such as text books, notebooks, stationery and school uniform, etc. iii) Issue of identity cards to students and iv) Coordinating with Board and Council.

A total of 15,915 students were identified and registered at the Relief Camps set up across the State. The displaced students were allowed free of cost admission to nearest feasible Government School of their choice and were provided with textbooks, stationery items, games & sports materials, track suits and school bags. The Government also relaxed the requirement of prior permission of BoSEM and CoHSEM for change of school for the violence affected students opting for change of school and has waived the fees to be charged for updation of registration with BoSEM and CoHSEM.

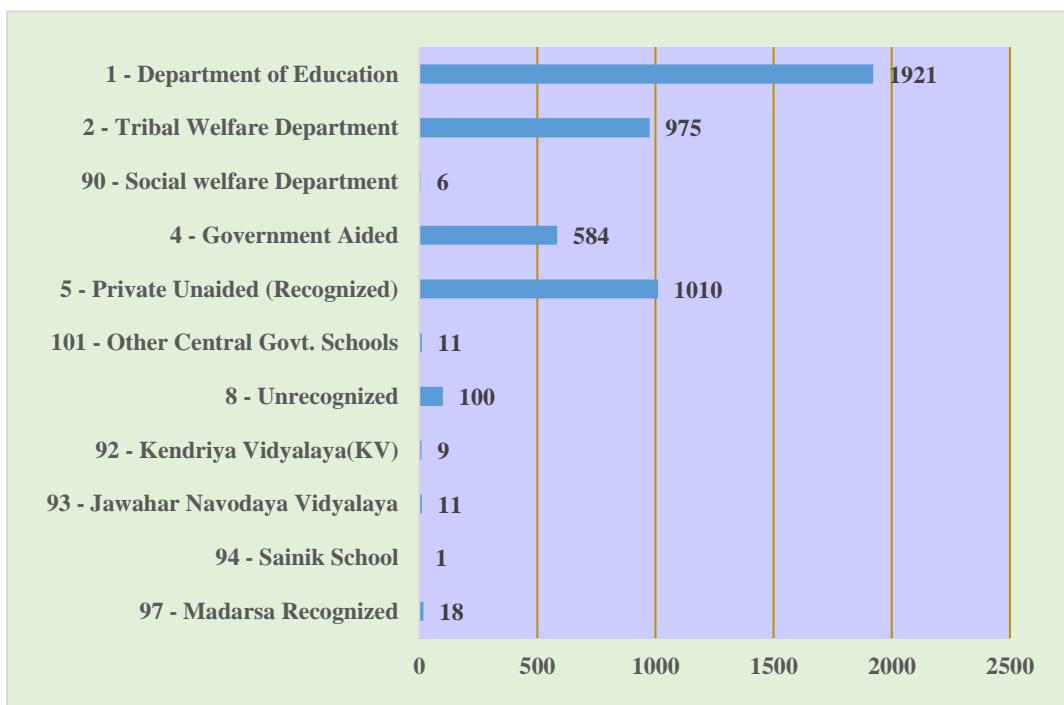

9.1.2.1.2. Remedial Coaching at Relief Camps:

In order to mitigate the learning loss arising out of the uncertainties due to the violence, the Government organized remedial coaching classes for displaced students in 9 (nine) affected districts/ educational zones viz., Imphal West, Imphal East, Thoubal, Bishnupur, Kakching, Wangoi, Churachandpur, Kangpokpi and Tengnoupal. A total of 71 (seventy-one) coaching centres have been proposed by the concern ZEO(s) after clubbing the relief camps wherever feasible.

9.1.2.2 Sarva Shiksha Abhiyan (SSA):

The objective of the Sarva Shiksha Abhiyan (SSA) Project is to ensure universal education for children in the age group of 6-14 years through proactive participation of community in a mission mode as envisaged under the Right to Education (RTE) Act. According to the Unified District Information System for Education (U-DISE), there are 4,646 schools in the State during 2023-24 which includes 2,447 Primary Schools (I-V), 944 Upper Primary Schools (VI-VIII), 967 Secondary Schools (IX-X) and 288 Higher Secondary Schools (XI-XII). The number of elementary schools by management in Manipur is shown in Fig. 9.2 and district wise number of schools in Manipur during 2023-24 is shown in Table 9(b) of Part II.

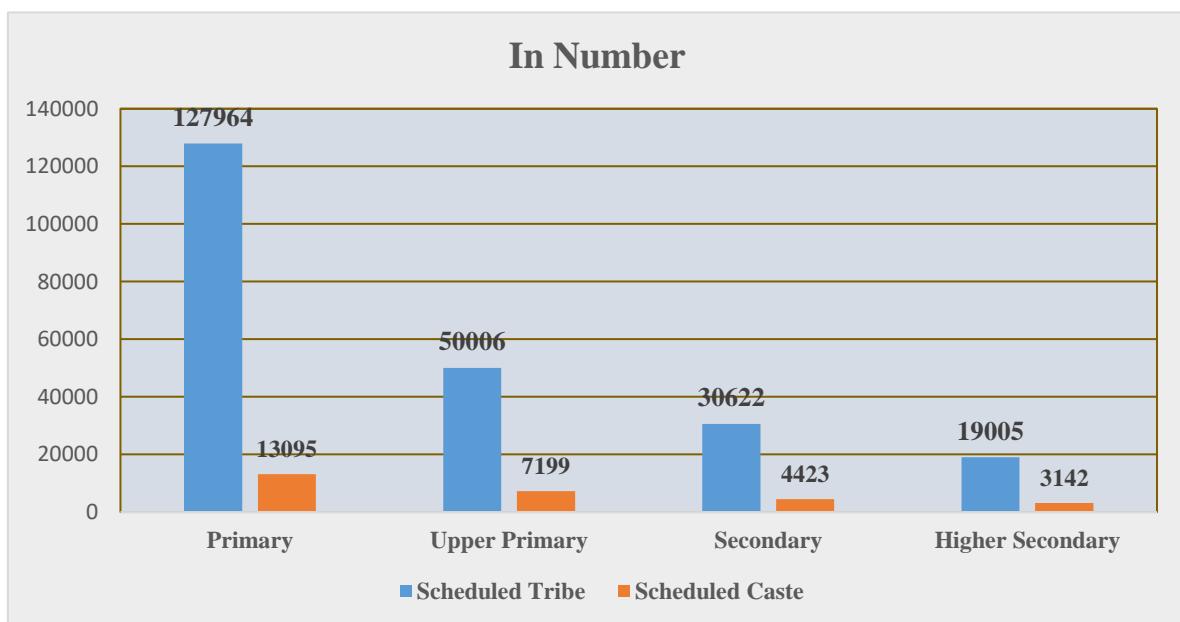

Fig. 9.2: Number of Schools by Management

Source: U-DISE, Directorate of Education (S), Manipur

As per U-DISE, the total number of enrollment in primary schools for ST is 1,27,964 while the total no. of Scheduled Caste is 13,095 during 2023-24. The ST & SC students' enrollment for the year 2023-24 is given in the Fig. 9.3. The district wise number of students enrollment for ST & SC can be seen at Table 9 (c) and 9 (d) of Part II respectively.

Fig. 9.3: ST & SC Students Enrollment in School Education in 2023-24

Source: U-DISE, Directorate of Education (S), Manipur

The number of teachers by management in the State is given in Table 9.1.

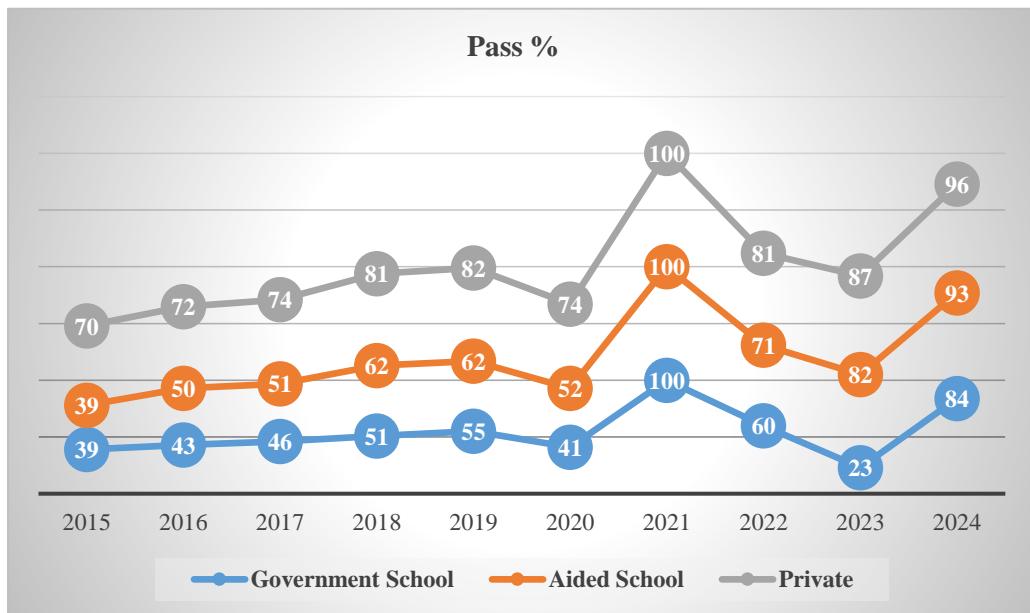

Table 9.1: Number of Teachers by Management in Manipur

Sl. No.	Management	Primary	Upper primary	Secondary	Higher Secondary	Total

Over the last ten years, the HSLC examination results have revealed distinct trends among government, aided, and private schools. Private schools have been performing better than Government and Aided School counterparts, with higher pass percentages and more students achieving distinction. This is attributed to better infrastructure, dedicated faculty, and access to resources. Aided schools show moderate performance, bridging some gaps between government and private institutions, but they still lag in achieving parity with private schools. Government schools, despite efforts to improve, face challenges such as limited resources, teacher shortages, and infrastructural issues, which reflect in their relatively lower pass percentages. However with the launch of School Fagathansi Mission (SFM) on 18th January, 2019, the Government Schools have improved performance in HSLC during 2024. The disparity highlights the need for targeted interventions to uplift government and aided schools to ensure equitable quality education. The results of HSLC Examination in the State for the last ten years is shown in Fig. 9.4.

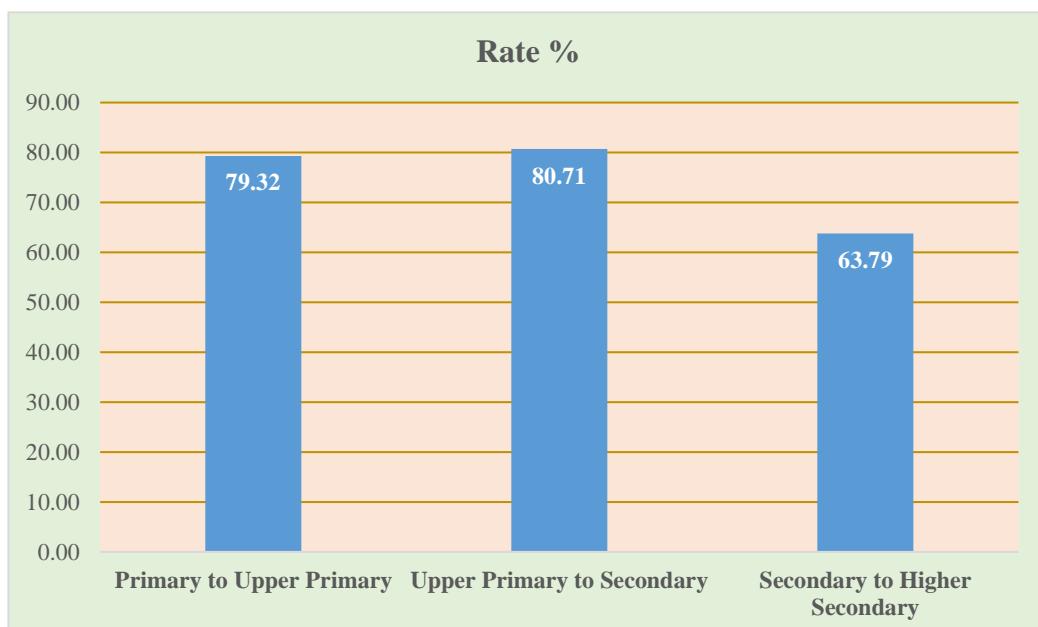

Fig. 9.4: Comparative Statement of HSLC Examination Results for the Last Ten years

Source: U-DISE, Directorate of Education (S), Manipur

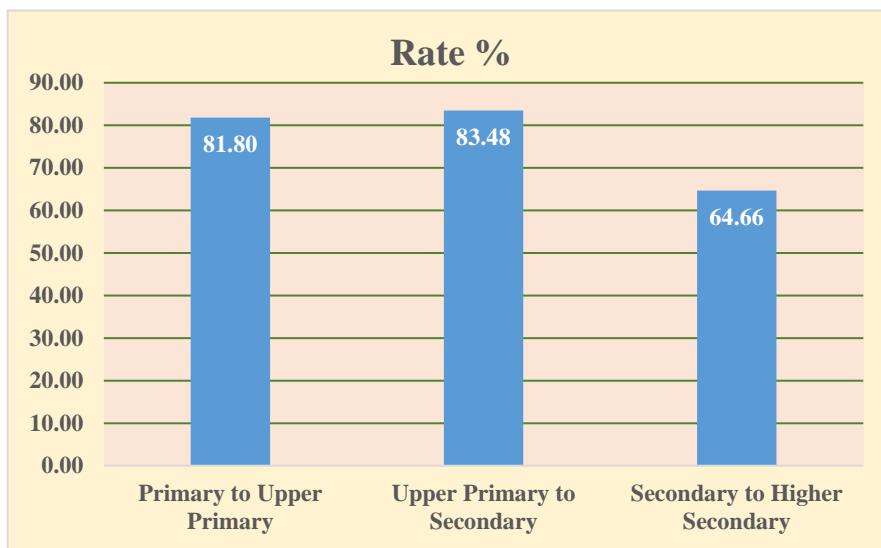

One of the important indicators in elementary education is the percentage of children moving from Primary to Upper Primary level (i.e. from Grade V to VI). During the period 2023-24, the transition rate of girls is higher than boys in all the levels of school education.

Fig. 9.5: Transition Rate of Boys

9.1.2.3 School Fagathansi Mission:

School Fagathansi Mission (SFM) was launched on 18th January, 2019 at a function held at Yumnam Huidrom High School, Wangoi A/C. The SFM was taken up with an objective to improve and up-scale the Government Schools in terms of increasing enrollment, improve teaching learning transaction, improve student performance, provide committed teachers, and fill up infrastructural gaps. One High or Higher Secondary School in each A/C was selected for the mission in first phase (29 High Schools and 31 Higher Secondary Schools). The schools shall have classes from Pre-Primary to Class-X or Class-XII except nine Higher Secondary Schools which have constraints in expansion. In the Phase-II launched in 2021, another 60 schools were covered. Foundation stone of these schools were laid on 17th August, 2019 at a function held at Cabinet Hall of Chief Minister's Secretariat and 26 schools have been inaugurated till March, 2022. Continuous and sustained monitoring by all concerned MLAs, DCs, ZEOs and the Education (S) Department is in place. Infrastructural gaps in each school have been identified and construction works have been started by the School Fagathansi Mission Management Committees headed by the concerned MLA of the Assembly Constituency.

9.1.2.3.1 Basic facts of the Mission so far:

Students' enrollment has increased by 30 per cent from 2019 session to 2022 session in schools covered under SFM-I whereas, an increase of 10 per cent is noted in SFM-II during the period.

Two schools per Assembly Constituency have so far been covered under Phase-I and Phase-II. The schools have become English Medium School. One nearby Anganwadi Centre (AWC) to be co-located in these schools. For the year 2023, total enrollment in these 120 schools covered under SFM was 36,623 which excludes students who will be admitted in Class-XI.

Committed teachers selected after the interviews are posted in a particular school for three academic years.

Child friendly classrooms, sufficient TLMs, etc. are taken care of. New furniture were provided, 106 new classrooms added, 687 classrooms repaired, 98 new toilets constructed, 32 Science Labs/ Libraries constructed, etc. under Phase-I.

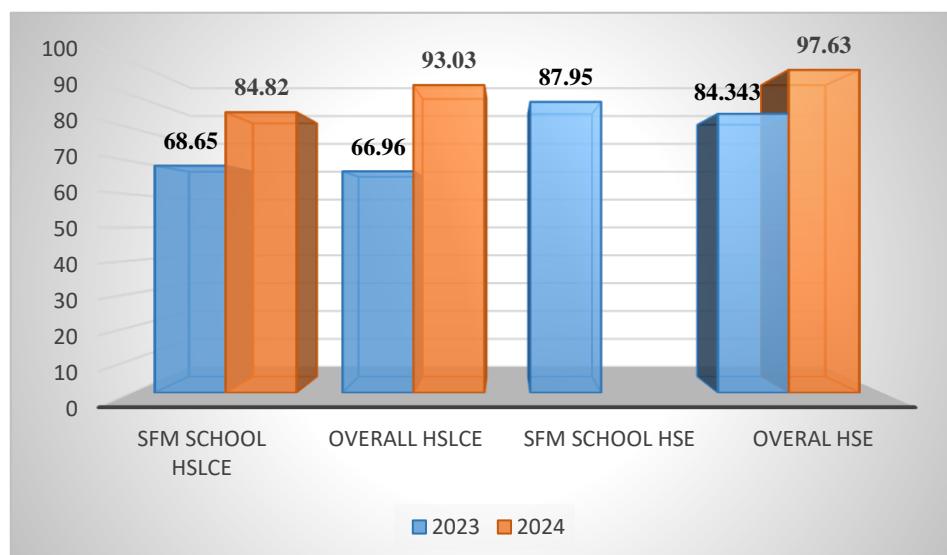

Approximately Rs. 50.00 crores have been released for Phase-I schools and Rs. 20.00 crores to Phase-II schools.

Works for Phase-II schools started recently.

9.1.2.3.2 Pass Percentage:

Pass percentage of students of schools covered under the SFM (both Phase-I & II) in the High School Leaving Certificate Exam (HSLCE) has 59.51 per cent in 2022, 68.65 percent in 2023 and 84.82 percent in 2024. Result in the Higher Secondary Examination (HSE) in respect of students covered under the SFM also showed improvement with 61.65 per cent pass percentage in 2019, 89.02 percent in 2022 and 87.95 per cent in 2023. It may be mentioned that the overall pass percentage of all government schools in the HSLCE-2024 and HSE-2024 are 93.03 per cent and 97.63 per cent respectively indicating that students of government schools covered under the SFM are doing better as compared with other government schools not covered under SFM.

Fig. 9.7: Pass Percentage of Students of Government Schools in HSLCE and HSE during 2023 & 2024

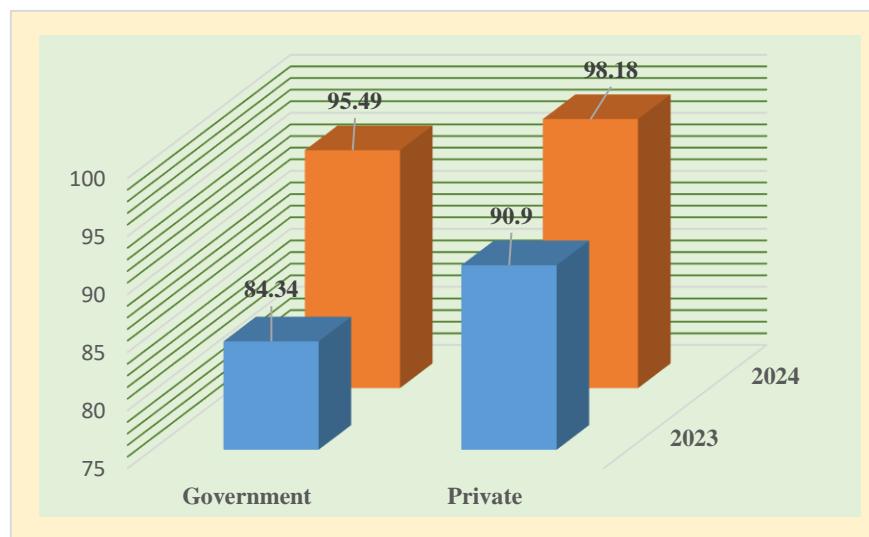

Source: Directorate of Education (S), Manipur

(a) Higher Secondary Examination:

Seven students of government higher secondary schools were among the position holders of HSLC Examination, 2023. Out of a total of 44 subjects in the Higher Secondary Examination, 2023, 17 students of government higher secondary schools scored highest marks in 14 subjects. Pass percentage of government/ private institutions in the Higher Secondary Examination for the year 2023 & 2024 is shown in Fig. 9.8.

Fig. 9.8: Pass Percentage of Government/ Private Institutions in the Higher Secondary Examination 2023 & 2024

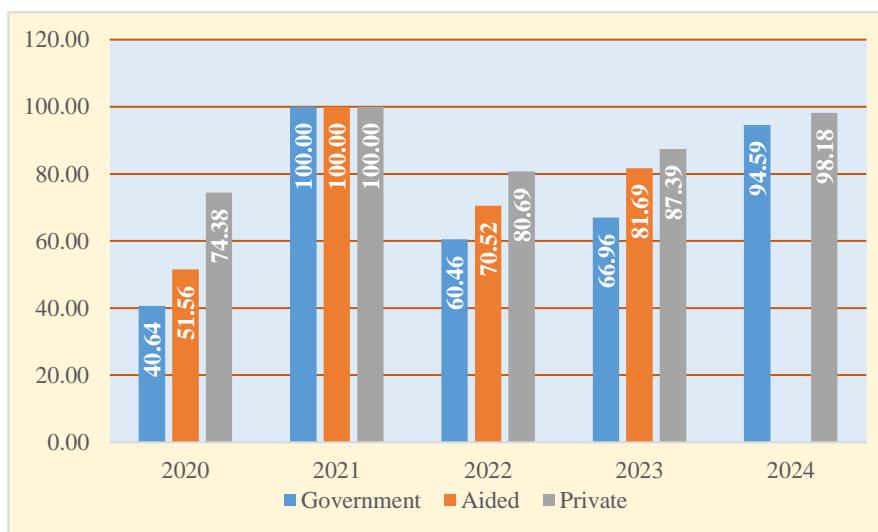

Source: Directorate of Education (S), Manipur

(b) High School Leaving Certificate Examination (HSLCE):

Comparative statement of students' pass percentage of different schools in the last five years is shown in Fig. 9.9. The pass percentage of Government schools improved from 40.64 per cent in 2020 to 94.59 per cent in 2024.

Fig. 9.9: Comparative statement of pass per cent of different category of schools in the last 5 years

9.1.2.3.3 Incentives to Government School Students who excel in High School Leaving Certificate Examination/ Higher Secondary Examination

Performance of students in government schools in the High School Leaving Certificate Examination/ Higher Secondary Examination conducted by the Board of Secondary Education, Manipur/ Council of Higher Secondary Education, Manipur was poor in the past.

With a view to attract enrollment of students and also to provide financial assistance to poor and marginalized students who often come to Government Schools, the Hon'ble Chief Minister of Manipur, in his address on the eve of Well Wishing Ceremony on 28th February, 2018 at the Hapta Kangjeibung, Imphal announced incentives to students of Government Schools who excel in High School Leaving Certificate Examinations and Higher Secondary Examinations starting from the examinations conducted in 2018.

The salient features/ provisions of the scheme are:

The scheme aims to promote a sense of competitiveness among students in government schools who are appearing in Class-X and Class-XII exams.

The scheme has two components: (i) State level awardees who topped in the HSLCE/ HSE and (ii) District level awardees who topped at district level in HSLCE/ HSE.

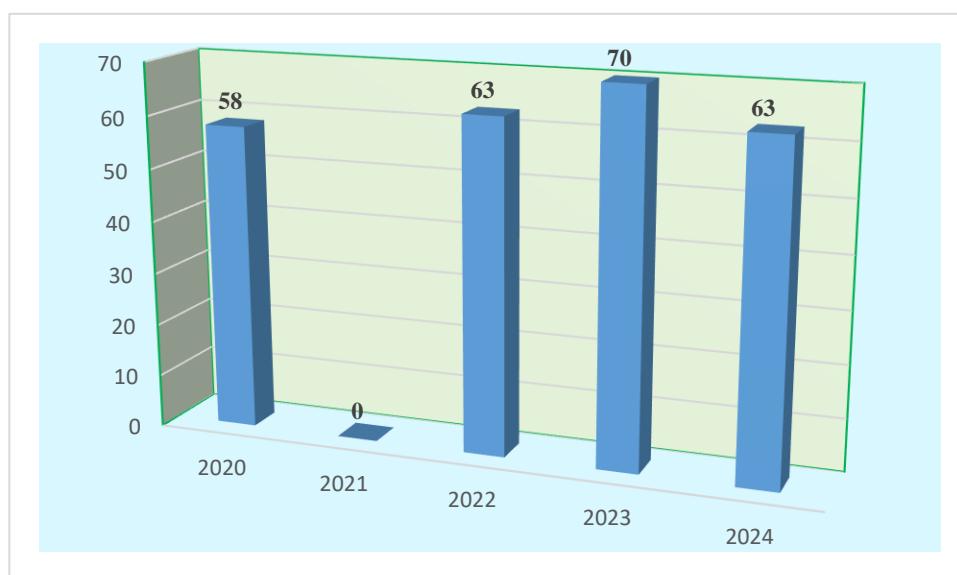

The scheme also aims at providing financial assistance to enable poor but outstanding children studying in government schools to further their study beyond schools.

1 st position holder in HSLCE/ HSE	: Rs. 5,00,000/-
2 nd position holder in HSLCE/ HSE	: Rs. 4,00,000/-
3 rd position holder in HSLCE/ HSE	: Rs. 3,00,000/-
4 th position onwards	: Rs. 1,00,000/-
1 st position in district	: Rs. 50,000/-
2 nd position in district	: Rs. 25,000/-

Benchmark for the District level awards is a minimum of 70 percent marks in the respective examinations.

Number of awards given to student is shown in Fig. 9.10.

Fig. 9.10: Number of Awards given to Student in HSLCE/HSE during 2020 to 2024

Note: Exams were not conducted in 2021

9.1.2.3.4 e-Content/ e-Learning:

In view of the unpredicted crises, the world over due to the spread of Novel Corona Virus/ COVID-19 and the nationwide lockdown, our school students have lost a lot of instructional days due to closure of schools.

To mitigate these losses and to keep the students abreast with their syllabi in such trying times and considering the urgent need to adopt digital/ e-learning platforms as one of the alternative means of learning, Samagra Shiksha, Manipur in collaboration with the Department of Education (Schools), Manipur has initiated and prepared class specific e-content for such e-learning platforms.

9.1.2.3.5 Radio Class:

Samagra Shiksha, Manipur in collaboration with All India Radio has initiated the production of the drama based educational programme called RADIO CLASS in All India Radio, Imphal. The main objective of the programme is to provide distance learning to the students of class VI to XII through radio broadcasting to enable the learners receive low-cost teaching and attempt to reach out to the needy students who do not have access to internet.

Further, at the end of every episode students are allowed to join question and answer round, and the winner is awarded with a cash prize of Rs. 200 – Rs. 500. This competition indeed motivated our young students to participate in Radio Class.

9.1.2.3.6 Comic Textbook:

Comic textbooks are planned to be beyond comic strips and targeted to achieve better and higher objectives of learning for students of the State and beyond irrespective of the schools and regions where they belong to. There will not be a replacement of the existing school textbooks at the moment but no one can deny the impact of comic strip in classrooms in the days to come. Though comic textbooks may not be real substitutes for the conventional school textbooks, we cannot deny the fact that books in such form allow children to have fun in reading in the absence of teachers.

The importance of such books in the ongoing days of COVID-19 pandemic is a case in point. The initiative which was started in 2019-20, has so far completed the development of 153 stories for Class 3-5 EVS, Mathematics and English textbooks. Utmost care has been taken to relate the stories to the cultures and traditions of the State. Efforts have also been made to cover the concepts and chapters of the entire textbook (Mathematics, Language/English, Environmental Studies) and also to cover all the Learning Outcomes for the specific classes and subjects. All comic textbooks are uploaded in DIKSHA Portal.

9.1.2.3.7 Lairik App/ Lairik website:

Adaptation of e-platforms in the sector of education in the State has rather been late. The possibilities and opportunities that can be explored in using e-platforms for education has been strongly felt and a small step towards a giant shift has now been taken in the school education sector in Manipur. All trainings and workshops are now being documented in either booklet or digital form for future reference and training purposes. A Mobile app called

“LAIRIK” is available in Play store for all the students. All digital e-contents are available in it. This is an initiative taken by Samagra Shiksha Manipur to provide access to knowledge and education to the students of classes 1 to 12.

The State Government has also launched e-learning website for students studying in classes 1 to 12. The e-learning website is only for students studying in schools affiliated to Manipur Board and Council of Higher Education. The website has 85 bi-lingual audiovisual classes. Both the domains lairik.net and laireek.net are owned by the government so as to avoid piracy. The Education Minister of Manipur made a remark that, ‘The launch of the website and Mobile app marks the new chapter in the history of education in Manipur as students can go through the lessons for easier self-learning.’

The website will have audio-visual e-content for all the 200+ subjects (from Class 1-12) with compulsory subjects first. The project, on completion, will produce above 2,000 hours of digital audio-visual e-content.

9.1.2.3.8 Jio TV Channel:

Manipur’s first ever dedicated educational TV Channel called “Lairik” was launched under the platform of Jio TV to provide benefit to both the teachers and students. Through the channel, students can watch the contents easily on a mobile phone instead of depending on a TV unit. Smart phones or even Jio Phone is capable of showcasing Jio TV. Lairik channel will be visible across India.

Lairik, which means book, can show programmes in local language as well as in English. Live programmes like classroom sessions can also be integrated within it. The channel can be watched anywhere in the country. Jio TV is providing the platform to Manipur government for running the educational channel free of cost.

9.1.2.3.9 YouTube Channel:

More than 1000 videos of e-content are available in Department of Education -School YouTube Channel and Facebook page. This channel has been subscribed by more than 30,000 subscribers & 1,37,700 viewers.

9.1.2.3.10 No School Bag Day on every working Saturday– Joyful Day:

The State Government introduced “*No School Bag Day*” on all working Saturdays in respect of all children studying in classes I-VIII in Government/ Government Aided/ Private Unaided Schools in the State with the objectives of making schools joyful places of learning, building positive culture amongst the children, providing platform for innovative ideas and to reduce the stress and harmful effects of carrying heavy bags by the young children.

Motivating students to think creatively and express their thoughts, besides enhancing their personality and providing them better opportunities to participate in social activities on Saturdays.

The students would participate in extra-curricular activities such as PT, games, debate, painting, quiz and drawing etc.

No School Bag Day gave more age-appropriate activities that have thematic connotation to social and environmental wellbeing, personal hygiene, physical and mental health, games and sports, cognitive development, etc.

Heads of schools, in consultation with class/ school teacher(s), chalk out list of activities for each class/ section in advance and inform students/ parents accordingly to be taken up in month wise. Stocking of adequate number/ quantity of drawing-painting equipment, charts and maps, gardening equipment, toy making materials, comic books, story books, etc. have been main activities taken up.

9.1.2.3.11 Best Practice in the State:

Kitchen garden is one of the best practices done by the State under MDM Scheme. Many schools are now attempting to develop more kitchen garden in schools. With an innovative idea, the State has introduced 103 Composite School Nutrition Garden in all districts and all are in good progress. Social audit shall be conducted in the near future to bring more awareness about the scheme.

Food security allowance is distributed through parents or directly to the children at schools by maintaining SOP of COVID-19 Pandemic.

9.1.2.3.12 Notes and Solutions:

The Department of Education (S), Manipur had prepared notes and solutions for students learning in Class I to XII for all subjects with the help of concerned subject teachers. The notes and solutions prepared are uploaded in Lairik App which is available at Google play store at free of cost.

9.1.2.4 National Achievement Survey (NAS):

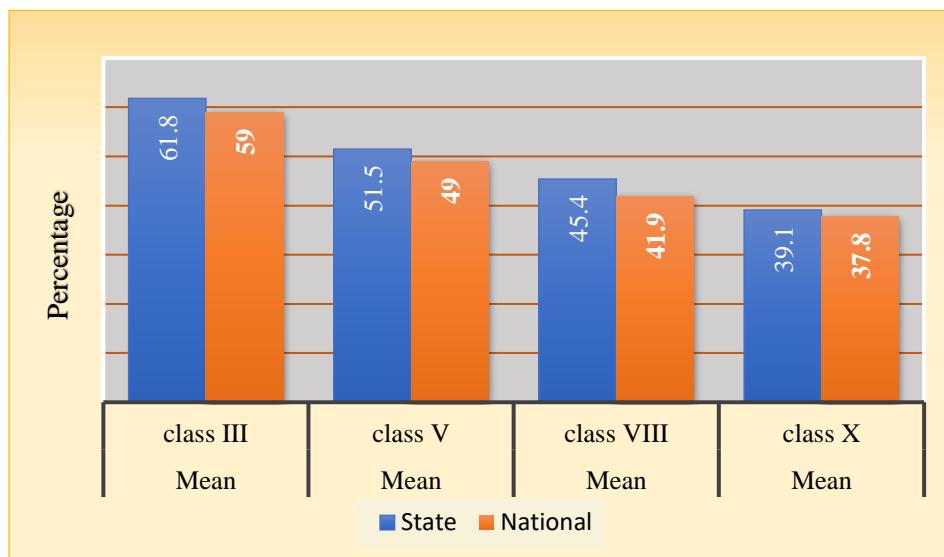

National Achievement Survey (NAS) is a nationally representative large-scale survey of students' learning undertaken by the Ministry of Education, Government of India. NAS gives a system level reflection on effectiveness of school education. Findings help compare the performance across spectrum and across population in order to find the desirable direction for improvements.

National Achievement Survey-2021 was scheduled on 12th November, 2021. The National Council of Educational Research and Training (NCERT) have developed the Assessment Framework for gauging the competencies attained by the students vis-a-vis learning outcomes. The survey goes beyond the scorecard and includes the background variables to correlate student's performance in different learning outcomes vis-a-vis contextual variables. This national level survey was conducted by the Central Board of Secondary Education (CBSE) as Assessment Administrator for Grade 3, 5, 8 and 10 students of State Government Schools, Government Aided Schools; Private Unaidsed recognized schools and Central Government schools.

With all the above interventions and innovative activities taken up, the State has contributed largely in making great improvements in the national arena as indicated in NAS

2021 which shows that the State's average performance level is higher than the national average across all the classes where the survey was taken up (i. e. Class 3, Class 5, Class 8 and class 10) which is shown in Fig. 9.11.

Fig. 9.11: State's average performance level during 2021

Source: Directorate of Education (S), Manipur

State's average achievement is above the national average in all the grades. NAS 2021 would be a rich repository of evidences and data points furthering the scope of research and development. With this in view, NAS-2021 Portal has been developed by NIC as a dynamic platform in consultation with the NCERT, CBSE, UNICEF, DDG (Stats) and NITI Aayog under the overall guidance of Ministry of Education, Government of India.

The findings of the survey will be related to track the learning levels, its accountability at appropriate level and take mid-course correction in planning and revise interventions accordingly.

9.1.2.5 Samagra Shiksha, Elementary:

The Ministry of Human Resource Development (MHRD), Government of India in partnership with State/UTs is implementing the centrally sponsored schemes of Samagra Shiksha, an integrated scheme for school education which envisages the ‘school’ as a continuum from pre-school, primary, upper primary, secondary to senior secondary levels. The vision of the scheme is to ensure inclusive and equitable quality education from pre-school to senior secondary stage in accordance with the Sustainable Development Goal (SDG) for education.

With the persistent efforts of the Central and the State Governments, these schemes have significantly addressed several major gaps in the school education system. However, the major challenge is provision of quality education. The Government has, till now, tried to adopt an integrated approach in the implementation of the various Centrally Sponsored Schemes. An overarching programme for the school education sector extending from pre-school to class 12 has been, therefore, prepared with the broader goal of improving school effectiveness.

The major objectives of the scheme are provision of quality education and enhancing learning outcomes of students; bridging social and gender gaps in school education; ensuring equity and inclusion at all levels of school education; ensuring minimum standards in schooling provisions; promoting vocationalization of education; support states in implementation of Right of Children to Free and Compulsory Education (RTE) Act, 2009; and strengthening and up-gradation of SCERTs/State Institutes of Education and DIET as nodal agencies for teacher training. The main outcomes of the scheme are envisaged as Universal Access, Equity and Quality, promoting Vocationalization of Education and strengthening of Teacher Education Institutions (TEIs).

9.1.2.5.1 Free Text Book, 2023-24:

Samagra Shiksha, Manipur provides free textbooks to students of Class I-VIII (Government and Government Aided Schools) of the State at the ceiling of Rs. 250/- per Primary child and Rs. 400/- per Upper Primary child.

State Council of Educational Research and Training (SCERT), the state academic authority frames the curriculum and syllabi of school textbooks (Class I- X). Meanwhile, the Board of Secondary Education, Manipur (BoSEM) takes care of the development and printing of the textbooks. BoSEM also does the task of supply of textbooks (Class I- VIII) for Samagra Shiksha, Manipur too.

Except for Science and Mathematics, textbooks for all other subjects are locally developed. State adopts Science (Class VI-VIII) and Mathematics (Class I-VIII) of NCERT by including extra pages of local contents wherever necessary.

Samagra Shiksha, Manipur currently provides the following numbers of textbooks (Class I-VIII) in Government and Government Aided Schools of the State:

Class	I	II	III	IV	V	VI	VII	VIII	Total
No. of free text books	3	3	5	5	5	9	9	9	48

Class-wise names and numbers of the textbooks provided free are:

Sl. No.	Name of Text Book	Studied in Class	Nos.
1	Manipuri Lairik Laishu	I-VIII	8
2	Manipuri Nong-in	VI-VIII	3
3	A Composite Modern English Text Book	I-VIII	8
4	A Book of English Supplementary Reader	VI-VIII	3
5	Mathematics	I-VIII	8
6	Environmental Studies (EVS)	III-V	3
7	Science	VI-VIII	3
8	Social Science	VI-VIII	3
9	Hindi Puspamala	III-VIII	6
10	Samaya Hindi Pustika	VI-VIII	3
Total			48

In the year 2023-24, students who benefitted from free textbooks are 1,31,036 for Primary and 39,591 for Upper Primary.

9.1.2.5.2 Free Uniforms, 2023-24:

To ensure Constitutional Commitment of RTE Act 2009, the provision of Free Uniform is an attempt towards removal of financial hindrance for children in attaining school till the completion of Elementary Education. The Scheme provides two sets of uniform to all girls, SC, ST and BPL boys at the average rate of Rs. 600 per child per annum. A total of 142569 students have been provided free uniforms during 2023-24.

9.1.2.6 National Education Policy 2020:

9.1.2.6.1 Transforming Curricular & Pedagogical Structure:

Existing Academic Structure		New Academic Structure	
2 Years (Age 16-18)		4 Years (Class 9 to 12) (Age 14-18)	Secondary
10 Years (Age 6-16)		3 Years (Class 6 to 8) (Age 11-14)	Middle
		3 Years (Class 3 to 5) (Age 8-11)	Preparatory
		2 Years (class 1 & 2) (Ages 6-8)	Foundational
		3 Years (Anganwadi/ pre-school/ Balvatika) (Ages 3-6)	

New pedagogical and curricular structure of School Education (5+3+3+4):

Foundational stage (5) is multilevel, play/ activity-based learning (3 years in Anganwadi / pre-school)

Preparatory Stage (3) is play, discovery, and activity-based and interactive classroom learning.

Middle Stage (3) is experiential learning in the sciences, mathematics, arts, social sciences, and humanities.

Secondary Stage (4) is multidisciplinary study, greater critical thinking, flexibility and student choice of subjects.

9.1.2.6.2 Curtailing dropouts and ensuring universal access to education at all levels:

Household survey conducted for identification of Out of School Children (OoSC) from 6-17 years. Fresh 3,856 OoSC have been identified out of which 2,154 have been main-streamed.

State specific guidelines for OoSC (Drop Outs and Never Enrolled) developed.

Special Learning Support Material for Drop Outs and Never Enrolled being reformed in line with NEP and activity based/experiential learning in collaboration with SCERT.

Child tracking system initiated.

Special training centres already in place.

9.1.2.6.3 Equity and Inclusion (SEDG and Processes):

Setting up gender & equity cell and special cell for inclusive education undertaken by the Special Teachers.

Safety and security guidelines for girls in Kasturba Gandhi Balika Vidyalaya (KGBV) published.

Ramps with handrails and disabled friendly toilets are already constructed under civil works.

Mapping of needs of students with disabilities is initiated through household survey.

Some online reading materials and 1500+ e-learning videos already developed by the State.

Long-term plan for expanding KGBVs up to class 12 is initiated.

Orientation on 21 types of disabilities was already organised at State level for 89 special educators to cater to the needs of cross disability section.

Vending Machines and Incinerator installed.

Maa Beti Samelan implemented in all the 16 districts- A mela to promote the importance of girl child and her education.

9.1.2.6.4 Early Childhood Care and Education:

Pre-Primary classes opened in 1140 primary schools.

Locally contextualized curriculum framework developed by NCERT adapted.

Emergent curriculum based on NIPUN mission developed.

Locally contextualised TLM for ECCE based on the 3 goals of FLN developed in collaboration with SCERT.

Vidya Pravesh guideline based on local context called "Nawa Sindam" developed.

A self-learning teacher manual for pre-primary and primary teachers called, 'Joyful Learning' and worksheet for pre-school has been developed in collaboration with SCERT.

Child friendly furniture provided and also Building as a Learning Aid (BaLA) activities has been taken up.

9.1.2.6.5 Foundational Literacy and Numeracy- Progress so far:

The State Steering Committee and State Project Management Unit has been set up under NIPUN Bharat Mission and are actively functioning.
District NIPUN Cell, District Project Management Units (DPMUs) have been set up across 16 districts of Manipur.
Academic Task Force created and notified with roles and responsibilities.
A State Resource Group has been constituted to extend support during implementation of the FLN program and achieving the early milestones.
Supplementary materials and activity books for language & mathematics (Class I-V) and also activity books for students based on Vidya Pravesh are developed.
Guidelines of implementation of NIPUN Bharat has been published by the State and distributed to all the stakeholders.
Organized Mass Awareness Contest for Teachers, Students, Parents and Community on NIPUN Bharat.
Team of NCERT, New Delhi has extended their expertise in orienting NIPUN Key Mentors of Manipur successfully.
A School Preparedness Module (Vidya Pravesh) for Grade I students has been adopted and translated in regional language.
Teachers Self Learning Module based on Vidya Pravesh transactions has been developed titled as Nawa Sindam.
Teachers Handbook based on Literacy and Numeracy Skills has been developed.
Programme on development of improvised TLMs based on 3 Goals has been conducted.
One Day Sensitization cum Orientation Programme on FLN for Principals and Lecturers of DIET has been conducted by SCERT.
Awareness Videos, Rhymes, Pamphlets developed.

9.1.2.6.6 Gifted Children:

Samagra Shiksha, Manipur in collaboration with the Department of Clinical Psychology, RIMS, Imphal conducted orientation programme on school mental health cum hands on training of Government school teachers for the identification of gifted child phase by phase for hill and valley districts.
408 students were selected for the State level identification of gifted child from the districts.
Tools used for the identification of the Gifted Students are (i) Color progressive matrices test for class I to V (at school/ district level), (ii) Standard progressive matrices test in class VI to VIII (at school/ district level), binet kamat test (at state level) and (iii) Multiple intelligence test (at state level).

9.1.2.6.7 Vocational Education:

Table 9.2: Vocational Training Implemented

Sl. No.	Sector	Job Role
(1)	(2)	(3)
1.	IT & ITES	Domestic Data Entry Operator, Junior Software Developer
2.	Security	Unarmed Security Guard
3.	Healthcare	Home Health Aide
4.	Beauty & Wellness	Assistant Beauty Therapist, Beauty Therapist
5.	Retail	Store Operations Assistant
6.	Telecommunication	Optical Fibre Splicer
7.	Tourism & Hospitality	Counter Sales Executive
8.	Physical Education	Early Years Physical Activity Facilitator
9.	Apparel, Made-Ups and Home Furnishing	Sewing Machine Operator
10.	Agriculture	Solanaceous Crop Cultivator, Dairy Farmer/ Entrepreneur
11.	Media & Entertainment	Roto Artist
12.	Apparel, Made-Ups and Home Furnishing	Self Employed Tailor
13.	Multiskilling	Multiskilling

Source: Directorate of Education (S), Manipur.

9.1.2.7 Swachh Bharat Summer Internship Programme:

The programme, launched on 25th April, 2018, is an initiative taken up by the Govt. of India with an objective of developing the skills and orientation of youth toward sanitation related work, bring the youths across the country an opportunity to make a significant contribution to the Swachhata revolution and integrate the youths in the community service in rural areas in the run up to the 150th birth anniversary of Mahatma Gandhi.

9.1.2.8 Ek Bharat Shreshtha Bharat:

It is a bold and positive initiative of the Government of India. It was launched on 31st October, 2016 with the objective of strengthening the bond of love, unity and integrity among the culturally and ethnically heterogeneous Indians. The strategy consists in pairing states for cultural exchanges between the people of the concerned states to sensitize and make them aware of each other's culture, lifestyle, food habits, grievances/ inconveniences etc. thereby developing an atmosphere of oneness enabling them to come to one another. The paired state of Manipur is Madhya Pradesh.

9.1.2.9 Technical Education:

Technical education is basically meant to produce trained manpower in adequate numbers for speedy economic development of the State. Training have been diversified and programmes modified to take care of the needs of the modern development in technology. Presently, the Polytechnic University at Takyelpat is the only technical institution providing diploma courses in Civil, Electrical and Mechanical Engineering, Electronics & Communication Engineering and Pharmacy etc. in Manipur. The Technical Education Department, Manipur directly controls and administers the State Level Diploma Institute (Government Polytechnic) at Takyelpat.

The Technical Education Department, Manipur gets reserved seats from the Ministry of Human Resource Development, Government of India for the students of Manipur. A total of 113 seats were allotted for Manipur State for studying degree in Engineering & Allied courses which consist of 103 seats for Engineering courses, four seats for Architecture course and six seats for Pharmacy course along with 36 seats for Diploma in Engineering & Allied courses in various institutions.

The National Institute of Technology (NIT), Manipur, which is an Institution of National Importance under the Ministry of Human Resource Development, Government of India had started from the year 2010 in the temporary campus of Government Polytechnic, Takyelpat, Imphal West District. The State Government through the Technical Education Department is giving all support to National Institute of Technology (NIT), Manipur.

9.1.2.10 Non-Formal Education:

To achieve the goal of universalisation of elementary education and fulfillment of the constitutional objectives, Non-Formal Education (NFE) for the elementary age group children is being developed as an alternative support system of formal schooling. The State Council of Educational Research and Training (SCERT) has been working for the upliftment of the quality of education in the elementary stage of education as well as the goal of the universalisation of elementary education by adopting proper strategies for non-formal educational schemes for drop-outs and non-starters in the age group of 0-14. The SCERT has also been entrusted with the implementation of the schemes of vocationalisation of education at Higher Secondary Level for self-employment as one of the main objectives. This scheme is equally shared by Central and State Governments. It is basically aimed at providing the institutional infrastructure necessary both for coverage of non-enrolled and non-attending children and strengthening the academic inputs of the action programme of non-formal education.

9.1.2.10.1 Digital Infrastructure for Knowledge Sharing (DIKSHA):

Under the National Programme of DIKSHA, ‘Manipur DIKSHA’ a state IT platform for teachers is being developed by Directorate of SCERT, Manipur under the guidance and support from MHRD, Government of India, NCTE and Team DIKSHA, New –Delhi. It is a comprehensive repository for all aspects related to the data, capacities and professional

development for school teachers, teacher-educators and future teachers in the State. SCERT, Manipur has energized 3 textbooks of EVS for Classes III to V by imposing QR codes and developing e-contents. It was launched on 7th February, 2019.

9.1.2.10.2 Tele-Education Network (EDUSAT):

The Tele-Education Network Programme is implemented in Manipur by setting up 25 Satellite Interaction Terminals at 14 Higher Secondary Schools, 9 DIETs and 1 H.T.T.I of the State in collaboration with ISRO and NESAC. It was inaugurated on 26th October, 2018 by Hon'ble Minister of Education at SCERT, Lamphelpat. Out of the 25 SITs, the SIT set up at Tele Education Studio of SCERT will act as the teaching end and other 24 SITs will be the learning end. The main objective of the Tele-Education Network Programme is to reach out educational programme, messages and have interaction between the Experts/ Resource Persons/Teachers and Students on various subjects.

9.1.2.10.3 National Population Education Project (NPEP):

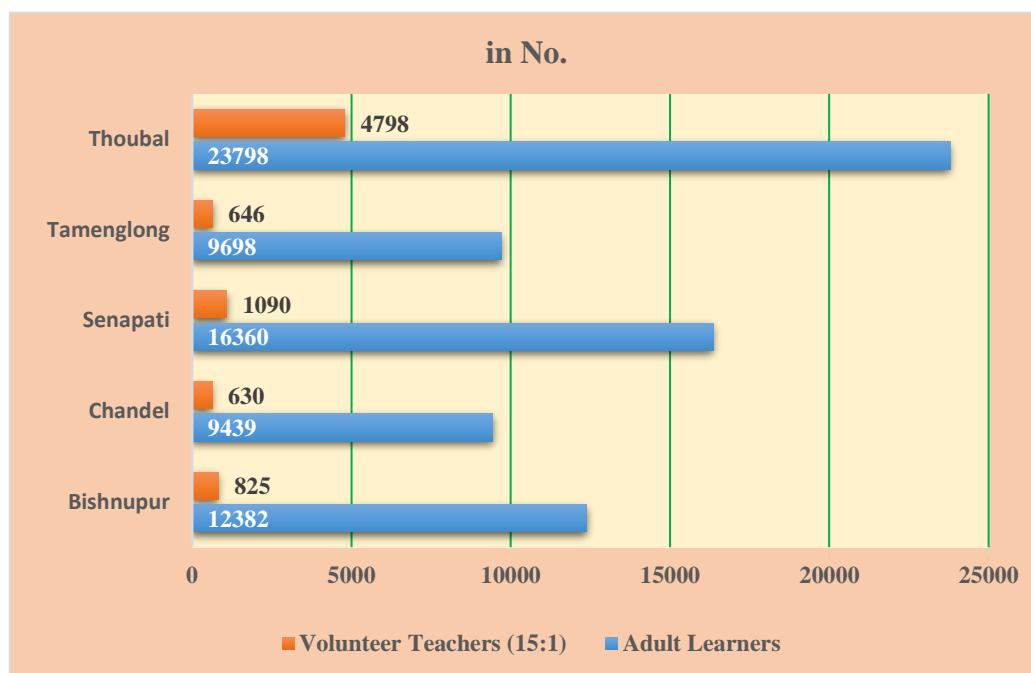

SCERT has been implementing the National Population Education Project (NPEP) in the State with financial support from NCERT, New Delhi. The objective of the NPEP is to make the learners aware of the issues of population and sustainable development.

9.1.2.11 Adult Education:

The 'National Literacy Mission' (NLM) was established in 1988 by the Government of India with the aim of successful implementation of strategies for eradicating illiteracy in the age group of 15 to 35 years. Following prescribed detailed guidelines for the implementation of total literacy campaign, the State Government took decision to implement Total Literacy Campaign (TLC) in a phased manner. The State Literacy Mission Authority (SLMA), Manipur was constituted as per the directive given by the NLM Authority, Government of India. The Department of Adult Education/State Literacy Mission Authority, Manipur is currently implementing Understanding of Lifelong Learning for All in Society (ULLAS) – now known as Bharat Saaksharta Karyakram at the state level through District Literacy Mission Authorities with the objectives of eradicating illiteracy, retention of literacy among the adult learners and imperative critical life skills for neo-literates in the age group of 15 years and above at the district level in the five districts of the State namely Bishnupur, Chandel, Senapati, Tamenglong and Thoubal District in the first phase. It will be implemented in the remaining districts subsequently. During 2022-23, preparatory activities were taken up which included restructuring of State Literacy Mission Authority (SLMA), Manipur, restructuring of five District Literacy Mission Authority (DLMA), opening of respective bank accounts, registration of all accounts to Public Financial Management System (PFMS), preparation for survey works, etc.

The targets for five districts of Manipur for providing education to non-literates/neo literates under new India literacy programme/ULLAS-NAV Bharat Saaksharta Karyakram for 2023-24 is shown in the Fig. 9.12.

Fig. 9.12: Targets for Providing Education to Non-Literates/Neo Literates

Source: Adult Education Department, Manipur

Village level awareness programmes, publicity campaigns, pamphlet distribution, ‘Go to Village’ programme for dissemination of information on ULLAS – now known as Bharat Saaksharta Karyakram has been taken up. Learners can also do self-registration under the programme using ULLAS app available on app store.

9.2 Science and Technology:

Science and technology play a vital role in the process of development and transformation of a traditional agrarian economy into a modern industrial economy. Development in the field of science and technology in Manipur is carried out under the auspices of the State Government. The Government has been consistently laying emphasis on the development of science and technology as a major instrument for achieving national goals of self-reliance and socio-economic development.

The Science and Technology Department, Manipur has been acting as the nodal agency in the State for planning, co-ordinating and promoting science and technology for achieving the socio-economic objectives through meaningful applications in numerous developmental programmes. The Department has two registered societies viz., Manipur Science & Technology Council (MASTEC) and Manipur Remote Sensing Applications Centre (MARSAC). A number of schemes like science popularization schemes, Appropriate Technology and Innovation (ATI) and HRD & skill development scheme, innovation hub scheme, research & development scheme, knowledge research scheme and North Eastern Council scheme were implemented in the State for development of science & technology.

9.2.1 Activities conducted during 2023-24:

1. Science Popularization Scheme:
 - a. Science Drama: Eight teams, each comprising 10 students, participated and benefitted under the scheme, with a total expenditure of Rs. 1,50,000/-.
 - b. State Awards on Science and Technology: Nine students received support, with a total expenditure of ₹1,00,000/-.
 - c. Children Science Congress: Financial assistance of Rs. 50,000 was provided to the Science Teachers Forum, Manipur for organizing the event.
2. Appropriate Technology and Innovation (ATI) and HRD & Skill Development Scheme: Entrepreneurship Development Programme (EDP): A one-week EDP training on Food Science and Technology was conducted in Ukhrul District, benefitting 50 participants, with an expenditure of Rs. 1,80,000. Similarly, 50 participants benefitted in Imphal East, with an expenditure of Rs. 1,79,500.
3. Innovation Hub Scheme: Workshop on Computational Thinking: A one-day workshop was conducted, benefitting 60 students, with a total expenditure of Rs. 10,000.

9.2.2 Infrastructure Development under NEC Scheme during 2023-24:

The construction of District Science Centres and Planetariums is currently underway in Ukhrul and Churachandpur district, with an estimated expenditure of Rs. 802 lakhs and Rs. 785 lakhs, respectively. Below are photographs showcasing the progress of the District Science Centre construction.

9.3 Ecology and Environment:

It is now universally accepted that environmental pollution on one hand and deforestation & population explosion on the other hand are threatening the very existence of life on the earth. The situation can be improved only with the realization of the importance of environmental protection. To check environmental pollution and for maintaining and preserving ecological balance in the State by implementing various programmes, the Directorate of Environment & Climate Change is mandated to enforce the Environment (Protection) Act, 1986 and subsequent rules in the State.

For a meaningful enforcement of the acts and rules laid down by the Ministry of Environment, Forests and Climate Change, Government of India, the State Government is presently implementing seven different schemes under state plan with community

participation, namely (i) Eco-Development Programmes and Natural Resources Conservation, (ii) Environmental Education & Information Dissemination Programme, (iii) Environmental Monitoring, R & D with Multi-disciplinary Scientific Study of River Catchments and Spring Shed, (iv) Climate Change Impact Studies, (v) Environmental Planning & Management of Wetlands and Water Bodies, and (vi) Solid Waste Management (vii) Information Technology & GIS and the schemes remain in progress and are ongoing.

Various environmental quality monitoring works have also been carrying out continuously for some major rivers viz. river water quality, wetland ecosystem assessment, weather monitoring, climate change impact etc. Development of State Botanical Garden at Khonghampat, Biodiversity Park at Ningshingkhul, Jiribam, bio-diversity and eco-development at Kangla, road median plantation in Imphal city etc. have also been taken up. The State Government provides grant-in-aid to the Manipur Pollution Control Board which is playing a major role in preventing air and water pollution in the State.

9.3.1 Prevention and Control of Pollution:

The Manipur Pollution Control Board (MPCB) is entrusted the responsibility to ensure the people of the State breathe clean air, drink safe water, and live in healthy environment. Grant-in-aid is being provided to the MPCB every year for effective implementation of Manipur Water Prevention and Control of Pollution Rules, 1991. Its duties are to enforce and implement the following acts and rules such as:

The Environment (Protection) Act, 1986
The Water (Prevention and Control of Pollution) Act, 1974
The Air (Prevention and Control of Pollution) Act, 1981
The Noise Pollution (Regulation and Control) Rules, 2000
The Hazardous and Other Wastes (Management and Trans Boundary Movement) Rules, 2016
The Bio-Medical Waste Management Rules, 2016
The Solid Waste Management Rules, 2016
The Plastic Waste Management Rules, 2016
The e-Waste Management Rules, 2016
The Construction and Demolition Waste Management Rules, 2016.

The MPCB is also playing a major role for preventing air & water pollution by monitoring small scale industries especially brick fields and performing regular checking of emission level of transport vehicles.

9.3.2 Activities undertaken during 2023-24:

Road median maintenance in Imphal City.

Development and maintenance of State Botanical Garden, Khonghampat, Liklaleima Leikol at Awang Potsangbam Khunou and Ningshingkhul Biodiversity Park, Jiribam.

Clean Imphal River campaign from Kangpokpi to Sekmai.
Water quality analysis for different parameters of wetlands and water bodies.
Analysis of weather data on different parameters like rainfall, temperatures, relative humidity, etc. obtained through Automated Weather Station (AWS) and Telemetric Rain-Gauge Stations installed in all the 16 districts.
Inventory of solid waste generation, segregation, collection and management.
Distribution of Plastic Bottle Bank to Gram Panchayat, Local Urban Bodies, Faith based organizations, Village Level Federation (VLF), etc.
Village Water Security Plan through Springshed Management and Development in Lunghar village, Ukhrul and Chandel district for developing feasibility report on Spring Revival and maintenance of e-flow of rivers in Manipur.
Initiated inventory of wetlands in Manipur.
Under the National Plan for Conservation of Aquatic Eco-systems (NPCA), Ministry of Environment, Forest & Climate Change, Government of India, Integrated Management Plan (IMP) for four wetlands are being implemented, namely (i) Yaralpat Wetland, Imphal East, (ii) Utra Pat Wetland, Bishnupur District, (iii) Waithou-Phumnom Pat Wetland, Imphal East and Thoubal district, (iv) Jaimeng Wetland, Kangpokpi District.

9.4 Food and Civil supplies:

One of the important tasks for the State Government is to make the essential commodities available to the common man at reasonable prices through the public distribution system. The task is carried out through the Department of Consumer Affairs, Food & Public Distribution (CAF & PD), Manipur, to ensure the availability and distribution of essential commodities in the State.

Functions of the Department of CAF & PD:

Implement Targeted Public Distribution System (TPDS) of foodgrains with a view to maintain equitable distribution and availability of food grains and kerosene at fair and subsidized rate at the Fair Price Shop (FPS).
Regulate the sale of petroleum products, LPG and SK Oil; control adulteration of POL products.
Protect the interest of consumers and redressal of consumer disputes by the State Consumer Disputes Redressal Commission and District Consumer Redressal Commission Fora under the Consumer Protection Act, 1986.

9.4.1 National Food Security Act (NFSA), 2013:

The NFSA envisages to provide food grains at subsidized rate to the eligible households of the State. The proportion of beneficiaries covered under NFSA, 2013 is one of the National Indicator adopted to measure the achievement of SDG No. 2 i.e. end hunger, achieve food

security and improved nutrition and promote sustainable agriculture. The target for the government is to cover 87 per cent of the total population under NFSA as per SECC 2011. Out of 87 per cent of population of 28, 55,794 (Census 2011), 70.33 per cent has been covered under NFSA in the State of Manipur.

In addition, pregnant women, lactating mothers and children upto the age of 14 years will continue to get enhanced benefits under Anganwadis and Mid-Day-Meal Scheme. These schemes will continue to be implemented by the Social Welfare Department and Department of Education (S), Manipur respectively. In Manipur, NFSA was launched by the then Hon'ble Chief Minister of Manipur on 25th April, 2016. During the year 2023-24, Government of India allocated 1,13,571.55 Qtls. of rice monthly to beneficiaries.

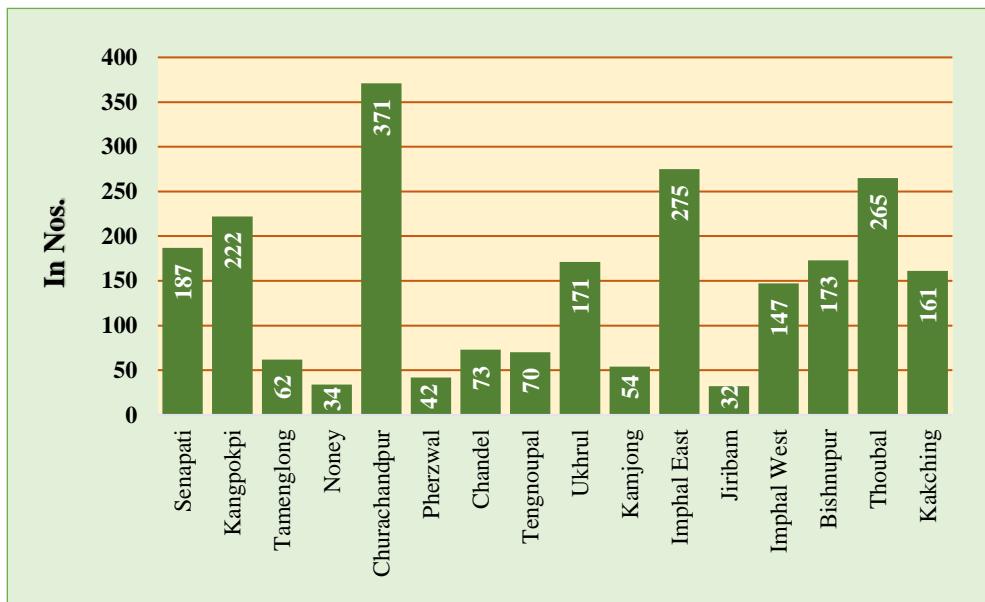

9.4.1.1 Coverage of Household/ Population under NFSA:

Eligible households and beneficiaries are identified by the district authorities based on the prescribed inclusion and exclusion criteria. Under NFSA, there were a total of 63,600 AAY ration card holders and 5,04,410 PHH Ration Card holders covering a population of 1,82,126 and 18,26,231 respectively during 2023-24. The break-up of monthly quantity of food grains distributed under AAY and PHH are 22,260 Qtls. and 91,312 Qtls. respectively during 2023-24. The monthly quantity of rice distributed under NFSA for 2023-24 remained the same as compared to 2022-23.

9.4.2 Fair Price Shop Automation through ePOS:

The Fair Price Shop Automation through ePOS was launched on July 10, 2019 with the objective to bring accountability, transparency and efficiency in the system for distribution of rice to the rightful beneficiaries of NFSA. ePOS devices have been distributed and installed to all the FPS in the State and are functional. Transactions are done through Aadhaar linked ePOS devices at all these modernized shops to distribute monthly food grains to entitled beneficiaries and ration card holders. All Fair Price shops of Manipur were also distributed Iris device for beneficiary authentication which act as effective mode of biometric authentication apart from fingerprint, which at times does not work in case of old and differently abled beneficiaries. For efficient delivery of food grains, 2,339 number of Fair Price Shops have been established. The district-wise number of Fair Price Shops in the state during 2023-24 is shown in the Fig. 9.13.

Fig. 9.13: District wise Number of Fair Price Shops in Manipur

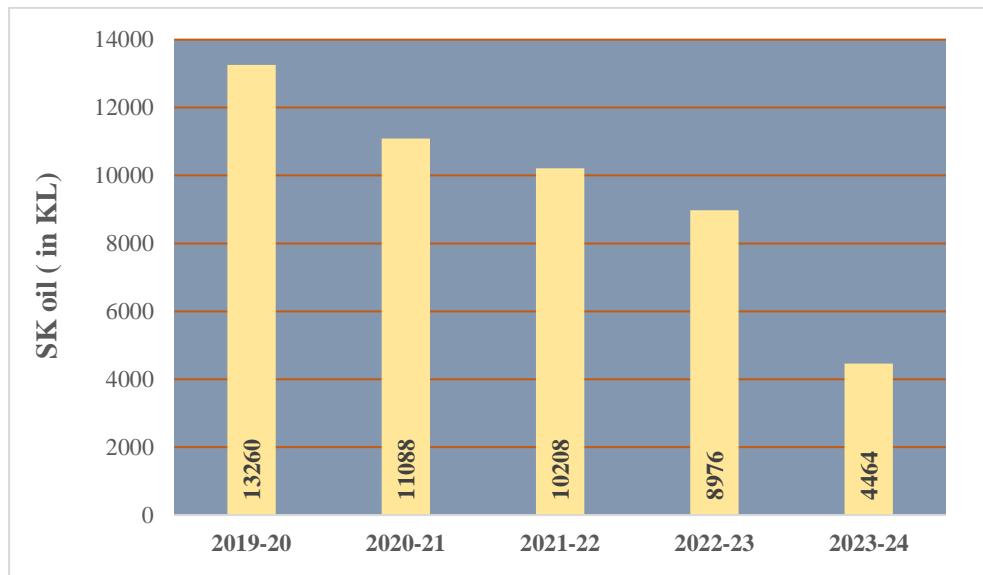

Source: Department of Consumer Affairs, Food and Public Distribution, Manipur

9.4.3 Distribution of Superior Kerosene Oil:

The Government is also distributing S.K. Oil at subsidized rates under PDS to the target beneficiaries only for the purpose of cooking and illumination. The allocation of SK Oil (in KL) by Government of India in Manipur during 2019-20 to 2023-24 is shown in the Fig. 9.14.

Fig. 9.14: Allocation of SK Oil (in KL) to Manipur

Source: Department of Consumer Affairs, Food and Public Distribution, Manipur

9.4.4 Pradhan Mantri Ujjwala Yojana (PMUY):

Pradhan Mantri Ujjwala Yojana (1.0) was launched on 1st May, 2016 to provide LPG connections to poor women. The targeted beneficiaries were initially selected from the SECC

2011 data & the scope was later expanded to more categories to include deprived women in BPL households. On 10th August 2021, Ujjwala 2.0 was also launched for release of additional one crore deposit free LPG connection across the country under PMUY scheme. The district-wise no. of LPG connections distributed in Manipur under Ujjwala 1.0 can be seen at Table 9.3.

Table 9.3: District wise Number of LPG connections under Pradhan Mantri Ujjwala Yojana Scheme

Sl. No.	Districts/ State	Connection installed	
		Ujjwala 1.0	Others
(1)	(2)	(3)

9.4.5 One Nation One Ration Card (ONORC):

‘One Nation One Ration Card’ was launched on 15th June, 2020 in Manipur and successfully implemented in the State in order to enable the NFSA ration card holders to lift their entitled quota of subsidized foodgrains from any ePOS enabled FPS of their choice anywhere in the country, by using the existing/same ration card after Aadhaar authentication on ePOS device.

9.5 Weights & Measures (Legal Metrology):

Standardization of weights & measures has been universally recognized as one of the major functions of the government. It has essential bearings upon socio-economic welfare of the society and is also intrinsically correlative to the technical, industrial and trade and commerce development. Hence, the more developed societies give greater attention to the metrological instruments and its applications the better it is for its development.

9.5.1 Functions and Responsibilities:

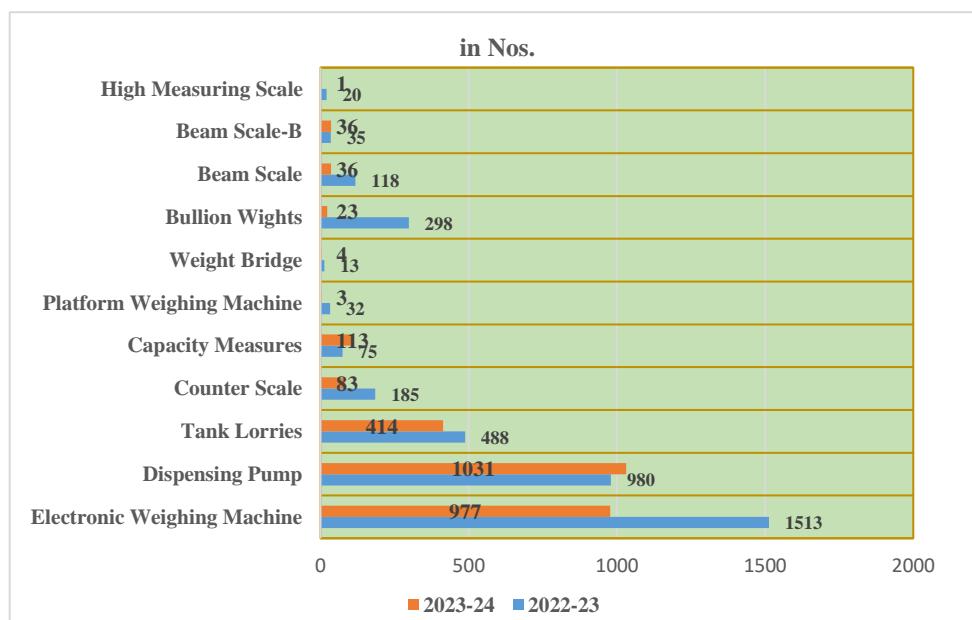

To ensure general fair trade practices by all traders and to endorse and maintain price discipline and quantity control in respect of all kinds of packaged commodities. The following Central and State Acts and Rules have been enforced in the State:

- The Legal Metrology Act, 2009 (No. 1 of 2010)
- The Legal Metrology (Packed Commodities) Rules, 2011
- The Manipur Legal Metrology (Enforcement) Rules, 2011
- The Legal Metrology (General Rules, 2011)

9.5.2 Verification and Stamping of Items:

The Office of Weights and Measures (Legal Metrology), Manipur has verified and stamped the following items in Fig. 9.15.

Fig. 9.15: Items Verified and Stamped for the year 2022-23 and 2023-24

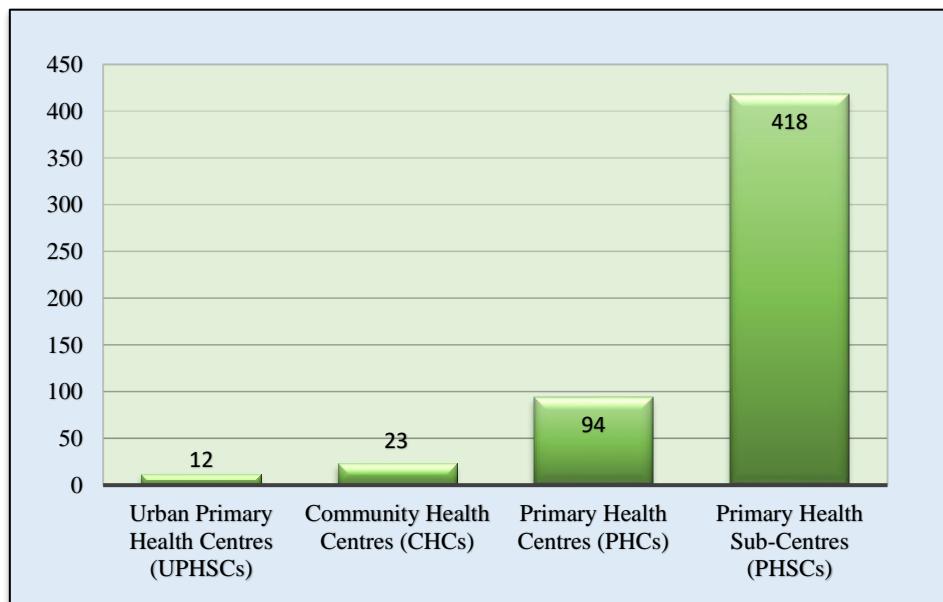

Source: Department of Consumer Affairs, Food and Public Distribution, Manipur

9.6 Health and Family Welfare Services:

Medical facilities is the basic social input for healthy and efficient human resources. The State Government provides services such as public health, control of communicable diseases, health education, family welfare, maternal and child health care through a network of Civil Hospitals, Primary Health Centers, Primary Health Sub-Centers, Community/ Urban Health Centers and Dispensaries. Special attention is also given from time to time to eradicate diseases like Malaria, Leprosy, T.B., Iodine Deficiency and AIDS.

As on 31st March 2024, there are 16 District Hospitals, four Sub-District Hospitals, one TB Hospital, and one Leprosy Hospital in the State. The Number of health centres in Manipur is shown in the Fig. 9.16.

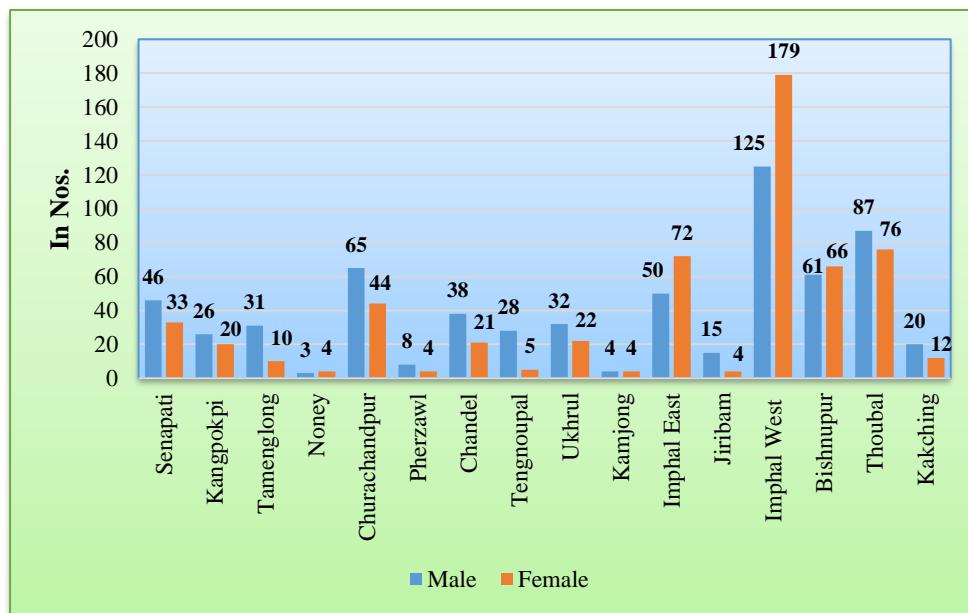

Fig. 9.16: Number of Health Centres in Manipur

Source: Directorate of Health Services, Manipur

There are 1,215 Allopathic Doctors, 78 Dentist and 175 AYUSH doctors working under the State Government health institutions in Manipur during the year 2022-23. The district wise, gender wise number of Allopathic Doctors, Dentists, and AYUSH Doctors are shown in Figures 9.17, 9.18 and 9.19 respectively.

Fig. 9.17: District wise, Gender wise Allopathic Doctors

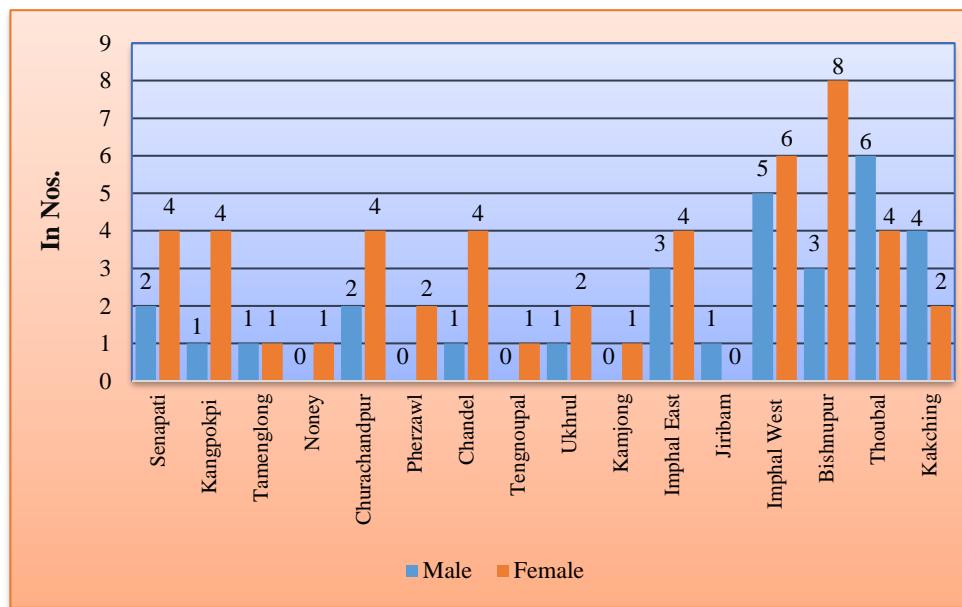

Source: Directorate of Health Services, Manipur

Districts like Noney and Kamjong have very few male and female Allopathic Doctors. Among the hill districts, Churachandpur got the highest number of Allopathic Doctors,

followed by Senapati and Ukhrul. Among the valley districts, Jiribam has the least number of Allopathic Doctors.

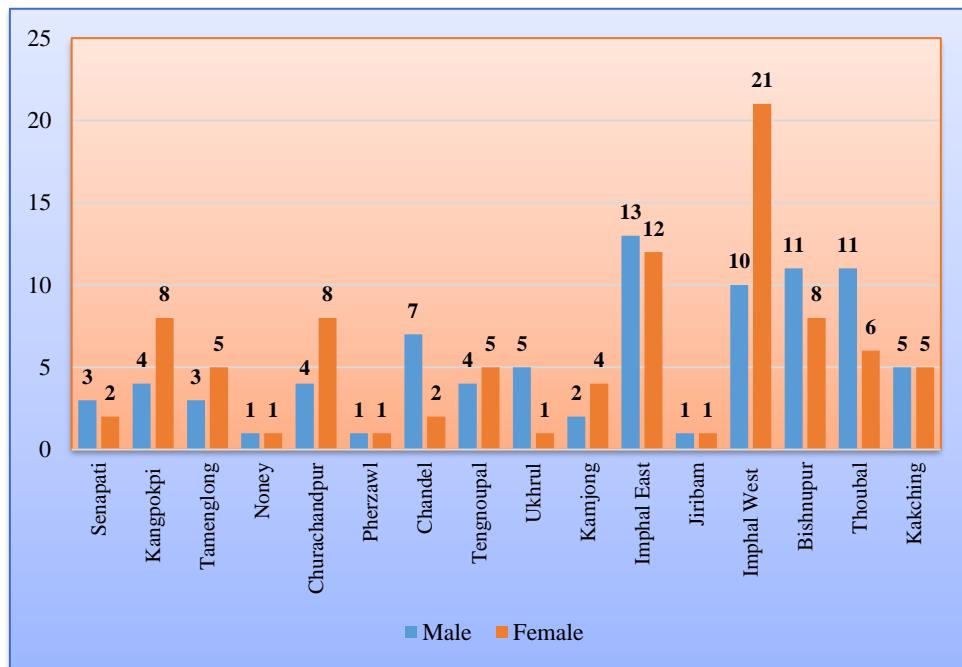

Fig. 9.18: District wise, Gender wise Dentists

Source: Directorate of Health Services, Manipur

As can be seen from the above figure, number of dentists is very less for almost all districts. The pattern of availability of dentists in the districts is similar to that of Allopathic Doctors. Presence of AYUSH Doctors can be seen in all the districts from Fig. 9.19.

Fig. 9.19: District wise, Gender wise Ayush Doctors

Source: Directorate of Health Services, Manipur

During the year 2023-24, 99,711 in-patients, 24,16,367 out-patients (allopathy) and 97,978 out-patients (AYUSH) and 4,33,494 emergency patients availed treatment in the health

institutions run by State Government in Manipur. A total of 28,911 cases of child delivery have been reported 12,773 operations have been performed, out of which 16,914 are major operations and 37,771 are minor operation. Jawaharlal Nehru Institute of Medical Science (JNIMS) Hospital performance report during the year 2023-24 can be seen at Table (f) of Part II.

Table 9.4: District wise Number of Patients Treated in the State Government Health Institutions in Manipur for the year 2023-24

District	Patients Treated				Institutional Deliveries		Operation Performed

9.6.1 State Health and Family Welfare Programme:

A brief description of the various health and family welfare programmes carried out in Manipur are as follows:

9.6.1.1 National Centre for Vector Borne Disease Control (NCVBDC):

The National Centre for Vector Borne Disease Control (NCVBDC), a national institute under the Ministry of Health and Family Welfare, Government of India, is playing a vital role in prevention and control of vector-borne diseases in Manipur. The following table shows its performance during 2022-23.

Table 9.5: Performance of NVBDCP in Manipur During 2022-2023

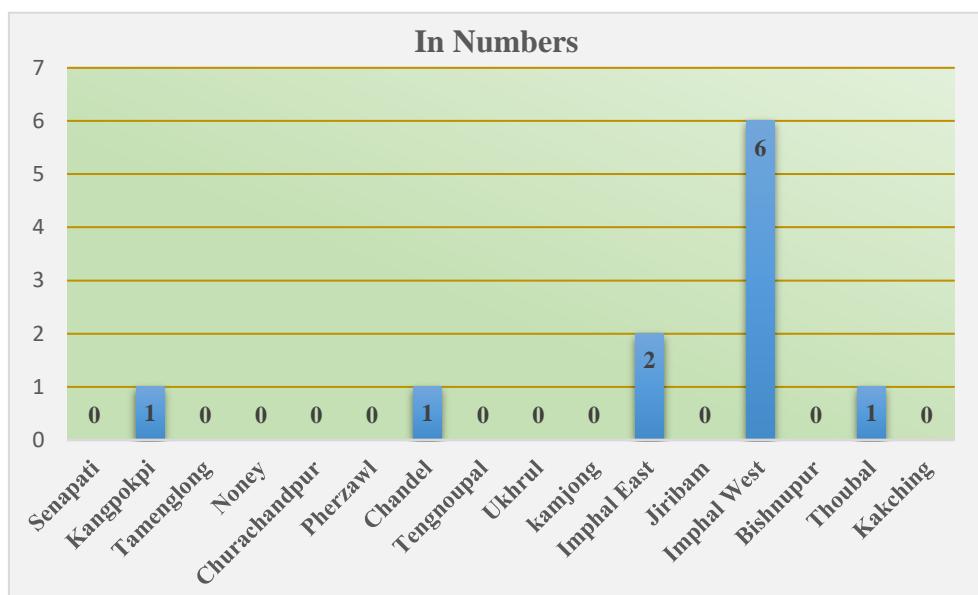

Sl. No.	Particulars	Numbers
(1)	(2)	(3)
1.	Blood Slides Examined	33670
2.	Malaria + ve Cases	21
3.	Malarial Death	0
4.	Japanese Encephalitis +ve cases	82
5.	Death due to JE	6
6.	Dengue + ve cases	545
7.	Death due to Dengue	4
8.	Acute Encephalitis Syndrome (AES)	424
9.	Death due to AES	0
10.	Chikungunga +ve cases	0

9.6.1.2 National Leprosy Eradication Programme (NLEP):

Leprosy has been associated with mankind since time immemorial. The National Leprosy Control Programme (NLCP) was launched in 1955. Multi Drug Therapy (MDT) for leprosy was introduced and the NLCP was renamed as National Leprosy Eradication Programme (NLEP) in 1983 and implemented as a Centrally Sponsored Scheme which significantly accelerated the elimination of leprosy as a public health problem. The district wise new cases of leprosy during 2023-24 is shown in the Fig. 9.20. The number of new cases of leprosy detected in the districts of Manipur is almost negligible.

Fig. 9.20: District wise New Cases of Leprosy in Manipur during 2023-24

9.6.1.3 National TB Elimination Program (NTEP):

The National Tuberculosis Elimination Program (NTEP) is a comprehensive programme launched by the Government of India with the aim of eliminating Tuberculosis from the country by 2025. The programme provides free diagnosis and treatment for T.B. to all the patients in India.

Under NTEP, treatment under Directly Observed Treatment Short Course (DOTS) has become the most effective and satisfactory treatment for the masses in Manipur. At present, there are more than 800 DOTS centers, 18 Tuberculosis Units (TUs) and 56 Designated Microscopy Centres (DMCs) in Manipur. Moreover, 130 NGOs under NTEP are supporting treatment.

Table 9.6: Performance of National TB Elimination Program, 2023-24

Source: Directorate of Health Services, Manipur

During the year 2023-24, the NTEP program has shown 60 percent success rate in the state.

9.6.1.4 National Programme for Control of Blindness (NPCB):

In order to control blindness in Manipur, nine District Blindness Control Societies at Imphal East, Imphal West, Chandel, Churachandpur, Thoubal, Bishnupur, Senapati, Tamenglong and Utkhrul are functioning under the NPCB programme. The achievement of NPCB during 2023-24 is shown in the Fig. 9.21.

Fig. 9.21: Number of Achievement of NPCB during 2023-24

Source: Directorate of Health Services, Manipur

A total of 5,184 Intraocular Lens (IOL) implants have been done, out of which 2,268 are male and 2,915 are female. Further, out of the total IOL implants done during 2023-24, 60 and 91 are from SC & ST. *Chief Ministergi Mitki Layeng* was launched on 15th December, 2022 by Hon'ble Chief Minister of Manipur. It is a three years mission mode campaign to achieve the cataract backlog free status by 2025. This campaign is integrated to the ongoing *Chief Minister's Health for All* programme in which house to house visit is done for health screening. Blindness and visual impairment due to cataract will also be screened for 50 years and above by house to house visit and will be operated. Since its launch, house to house screening has been initiated in 64 villages in 14 districts, with a target to complete by three months. Manipur has done 3,322 cataract surgeries till December, 2022, which has exceeded the target of 3,000 of FY 2022-23.

9.6.1.5 National Mental Health Programme:

To address the huge burden of mental disorders and shortage of qualified professionals in the field of mental health, Government of India has launched National Mental Health Program (NMHP) in 1982 with the objectives to ensure the availability and accessibility of minimum mental healthcare for all in the foreseeable future, to encourage the application of mental health knowledge in general healthcare and in social development and to promote community participation in the mental health service development. District Mental Health Program (DMHP) was also launched in the year 1996 during the 9th Year Plan and gradually expanded to cover all the districts. The aim of DMHP was to extend mental health services to persons with mental illness (PWMI) in the district through the existing healthcare personnel and institutions. Table 9.7 shows the performance of National Mental Health Programme for the year 2020-21 to 2022-23.

Table 9.7: Performance of NMHP during the year 2020-21 to 2022-23

Sl. No.	Service Delivery at DH/CSC/PHC	2020-21	2021-22	2022-23	Total
(1)	(2)	(3)	(4)	(5)	(6)
1.	New Patients in OPD	2844	3190	6370	12404
2.	Follow up cases in OPD	730	2479	4664	7873
3.	Cases seen in the Outreach Camps	152	1806	4180	6138
4.	Total cases of Mental Disorders Provided Treatment	3726	7475	15214	26415

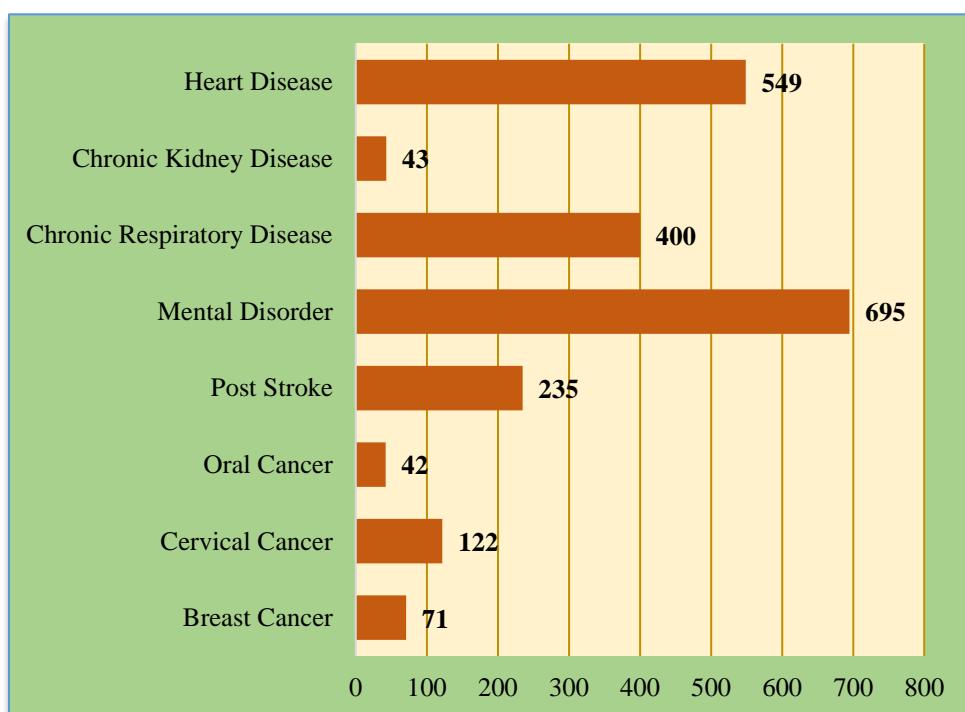

Source: Directorate of Health Services, Manipur

It is observed that the total number of patients catered under DMHP has gradually increased from 3,726 in 2020-21 to 15,214 in 2022-23. Since 2020-21, a total of 26,415 patients have been enrolled under DMHP.

9.6.1.6 Chief Minister Health for All (CMHA) Scheme:

Chief Minister's Health for All (CMHA) Scheme is an initiative of the Chief Minister of Manipur, with a primary objective to provide health screening of chronic diseases among the population of 18+ years of age and primary health care management at door step. Till 31st March, 2023, the scheme has been initiated in 1,263 villages across 16 districts of the State. Out of 3,65,943 persons screened, 61,406 diabetes suspect cases and 61,435 hypertension cases were detected. During the screening process other diseases were also detected as shown in the Fig. 9.22.

Fig. 9.22: Number of Suspect or High Risk Cases

9.6.1.7 National Urban Health Mission (NUHM):

The National Urban Health Mission (NUHM), a sub-mission of the National Health Mission (NHM) launched by the Government of India in 2013, aims to improve the health status of the urban poor and vulnerable by providing them with equitable access to quality healthcare services. The mission focus on strengthening of the existing Urban Primary Health Centers in order to reduce out of pocket expenditure and burden at tertiary level of health care facilities.

Physical achievement of NUHM during the year 2022-23:

12 UPHCs operationalized as Ayushman Bharat Health and Wellness Centre (AB-HWCs)- UPHC-Sagolband established in a rented building and functional since 1st November, 2022. Upgradation of UHC Singjamei and PHSC Iroisemba to HWC and UPHC.

28 Urban HWCs are identified for establishment under 15th Finance Commission Health grant.

Laptops distributed to nine UPHCs for on time reporting and recording.

E-Sanjeevani teleconsultation services initiated at seven UPHCs.

Vulnerability assessment of urban population initiated and are in progress in Imphal East, Imphal West, Kakching and Thoubal Districts.

NUHM review meeting supported in organizing review cum orientation on urban health programmes of all 12 UPHCs in the State. Altogether 34 participants attended.

9.6.1.8 Mission Indradhanush Programme (MIP):

The main focus of this programme is to cover the unvaccinated and partially vaccinated children and give full immunization. Under routine immunization programme, 30,182 pregnant women have received Tetanus Diphtheria vaccine dose and total of 35,796 children aged zero to one year have been fully immunized against the target of 38,677 during the year 2023-24. The physical achievement on immunization programme during 2020-21 to 2023-24 is given in Table 9.8 and a picture of routine immunization for the year 2023-24 is shown in Table 9(g) of Part II.

Table 9.8: Target and Achievement of Immunization

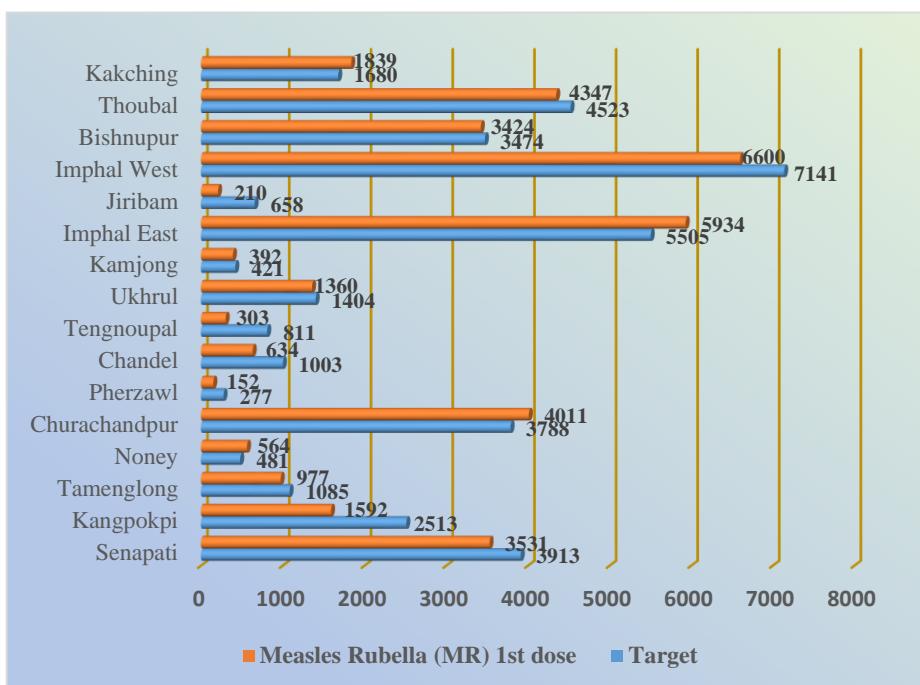

Year	Pregnant Women (Tetanus Diphtheria)		Full Immunization (Infant 0-1 year)	
	Target	Achievement	Target	Achievement

9.6.1.9 Measles Rubella Vaccination Campaign:

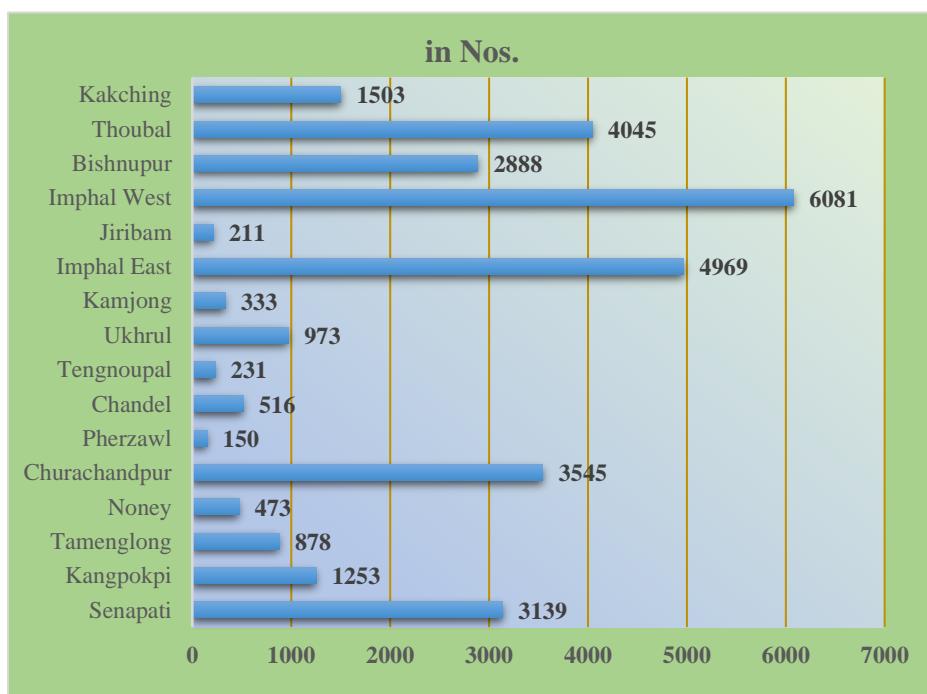

Under the aegis of the Ministry of Health & Family Welfare, Government of India Measles Rubella (MR) vaccination campaign has been conducted throughout the districts in Manipur. During 2023-24, 1st dose of MR vaccine was given with a target of 38,677 and achieved 35,870 with achievement rate of 92.74 per cent. A total of 31,188 children have got 2nd dose of MR vaccine with the achievement rate of 76.66 per cent against the target of 40,683. The district wise performance of MR vaccination campaign in percentage during the year 2023-24 can be seen in Fig. 9.23 and 9.24.

9.6.1.10 National AIDS Control Programme (NACP):

The Manipur State AIDS Control Society (MACS) functions as the nodal authority in respect of HIV/AIDS prevention and control programme in Manipur. Currently MACS is implementing 'National AIDS and STD Control Program Phase –V, 2021-26.

The estimated people living with HIV in India stands at 24.81 lakh and 24,472 are in Manipur in 2023. In Manipur, HIV prevalence rate among 15 - 49 years of age was 0.87 per cent as compared to national prevalence rate of 0.20 per cent in 2023. The rate of prevalence among 15-49 years of age in Manipur has declined from 1.05 per cent in 2019 to 0.87 per cent in 2023.

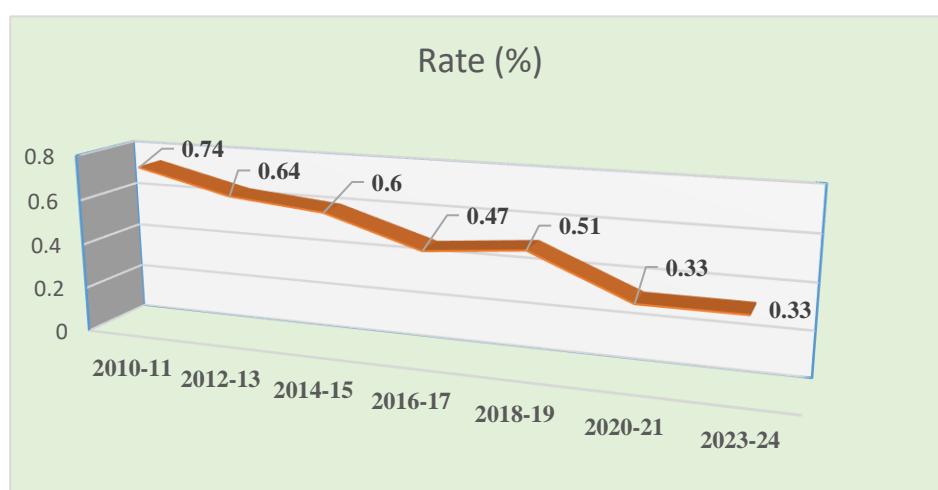

Fig. 9.25: HIV Prevalence Rate among Adults (15-49 years) in Manipur in the Last Five Years

Source: Manipur State AIDS Control Society

The HIV prevalence data is recorded once in two years. The HIV prevalence rate among Antenatal Clinic Attendee (ANC) from 2010-11 to 2023-24 is shown in Fig. 9.26.

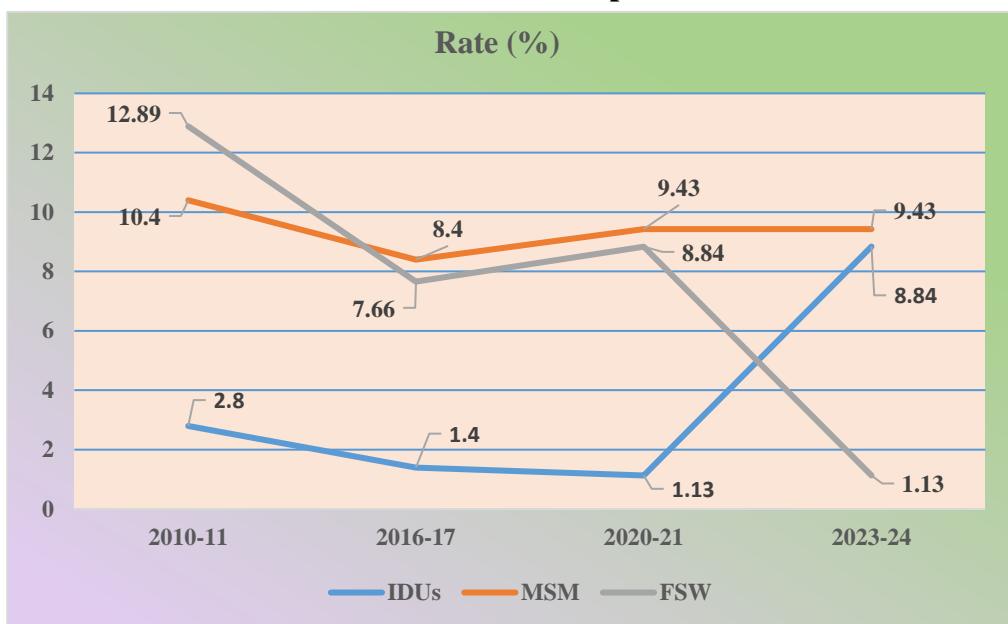

Fig. 9.26: HIV Prevalence Rate among ANCs (Antenatal Clinic Attendees)

Source: Manipur State AIDS Control Society

During the year 2010-11 to 2023-24, the trend of HIV prevalence among Injecting Drug Users (IDUs), Men who have sex with men (MSM) and Female Sex Worker (FSW) is shown in Fig. 9.27. The HIV Sentinel Surveillance report of Manipur is to be recorded every two years but due to time consuming process in data collection, the recording of data cannot be completed timely.

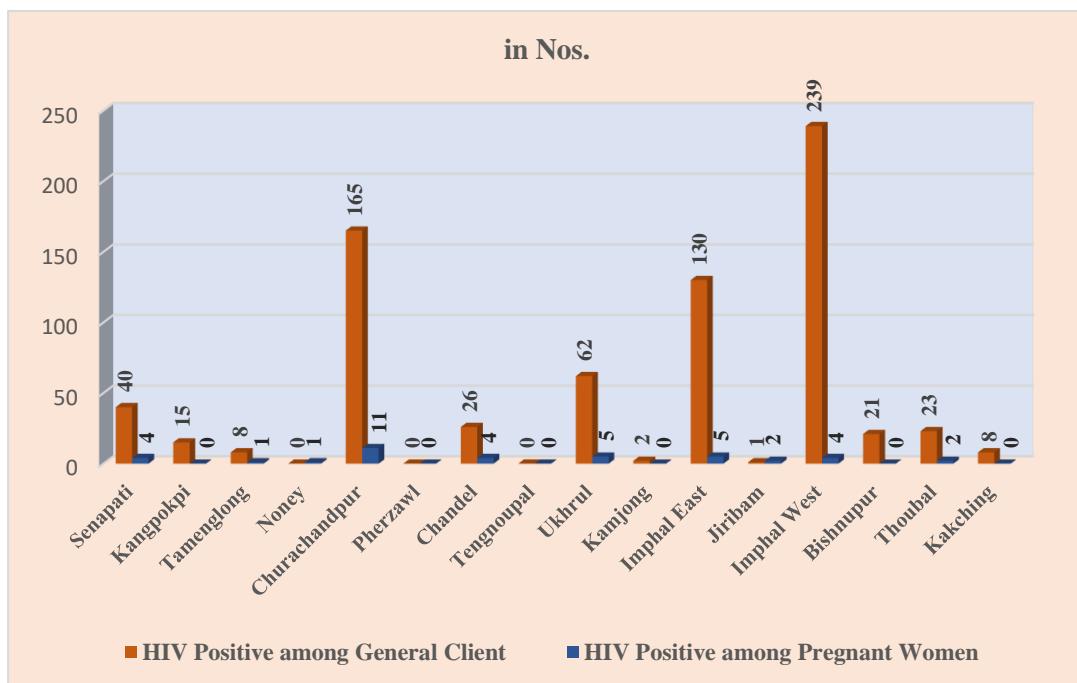

Fig. 9.27: HIV Prevalence Rate among IDU, MSM and FSW as per HIV Sentinel Surveillance Report

Source: Manipur State AIDS Control Society

During 2023-24, 740 were reported as HIV positive among general client and 39 were HIV Positive among pregnant women. District wise number of HIV positive cases detected during 2023-24 as per integrated HIV counseling and testing centers report is shown in Fig. 9.28. High number of positive cases is found to be detected in Imphal West, Churachandpur and Imphal East Districts.

Fig. 9.28: District wise HIV Positive Cases Detected during 2023-24

Table 9.10 presents age group and gender wise HIV positive cases, excluding pregnant women (Sero-Surveillance) during the year 2018-19 to 2020-21 in Manipur.

Table 9.10: HIV Positive Cases (Sero-Surveillance) in Manipur

Age Group	2018-19			2019-20			2020-21		
	Male	Female	Total	Male	Female	Total	Male	Female	Total
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
Less than 14	27	33	60	33	22	55	4	15	19
15-24	41	33	74	55	33	88	36	19	55
25-34	193	114	307	166	90	256	106	82	188
34-49	285	164	449	256	152	408	188	130	318
50 & above	87	48	135	102	64	166	67	31	98
Manipur	633	392	1025	612	361	973	401	277	678

Source: Manipur State AIDS Control Society

It is observed that the maximum number of HIV positive cases are found in the age group of 34-49 (both in the case of male and female) which was followed by age group of 25 to 34 years.

9.6.1.11 Covid-19 Vaccination in Manipur:

Following Ministry of Health and Family Welfare, Government of India guidelines, vaccinations were made available first to healthcare workers including ICDS, followed by frontline workers, 60+ population, 45+ population, 18-44 years and children 14-18 years. As of 31st March, 2023, the State has administered a total of 32,69,105 COVID vaccine doses with 16,49,470 first doses, 13,39,219 second doses and 2,80,416 precaution doses. During 2022-23, the State has conducted 21,728 COVID vaccination session sites administering a total of 4,83,001 doses. District wise break-up of COVID vaccination achievement for the year 2022-23 is provided in the Table 9.11.

The State COVID-19 vaccination programme is a collaborative effort of the Health Department, the district administration, the police and different line departments. The programme is also actively supported by development partners including the WHO, UNICEF, UNDP, JSI, Jhpiego, Care India and CASA.

9.6.1.13 Child Health Programme:

The programme aims to reduce infant and child mortality, improve child nutrition and promote healthy child development. It also provides a range of services including growth monitoring and nutritional assessment, treatment of common childhood illness, early detection and management of developmental delays and disability, counselling on parenting and children, and neonatal care. Achievement of child health programme during 2022-23 are highlighted as follows:

Vital Information on Child Health:

Infant mortality rate of Manipur stands at 6 per 1000 live births (SRS 2020) which is lower than the National average of 28. Manipur has the third lowest IMR in the country.

In Manipur the under-five mortality rate is 30 per 1000 live births (NFHS 5) while India recorded 41.1.

Still birth is 5.6 per 1000 live births (Target < 7 per 1000 live births).

Operationalization of five Special Newborn Care Units (SNCUs) at RIMS, JNIMS, DH Thoubal, DH Churachandpur and DH Ukhrul.

SNCU successful discharge rate stands at 93.54 per cent against the target of 80 per cent.

Successful discharge rate at Nutrition Rehabilitation Centre-JNIMS is 100 per cent (Target 95 per cent).

Intensified Diarrhoea Control Fortnight (July, 2022) coverage of 91.84 per cent.

National Deworming Day 1st Round was conducted in April, 2022 with a target of 9,35,757 and achieved 8,82,016 with 94.2 per cent achievement.

National Deworming day 2nd Round was conducted in September, 2022 with a target of 959045 and achieved 908758 with 94.76 per cent achievement.

Significant progress can be seen in the child health programme in recent years, but there is still more work to be done to ensure that all children in Manipur have quality health care services.

9.6.1.14 Anaemia Mukt Bharat (AMB) and Weekly Iron Folic Acid Supplementation (WIFS):

Anaemia Mukt Bharat is a national programme launched by the Government of India to reduce prevalence of anaemia in women, children and adolescents through lifecycle approach. AMB and WIFS programme is implemented in all districts of the State in line with the India specific standard of anaemia reduction (6*6*6* strategy). Prophylactic Iron and Folic Acid Supplementation- iron syrup and iron folic acid tablets were allocated in all the 16 districts. The achievement of AMB and WIFS programme in Manipur during the year 2023-24 can be seen at Table 9.13.

Table 9.13: Achievement of AMB & WIFS during the year 2023-24

9.6.1.15 Rashtriya Bal Swasthya Karyakram (RBSK) Manipur:

This programme aims at early identification and early intervention of birth defects and development delays including disabilities. The Regional Paediatric Cardiothoracic Unit at RIMS, Imphal taken up under RBSK Programme of NHM, Manipur was inaugurated on 6th January, 2023. Out of nine District Early Intervention Centre (DEIC), the installation of audiometry sound proof room at Imphal West, DEIC has been completed. The training of 43 MOs and 46 ANMs on journey of 1,000 days and training of 66 MOs and 59 ANMs on comprehensive newborn screening at delivery points have successfully been conducted under RBSK in the year 2023-24.

9.6.2 Maternal Health:

The State is committed to bring down maternal morbidity & mortality and to aid in achieving the SDG of reducing Maternal Mortality Ratio (MMR) to less than 70 per one lakh live births

by 2030. It has envisaged a comprehensive approach under NHM for responding to the health needs and some of the important schemes were launched by MoHFW to improve the key maternal health indicators.

9.6.2.1 Janani Suraksha Yojana (JSY):

Janani Suraksha Yojana (JSY) was launched on 12th April, 2005 with the objective of reducing maternal and neonatal mortality by promoting institutional delivery among poor pregnant women (BPL, SC, ST) with financial assistance for coming to a health facility for a safe delivery. During 2022-23, 2,396 home delivery BPL mothers and 8,236 institutional deliveries were paid JSY incentives.

9.6.2.2 Janani Shishu Shuraksha Karyakaram (JSSK):

Janani Shishu Shuraksha Karyakaram was launched in June, 2011 to provide completely free and cashless services to pregnant women including normal deliveries and caesarean operations and sick new born (up to one year after birth) in government health institutions in both rural & urban areas with provision of free drugs and consumables, diet (free diet for three days and seven days for normal and C-section respectively), diagnostics, blood and transport.

9.6.2.3 Pradhan Mantri Surakshit Matritva Abhiyan (PMSMA):

Pradhan Mantri Surakshit Matritva Abhiyan (PMSMA) was launched in Manipur on 8th August, 2016 and has rolled out in 74 public health facilities initially and now has increased to 134 public health facilities including three Urban Health and 50 Health and Wellness Centers. Under this programme, 15 volunteer doctors (14 OBGYs & one radiologist) from private sector have been registered and started providing services. Assured and comprehensive antenatal services are also provided to pregnant women, at these designated health facilities by Obstetricians/Medical Officers along with free drugs and diagnostics like IFA tablets, calcium tablets, USG, etc. Three Urban Health Centres have been newly identified as PMSMA centres in December, 2022. Another 50 well-performing HWC had also been identified as PMSMA centres in February, 2022. The achievement of PMSMA during 2023-24 is shown in Table 9.16.

Table 9.16: Achievement of PMSMA during 2023-24

9.6.2.4 Special initiative PMSMA Programme (*Mirolbising gi Khudol*):

State is moving forward with a newer/special initiative programme called *Mironbising gi Khudol* under PMSMA by covering the public health facilities located in the far flung areas and where there is lack of volunteer doctors in the particular district. Some of the achievements under this programme are shown in Table 9.17 during 2023-24

Table 9.17: Achievement Under *Mirolbising gi Khudol*

Sl. No.	Indicators	Achievement
(1)	(2)	(3)
1.	Total No. of PW registered for ANC	152
2.	Total No. of PW attended by Medical Officer/OBGY	152
3.	Total No. of High Risk Pregnant Women Detected	18
4.	Total No. of Ultrasonography Done	105
5.	Total No. of General Laboratory Test Done	115
6.	Total No. of HIV Test Done	113
7.	Total No. of Counseling Attended	118
8.	Total No. of Referral Made	65

Source: Directorate of Family Welfare Services, Manipur

9.6.2.5 Surakshit Matritva Aashwasan (SUMAN):

All pregnant women, all mothers upto six months post delivery and all sick infants will be able to avail several free health care services under this scheme. A total of 105 public health facilities including four district hospitals and 100 well-performing HWCs have been notified as SUMAN facilities in FY 2022-23 in the State.

9.6.2.6 Establishment of Birth Waiting Homes (BWHs):

The 1st Birth Waiting Home was inaugurated by State Nodal Officer, Maternal Health (MH) at CHC Saikul, Kangpokpi District on 2nd December, 2022 to provide free accommodation (seven to ten days ahead of expected date of delivery), diet and transport to enhance institutional deliveries and thus reduce maternal mortality and neonatal mortality in the State. Moreover, the programme is also implemented in PHCs Maram, Paomata and Oinam Hills of Senapati District.

9.6.2.7 Village Health Sanitation & Nutrition Day (VHSND):

VHSND has been part of the 100 action points for the first 100 days of the Government of Manipur in 2022-23 since 17th May, 2022 in order to provide momentum to the new government to serve the people of Manipur effectively throughout the five years. It has to be

conducted monthly in the identified villages by Health Department in coordination with Social Welfare Department. The achievements of VHSND are given below.

Achievements of VHSND for the year 2023-24	
Pregnant Women Registered	: 11,761
PW Registered for PMMVY	: 3,397
HRP Detected	: 168
Children Vaccinated	: 50,228
Number of SAM & MAM Children Detected	: 538
Number of Adolescent Sanitary Pads Distributed at Low Cost	: 41,209
Number of Individual Who Had Received Contraceptives	: 30,536
Number of 18+ Individuals Screened for NCD	: 92,695

9.7 Water Supply and Sanitation:

9.7.1 Water Supply:

In the last couple of decades, due to increase in population and subsequent urbanization and climate change due to deforestation and other factors, the issue of water scarcity has become a global phenomenon including India. It affects socio, economic and health care system of all. In Manipur, similar situation/phenomena of water scarcity has been deeply felt and experienced especially more so during dry season. Sources of raw water in Manipur for domestic use predominantly consist of river, lakes, spring, ponds etc. In valley areas of the State, the source predominantly consists of rivers, ponds, streams, etc. whereas in rural and hilly areas, it consists of rivers, streams, springs, etc.

Both the State and Centre have been investing huge funds for creation of infrastructure for providing safe and adequate drinking water to all under various schemes/projects such as Accelerated Rural Water Supply Programme (ARWSP), National Rural Drinking Water Programme (NRDWP), Jal Jeevan Mission (JJM), etc. Besides these, huge effort has been put into to address and mitigate the issue of water scarcity and source sustainability especially during dry season through source strengthening, exploration of ground water resources, conservation of water and effective management of potable water. At present, Public Health Engineering Department, Government of Manipur is implementing various projects such as Jal Jeevan Mission, Manipur State water supply projects under New Development Bank (NDB) funding and others with the aim to provide safe and adequate drinking water to all by 2024. The projects aim to provide water supply to all the rural households of 16 districts of Manipur including schools and anganwadis.

The water supply system in the State can be broadly divided into two, namely: (i) Rural Water Supply and (ii) Urban Water Supply.

9.7.1.1 Rural Water Supply:

The Hon'ble Prime Minister of India has laid the foundation stone for 'Manipur Water Supply Project' under NDB funding on 23rd July, 2020. The project is an important component to

achieve the ‘Har Ghar Jal by 2024’ in Manipur. Rural water supply consists of providing Functional Household Tap Connection (FHTC) to 2,556 rural villages covering 4,51,566 rural households in 16 districts of Manipur. The State is planning to achieve this target from three different funding sources viz. Jal Jeevan Mission, New Development Bank and Others (NLCPR/NEC/ NESIDS/HADP etc.) District wise progress of FHTC in Manipur is shown in Table 9.18.

Table 9.18: District wise Progress of FHTC during 2023-24

Sl. No.	District	No. of Rural Household	Total household connection with PWS /FHTC	% of Total household with PWS
(1)	(2)	(3)	(4)	(5)

	Total	451566	345207	76.45

Source: Public Health Engineering Department, Manipur

9.7.1.2 Urban Water Supply:

Urban water supply consists of water supply to the following areas:

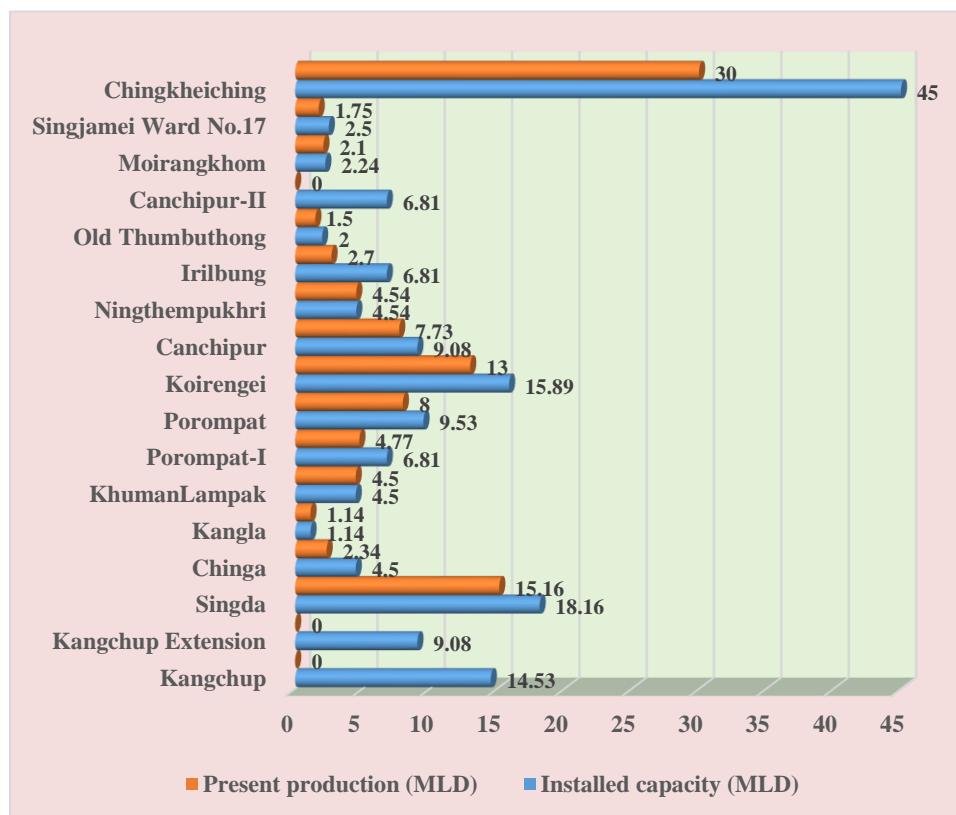

Imphal urban areas consisting of 27 IMC wards and parts of Greater Imphal areas.

26 other towns/ urban local bodies in Bishnupur, Imphal East, Imphal West, Thoubal, Jiribam and Kakching District.

(a) Imphal Water Supply:

The present water demand is calculated to be 136.75 MLD (2023) and requirement by the year 2034 will be 170 MLD. Even though the present installed capacity is 163.12 MLD, the production reduces during dry/lean period every year. The installed capacity of the existing water treatment plant as on 31st March, 2024 is 163.12 MLD.

Fig.9.29: Installed Capacity and Production of the Water Treatment Plant in Imphal, Manipur

Note: MLD - Million Liters per Day

Source: Public Health Engineering Department, Manipur

The following are the projects taken up by the government for providing safe drinking water supply for the Imphal Urban Water Supply.

Table 9.19: Projects of Imphal Urban Water Supply

Sl. No.	Name of Project	Source of Fund	Year of Sanction
(1)	(2)	(3)	(4)
1.	Integrated Water Supply Project for Imphal Planning Area Phase-I	JnNURM	2013-14
2.	Integrated Water Supply Project for Imphal Planning Area Phase-II	AMRUT	2015-16
3.	Integrated Water Supply Project for Imphal Planning Area Phase-III	NDB	2019-20
4.	Construction of water treatment plant at Chinkheiching (45 MLD capacity) for Imphal City	State Fund	2021-22

In addition, installation of 44,000 Smart Water Meter in all the IMC area are also taken up under AMRUT. The year wise cumulative achievement of pipe water supply in urban areas of Manipur is shown in Fig. 9.30.

Fig. 9.30: Urban Households with Pipe Water Supply

Source: Public Health Engineering Department, Manipur

(b) Other Towns:

Augmentation of water supply scheme of 25 other towns namely Nambol, Oinam, Ningthoukhong, Moirang, Kwakta, Kumbi, Andro, Lamlai, Lamshang, Lamjaotongba, Lilong Chajing, Mayang Imphal, Thongkhong Laxmi Bazar, Sekmai, Samurou, Wangoi, Jiribam, Kakching Khunou, Sugnu, Heirok, Lilong Arapati, Sikhong Sekmai, Thoubal Town, Wangjing and Yairipok are taken up under NDB costing Rs 384.11 crore. This is one of the components under "Manipur Water Supply Project costing Rs.3054.58 crore.

9.7.2 Sanitation:

Sanitation covers arrangements for drainage of rain water and effluents, collection and disposal of garbage and removal of human excreta. Proper sanitation is a necessary condition for improvement in general health standards, productivity of labour force and quality of life. Sanitation has two aspects viz. (i) Rural Sanitation and (ii) Urban Sanitation. The PHE Department had undertaken Imphal Sewerage in urban area and construction of Individual Household Latrines (IHHLs), Community Sanitary Complexes, Solid Waste Management and Liquid Waste Management in rural areas under Swachh Bharat Mission Gramin Phase I & II.

9.7.2.1 Rural Sanitation:

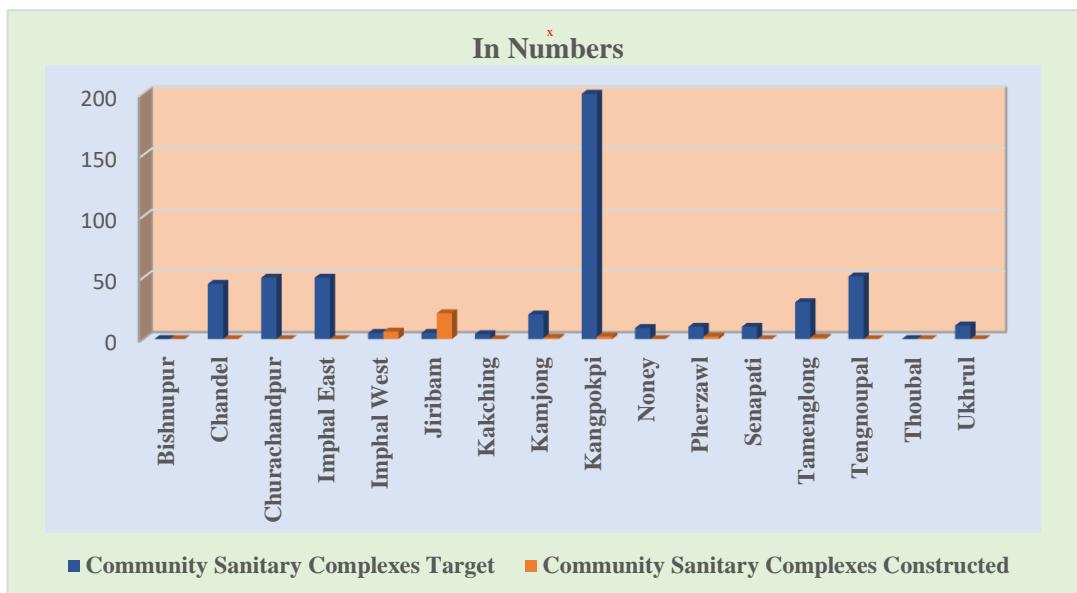

Manipur was declared as the 23rd Open Defecation Free (ODF) State of India under the Swachh Bharat Mission Grameen (SBMG Phase-I) on 2nd October, 2018. The Government of India renewed SBMG Phase –I to enhance sanitation and hygiene in rural areas with the approval of Phase- II from 2020-21 to 2024-25.

SBMG Phase –II aims to sustain ODF status of villages and improve cleanliness in rural areas through solid and liquid waste management, making villages ODF Plus. The goal is set for 2025. The plan for 2023-24 includes building 4,500 IHHLs and 14 block level plastic waste management units to tackle plastic pollution. Additionally 1,637 villages are

designated for solid waste management and 1,494 for liquid waste management, promoting efficient waste management. The construction of 500 community sanitary complexes is planned to enhance hygiene in densely populated areas.

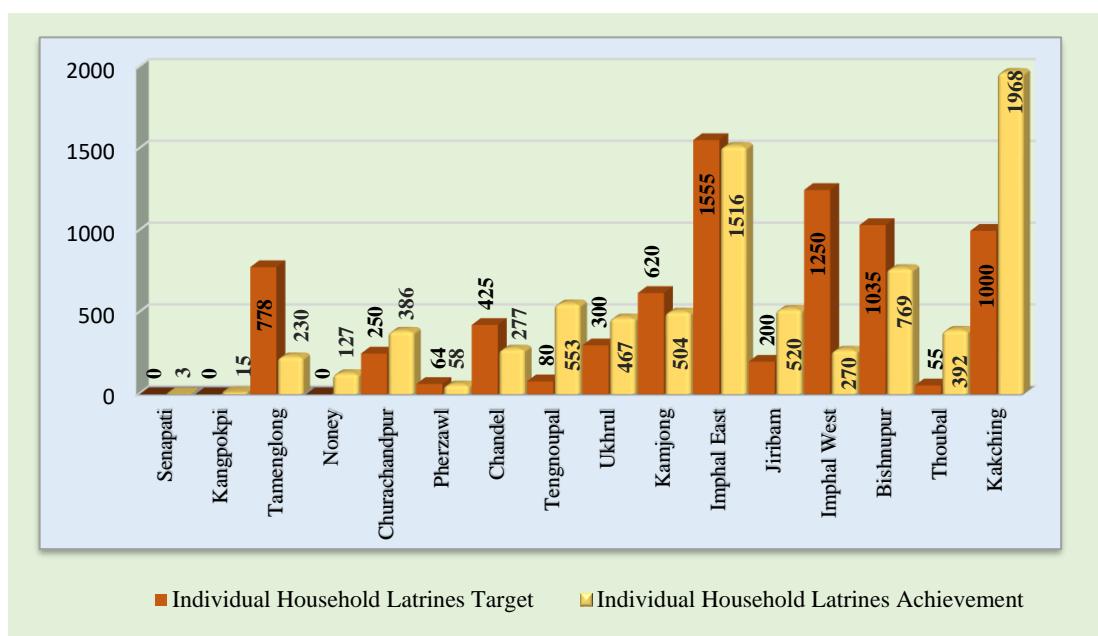

Manipur strives to become a model state for ODF Plus status through collaborative efforts, setting an inspiring example for the nation's cleaner, greener, and more sustainable future. The achievement of community sanitary complexes & IHHLs are shown in Fig 9.31 and Fig 9.32 respectively.

Source: Public Health Engineering Department, Manipur

9.7.2.2 Urban Sanitation:

At present, PHE Department is predominantly dealing with sewerage system and sewage treatment of Imphal urban areas only. The State has a sewage treatment plant at Lamphelpat, with a capacity of 27 MLD constructed under Imphal Sewerage Project –I. As on 31st March, 2023, 7,600 Number of households have been connected out of the targeted 9,564 Nos. of households to the sewerage system.

9.7.3 Jal Jeevan Mission :

Under this mission, functional household tap connection to all the rural habitations have to be provided by 2024. The State of Manipur is having a total of 4,51,566 Rural household under 2,976 habitations/2556 villages.

9.8 Development of Scheduled Tribes, Minorities, Scheduled Castes and Other Backward Classes:

The State is implementing various development and welfare programmes for socio-economic and educational development of the Scheduled Castes, Scheduled Tribes, Minorities and

Other Backward Classes to bring them at par with other communities. Welfare and developmental programmes taken up by the State Government for the above communities are being discussed.

9.8.1 Schedule Tribes:

Government of Manipur has been implementing various schemes and programmes for the welfare and upliftment of the tribal population in the State of Manipur. Some of the important welfare schemes being implemented by the Government in the financial year 2022-23 are highlighted here. The particulars of the scholarship schemes under Ministry of Tribal Affairs, Government of India and their disbursal during the year 2022-23 is given at Table 9.21.

Table 9.21: Particulars of the Scholarship Schemes and their disbursal during the year 2022-23

Sl. No.	Particulars of the Scholarship Schemes	Scholarship Disbursal during 2022-23	
		No. of Applicants Verified for Payment of Scholarship	Amount to be Disbursed
(1)	(2)	(3)	(4)
1.	Pre-Matric Scholarship: For ST students studying in class IX & X whose total annual family income are not more than Rs. 2.5 lakh per annum.	1836	Rs. 5564250
2.	Post-Matric Scholarship: For ST students for pursuing higher education starting from class XI to post graduation courses in India. The ceiling income of parents is Rs.2.5 lakh per annum.	42579	Rs. 483574746

Source: Department of Tribal Affairs & Hills, Manipur

9.8.1.1 Rural Sector Schemes:

Government provides assistance to eligible poor and needy ST families in the State in the form of CGI Sheets every year under the State Plan. During the financial year 2022-23, 892 beneficiaries have been identified to cover under the scheme with an approximate amount of Rs. 5.0 crore to be disbursed.

9.8.1.2 Financial Assistance for Medical Treatment:

Financial assistance is also provided to eligible poor and needy ST families in the State in the form of medical re-imbursement for the expenditure incurred by them for undergoing treatment for different types of ailments/diseases, at both government and private hospitals in the State and outside the State.

9.8.2 Minorities:

The Department of Minority Affairs, Government of Manipur, which was bifurcated from the erstwhile Department of Minorities, Other Backward Classes & Scheduled Castes, Manipur, undertakes welfare schemes/ programmes to protect the interest of Minorities socially, economically, educationally so that they come at par with the advanced sections of the society, with funding from different sources.

9.8.2.1 Schemes under Ministry of Minority Affairs, Government of India:

A. Scholarship Schemes:

100 per cent centrally sponsored continuing scheme with the aim of giving uninterrupted education to the minority communities such as Muslims, Sikhs, Christians, Buddhists, Zoroastrians (Parsis) and Jains. To be eligible, the annual income of the parents/guardians should not exceed Rs. 1.00 lakh for Pre-Matric, Rs. 2.00 lakh for Post-Matric and Rs. 2.50 lakh for Merit-cum-Means based scholarship scheme.

Table 9.22: Particulars of the Scholarship Schemes and their disbursal during the year 2022-23

Sl. No.	Scholarship Schemes	Achievement during 2022-23		Physical Allocation* (Fixed by Ministry of Minority Affairs, GOI)
		No. of Students (Both Fresh & Renewal)	Scholarship Disbursed (Rs. in lakh)	
(1)	(2)	(3)	(4)	(5)
1.	Pre-Matric Scholarship for Minority Students	3924	311.16	No new physical target was set after the discontinuation of scholarship for class I to VIII
2.	Post-Matric Scholarship for Minority Students	670	54.66	3,056 students (513- Muslims; 2,521-Christians; 3-Sikhs; 15-Buddhists)
3.	Merit-cum-Means based Scholarship for Professional & Technical courses	129	38.90	367 students (62- Muslims; 303- Christians; 2-Buddhists)

- * *There is no target for Renewal category and all applied Renewal applications are eligible for the scholarship.*
- * *Merit list generation for Fresh category is yet to be done by the Ministry of Minority Affairs, Government of India.*
- * *For the academic session 2023-24, NSP has not opened for all scholarship scheme under the Ministry of Minority Affairs, Government of India.*

Source: Department of Minority Affairs, Manipur

B. Pradhan Mantri Jan Vikas Karyakram (PMJVK):

This is a top up programme to meet development deficits under Prime Minister's 15 Point Programme for the welfare of minority to be undertaken in all catchment area where concentration of minority population is more than 25 per cent in 15 kilometers radius. Education, health, skill development and women-oriented projects are the priority sectors under PMJVK.

During 2023-24, Ministry of Minority Affairs, Government of India has released an amount of Rs. 1875.00 lakhs as Central share and State Government has sanctioned an amount of Rs. 55.00 lakhs as State Matching Share of implementation of PMJVK projects such as Construction of Model Resident School, construction of Infrastructure Development of College, Hostel, Working Women Hostel, Sadhbhav Mandap, PHSC building, additional room at Health Centre, Health staff quarter, School Building, Additional Classroom (ACR), Upgradation of PS to UPS, etc.

9.8.2.2 State Plan Schemes:

A. Economic and Skill Development Programme (ESDP):

Work Advisory Board (WAB) meeting of the Department of Minority Affairs, Manipur redesigned the scheme as Economic and Skill Development Programme by merging Economic Development Programme (EDP) and Skill Development Programme (SDP) to form a scheme where each sub-scheme shall have an assistance part in kind and, also a skill training part.

Table 9.23: Sub-schemes implemented under ESDP during 2021-22 and 2022-23

Sl. No.	Sub-Schemes	2021-22		2022-23	
		No. of Beneficiaries	Total amount spent (Rs.)	No. of Beneficiaries	Total amount spent (Rs.)
(1)	(2)	(3)	(4)	(5)	(6)
1.	Plumbing	44	657140	140	2100000
2.	Barbering	44	676720	140	2170000
3.	Electrical Works	50	1066000	140	3010000
4.	Masonry	30	433500	140	2100000
5.	Fishery Training	50	600000	100	1200000
6.	Mushroom Cultivation	50	449000	93	837000
7.	Mobile Vending	33	1603800	-	-
Total		301	5486160	753	11417000

* The scheme was not implemented during the year 2023-24

Source: Department of Minority Affairs, Manipur

From the above table it can be concluded that both in terms of number of beneficiaries and total amount spent in the various sub-schemes under ESDP increased manifold in 2022-23 compared to 2021-22.

B. Grants-in-Aid Bodies:

WAQF Board, Manipur carries out registration and modernization of Madrassas for which an amount of Rs. 1,013.00 lakh were allocated during 2022-23.

Manipur State Haj Committee looks after Haj pilgrimage and related matters pertaining to Manipur. An amount of Rs. 94.00 lakh were allocated for the year 2022-23 to look after the Haj pilgrimage and related expenses of the committee.

Manipur State Minorities Commission looks after issues related to protection of minorities' rights, creation of awareness about minority welfare programmes. An amount of Rs. 100.00 lakh were allocated for the commission to meet its over-head office expenditures, to implement schemes/programmes in relation to the protection of minorities' rights, awareness programmes etc. during 2022-23.

9.8.3 Other Backward Classes and Scheduled Castes:

The Department of Other Backward Classes and Scheduled Castes (OBC & SC), which was bifurcated from the erstwhile Department of Minorities, Other Backward Classes and Scheduled Castes (MOBC & SC) takes up various welfare schemes and measures to protect the interests of the OBC & SC communities of the State socially, economically and educationally so that they come at par with the advanced sections of the society.

Mentioned may be made of Centrally Sponsored Schemes (CSS) sponsored by the Ministry of Social Justice and Empowerment, Government of India such as Scholarship Schemes for both OBC and SC students; Construction of Boys' and Girls' Hostels for OBCs and SCs; Village Development Programmes under PMAGY; and Livelihood and Income Generating Schemes of SC communities under SCA-SCSP besides, State Sponsored Schemes (SSS) including ESDP, Chief Ministers' *Lairik Heiminashi Programme* and civil works in backward classes areas.

9.8.3.1 Scholarship Schemes under Ministry of Social Justice & Empowerment, Government of India:

The particulars of scholarship schemes under Ministry of Social Justice and Empowerment, Government of India and the number of beneficiaries are given in Table 9.24.

Table 9.24: Particulars of the Scholarship Schemes and their disbursal during the year 2023-24

Sl. No.	Particular of the Scholarship	2023-24	
		No. of Beneficiary Student	Amount Disbursed (Rs. in lakhs)
(1)	(2)	(3)	(4)
1	OB C Pre-Matric Scholarship	159	6.36
2	OB C Post-Matric Scholarship	19717	1746.67
3	SC Pre-Matric Scholarship	934	4.25
4	SC Post-Matric Scholarship	6153	58.75
Total		26,963	1816.03

Source: Department of Other Backward Classes and Scheduled Castes (OBC &SC), Manipur

9.8.3.2 Centrally Sponsored Schemes under Ministry of Social Justice & Empowerment, Government of India:

A. Construction of Hostels for OBC Boys and Girls:

The centrally sponsored schemes for construction of hostels for OBC boys and girls are being implemented to address the problem of educational backwardness amongst OBC students from rural areas, especially those belonging to the weaker sections with funding from the Ministry of Social Justice & Empowerment (MoSJE), Government of India.

Table 9.25: Details of OBC Boys' and Girls' Hostels being constructed

Name of the Work (1)	Sanctioned Year (2)	Project Cost (Rs. in lakh) (3)	Project Implementing Agency (4)
1. 100-bedded OB C Girls Hostel at Kebol High School, Tera Bazar, Imphal West District	2019	350.00	DRDA, Imphal West
2. 100-bedded OB C Boys Hostel at Sainik School Imphal, Imphal East (separate building)	2023	350.00	MOBEDS
3. 100-bedded OB C Boys Hostel at Sainik School Imphal, Imphal East (separate building)	2023	350.00	MOBEDS

Source: Department of Other Backward Classes and Scheduled Castes (OBC & SC), Manipur

B. Pradhan Mantri Anusuchit Jaati Abhyuday Yojana :

The erstwhile three existing schemes namely Babu Jagjivan Ram Chhatrawas Yojana (BJRCY), Special Central Assistance to Scheduled Castes Sub-Plan (SCA to SCSP) and Pradhan Mantri Adarsh Gram Yojana (PMAGY) have been merged into one scheme as

Pradhan Mantri Anusuchit Jaati Abhyuday Yojana (PM-AJAY), by Ministry of Social Justice & Empowerment, Government of India from the year 2021-22 onwards for better convergence of public money and optimal utilization of resources.

As part of the empowerment of SC students and to solve the problems of accommodation, SC Boys' and Girls' Hostels are constructed to various schools and colleges where there are no hostel facilities and at strategic areas where SC students are concentrated, with funding from MoSJE, Govt. of India.

Currently, the following eight hostels, which were sanctioned during 2022-23 by the Ministry, are being constructed:

List of SC Boys's and Girls' Hostels being constructed
100-bedded SC Girls Hostel at Manipur Technical University, Imphal West
100-bedded SC Boys Hostel at Manipur Technical University, Imphal West
100-bedded SC Girls Hostel at Kakching Higher Secondary School, Kakching
100-bedded SC Girls Hostel at Latingkhal High School, Jiribam

Further, the Ministry of Social Justice & Empowerment, Government of India has also sanctioned for the construction of the following four new SC hostels during 2022-23 with 100 per cent central funding for both girls and boys hostel.

Table 9.26: Details of four new SC Boys and Girls Hostels

Name of the Work (1)	Sanctioned Year (2)	Project Cost (Rs. in lakh) (3)	Project Implementing Agency (4)
1. 100-bedded SC Girls Hostel at Thana Leikai Mandap, Moirang, Bishnupur	2022-23	350.00	MOBEDS
2. 100-bedded SC Girls Hostel at Luwang sangbam, Imphal East, Imphal	2022-23	350.00	MOBEDS
3. 100-bedded SC Boys Hostel at Dhanamanjuri University, Imphal West, Imphal	2022-23	350.00	MOBEDS
4. 100-bedded SC Girls Hostel at Dhanamanjuri University, Imphal West, Imphal	2022-23	350.00	MOBEDS

Source: Department of Other Backward Classes and Scheduled Castes (OBC&SC), Manipur

9.8.3.3 State Plan Schemes:

Economic & Skill Development Programme:

From 2021-22, the Work Advisory Board (WAB) meeting of the Directorate for Welfare of OBC & SC, Manipur has redesigned the scheme called "Economic and Skill Development

Programme (ESDP)" by merging/combining Economic Development Programme (EDP) and Skill Development Programme (SDP) to form a scheme where each sub-scheme shall have an assistance part in kind and, also, a skill training part. Selection of beneficiaries is done by Selection Committee constituted by the Government. Individuals whose annual family income is Rs. 1.00 lakh or below can apply for the scheme.

Sub-schemes implemented under ESDP for 2022-23 implemented in 2023-24, the details of sub-schemes implemented under ESDP are provided in Table 9 (h) of Part-II.

9.8.3.4 Grant-in-Aid Bodies:

Minorities and Other Backward Classes Economic Development Society (MOBEDS):

The main objectives of the Society, in general, are to promote socio-economic development of the minorities, other backward classes and scheduled castes in the State. MOBEDS identifies and promotes self-employment and other ventures suitable for unemployed and underemployed youths belonging to minority, OBC and SC communities.

Currently, it is undertaking construction works under Pradhan Mantri Jan Vikas Karyakaram (PMJVK) scheme of the Ministry of Minority Affairs, BJRCY and construction of OBC hostels schemes of the Ministry of Social Justice and Empowerment. It also undertakes certain deposit works assigned to it from time to time, such as construction of Haj House and civil works for OBC & SC and Minority Affairs Departments. A Grant-in-Aid of Rs. 180.00 lakhs were allocated during 2023-24 to meet office expenses including remuneration of the officials and staffs.

Manipur State Commission for OBC (MSCOBC):

The State Government has constituted a State Commission for Other Backward Classes to look into the reservation policy of OBCs and suggest measures for upliftment of OBCs in the State. During 2023-24, an amount of Rs. 106.18 lakhs were allocated to meet the expenses for the functioning of the commission and other related activities like remuneration of the chairman/ members/ staff, office expenses, POL, TA/DA and miscellaneous expenses.

9.9 Social Welfare:

The Government of Manipur has been implementing various social welfare programmes and services for the upliftment of disadvantaged segments of the population specially women, children, disabled persons, old aged and infirmed etc. So, the welfare services are intended to provide needed care and protection for weaker sections of the community. Some of the important schemes and programmes taken up by the State are highlighted here.

9.9.1 Integrated Child Development Services (ICDS):

The ICDS scheme which was launched on 2nd October, 1975 at Ukhrul TD Block in Ukhrul District is now expanded to the entire State covering 43 CD/TD Blocks/Imphal City (urban) with one State ICDS Cell and 16 (sixteen) districts ICDS Cells.

At District Level	
District ICDS Cells	16
Districts Child Protection Unit	16
State Adoption Agency (SAA)	9
ICDS Projects	43
Numbers of Anganwadi Centres	1152

9.9.1.1 Supplementary Nutrition Programme (SNP):

It is one of the major components of ICDS scheme. Under the scheme, children in the age group of six months to six years and pregnant & lactating mother and severely malnourished children are provided supplementary nutrition as morning snacks, Hot Cooked Meals (HCM) and Take-Home Ration (THR). Details of beneficiaries covered under the scheme in different districts of the State is provided in Table 9(i) of Part-II.

9.9.1.2 Wheat Based Nutrition Programme (WBNP):

The Wheat Based Nutrition Programme is a project tied to ICDS. Fortified rice delivered from this scheme are used for preparation of HCM at AWCs and for distribution as THR to the children in the age group of six months to three years and pregnant & lactating mother under ICDS Scheme.

9.9.2 National Social Assistance Programme (NSAP):

The NSAP is in implementation in Manipur since 2014-15 as a national policy for social assistance to poor households.

The scheme comprises the following five components:

Indira Gandhi National Old Age Pension Scheme (IGNOAPS),

Indira Gandhi National Widow Pension Scheme (IGNWPS),

Indira Gandhi National Disability Pension Scheme (IGNDPS),

National Family Benefit Scheme (NFBS),

I. Indira Gandhi National Old Age Pension Scheme (IGNOAPS):

On attaining the age of 60 years, one becomes eligible to apply for the pension scheme. The pension is Rs.200 p.m. for persons between 60 years and 79 years, while it is Rs.500/- per month for persons who are 80 years and above. The number of beneficiaries under IGNOAPS in different districts of the State in the last three years is provided in Table 9(j) of Part-II. For the State as a whole, there is steady increase in the number of beneficiary pensioners over the last three years.

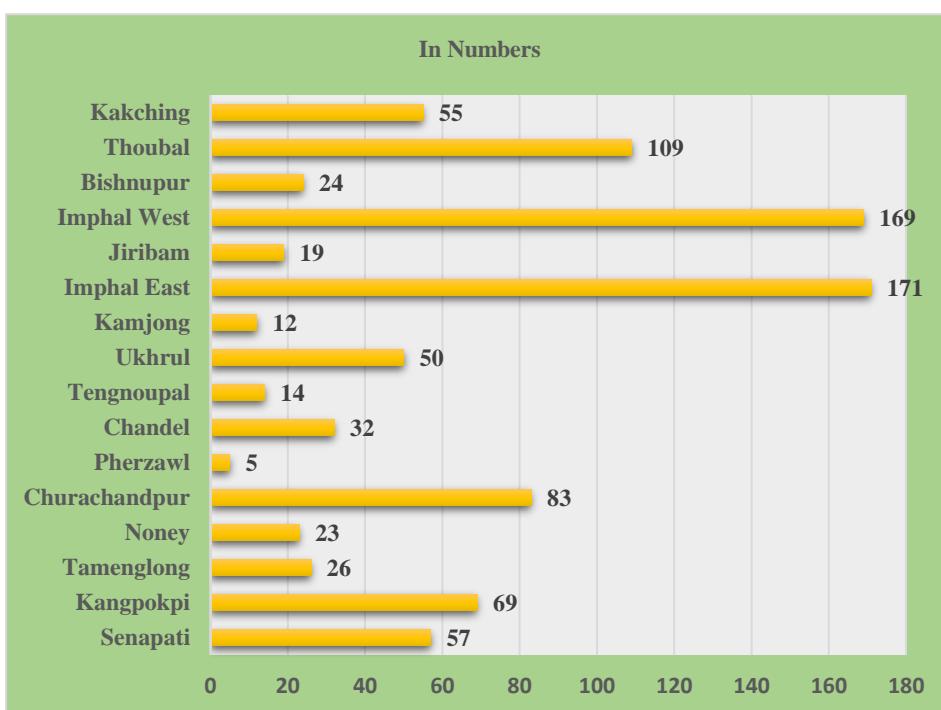

II. Indira Gandhi National Widow Pension Scheme (IGNWPS):

Under the scheme, widows living Below Poverty Line (BPL) 40 to 59 years of age are eligible for the pension at the rate of Rs 300/- per month. There are 7075 beneficiaries under the schemes and monthly pension benefit have been provided upto June, 2023 @ Rs. 300/- per month through RTGS using PFMS platform. Further, the pension amount given to the existing widow pensioners under IGNWP Scheme has been enhanced from the existing rate of Rs. 300 per month to Rs. 500 per month by contributing a State top-up of Rs. 200 per month w.e.f. November, 2021. The district wise number of beneficiaries under IGNWPS during 2023-24 is shown in Table 9(k) of Part II.

III. Indira Gandhi National Disability Pension Scheme (IGNDPS):

People living below poverty line with the age group of 18-79 years and having 80 per cent and above /multiple disabilities are eligible to get the pension. The pension amount is Rs.300 per month. During the last three years, Imphal West and Imphal East have the highest number of beneficiaries, while the districts like Jiribam, Kamjong, Noney and Pherzawl have least number of beneficiaries. District wise number of beneficiaries under the scheme is shown in Fig 9.33 for 2023-24.

Fig. 9.33: District wise Number of Existing Beneficiaries under Indira Gandhi National Disability Pension Scheme during 2023-24

Source: Department of Social Welfare, Manipur

IV. State Share Contribution under IGNWPS and IGNDPS as Top-up:

The schemes were launched during 2021-22 to enhance the existing rate of benefit of Rs.300/- per month to Rs.500/- per month to the 7,075 beneficiaries of IGNWPS and 918 beneficiaries of IGNDPS by contributing a State top-up of Rs. 200/- per month under NSAP.

V. National Family Benefit Scheme (NFBS):

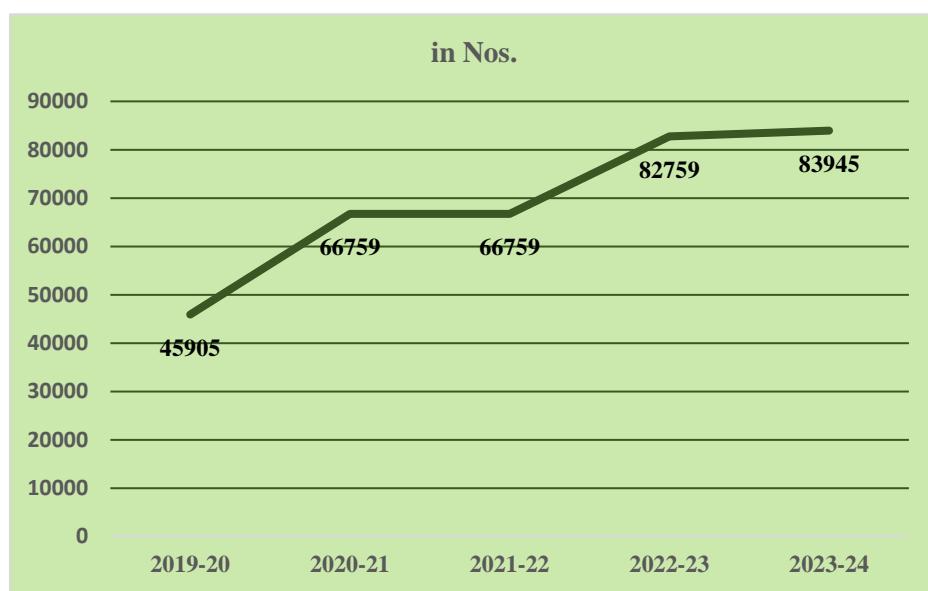

The assistance is given in every case of the death of a breadwinner in a family. A lumpsum assistance of Rs.20,000/- is given to the bereaved household in the event of death of the primary bread-winner. A woman in the family, who is a homemaker, is also considered as a ‘breadwinner’ for this purpose. For the purpose of the scheme, the term “household” would include spouse, minor children, unmarried daughters and dependent parents. In case of the death of an unmarried adult, the term household would include minor brothers/ sisters and dependent parents. The death of such a breadwinner should have occurred whilst he/she is more than 18 years of age and less than 60 years of age.

9.9.3 Manipur Old Age Pension (MOAP) Scheme:

Under this scheme, the Government of Manipur is providing financial assistance to the old aged & infirmed persons / destitute under Manipur Old Age Pension Rules continuously. A sum of Rs. 200/- p.m. has been given to these old and aged persons as pension. It is preferably given to low-income group and handicaps (both male and female).

On May 3rd, 2023 a sudden violence broke out in the State, resulting in loss of many precious lives, houses were burnt and looted, various infrastructures were destroyed and several persons were displaced and left homeless. In order to deal with the consequences of this violence, the government has taken up various measures and persons relief camps were enrolled under this scheme. So, a total No. of 83,945 beneficiaries have been provided monthly pension @ Rs. 200/- per month.

Fig. 9.34: Total number of Beneficiaries covered under MOAP during the last five years

Source: Department of Social Welfare, Government of Manipur

9.9.3.1 Old Age Homes:

There are 42 old age homes for senior citizens and one Regional Resource Training Centre (RRTC) under Integrated Programme for Citizens.

9.9.4 Women Welfare Programmes/Initiatives:

9.9.4.1 ‘Financial Assistance & Support Services to the Victims of Rape’, a Scheme for Restorative Justice:

The scheme is in implementation since 2011-12 with the objective to provide financial assistance to the victims of rape and support services such as shelter, counseling, medical aid, legal assistance, education & vocational training depending upon the needs of the victim. During 2023-24, nine victims were compensated amounting to Rs. 11,69,000/-.

9.9.4.2 Financial Assistance to Poor and Needy Widow Women Scheme:

The scheme started in 2011-12 to provide social security by way of giving one time financial assistance @ Rs.2,000/- each to the poor & needy widow in the age group of 18 – 40 years as this group are not getting benefit under the Indira Gandhi National Widow Pension Scheme.

9.9.4.3 Chief Minister Widow Pension Scheme (CMWPS):

The scheme, which was launched during 2021-22, is applicable for those widows belonging to Economically Weaker Section whose annual income is less than Rs. 72,000/- per annum. The pension amount per beneficiary is Rs. 500 per month. The eligible age for applying the scheme is 40 to 59 years and in case of widows with HIV positive, the eligibility is 18 to 59 years. In addition, a total of 346 widows residing in relief camps because of the violence that

started on May 3rd, 2023 were enrolled under this scheme. A total of 10,346 number of beneficiaries were eligible under the scheme during the year 2023-24.

Fig. 9.35: District wise Number of Beneficiaries under CMWPS, 2023-24

Source: Department of Social Welfare, Manipur

Some other important programmes and initiatives taken up by the government for welfare of women are (i) Rajiv Gandhi Scheme for Empowerment of Adolescent Girls-SABLA; (ii) Women Shelter Home at Vellore; (iii) Welfare Training Institute, Takyel and (iv) Protection of Women from Domestic Violence Act, 2005.

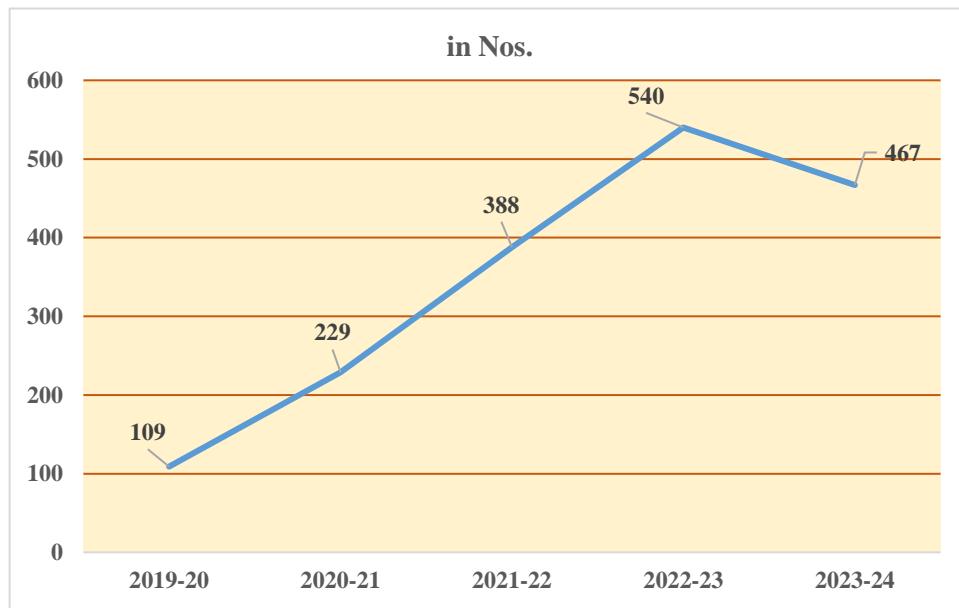

9.9.4.4 Central Government Schemes for Welfare and Empowerment of Women:

UJJWALA: The objective of the scheme is to prevent trafficking of women and children for commercial sexual exploitation through social mobilisation, rescue of victims from the place of their exploitation and place them in safe custody and to rehabilitate, etc. Under this scheme, during the year 2023-24, one woman aged 35 yrs. along with her son Nuthan who hailed from Karnataka was rescued and repatriated to Karnataka.

Shakti Sadan homes are providing special services like medical check up, test and wholesome nutrients foods to inmates of relief camps specially pregnant women and lactating mother.

The One Stop Centre (Sakhi) is to provide integrated support and assistance under one roof to women affected by violence, both in private and public space, within the family, community and at the workplace. One Stop Centre, Thoubal is the 1st Centre established in the entire State. The total number of women assisted/ case registered is shown in Fig. 9.36. The member of assistance to women in One Stop Centre (Sakhi) was 540 in 2022-23 and 467 in 2023-24.

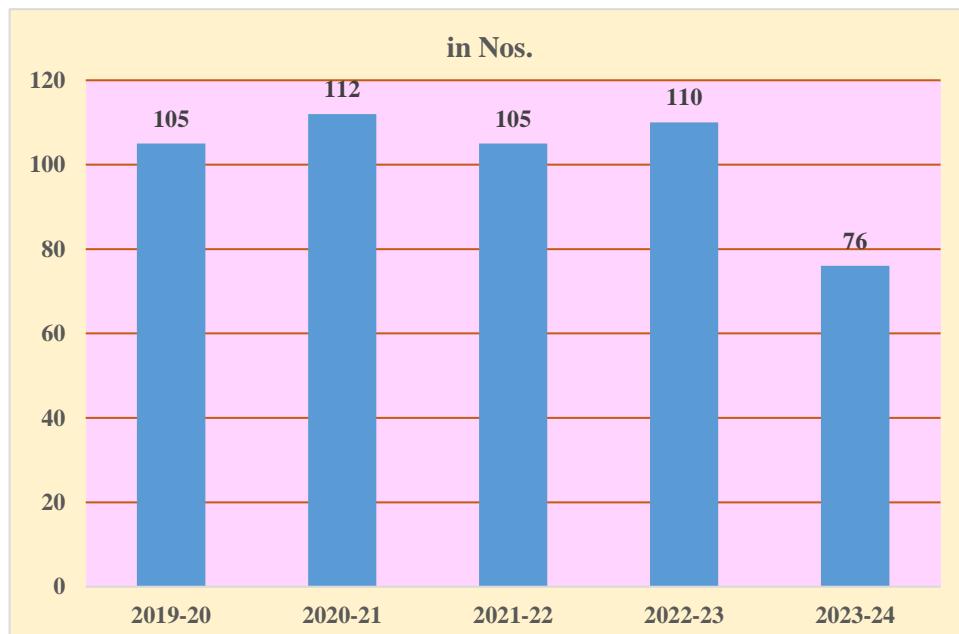

Fig. 9.36: Number of Women Assisted/ Case Registered under One Stop Centre (OSC), Manipur

Source: Department of Social Welfare, Manipur

WOMEN HELP-LINE (181) was launched in Manipur on 23rd June, 2017, to provide toll-free 24 x 7 telecom service to women affected by violence and to facilitate crisis and non-crisis intervention through referral to the appropriate agencies. The total number of women assisted/case registered under WOMEN HELP-LINE during the last five years is shown in Fig. 9.37.

Fig. 9.37: Number of women assisted/case registered under WOMEN HELPLINE (WHL), MANIPUR during the last five years

9.9.4.5 Pradhan Mantri Matru Vandana Yojana (PMMVY):

Pradhan Mantri Matru Vandana Yojana (PMMVY) which is a centrally sponsored scheme is being implemented in accordance with the provision of the National Food Security Act, 2013 since 1st January, 2017.

Under PMMVY, a cash incentive of Rs. 5000/- in three instalments would be provided directly in the account of Pregnant Women and Lactating Mothers (PW&LM) for first living child of the family subject to their fulfilling specific conditions relating to maternal and child health.

Under PMMVY 2.0, cash incentive of Rs. 5,000/- shall be paid to PW&LM for the 1st child in two instalments. Also, to promote positive behavioural change towards girl child additional cash incentive of Rs. 6,000/- shall be paid to PW & LM for the 2nd child provided the 2nd child is a girl child, in one instalment after the birth. However, for availing benefits for the second child, registration during the pregnancy shall be mandatory and the woman shall not be an employee of Central Government, State Government or PSU.

Some other important schemes implemented through NGOs and voluntary organisations are: (i) SWADHAR Greh; (ii) Support to Training & Employment Programme (STEP) for women; (iii) Working Women Hostel with Day Care Centre; (iv) Rajiv Gandhi National Creche Scheme (RGNCS); (v) Family Counseling Centre (FCC); (vi) Short Stay Homes.

9.9.5 Welfare for Disables:

9.9.5.1 Chief Ministergi Sotharabasing-gi Tengbang (CMST) Scheme:

The CMST scheme was launched on 3rd December, 2017 i.e., International Day of Persons with Disabilities with an aim for providing special care, assistance and dignity to persons with disabilities, the aged homeless persons and their care-givers. The following are the five sub-schemes under CMST.

Care- giver allowance/maintenance grant to persons with disabilities with high support needs @ Rs. 1,500 per month.

Skill Development Programme for persons with disabilities under CMST.

Scholarship to students with disabilities @Rs. 3000 to Rs. 8000 per month.

Free travel & concession to persons with disabilities with benchmark disabilities for travelling in public transport.

Maintenance grant for destitute older persons under CMST.

The physical and financial achievements of the five sub-schemes for three years under the CMST are given at Table 9 (I) Part II.

9.9.5.2 Marriage Incentive Scheme:

A person who marries a disabled person or marriage between the persons with disabilities are eligible to a benefit Rs. 30,000/- as one-time payment. However, marriage should take place in Manipur and should be registered.

9.9.5.3 Unemployment Allowance:

Allowance is given to educated unemployed disabled persons in the age group of 18 – 45 years and who have been registered in the special employment exchange but not able to get a gainful occupation. Rs. 400/- to 1,000/- per beneficiary per month is given to beneficiaries according to their educational qualification and degree of disability.

9.9.6 Prohibition of Drugs:

9.9.6.1 The Manipur State Policy on Psychoactive Substances, 2019:

The policy was framed by the State Government with the aim of strengthening the State Government's endeavor of making Manipur free from illegal use of all psychoactive substances using three-pronged strategy of demand reduction, supply reduction and harm reduction.

In pursuant to the mandate of the policy, the State Government has constituted the Manipur Psychoactive Substances Control Authority (MaPSCA), headed by the Chief Minister as Chairman, and the State Technical Committee (STC), headed by the Administrative Secretary (Social Welfare). A State Society for Prevention of Substance Abuse, Manipur (SoPSAM) has also been constituted to support the State Technical Committee.

9.9.6.2 Nisha Leitaba Manipur Semlasi:

The programme, which was launched on 26th June, 2018 by the Hon'ble Chief Minister of Manipur, has later been merged to State Action Plan under National Action Plan for Drug Demand Reduction (NAPDDR).

9.9.6.3 Nasha Mukt Bharat Abhiyan:

Nasha Mukt Bharat Abhiyan of the Ministry of Social Justice and Empowerment, Government of India is being implemented in all the districts of the State as a campaign for creating mass awareness on management of drug use.

9.9.6.4 Framing of State Specific Guidelines:

The State Government has recently framed the guidelines for setting up of Treatment and Rehabilitation of Users for Social Transformation (TRUST) centre in Manipur and minimum standard of care and service for TRUST Centre and notified in the official gazette on 6th September, 2022 to regulate the non-funded/private de-addiction centres operating in the State and to ensure effective treatment services to the needy psychoactive substance users. 31 number of TRUST centres have registered in the State. There are 27 numbers of Integrated Rehabilitation Centre for Addicts (IRCA) which comprises integrated services for the rehabilitation of the substance dependent person.

9.9.6.5 Government TRUST Centre (Anouba Mangal):

A government TRUST centre namely *Anouba Mangal TRUST* centre at Sunusiphai, Bishnupur District, having 50 bedded capacity has also been set up on 26th June, 2022 for providing free treatment services to psychoactive substance dependents belonging to economically weaker section of the society. The centre is now shifted to the premises of Manipur State Bal Bhavan, Khuman Lampak, Imphal.

9.10 Art and Culture:

Manipur is inhabited by different ethnic communities. These communities collectively possess a wide variety of material and cultural properties that form a rich repository of Manipuri culture and civilization. Each ethnic group has its own distinct culture and tradition deeply embedded in its dances, music, customary practices and pastimes. Its own art-forms and cultural expressions distinctly showcase Manipur to the World.

The State is well known for its unique and rich cultural heritage. The famous Manipuri dance (*Raas Leela*) which is one of the classical dances of India; the Sankritana of Manipur which is listed in the Intangible Heritage of UNESCO; the internationally famed Polo (*Sagol Kangjei*) and Manipuri *Thang-Ta* (indigenous martial arts of sword and spear) are few examples of Manipuri culture.

9.10.1 Measures Taken up for Promotion and Preservation of Art and Culture:

Envisaging cultural harmony and emotional integrity among the various ethnic communities of the State, the Government of Manipur has been taking efforts to promote and preserve the rich cultural heritage of the State. Some of the various promotional activities are being discussed here.

9.10.1.1 Art Education and Training Centres:

Government Dance College is imparting knowledge on the classical and traditional dances of Manipur by conducting Foundation and Diploma courses on Folk, Tribal, Lai Haraoba and Raas dances.

Shri Shri Balmukunda Dev Music College is the only teaching institute under the Government of Manipur which impart classical music in both vocal and instruments that comprises six main disciplines such as vocal, tabla, violin, sitar, flute and guitar. During the 2023-24 session, 125 students were admitted in the college.

Imphal Art College imparts education in Fine Arts and other applied arts by offering 5 years Diploma in Fine Arts and Bachelor in Fine Arts courses in sculpture, painting and commercial art. A total of 139 students enrolled for different courses during 2023-24 in the college.

Manipur University of Culture is promoting education, research and training in various spheres of culture including language, literature, visual arts, performing arts, folklore and tribal studies etc. within the institutional mechanism of university system so as to ensure continuity in contribution. It is a new and unique university of the State and first of its kind in the entire North Eastern part of India. Number of students enrolled in the university during 2023-24 is 865.

9.10.1.2 Preservation of Rich Cultural Heritage and Historical Records:

Manipur State Archives is conserving innumerable government, public, private records, written documents in old archaic manuscripts (Puyas) on indigenous handmade papers, palms, aga-barks, etc. after accessioning them categorically and chronologically. During 2023-24, a total of 73 visitors and 80 readers enjoyed the service.

Manipur State Archaeology, Kangla conducts various exploration and excavation ventures, documentation and registration of antiquities, establishment and maintenance of *in situ* museums. While the **Kangla Board** is to oversee the development of the Kangla Fort. The number of visitors visited the fort in the year 2023-24 was 97,659.

Manipur State Museum is the showcase of the unique heritage of the State. It also plays an important role as an educational centre in bringing up the rich cultural heritage of mankind in generations to come. During 2023-24 a total of 11,681 visitors visited the museum.

INA War Museum cum Library, Moirang displays more than 1,000 museum objects and documents relating to the World War II and Indian National Army Movement. It has 15,292 books also. During the year 2023-24, 1,116 visitors, 15 readers and 8 hired out auditorium enjoyed the service.

9.10.1.3 Events & Art Competitions:

Manipur State Kala Akademi (MSKA), with its different units, has been organising cultural festivals pertaining to different art forms of folk and classical of both the hills and

valley. It also holds several promotional activities such as conferences, workshops as well as literary programmes, memorial lectures, art exhibition etc. The Akademi also annually honours individuals who have made outstanding and lasting contributions in different fields of culture with the prestigious Manipur State Kala Akademi Awards. During the year 2022-23 a total of 11 events such as *All Shumang Leela Festival, presentation ceremony of MSKA awards, annual State Exhibition of Art, drama festivals, and memorial lectures* etc. were organised by the Akademi.

Manipur State Film & Television Institute in collaboration with **Manipur State Film Development Society** organised *Imphal International Film Festival* in April, 2022 as a part of the celebration of Golden Jubilee Year of Manipuri Cinema.

9.10.1.4 Welfare Scheme for the Artistes:

In order to support and encourage artistes of the State, Government of Manipur introduced artistes' welfare scheme called 'Chief Ministergi Artistessinggi Tengbang (CMAT)' in 2020. The Scheme provides financial assistance to artistes in a variety of categories. The components of the scheme are as follows:

Table 9.32: Particulars of Chief Ministergi Artistessinggi Tengbang (CMAT)

Sl. No.	Name of Scheme	Features of the Scheme	No. of Beneficiaries in 2022-23
(1)	(2)	(3)	(4)

9.11 Tourism in Manipur:

With incredible scenic natural beauties, favourable climatic condition throughout the whole year and warm hospitality of the local people, huge prospect of tourism is unquestionable. The State of Manipur, though tiny in size has immense scope for promotion of tourism and is a hidden gem waiting to be explored by travel enthusiasts. The State boasts of a plethora of tourist attractions that are sure to leave travelers spellbound.

Loktak Lake, the largest freshwater lake in Northeast India, is a major draw for tourists. Its unique floating biomass, known as phumdis, is a sight to behold. Keibul Lamjao National Park, the only floating national park in the world, is home to the endangered Sangai deer. The INA memorial at Moirang is a poignant reminder of India's struggle for independence. It is in this place, where the Tricolour was hoisted for the first time in the Indian soil. Shirui National Park at Utkhrul is a paradise for nature lovers. The park is home to a variety of flora and fauna,

including the rare Shirui Lily, the State flower of Manipur. The Khongjom War Memorial in Thoubal District commemorates the bravery of the Khongjom Martyrs who sacrificed their lives during the Anglo-Manipur War of 1891.

Manipur is also known for its vibrant festivals that celebrate the State's rich culture and heritage. The Shirui Lily Festival, held annually in May, is a celebration of the beautiful Shirui lilies that bloom in the hills of Ukhrul District. The Barak Festival at Senapati, showcases the State's traditional arts and crafts, music, and dance forms. The Manipur Sangai Festival, held in November every year, is a celebration of the State's unique culture and heritage. The festival features traditional sports like polo, as well as cultural performances and food stalls that offer a taste of Manipur's cuisine.

Manipur's tourism potential is immense, with its natural beauty, rich cultural heritage, and historical landmarks attracting tourists from all over the world. The State Government has been taking up various schemes and projects for development of tourism sector. Some of the projects inaugurated in the recent past for development of tourism in the State are highlighted in Table 9.33.

Table 9.33: Projects Inaugurated for Development of Tourism in the State for the year 2023-24

Sl. No.	Name of Project/ Scheme	Project Funding Under	Project Cost (in Rs Lakh)	Whether Inaugurated / Foundation Laying/ Launched with date

1.	Development of Eco-Tourism Complex at Noney near the Railway bridge under State Plan	State Plan	300.00 lakh	Inaugurated on 13.04.2023 by Shri. N Biren Singh, Hon'ble Chief Minister, Manipur
2.	Development of Eco Tourism Destination in each Assembly Constituency of Manipur under State Plan 2020-21 (a)Tadubi A/C (b) Mao A/C & (c) Kangpokpi A/C	State Plan	50.00 Lakhs for each Assembly Constituency	Inaugurated on 13.04.2023 by Shri . N Biren Singh, Hon'ble Chief Minister, Manipur
3.	Development of water Amusement Park at Thenguchingjin, Imphal East District, Manipur	SASCE	4000 Lakhs	Inaugurated on 13.03.2024 by Shri . N Biren Singh, Hon'ble Chief minister, Manipur
4.	State Institute of Hotel Management, Nongmaiching, Imphal East, Manipur	MoT	1200 Lakh	Inaugurated on 14.03.2024 by Shri . N Biren Singh, Hon'ble Chief minister, Manipur

Source: Directorate of Tourism, Manipur

9.11.1 Tourist Destinations:

Manipur is also a varied mixture of people, their culture, traditions, ethnicity, communities, languages and history. The State, being open for tourism all the year round, believes in importance and need for responsible tourism to conserve and protect the gifted terrain while

promoting Manipur as one of the most sought-after tourist destinations. The list of main tourist destination in the districts of Manipur is given in Table 9.34.

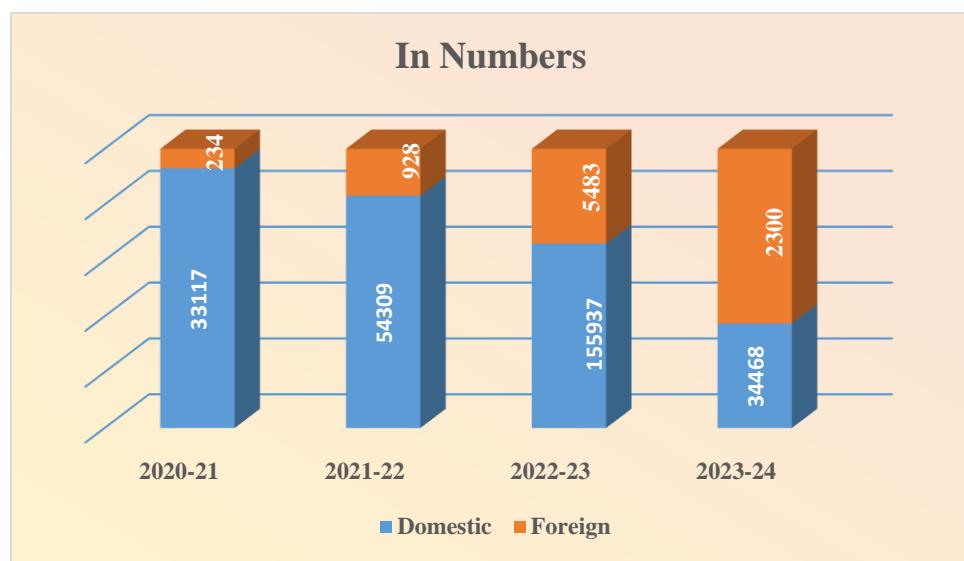

Table 9.34: List of Tourist Destinations in Manipur

SL. No	District	Tourist Destinations
(1)	(2)	(3)
1.	Senapati	Dzuko valley
2.	Kangpokpi	Thangal Surung
3.	Tamenglong	Barak Waterfall
4.	Noney	ITD, Tupul
5.	Churachandpur	Ngaloi Waterfall

16.	Kakching	Kakching Garden

Source: Directorate of Tourism, Manipur

Another added factor for attracting tourist in the State is the improvement in the transport and communication. Manipur is now well connected with cities like Delhi, Kolkata, Guwahati, Silchar, Aizwal, Dimapur, Jaipur, Bagdogra, Chennai, Ahmedabad, Goa, Pune, Bengaluru and Mumbai by Air. The year wise number of tourists in Manipur for the year 2020-21 to 2023-24 is shown in Fig. 9.38. The number of tourists in the State drastically decreased in the year 2020-21 and 2021-22 due to the Covid-19 pandemic.

Fig. 9.38: Year wise Number of Tourists in Manipur

Source: Directorate of Tourism, Manipur

9.11.2 Manipur Sangai Festival - Festival of Oneness:

The first Manipur Sangai Festival was celebrated in 2010 to promote Manipur as a world-class tourist destination. Since then, it is held from 21st to 30th November annually and has become the biggest tourism festival of the State. The festival is named after the famed species of brow-antlered, Sangai deer which is endemic to the Keibul Lamjao National Park, the only floating National Park, of Manipur.

Manipur Sangai Festival, 2022 was organized at different locations. The star attraction of the event was the opening ceremony at the magnificent Sangai Ethnic Heritage Park in Moirang Khunou which also houses indigenous tribal huts showcasing the diverse ethnic communities of Manipur and the splendour of indigenous handloom and handicrafts which reveals the rich artistic heritage passed down through the ages.

Sagol Kangjei, a sport which has now evolved into the modern game of Polo, was showcased in its very own birthplace at the men's international polo tournament and CM's Sagol Kangjei Tournament at Kangla Polo Ground. On top of these several attractions the thrill of various indigenous sports and the athleticism of Thang Ta, Mukna Kangjei, and Yubi Lakpi enthralled the visitors at the festival.

The Manipur Sangai Festival 2022 welcomed national leaders, policymakers, industry experts, business delegates, cultural performers, exhibitors and visitors from countries like Bangladesh, Egypt, Thailand and from the continent of Africa.

9.11.3 Shirui Lily Festival:

Manipur celebrates the Shirui Lily Festival every year at Ukhrul District during the month of May keeping in mind the peak blooming season of Shirui Lily, the State Flower of Manipur. The festival features demonstrations of the age-old traditions and culture of the inhabitants of the district.

The festival is spread over multiple venues which include the Shirui village ground, the Tangkhul Naga Long (TNL) ground and the Bakshi ground where Shirock, a grand music festival featuring international bands is held every year. The four-day long celebration showcases cultural performances by various cultural troupes from across the State, live music performances, exhibits, folk songs, traditional dances and indigenous games and sports competitions like the Shirui Lily Grand Prix besides other side events like camping and trekking and other adventure activities etc.

Manipur Tourism aims to spread awareness about the endangered Shirui Lily and promote the district of Ukhrul as a must-visit tourist destination in Manipur through this festival. Manipur Tourism recognizes the importance of Shirui Lily as an endangered flower and the event is a part of its efforts to develop and implement sustainable and responsible tourism in the State.

9.11.4 Development of Water Amusement Park:

The project was sanctioned in the year 2020-21 under the scheme of Special Assistance to States for Capital Expenditure (SASCE) of Ministry of Finance, Government of India. The project is completed and inaugurated on 13th March, 2024 by Hon'ble Chief Minister, Manipur.

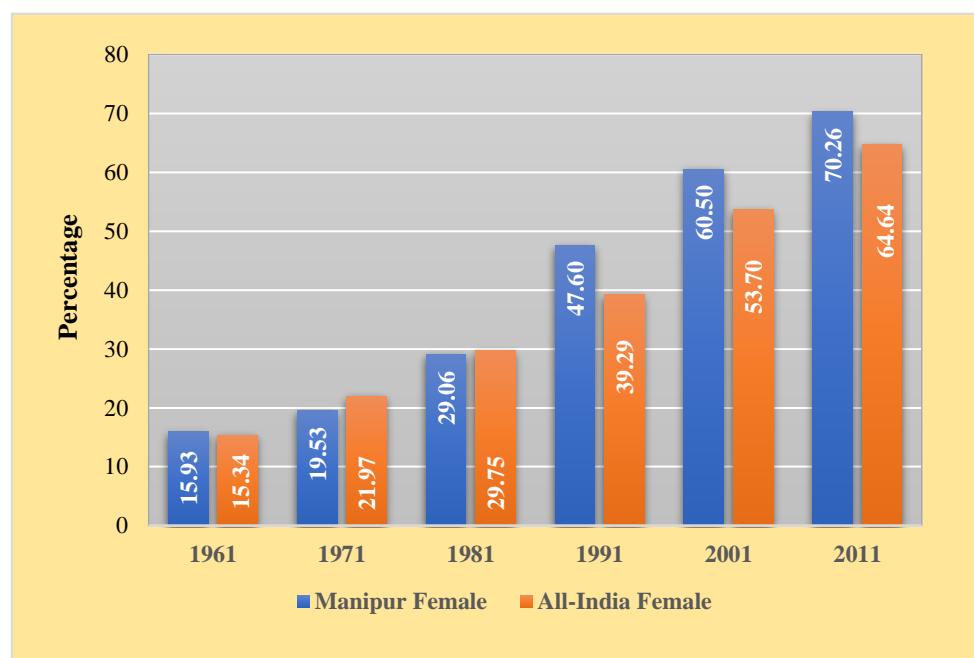

9.12 Empowerment of Women:

Women empowerment is critical to the process of development. Bringing women into the mainstream of development is a major concern of the Government. Despite significant steps undertaken for protection of women's rights and promoting their welfare, the status of women continues to remain backward. The main cause for this is illiteracy and ignorance. In order to empower women and bring them into the mainstream, an enabling environment with requisite policies and programmes, institutional mechanisms at various levels and adequate financial resources have been created. The year 2001 was declared as the Women's Empowerment Year by the Government of India. With gradual spread of education and empowerment, the position of women has begun to change.

9.12.1 Female Literacy Rate:

The female literacy rate of Manipur rose from 15.93 per cent to 70.26 per cent in 2011. The female literacy rate of Manipur and All-India in the census 1961 to 2011 are presented below.

Fig. 9.39: Female Literacy Rate of Manipur vis-a-vis All-India

Source: Office of the Registrar General of India

9.12.2 Women in the Workforce:

Women constitute a significant part of the work force in the State. Table 9.35 provides the district wise female workers and non-workers of Manipur.

Table No. 9.35: District wise Female Workers and Non-Workers in respect of Manipur, 2011 Census

District/State (1)	Female		
	Workers (2)	Non-workers (3)	Total (4)
1. Senapati	109479	122346	231825
2. Tamenglong	33438	34842	68280
3. Churachandpur	52061	83262	135323
4. Ukhrul	41396	47884	89280
5. Chandel	33623	35980	69603
6. Imphal East	77286	152733	230019
7. Imphal West	84847	178091	262938
8. Bishnupur	47130	71487	118617
9. Thoubal	85942	125381	211323
Manipur	565202	852006	1417208

Source: Office of the Registrar General of India

According to 2011 census, the main and marginal workers among females constitute 63.5 per cent and 36.5 per cent of the total female workers respectively. Out of the total 3,59,028 main female workers, 1,85,617 (51.70 per cent) were cultivators, 21,075 (5.87 per cent) were agricultural labourers whereas the remaining 1,52,347 (42.43 per cent) were engaged in other sectors like manufacturing, processing, servicing and repairing other than household industries and other services etc.

9.13 Multidimensional Poverty:

The eradication of poverty has been an integral component of the strategy for economic development. Defining poverty is the first step in estimating poverty. Though the term poverty could not be defined precisely and its concept and content vary from country to country. Historically, poverty estimation has been predominantly relied on income as the sole indicator. However, the global Multidimensional Poverty Index (MPI), based on the Alkire-Foster methodology, captures overlapping deprivations in health, education, and living standards. It complements income poverty measurements because it measures and compares deprivations directly.

Like the global MPI, India's national MPI has three equally weighted dimensions – Health, Education, and Standard of Living – which are represented by 12 indicators. The indices of the national MPI comprises: (i) **Headcount Ratio (H): How many are poor?** Proportion of multidimensionally poor in the population, which is arrived at by dividing number of multidimensionally poor persons by total population; (ii) **Intensity of Poverty (A): How poor are the poor?** Average proportion of deprivations, which is experienced by

multidimensionally poor individuals. To compute intensity, the weighted deprivation scores of all poor people are summed and then divided by the total number of poor people. **Multidimensional Poverty Index (MPI)** value is arrived at by multiplying the headcount ratio (H) and the intensity of poverty (A), reflecting both the share of people in poverty and the degree to which they are deprived. According to the AF methodology, an individual is considered MPI poor if their deprivation score equals or exceeds the poverty cutoff of 33.33%. These estimates have been computed using data from the 5th round of National Family Health Survey (NFHS-5) conducted in 2019-21, employing the same methodology as the baseline report for which data from NFHS-4 was utilized.

An overview of Manipur's headcount ratio (H), intensity of poverty (A), and MPI is shown in Table 9.36.

Table 9.36: Headcount Ratio, Intensity and Multidimensional Poverty Index (MPI) of Manipur

Year	Headcount Ratio: H (%)			Intensity: A (%)			MPI (H x A)		
	Rural	Urban	Combined	Rural	Urban	Combined	Rural	Urban	Combined
(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)
2019-21	10.95	3.43	8.10	42.20	40.42	41.91	0.05	0.01	0.03
2015-16	22.33	8.49	16.96	45.11	42.51	44.61	0.10	0.04	0.08
Change Over 2015-16	(-11.38)	(-5.06)	(-8.86)	(-2.91)	(-2.09)	(-2.70)	(-0.06)	(-0.02)	(-0.04)

Source: National Multidimensional Poverty Index, A Progress Review, 2023, NITI Aayog

Manipur has achieved a remarkable reduction in its MPI value, headcount ratio and intensity between 2015-16 and 2019-21 for the State as whole as well as for both rural and urban areas, indicating success of the State's commitment and action to address the multidimensional nature of poverty through its multipronged strategies. A steep decline in poverty headcount ratio is observed in rural areas. The intensity of poverty, which measures the average deprivation among the poor people living in multidimensional poverty, reduced from 44.61 per cent in 2015-16 to 41.91 per cent in 2019-21. The trend is also found to be true for both rural and urban areas. The MPI estimates highlight more than halving the State's MPI value i.e. 0.08 in 2015-16 to 0.03 in 2019-21. The estimates indicate that rural areas saw a faster reduction in their MPI value, compared to urban areas.

District-wise dimensions of MPI for the State is indicated in Table 9.37 below. In 2019-21 (NFHS-5), headcount ratio is found to be highest in Tamenglong with 18.50 per cent and least in Imphal West (2.12 per cent). In case of intensity of poverty, it is again Tamenglong District with 44.20 per cent. For least intensity, it is again Imphal West District (38.63 per cent). The trend is true for the estimates of MPI. Though there is disparity in changes of estimates among the districts of Manipur, reduction in dimensions of MPI can be observed for almost all the districts except Bishnupur District. Change in intensity of poverty for Bishnupur District in 2019-21 over 2015-16 is 1.96 per cent implying that intensity of poverty has increased over the period. However, MPI value is found to be decreasing for the district too.

Table 9.37: District wise Overview of Headcount Ratio, Intensity and Multidimensional Poverty Index (MPI)

Districts	NFHS-5 (2019-21)			NFHS-4 (2015-16)			Changes Over NFHS-4

9.14 Labour, Employment and Craftsmen Training:

The three Departments viz., (i) Labour, (ii) Employment and (iii) Craftsman Training executes programmes in three sectors as elaborated below:

9.14.1 Labour:

The Government of Manipur through the Department of Labour undertakes the Labour Administration Services as is done by the other states of the country. The services are provided by administration, implementation and enforcement of various labour laws as in force in Manipur.

The Government provides care, protection, welfare and social security of the working population by enforcing different labour laws and labour welfare schemes. The four development schemes currently implemented are as follows.

Administration of Labour Laws to provide infrastructure of the administration of labour laws.

20 Point Programme for enforcing minimum rates of wages for unorganized workers and formulating and implementation of welfare schemes for unorganized workers.

Elimination of child labour to implement National Policy for Education of Child Labour and various directions of the Supreme Court and National Human Right Commission on the issues of child labour.

Improvement of Information Technology (IT).

9.14.1.1 Implementation of Labour Laws:

The list of implemented Labour Laws and their objectives are presented here.

Name of Labour Laws	Objectives of the Law
Employees' Compensation Act, 1923	: Employers to pay compensation to workers for disablement or death of employees arising out of personal injury by an accident in the course of and arising out of employment. DLC is the commissioner of EC.
Trade Unions Act, 1926	: Registration of trade unions and regulation of working of registered trade unions. DLC is the Registrar of TUs
Children (Pledging of Labour) Act, 1939	: Prohibition of pledging of or agreement to pledge, labour of a child below the age of 15 years of age. Fines may be imposed against culprits.
Payment of Wages Act, 1936	: Regulates payment of wages and deductions from wages for the workers drawing monthly wages not exceeding Rs. 10,000/- in factories and certain other industrial establishments. DLC is the Claims Authority.
Child & Adolescent Labour (Prohibition and Regulation) Act, 1933	: Total prohibition of employment of children below 14 years of age and there are restriction of employment of children between the ages of 15 to 18 years in hazardous occupations. Labour Inspectors are appropriate authorities.
Industrial Employment (Standing Orders) Act, 1946	: Requires framing of Employment Standing Orders in Industrial establishments employing 100 or more workers to provide well defined conditions of service of worker and enforcement thereof.
Industrial Disputes Act, 1947	: Provides for investigation and settlement of industrial disputes in any industrial establishment/ employment through conciliation proceedings, adjudication or arbitration and prevention of illegal strikes of workers, illegal lock-out/ illegal retrenchment/ illegal lay-off by employer. DLC is the Conciliation Officer.
Minimum Wages Act, 1948	: Provides for fixing of minimum rates of wages of employees in the certain scheduled employments in the unorganized sector and enforcement of the minimum rates of wages.
Plantation Labour Act, 1951	: Providing for the welfare of plantation workers and regulation of conditions of their work/services.
Employees' Provident Fund, Family Pension and Misc. Provisions Act, 1952	: It provides for institution of compulsory provident funds for workers in every factory and establishments engaging 20 or more employees for the future of the workers after retirement and for their dependents in case of death.

Contd.

Name of Labour Laws	Objectives of the Law
Working Journalist and Other Newspaper Employees (Conditions of Service) & Misc. Provisions Act, 1955	Regulation of employment and conditions of services of newspaper employees and enforcement of rates of wages fixed by the Wage Board for the newspaper employees.
Motor Transport Workers Act, 1961	It is applicable to Motor Transport Undertakings employing 5 or more workers. It regulates employment and conditions of services of the motor transport workers. Labour Commissioner is the Chief Inspector.
Maternity Benefits Act, 1961	It is applicable to all establishment employing 10 or more persons. Maternity Leave for 26 weeks for 2 surviving children and 12 weeks for more than 2 children.
Payment of Bonus Act, 1965	Payment of annual bonus by employers to their workers (not drawing salary/wage beyond Rs.10,000/- per month and who has worked for not less than 30 days in an accounting year) in every factories and other establishment employing 10 or more workers at the minimum rate of 8.33 per cent.
Contract Labour (Regulation & Abolition) Act, 1970	No contractor employing 20 or more workers is allowed to execute or undertake in any establishment without a license issued to him. Labour Officer is the Licensing Officer and Labour Commissioner is the Authority to specify the hours of work, interval of rest, wage period and time of payment of wages etc.
Child Labour (Abolition) Act, 1986	Prohibits employment of children below 14 years of age. However, children below 18 years can be engaged in certain non-hazardous employments subject to some conditions.
Payment of Gratuity Act, 1972	Gratuity is a voluntary payment made by the employer to the employee in recognition of continuous and meritorious service towards the organization (in which 10 or more persons are employed) at the time of termination of employment (after not less than 5 years of continuous service) due to death, retirement or resignation. Maximum limit is specified as Rs. 20 lakh for Govt. and Rs.10 lakh for companies.
Equal Remuneration Act, 1976	It provides for payment of equal remuneration to man and woman workers and for prevention of discrimination on the ground of gender in the matter of employment. It is applicable to both private and public sector.
Bonded Labour System (Abolition) Act, 1976	It prohibits bonded labour system and provides for their identification, release and rehabilitation. DMs are empowered under this act.

Name of Labour Laws	Objectives of the Law
Sales Promotion Employees (Conditions of Service) Act 1976	: It regulates the condition of services of certain sales promotion employees employed in certain establishments. Initially it applied only to pharmaceutical industry but is now applies to host of industries such as cosmetics, readymade garments, biscuits, automobiles, electronics, electrical, paints etc.
Inter-State-Migrant Workmen (Regulation of Employment and conditions of Service) Act, 1979	: Any person who is recruited by a contractor in one state is under an agreement for employment in any establishment in another state is a migrant worker. Employment of 5 or more inter-state migrant workers without registration is illegal and such a contractor is required to obtain a license in this regard. DLC is the Licensing Officer.
Cine and Theatre Workers (Conditions of Service) Act, 1986	: Regulates their conditions of service like holidays etc.
Building and Other Construction Workers (RE&CS) Act, 1996	: It regulates employment and conditions of service of the building workers employed in establishments employing 10 or more building workers and by contractors employing 10 or more building workers. Registration of building workers is required for extending to them welfare benefits.
Building and Other Construction Workers' Welfare Cess Act, 1996	: It provides for levy and collection of a cess on the cost of construction incurred by employers employing 10 or more building workers in any building or other construction work for the purposes of welfare fund for the eligible building workers. Rate is not exceeding 2 per cent, but not less than 1 per cent of the cost of construction.
Manipur Shops & Establishment (RE & CS) Ordinance, 2021	: Registration of Shops & Establishment which employ 10 or more employees, regulation of employment & conditions of service, renewal thereof etc.

Concl.

9.14.1.2 Social Security Welfare Schemes for Unorganized Workers:

The Unorganized Workers' Social Security Act, 2008 defines well the term 'unorganized worker' for the propose of the various welfare schemes formulated by the Central and the State governments under the said Act. The definition of unorganized worker reads as "Unorganized worker means a home based worker, self-employed worker or a wage-worker in the unorganized sector and includes a worker in the organized sector who is not covered by (1) Employees Compensation Act, 1923, (2) Industrial Disputes Act, 1947, (3) Employees' State Insurance Act, 1948, (4) Employees' Provident Fund & Misc. Provisions Act, 1952, (5) Maternity Benefits Act, 1961 and (6) Payment of Gratuity Act, 1972. A person employed by

the said six Acts is not an unorganized worker for the welfare scheme formulated under the said Act.

A person, who is not employed by an employer, but engages himself/herself in any occupation in the unorganized sector subject to a monthly earning of such amount as may be notified by the Central Government or State Government from time to time (Rs.15,000/- as notified by the Government of Manipur) or holds cultivable land subject to such ceiling as may be notified by the State Government, is Self-Employed Worker.

Name of Central Social Security Welfare Schemes of the unorganized workers and implementing departments under Unorganized Workers' Social Security Act, 2008 are highlighted here.

Name of Central Social Security Welfare Scheme	Name of Implementing Departments
1. Indira Gandhi National Old Age Pension Scheme (to extend the benefit of old age pension under this scheme to the old unorganized workers).	Department of Social Welfare, Government of Manipur.
2. National Family Benefit Scheme (to extend the benefits under this scheme to the family of unorganized workers).	Department of Health & Family Welfare, Government of Manipur.
3. Handloom Weavers' Comprehensive Welfare Scheme (to extend the benefits under this scheme to the handloom weaver unorganized workers).	Department of Textile, Commerce & Industry, Government of Manipur.
4. Handicraft Artisans' Comprehensive Welfare Scheme (to extend the benefits under this scheme to the handicraft artisan unorganized workers).	Department of Textile, Commerce & Industry, Government of Manipur.
5. Pension to Master Craft Persons.	Department of Textile, Commerce & Industry, Government of Manipur.
6. Janani Suraksha Yojana (to extend the benefits under this scheme to the unorganized women workers).	Department of Health & Family Welfare. Government of Manipur.
7. National Scheme for Welfare of Fishermen and Training and Extension (to extend the benefits under this scheme to the fisherman unorganized workers).	Department of Fisheries, Government of Manipur.
8. Aam Admi Bima Yojana (merged with Janshree Bima Yojana) (to extend the benefits under this scheme to the unorganized workers).	Department of Social Welfare, Government of Manipur.
9. Pradhan Mantri Shram Jogi Maan Dhan Yojana for providing old aged pension to the unorganized workers.	Life Insurance Corporation of India
10. Rashtriya Swasthya Bima Yojana (to extend the benefits of free medical treatment under the scheme to the unorganized workers belonging to BPL).	Department of Health Services, Government of Manipur.

There is no State Social Security Welfare Scheme formulated by the Government of Manipur under the said 2008 Act for the time being.

9.14.1.3 Wages and Bonus:

The minimum rates of wages is Rs. 225.00 per day for unskilled labour, Rs. 248.00 per day for semi-skilled labour and Rs. 273.00 per day for skilled labour in 15 different Scheduled Employments. The State Government is in the process of revising the minimum wage rates of various scheduled employments in the State by constituting a State Advisory Board. The scheme for payment of annual bonus by the employer to their respective workers earning monthly wages not exceeding Rs. 10,000 under the payment of bonus Act, 1965 was extended to the workers employed in every factory (including brick kilns, stone crushing operations) shop and other establishment in the private sector and the implementation of the same was monitored.

9.14.1.4 Women Labour, Bonded Labour and Child Labour:

The discrimination of women in the matter of employment as well as wages on the ground of sex was totally prevented under the enforcement of the Equal Remuneration Act, 1976. The bonded labour system was totally prevented by implementing the Bonded Labour System (Abolition) Act, 1976. Child Labour (Abolition & Regulation) Act, 1986 prohibiting employment of child below 14 years of age in 16 different occupations and 65 different processes. No report of employment of such was received. The Rights of Children to Free and Compulsory Education Act, 2009 requiring sending all the children of 6 to 14 years of age to school augmented eradication of child labour.

9.14.1.5 Social Security for Workers:

The Employees' Compensation Act, 1923 imposing obligation upon the employers to pay compensation to workers for accidents, arising out of and in the course of employment, resulting into death, total or partial disablement was enforced by the Commissioner appointed for Employees' Compensation. Under the Act, 19 claims were received and same claims were disposed off by awarding compensation to the claimants. Compensation for a total amount of Rs. 44,80,677/- was distributed to the employees under the said Act.

9.14.1.6 Labour Welfare:

Various programmes for labour welfare were undertaken and implemented under 20 Point Programme. The labour welfare schemes providing for the welfare benefits and social security covering life of the workers, except Manipur Building and Other Construction Workers' Welfare Scheme, were implemented under 20 Point Programme.

9.14.1.7 Manipur Building and Other Construction Workers' Welfare Board:

The Board was established on 3rd April, 2010. The Boards function is to regulate the employment and conditions of service and other workers and to provide for their safety, health and welfare measures and for other matters connected therewith or incidental thereto. During 2023-24, 10,690 construction workers was registered under the Board. District Wise construction Workers under MBOCWWB during 2023-24 can be seen at Table 9(m) of Part II.

The following benefits are provided by the Board

Immediate assistance in case of accident to the beneficiary (Under Section 4(a) of the Scheme)

Pension to the beneficiary building worker who has completed sixty years (Under Section 4(b) of the Scheme)

Financial assistance for education of children of beneficiary (Under Section 4(e) of the Scheme)

Medical expenses for treatment of major ailment of a beneficiary (Under Section 4(f) of the Scheme)

Maternity Benefit & Health Benefit (Under Section 4(g) of the Scheme)

Natural Death Relief (Under Section 4(h) of the Scheme)

Skill Development Training (Under Section 4(j) of the Scheme)

Housing (Under Section 4(k) of the Scheme)

The Board has launched a special scheme for providing one time financial assistance for education of children of labour card holders in relief camps affected by large scale violence in the State. The scheme provides one time financial assistance to a sum of Rs. 5000/- only for education. So far MBOCWWB has approved and sanctioned Rs 2,44,40,000/- for distribution of benefits to 4,888 beneficiaries.

9.14.2 Employment:

The generation of employment opportunities is one of the main objectives for economic development of the State. In the negligible presence of private sector job providers, still the government sector remains the largest job providers. The Department of Employment renders services like registration of job-seekers, sponsor of candidates against vacancies, career guidance, vocational guidance etc. Reports and return on employment are collected and the same are made available to the users.

9.14.2.1 State Employment Service:

The State employment service has been working in three levels viz. (i) state level (ii) district level and (iii) town level. The main objectives of the employment service are (a) to assist the employment seekers in finding suitable jobs according to qualification and experience, (b) to assist employers by providing suitable workers, (c) to collect information regarding employment opportunities, training facilities etc., (d) to guide young persons and employment seekers in re-orienting their training programme etc. according to the market needs, and (e) to motivate job seekers towards self-employment by giving, updated information of self-employment opportunities.

The services are provided through 17 Employment Exchanges (EE), viz. (i) EE, Imphal West, (ii) EE , Imphal East (iii) EE, Thoubal, (iv) EE, Bishnupur, (v) EE Churachandpur, (vi) EE, Chandel, (vii) EE, Ukhrul, (viii) EE, Senapati, (ix) EE, Tamenglong, (x) Town EE, Kangpokpi, (xi) Town EE, Tamei, (xii) Town EE, Jiribam, (xiii) Town EE, Sugnu, (xiv) Town

EE, Moreh, (xv) Employment Information and Assistance Bureau at Saikul, (xvi) Special EE for Physically Handicapped Persons, and (xvii) University Employment Information and Guidance Bureau, M.U. Campus, Canchipur. Besides, there are also three other cells, viz., (a) Vocational Guidance and Career Study Unit, at the Directorate of Employment, Lamphelpat, (b) Office for Enforcement of Employment Exchange (Compulsory Notification of Vacancies) Act, 1959, and (c) the Self-Employment Promotion Cell respectively.

Under the National Career Service (NCS) project being implemented by the Director General of Employment (DGE), Ministry of Labour & Employment, Government of India, a Model Career Centre (MCC) has been established at Employment Exchange, Imphal West on 28th December, 2022. On this day one mega job fair has been organized by the MCC at the complex of this Directorate in which 37 numbers of companies/ private sectors had participated and around 9,597 job seekers/ applicants attended the fair. As a positive outcome, 71 applicants have been placed in job in their respective sectors as on March, 2023.

9.14.2.2 Employment Situation:

The number of persons newly registered in the employment exchanges in the State by the end of 2023-24 was 19,099 persons as against 30581 persons during the year 2022-23. The vacancies notified in 2023-24 was 6649 as evident from Table 9.38.

Table 9.38: Statistics on Registrants in the Employment Exchanges of Manipur During 2018-19 to 2023-24

Year	Number (as on December)				
	Employment Exchanges	Persons Registered During the Year	Registrants on the Live Register	Vacancies Notified	Submissions Made
(1)	(2)	(3)	(4)	(5)	(6)
2018-19	17	48421	353134	1587	41491

Source: Directorate of Employment Exchange, Lamphelpat

Due to ever-increasing number of educated job seekers including technical and professional job-seekers, the problem of unemployment is continuing to be a matter of serious concern to the State's economy. This perennial problem can be observed from the data made available by the State Employment Exchange. A break-up of Scheduled Caste & Scheduled Tribe educated job seekers and distribution of online registration by level of Education in Manipur are given in Table (n) & (o) of Part-II.

9.14.2.3 Shops and Commercial Establishments:

During the year 2022-23, the total number of commercial establishments was 410 giving employment to 1,714 employees. Out of this total number of 410 establishments, 206 were shops, 194 were commercial establishments and 10 were hotel & restaurants. The number of workers employed in the shops were 445 and 194 in commercial establishments and 25 in hotel & restaurants. The number of shops and establishments as well as employees in the shops, commercial establishments and hotels & restaurants in Manipur are shown in Table 9.39.

Table 9.39: Number of Shops, Commercial Establishments, Hotels and Restaurants and workers employed during 2019-20 to 2022-23

Year	Shops		Commercial Establishments		Hotel & Restaurants		Total

9.14.3 Industrial Training Institute (ITI):

The main function of the Directorate of Craftsmen Training, Manipur which was set up in 1980 is ‘Job Oriented Skill Development’ with an objective to increase the industrial production for betterment of socio-economic condition of the people; solve unemployment problems among the educated youth by promoting self-employment; uplift the training standards by replacing out-dated tools/ machineries with new ones; and give training especially to Ex-ITI trainees for further enhancing their skill under Apprenticeship Training Scheme by implementing the following schemes and imparting training in 10 Industrial Training Institutes (ITIs).

Craftsmen Training Scheme.

Apprenticeship Training Scheme.

Skill Development Initiative Scheme (SDIS).

Enhancing Skill Development Infrastructure (ESDI).

Skill Development Training Programme to the Registered Workers and their spouses, siblings and children.

9.14.3.1 Craftsmen Training Scheme:

Under this scheme, age group of 14 – 40 years are trained through 11 (eleven) Govt. Industrial Training Institute with a total seating capacity of 4468 trainees in Engineering and Non-Engineering trades. Physical achievement of Craftsmen Training Scheme (ITIs) in Manipur during the year 2023-24 can be seen at Table 9.40.

Table 9.40: Achievement of Craftsman Training Scheme (ITIs) Manipur during 2023-24

Sl. No.	Name of ITI	Unit	Number	
			Trainees Passed	Trainees Appeared
(1)	(2)	(3)	(4)	(5)
1	Govt. ITI, Takyel	34	237	255
2	Govt. Women ITI	12	70	70
3	Govt. ITI, Saikot	18	61	81
4	Govt. ITI, Ukhru	20	96	108

10	Govt. ITI, Chandel	16	76	88
11	Govt. ITI, Tamenglong	20	31	110
Total		196	892	1071

Source: Directorate of Craftsmen Training (ITIs).

9.14.3.2 Apprenticeship Training Scheme:

All passed out ITI trainees are engaged as Apprentices in various fields in the Government establishment, public and private and central establishment undertakings etc. and make them thoroughly skilled. The Apprentices Act, 1961 makes it obligatory for employees in specified industries to engage apprentices as per prescribed ratio of apprentices to workers and availability of training facilities. This training consists of basic training followed by on the job or shop training with related instructions throughout the period of training. The number of apprenticeship seats allotted by the Government of Manipur is 80 on 14 trades, such as Welder, Carpenter, Mechanic Diesel, Fitter, Turner, Machinist, Wiremen, Electronics, Mechanic (Agriculture & Machineries), Instrument Mechanic, Mechanic (Motor Vehicle), Surveyor, Draughtsman (Civil/ Mechanic) and Electrician.

To create awareness of apprenticeship training to unemployed youths in the State, a nationwide apprenticeship mela was held on 21st April, 2022 at Govt. ITI, Takyel, Imphal. Besides, second Monday of every month is fixed for conducting such mela in Manipur on rotation basis. The rate of stipend given to each ITI passed out trainee is Rs 7,500/- per month

and OJT fund reimburse to employer or establishment is 25 percent of trainees stipend or Rs 1500/-, whichever is higher.

9.14.3.3 Skill Development Initiative Scheme (SDIS):

The SDIS was launched by the Ministry of Skill Development & Entrepreneurship, Govt. of India for imparting short term training to the educated youth based on Modular Employer Skill (MES). The Govt. ITIs & private training institutes are registered with the Regional Directorate of Apprentice Training (RDAT), Eastern Region Kolkata as Vocational Training Providers (VTPs).

9.14.4 Manipur Society for Skill Development:

For implementation of Centrally Sponsored Scheme (CSS) relating with the Directorate of Craftsmen Training (ITI) under the Department of Labour & Employment, Government of Manipur, different societies were constituted like (i) Manipur Society for Skill Development Initiative Scheme (SDIS) and (ii) Society for Enhancing Skill Development Infrastructure (ESDI). Later, the two societies were amalgamated as Manipur Society for Skill Development (MSSD).

During 2009, State Skill Development Mission was constituted under the chairmanship of the Hon'ble Chief Minister, Manipur. The same was re-constituted during 2015. As per skill gap study carried out by NSDC through Deolite, it was recommended to create separate department of Skill Development. For creation of separate department of Skill Development proposal was placed before the State Cabinet and it was recommended to utilise from the existing staffs of Directorate of Craftsmen Training with operationalisation of State Skill Development Mission by the MSSD being nodal agency.

Aims of MSSD:

To harness the vast potential of the youth in the State, the Manipur Society for Skill Development strives to provide quality skill development programs to improve their employability and efficiency.

To implement Centrally Sponsored Schemes, including the Skill Development Initiative Scheme, Enhancing Skill Development Infrastructure in North Eastern States and Sikkim, Pradhan Mantri Kaushal Vikas Yojna, Vocational Training Improvement Project (VTIP), and other similar or successor schemes.

To organize capacity building programs for skill development.

To collaborate with National Skill Development Corporation (NSDC), National Skill Development Agency (NSDA), Directorate General of Training (DGT), Sector Skill Councils (SSCs), and other similar agencies to optimize resources for rapid and sustained skill development in the State.

To conduct and support research and development in the skill development sector, learning from innovative and emerging trends to improve livelihoods.

To develop and support projects on skill development in traditional as well as sunrise sectors.

To document and evaluate existing training, skill development, and vocational training

programmes, making recommendations for the consideration of the State government.

To create and support infrastructure, both physical and human, to facilitate a pool of resource persons for skill development in the State.

To evaluate the skills of existing trainers and support their upgrading and re-skilling through Training of Trainers (ToT) programs.

9.14.4.1 Schemes under Manipur Society for Skill Development:

9.14.4.2 Pradhan Mantri Kaushal Vikas Yojana (PMKVY):

Pradhan Mantri Kaushal Vikas Yojana, which is a flagship scheme of the Government of India aimed at skill development and vocational training of the Indian youth. Launched in 2015 by the Ministry of Skill Development and Entrepreneurship, PMKVY aims to provide certified training and skill development programmes to youth across various sectors. The scheme provides skill training courses aligned with industry standards and also helps in facilitating job placements and self-employment opportunities for the trained individuals. The programme is designed to enhance employability and entrepreneurship, ultimately leading to socio-economic growth.

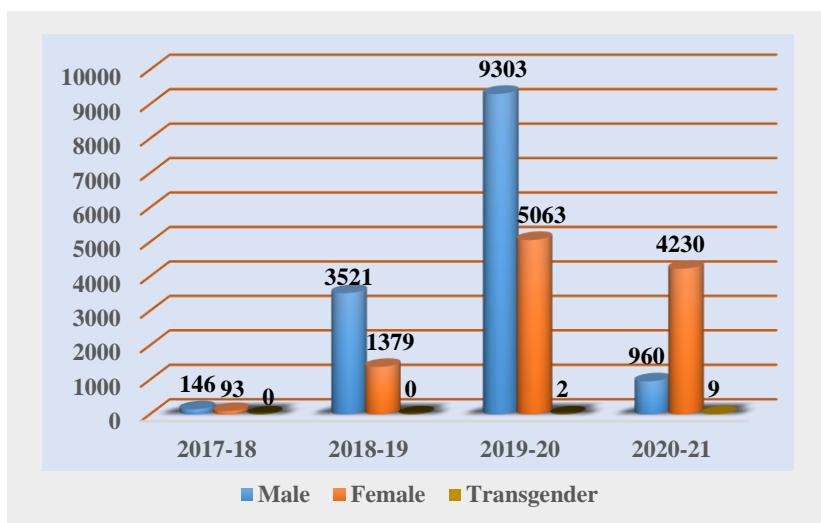

9.14.4.3 PMKVY 1.0:

The first phase of PMKVY was launched in 2015 with a target of skilling 24 lakh candidates. It offered training programmes across different sectors, including construction, agriculture, healthcare, beauty and wellness, automotive, tourism, and electronic manufacturing, among others. The training was provided by various affiliated training partners and assessments were conducted to measure the skill level of candidates. Successful individuals were awarded a monetary reward on completion of the programme. In Manipur, PMKVY 1.0 was centrally monitored and implemented by National Skill Development Corporation (NSDC) under Ministry of Skill Development and Entrepreneurship, Government of India.

9.14.4.4 PMKVY 2.0:

Pradhan Mantri Kaushal Vikas Yojana (2016 - 2020) known as PMKVY 2.0 is a modified and improved version of PMKVY-1. The PMKVY 2.0 scheme is implemented by the Centre along with the States. Under PMKVY 2.0, the Ministry of Skill Development & Entrepreneurship initially allocated 32,472 physical targets with a financial involvement of Rs. 49,99,77,879/- . However, after a rationalization of the Ministry's financial targets, it was reduced to Rs. 43.75 crore and the physical target was also reduced to 22,763. Out of the revised financial target/allocation, an amount of Rs. 41.59 crore was released and utilised in different components of the scheme i.e. training cost, assessment cost, induction kit, conveyance cost, reward for successful candidates, admin cost etc. and a physical achievement of 21,457 individuals. The number of trainees trained under PMKVY CSSM 2.0 is shown in Fig. 9.40.

Fig. 9.40: Number of Trainees Trained under PMKVY 2.0 during 2017-18 to 2020-21

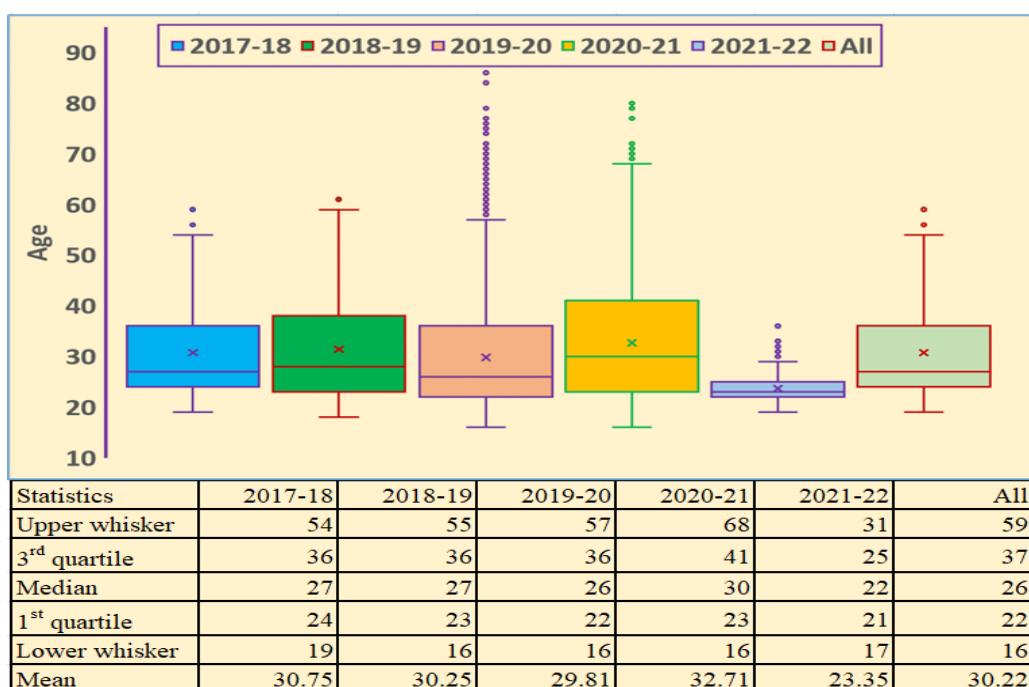

Source: Manipur Society for Skill Development, Manipur

9.14.4.5 PMKVY 3.0:

The third phase of PMKVY was launched in 2020 with the aim of up skilling 8 lakh candidates in two years. PMKVY 3.0 is also implemented by the Centre along with States. This phase introduced a few significant changes such as a digital platform for online training, flexibility in the selection of training courses, geographic mobility of candidates, and greater emphasis on apprenticeship-based learning. The programme also laid more emphasis on emerging technologies such as artificial intelligence, robotics, block chain, and data analytics. Number of age wise and district wise trainees enrolled under PMKVY 2.0 CSSM & PMKVY 3.0 CSSM is shown in the Table 9(q) & (r) of Part II.

Fig. 9.41: Box Whisker Plot number of enrollment during 2017-18 to 2021-22

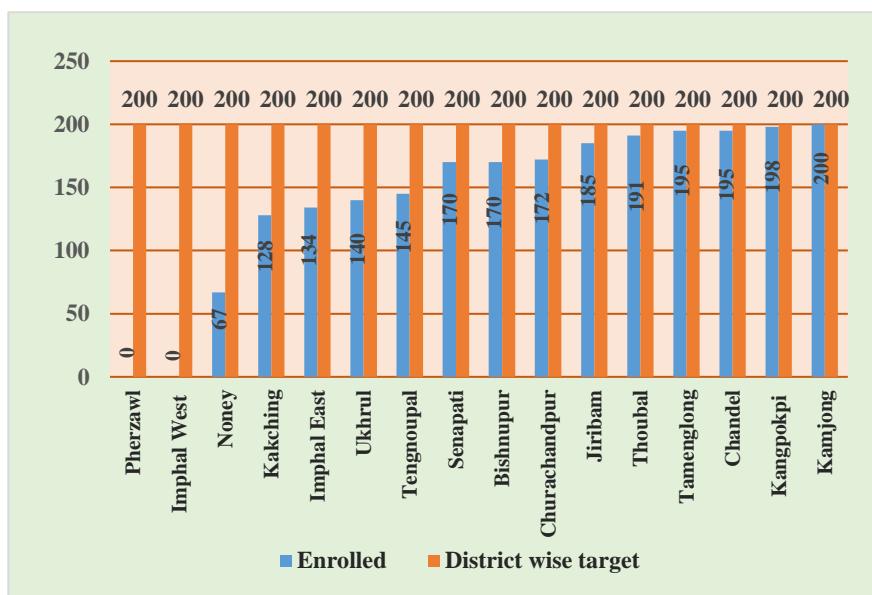

Source: Manipur Society for Skill Development, Manipur

The Box-Whisker Plot in Fig. 9.41 shows that there is positive skewness in the distribution of age in enrollment of trainees under PMKVY 2.0 CSSM & PMKVY 3.0 CSSM over the last 5 years. The positive skewness in the distribution of age of trainees during 2017-18 to 2021-22 shows that the density of enrollment is higher in the lower age group, i.e., below 26 years. The median of the distribution of age for the duration from 2017-18 to 2021-22 being 26 shows that 50 per cent of the trainees enrolled are below 26 years on the average and the 1st quartile being 22 years indicates that out of 50 per cent enrollment falling between age group 16 to 26, the rate of enrollment is higher within the age group 22-26 years. Moreover, the 3rd quartile being 37 years indicates that 75 per cent of the trainees enrolled over the years from 2017 to 2022 are below 37 years on the average.

PMKVY CSSM 3.0 Recognition of Prior Learning (RPL) is a component of the PMKVY 3.0 that allows individuals with prior learning experience or skills to get assessed and certified under the scheme. This is especially beneficial for individuals who have gained their skills through informal learning, such as on the job training or work experience. Its target achieved is 71.56 per cent and target remainder is 28.44 per cent during 2020-21. The district wise number of enrollment under RPL during 2020-21 is shown in Fig. 9.42.

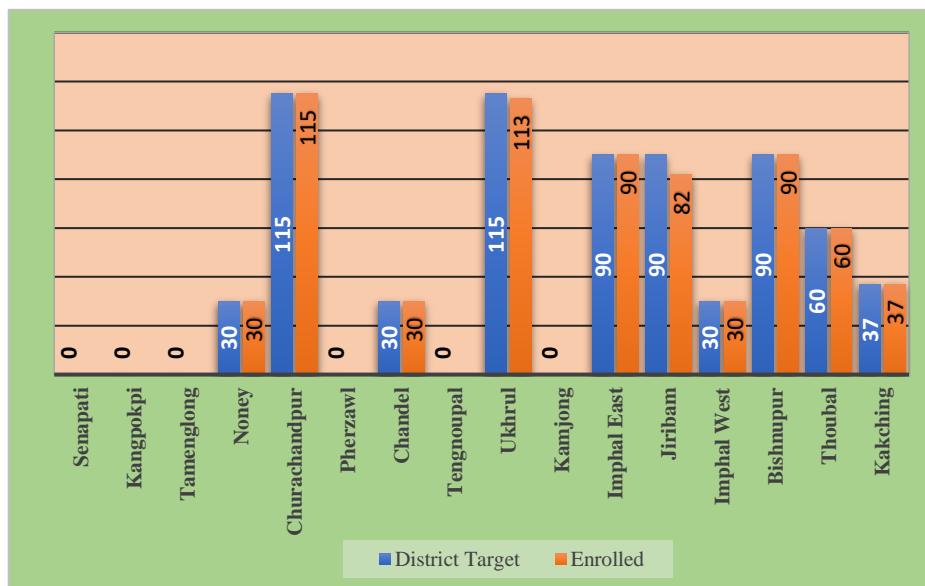

Fig. 9.42: District wise Number of Enrollment under RPL during 2020-21

Source: Manipur Society for Skill Development, Manipur

PMKVY CSSM 3.0 Short Term Training (STT) provides short term training to unemployed youths and school/college dropouts to enhance their skills and make them employable. Its target achieved is 97 per cent and target remainder is 3 per cent during 2020-21. District wise number of enrollments under PMKVY 3.0 CSSM Short Term Training during 2020-21 is shown in Fig. 9.43.

Fig. 9.43: District wise Number of Enrolments under PMKVKY 3.0 CSSM Short Term Training

Source: Manipur Society for Skill Development, Manipur

PMKVKY 4.0 The fourth phase of PMKVKY is currently under consideration. The details and specifics of PMKVKY 4.0 have not been announced yet in the State. However, it is anticipated that this phase will incorporate the latest industry and market needs, aligning the skill development programs with the demands of the job market. It is expected to introduce new training sectors and courses to cater to the skill requirements of the youths.

Overall, the PMKVKY programme in its various iterations has played a crucial role in empowering the Indian youths with relevant skills and making them job-ready. It has helped bridge the skill gap and fostered a culture of continuous learning and improved employability. With each subsequent phase, the programme has evolved to cater to the changing skill landscape and ensure that the youth is well-equipped to contribute effectively to the nation's workforce.

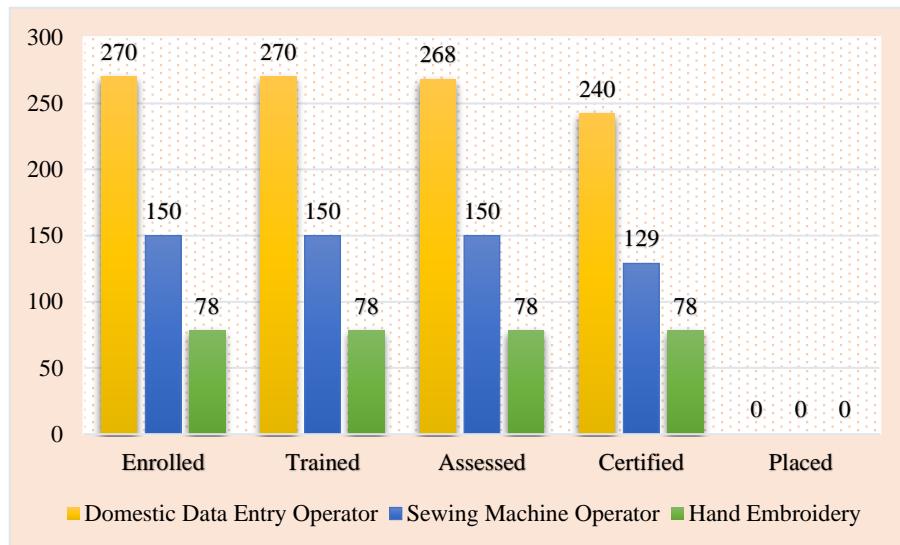

9.14.5 Implementation of Chief Minister Shotharabasingi Tengbang (CMST) for Persons with Disabilities (PWD):

For implementation of CMST for the Persons with Disabilities (PWD), Expression of Interest (EoI) was invited from the willing agencies/ firms/organisations for selection of suitable Training Provider (TP) in the year 2018. The Government of Manipur had constituted Project Approval Committee (PAC) in 2018. As per the proceedings of the Project Approval Committee (PAC), 15 Training Providers (TPs) were recommended with the job roles/ sectors.

Out of the 15 Training Providers (TPs) empaneled with Manipur Society for Skill Development (MSSD), only 4 TPs namely (1) Development for Women Programme Centre, Thoubal (2) Integrated Research and Resource Development Organisation, Yaiskul Police Lane, (3) Society for Health & Education, Pangei Bazar and (4) Oinam Ibohal Polytechnic, Keishampat are found registered with National Skill Development Corporation (NSDC) and

affiliated with concerned Sector Skill Council and started their training program. The number of Enrolled, Trained, Assessed, Certified and Placed by Job Role under the scheme is shown in the Fig. 9.44.

Fig. 9.44: Number of Enrolled, Trained, Assessed, Certified and Placed by Job Role

Source: Manipur Society for Skill Development, Manipur

9.14.5.1 Skill Development Training Programme for State Returnees due to COVID:

With the funding of Ministry of Development of North Eastern Region (MDoNER) specific skill development training programme for the State Returnees due Covid-19 Pandemic across the country and abroad has been taken up (upskilling) through Recognition of Prior Learning (RPL) and Short-Term Training (STT). The RPL scheme was launched formally on 19th May, 2022 by Hon'ble Minister (Skills, Labour, Employment & Entrepreneurship), Manipur. Short Term Training programme was implemented from June, 2021. Under RPL, 9400 trainees are allocated for skill development training program to different Training Providers (TPs). As on date 483 trainees have so far been enrolled and trained in different job roles. Those trainees who have completed their training program were handed over certificates during Skill Convocation by the Hon'ble Chief Minister on 17th September, 2022. In respect of Short Term Training (STT), out of the allocated targets of 102 trainees, 102 trainees have completed their training programme through different Training Providers (TPs), 483 enrolled/trained in RPL training and 585 enrolled/trained in STT training. The job roles in which the trainees (State Returnees) are trained are as follows: 1. Short Term Training (STT): (i) Front Office Associate, (ii) Food & Beverage Service Steward. 2. Recognition of Prior Learning (RPL): (i) Front Office Associate, (ii) Home Delivery Boy, (iii) Nail Technician.

Further, under Enhancing Skill Development Infrastructure (ESDI), the ITI Kangpokpi constructed by Education Engineering Cell, was inaugurated on 4th January, 2022 by Hon'ble Prime Minister, Govt. of India and foundation stone for ITI Pherzawl and Noney was laid on 13th June, 2022 by Hon'ble Chief Minister, Manipur.

9.15 Youth Affairs & Sports:

The government is committed to the promotion of games & sports including indigenous games and various youth welfare programmes of the State. Various training and coaching programmes, tournaments and championship in various sports disciplines and other physical activities were held in the State. Games & sports form an inseparable part on the lives of the people of Manipur. In earlier days, it flourished in different forms of indigenous games and enjoyed royal patronage. After the introduction of modern games by Sir Churachand Singh, KCSI, CBE and formation of Manipur Olympic Association after the Second World War, the players of this State have shown excellence in various sports activities. The successful hosting of the 5th National Games in 1999 and the installation of modern infrastructures have helped to enhance the standard of the players further.

Today, this tiny State is proud of having 19 (Nineteen) Olympians, 1 (one) Padma Bushan Awardees, 6 (six) Padmashree Awardees, 20 (Twenty) Arjuna Awardees, 3 (three) Rajiv Gandhi Khel Ratna Awardees, 1(one) Dhyanchand Awardee and 1 (one) Dronacharya Awardee, 9 (nine) Asian Games Medalist, 30 Common Wealth Games Medalist and 3 Olympics medalist held at Tokyo. Historically, Manipur being sports loving State, the youths are following it vigorously to excel despite various bottlenecks and resource constraints. Good numbers of sportsperson are playing under different banners countrywide. For a poor and resource handicapped State like Manipur games & sports have become an employment avenue as well as a past time for the youths and veterans alike.

9.15.1 Regular Coaching Centre (R.C.C.):

The Department of Youth Affairs & Sports has been organizing a non-residential coaching to the players of different age group (i.e from grass root to international level) with the latest technique as well as systematic & scientific way of coaching under the supervision of expert/trained coaches in 24 disciplines viz; Athletics, Archery, Boxing, Basketball, Body Building, Cycling, Canoeing & Kayaking, Fencing, Football, Gymnastics, Handball, Hockey, Judo, Rowing, Sepak Takraw, Shooting, Swimming, Table Tennis, Thang-Ta, Tae-Kwondo, Volleyball, Wrestling, Wushu and Weightlifting throughout the year. Diet consisting of egg and banana @ Rs. 15 per players are provided to around 1,500 participants.

9.15.2 Performance of our sportspersons in the recent years:

A. Medal tally of Manipur for the last 5 National Games

Year	National Games	Gold	Silver	Bronze	Total
2007	33 rd National Games, Assam	51	32	40	123
2011	34 th National Games, Jharkhand	48	37	33	118
2015	35 th National Games, Kerala	22	21	26	69
2022	36 th National Games, Gujarat	20	10	20	50
2023	37 th National Games, Goa	68	89	41	198

B. Medal tally of Manipur in the last 6 Khelo India Youth Games

Year	Khelo India Games	Gold	Silver	Bronze	Total
2018	1 st Khelo India Games, Delhi	13	13	8	34
2019	2 nd Khelo India Games, Maharashtra	9	9	14	32
2020	3 rd Khelo India Games, Assam	14	20	20	54
2021	4 th Khelo India Games, Haryana	19	4	5	28
2022	5 th Khelo India Games, Madhya Pradesh	13	9	12	34
2023	6 th Khelo India Games, Tamil Nadu	10	11	10	31

Manipur emerged as the overall team champion with a total of 240 medals which included 88 Gold, 75 Silver and 77 Bronze medals in the 2nd edition of the North East Olympic Games, Shillong, Meghalaya, 2022.

9.15.3 Infrastructure:

The Khuman Lampak Sports Complex, Imphal with an area of 168 acres is situated in the heart of Imphal and it was the main venue of the 5th National Games. Most of the important sports stadiums / halls are located inside this complex.

Some of the completed sports infrastructure in the State along with their source of funding and work agency is given at Table 9.41.

Table 9.41: Completed Sport Infrastructure in Manipur

9.15.5 Special Creation of Post for Olympians:

To promote sports and encourage olympians hailing from the State of Manipur, the State has sanctioned for the creation of three posts of Joint Directors (Sports Promotion) for gold medalists; five posts of Deputy Directors (Sports Promotion) for silver/ bronze medalists; ten posts of Assistant Director (Sport Promotion) for other participants. Hockey player Nilakanta Sharma of Manipur was appointment as Deputy Director at the Department of Youth Affairs and Sports.

9.15.6 Youth Welfare:

The Department of Youth Affairs & Sports conducts residential & non-residential youth camps to encourage the youth in welfare activities. The State Level Youth Festival and the District Level Youth Festival is conducted every year. The youth centres at 183 different places are maintained by the department. Subscription of newspapers @Rs. 500 per month are provided to the centers and honorarium for 175 care takers @ Rs. 500 per month are also provided.

9.15.7 National Sports Academy:

The National Sports Academy was established in the year 2007 to groom young sports talents of our State in six identified disciplines viz Archery, Boxing, Judo, Taekwondo, Weightlifting and Wrestling. The admitted students are provided free boarding and lodging, uniforms, sports equipments, textbooks and sports kits.

9.15.8 Grant-in-Aid for Promotion of Indigenous Martial Arts:

The Government of Manipur is promoting the growth and practice of traditional indigenous martial arts by providing Grants-in-Aid to Chief Minister Indigenous Martial Arts Academy for construction of Sanglen (hall), equipment etc. to various affiliated Thang –Ta , Cheibi, Mukna associations.

9.15.9 Promotion of I-league qualified local Football Clubs:

Grants-in-Aid are given to I-league qualified local Football Clubs i.e. NEROCA FC & TRAU FC @ Rs. 1,00,00,000/- each for playing at the I-League. This grant is given to promote the clubs and to enable them to participate at the prestigious I-League which is regarded as the top level football league after Indian Super League (ISL).

9.15.10 Sports Incentives:

The Government of Manipur has been giving the ‘Incentive State Sports Award’ every year since 1984 to encourage the outstanding sportspersons of Manipur. The objective of the award is to incentivize the achievements of outstanding sportspersons from the State of Manipur, encourage and motivate them for higher achievements. The government has disbursed the Incentive State Sports Award till 2018 and is in the process of collecting entries for the incentives from athletes for events that happened in 2019 onwards.

The government has disbursed a total amount of Rs. 1,62,65,500 (Rupees one crore sixty-two lakh sixty-five thousand five hundred) for the Incentive State Sports Award for 2018 to the 1,210 recipients/ players. There is also a ‘one-time cash incentive award’ scheme.

Under this scheme, five (5) medalists and emerging young international sportspersons of Manipur were awarded for the year 2022-23:

Name of Sportsperson (1)	Discipline (2)	Amount Sanctioned (3)
1. Linthoi Chanambam	Judo	1000000
2. K. Dinku Singh	Badminton	500000
3. Kh. Manjit Singh	Badminton	500000
4. Meiraba Luwang	Badminton	500000
5. Bishwamitra Chongtham	Boxing	500000
6. Bushan Haobam	Lawn Tennis	500000

Source: Youth Affairs & Sports, Manipur

The government had proposed a ‘one-time cash incentives award’ to be awarded to the athletes as per their achievements as listed in Table 9.43. Manipur achieved a total of 198 medals in the 37th National Games 2023, comprising 68 Gold, 89 Silver, and 41 Bronze medals during the year 2023-24. To honor and motivate the medallists, the State Government awarded a total cash incentive of ₹1,90,40,000/-.

Table 9.43: One-time Cash Incentives Award

Sl. No. (1)	Medal (2)	Amount (3)
1.	Gold	1500000
2.	Silver	1000000
3.	Bronze	800000
4.	Participant	200000

Source: Youth Affairs & Sports, Manipur

In recognition of the achievements by Manipur athletes who participated in the Tokyo Olympics and to encourage them further, the Manipur Government has announced cash

incentives of Rs. 1.2 crore for gold medal winners, Rs. 1 crore for silver medal winners, Rs. 75 lakhs for bronze medal winners at the Tokyo Olympics and Rs. 25 lakh cash incentive to the athletes from Manipur representing the country in Tokyo Olympics and the same has been provided to our athletes as well. Similarly, for the Asian Games the amount of 'one-time cash incentive award' is shown in Table 9.44. The Government provided a one-time cash incentive award to 9 medallists who achieved distinction in the Asian Games during the year 2023-24. A total amount of Rs. 81,00,000/- was disbursed as a token of recognition and encouragement for their outstanding performances.

Table 9.44: One-time Cash Incentives Award for the Asian Game

Sl. No.	Medal	Amount
		(3)
1.	Gold	2000000
2.	Silver	1500000
3.	Bronze	1000000
4.	Participant	200000

10. MANIPUR TOWARDS SUSTAINABLE DEVELOPMENT

Moving ahead from the Millennium Development Goals (MDGs), Sustainable Development Goals (SDGs) have been evolved through a long inclusive process for achieving during 2016-2030. The Sustainable Development Goals lay out a uniquely ambitious and comprehensive agenda for global development by 2030. The SDGs cover 17 goals and 169 related targets resolved in the UN Summit held during September 25-27, 2015. The SDGs are a comprehensive list of global goals integrating social, economic and environmental dimensions of development. Global indicators have been identified by the United Nations for monitoring the progress of global SDGs and associated targets. India has also taken several steps in measuring the progress of SDGs since the adoption of the 2030 Agenda for SDGs.

NITI Aayog is the nodal institution for monitoring SDGs in the country, leading the 2030 Agenda with the spirit of cooperative and competitive federalism. It monitors the national and sub-national level progress through various mechanisms like the SDG India Index and Dashboard, Multidimensional Poverty Index, Progress Review 2023, North Eastern Region Index and Dashboard and the likes. Localization of the SDGs is the key to reach furthest behind first and therefore a crucial mandate of the vertical. These efforts have strengthened the statistical systems and developed a monitoring framework covering all the 17 Goals and more than 100 indicators across the country. The task at the hand of NITI Aayog is not merely to collect high quality data on SDGs periodically but also to proactively fructify the goals and targets.

Ministry of Statistics and Programme Implementation (MoSPI), Govt. of India had undertaken a parallel exercise of interaction with the ministries and evolved indicators reflecting the SDG goals and targets. The MoSPI has developed a monitoring framework namely, National Indicator Framework (NIF) for SDGs in 2018 consisting of 306 national indicators along with identified data sources and periodicity following due consultation process with concerned Ministries/Departments, UN Agencies and other stakeholders. NIF is the backbone for facilitating monitoring of SDGs at the national level and provides appropriate direction to the policy makers and the implementing agencies of various schemes and programmes.

10.1 Monitoring of SDGs at Sub-National Level:

10.1.1 North Eastern States:

The States/UTs have a vital role in monitoring of goals and associated targets of SDGs at sub-national level. Keeping the importance of monitoring of SDGs at State and Sub-State level in view, MoSPI has circulated guidelines for development of the State Indicator Framework (SIF) in 2019.

The states in the North Eastern Region are crucial players in the SDG localization process. The SDG India Index has now been taken forward to the district level with the release of North Eastern Region District SDG Index Report & Dashboard 2021-22, which has been collaboratively envisioned by NITI Aayog and the Ministry of Development of North Eastern Region (MoDONER), with UNDP India, as a tool for fast-tracking the progress of the SDGs in the region. In alignment with SDG India Index, North East specific SDG index is developed for SDG monitoring in the region. The Index is first of its kind in the country as the progress is measured at the district level and is customised for the region.

It enables the states and districts to identify critical sectoral gaps, and promote competition and peer learning. It also guides the state on resource allocation based on performance. The index covers 15 SDGs (Goal No. 14 and 17 are not included) and ranks 120 districts of the region. The districts were classified into the four categories as Achiever, Front Runner, Performer and Aspirant in accordance with their distance from target and the category-specific score range.

The performance of the districts of Manipur among the 120 districts of the region is indicated at Table 10 (a) of Part-II. As per the report, composite result of Manipur lies between 64.93 and 72.13 among the NE States which is a Front Runner. Imphal West District scores highest composite score/ rank scoring 72.13/ 13 (Front Runner) and Tamenglong District scores the least 64.93/ 65 (Performer) among 103 districts. The remaining seven districts are all Front Runners (65 to 99.99). Key highlights of the report showing the performance of the State is shown in the Table 10.1.

Table 10.1: Goal-wise Performance of the Districts of Manipur among North Eastern States

Sl. No.	Goal No.	Rank Between		Remarks
		High	Low	
(1)	(2)	(3)	(4)	(5)
1.	SDG 1: No Poverty	28 (Imphal East)	81 (Bishnupur)	All Districts are Performers
2.	SDG 2: Zero Hunger	8 (Bishnupur)	66 (Tamenglong)	Imphal East and Imphal West score 11 and 20 respectively
3.	SDG 3: Good Health & Well-being	12 (Bishnupur)	78 (Ukhrul)	Only Bishnupur is Front Runners and the remaining districts are Performers
4.	SDG 4: Quality Education	9 (Imphal West)	37 (Tamenglong)	All districts score good ranking as Front Runners except Tamenglong as Performer
5.	SDG 5: Gender Equality	56 (Churachandpur)	83 (Ukhrul)	NA
6.	SDG 6: Clean water and Sanitation	9 (Churachandpur)	48 (Bishnupur & Imphal East)	All districts are Front Runners. Chandel and Senapati score 10 and 15 ranks respectively.

Contd.

Table 10.1: Goal-wise Performance of the Districts of Manipur among North Eastern States

Sl. No.	Goal No.	Rank Between		Remarks
		High	Low	
(1)	(2)	(3)	(4)	(5)
7.	SDG 7: Affordable and Clean Energy	11 (Imphal West)	84 (Ukhrul)	Seven districts are Front Runners; Ukhrul and Tamenglong are Performers.
8.	SDG 8: Decent Work & Economic Growth	18 (Imphal West)	99 (Churachandpur)	Bishnupur and Churachandpur are Performers scoring 70 and 99 respectively.
9.	SDG 9: Industry, Innovation and Infrastructure	16 (Imphal West)	64 (Churachandpur)	Tamenglong and Churachandpur are Performers scoring 57 and 64 respectively. Ukhrul score is 46, and both Chandel and Senapati score 47.
10.	SDG 10: Reduced Inequality	2 (Bishnupur)	96 (Chandel)	Imphal East and Thoubal score 7 and 22 ranks respectively. Chandel, Churachandpur and Ukhrul are Aspirants.
11.	SDG 11: Sustainable Cities and Communities	1 (Chandel, Churachandpur, Senapati & Ukhrul)	73 (Bishnupur)	Chandel, Churachandpur, Senapati & Ukhrul score 100 (Achiever). Tamenglong scores 8 rank.
12.	SDG 12: Responsible Consumption and Production	49 (Thoubal)	90 (Churachandpur)	NA
13.	SDG 13: Climate Action	37 (Bishnupur & Thoubal)	65 (Ukhrul)	Both Bishnupur and Thoubal are Performer and the remaining seven districts are Aspirants.
14.	SDG 15: Life on Land	59 (Ukhrul & Tamenglong)	102 (Thoubal)	All districts are Front Runner except Thoubal which is Aspirant.
15.	SDG 16: Peace, Justice and Strong Institutions	5 (Churachandpur)	83 (Tamenglong)	All are Front Runners except Tamenglong (Performer).

Concl.

Source: North Eastern Region District SDG Index Report & Dashboard 2021-22, published by NITI Aayog, MoDONER and UNDP India.

Though some districts score very high, a few districts score very low among the NE states. For instance, for SDG 11: Sustainable Cities and Communities, districts like Chandel, Churachandpur, Senapati and Ukhrul stood at rank one. However, in SDG 15: Life on Land, Thoubal district is at last but one rank i.e. rank 102 out of the 103 districts.

10.1.2: Aspirational Districts Programme:

The Aspirational Districts Programme essentially is aimed at localizing Sustainable Development Goals, leading to the progress of the nation. This programme is a policy priority of Government of India. NITI Aayog anchors the programme with support from Central Ministries and the State Governments. After several rounds of consultations with various stakeholders, certain performance indicators have been chosen to measure progress of the districts. Districts are aspiring to first catch-up with the best district within their state, and subsequently aspire to become one of the best in the country, by competing with, and learning from others in the spirit of competitive & cooperative federalism.

Out of 115 districts identified by NITI Aayog as Aspirational Districts, Chandel District of Manipur is included in 2018. The district was ranked 98 (out of 112 districts) as per the NITI Aayog report March, 2023.

A good practice emerging out of Manipur's experience on SDG localisation is the 'Go to Village' initiative, which strives to bring service delivery and development governance to the doorsteps of citizens and covers all 2,691 villages in all districts.

10.1.3: Initiatives for Monitoring SDGs for the State:

Planning Department, Manipur plays the role of the nodal agency for the SDGs. Like in other states, in November 2019, the State adopted its Vision 2030. The Planning Department, Manipur developed State Indicator Framework in respect of the State consisting of 108 indicators for 15 SDGs, which also included ten State Specific Indicators. To monitor the progress on the achievements of the SDGs in Manipur a state level committee and two working groups on SDGs have been constituted as shown in Table 10.2.

Table 10.2: Committees & Working Groups on SDGs

State Level Committee (1)	Inter Departmental Working Group (2)	District Level Working Group (3)
Chairman: Chief Secretary	Chairman: Principal Secretary (Planning)	Chairman: Deputy Commissioners
Members: Administrative Secretaries of Line Departments	Members: Administrative Secretaries, HoDs, representatives of Institutions/ Society/ Company implementing various Central and State programme	Members: District Level Officer (DLO) as member
Function: To monitor targets and goals and achievements bi-annually	Function: i) To carry out state mapping and re-align targets and goals of various CSS in line with goals and targets of SDGs. ii) To develop a suitable State Indicator Framework in line with the National Indicator Framework.	Function: Re-align targets and monitor achievements of the targets and goals set under SDGs at field level.

Source: SDG India Index Score, 2021-2022, NITI Aayog

The State Indicator Framework will be the backbone for monitoring the SDGs as they will serve as a management tool to allocate resources and as a report card to measure progress towards achieving a target and ensure the accountability of government and stakeholders for achieving the SDGs. An extract of the latest available data/indicators, in respect of Manipur and India, against its goals is given at Table 10 (b) of Part II. The following graph depicts the performance of the State in terms of SDGs in 2023-24 over 2020-21.

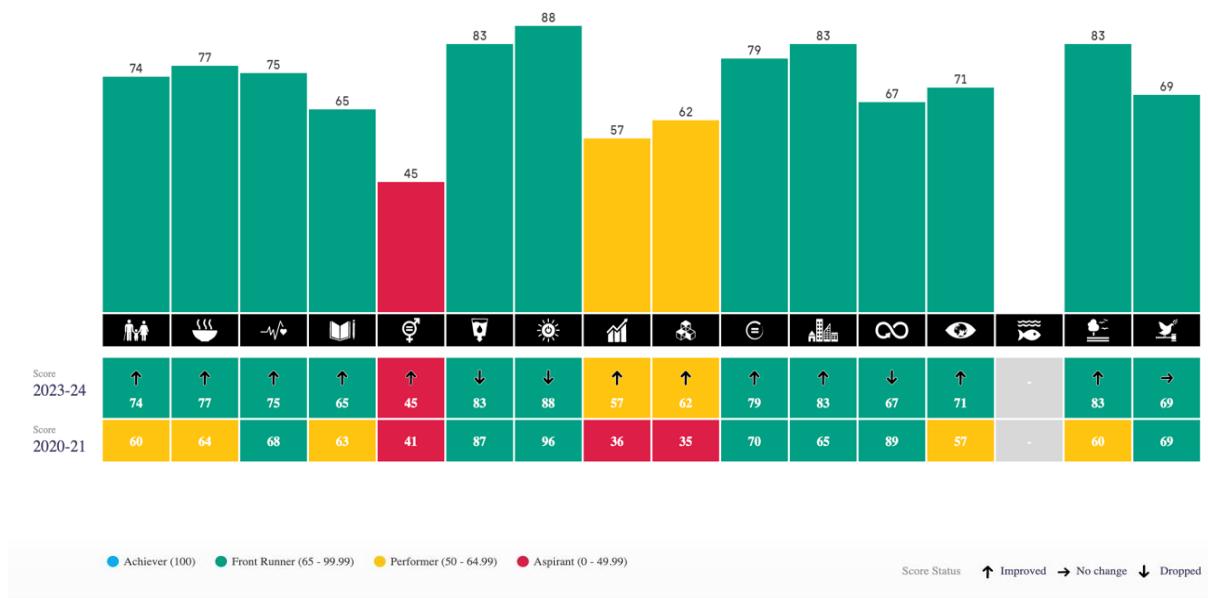

Chart courtesy: NITI Aayog

From the above chart, increase in SDG index score can be observed as many as for 11 SDGs and there is decline for three SDGs. There is no change for one SDG i.e. Goal No. 16: Peace, Justice and Strong Institutions with score 69.

The following table shows the relative ranking of Manipur vis-à-vis India in attainment of SDGs.

Table 10.3: Manipur's Attainment on SDGs

Goal No.	Sustainable Development Goals	SDG Index Score			
		Manipur		India	
		2020-21	2023-24	2020-21	2023-24
(1)	(2)	(3)	(4)	(5)	(6)

Source: SDG India Index Score, 2023-2024, NITI Aayog

Manipur stood at rank 15 with composite score 72 in 2024. Both composite score and ranking of the State improved in 2024. The State has attained the status of Front Runner for 12 goals, Performer for two goals and Aspirant for one goal on performance of States and UTs on SDGs 2023-24. Manipur was an Achiever (scored 100) for Goal No. 15: Life on Land in 2019 however, the index score reduced to 83 in 2024.

10.1.4 Indicators not covered in the SIF of Manipur:

The domain of indicators, data and monitoring associated with the SDG framework is immensely vibrant and dynamic. The number of indicators can increase or decrease based on the priorities and data availability. It is observed that for some of the indicators the data are not readily available while for some, information is available but is not included in the SIF. Some of the indicators, which are not included in the SIF of Manipur are highlighted in the Table No. 10 (c) of Part-II.

11. URBAN DEVELOPMENT & TOWN PLANNING

11.1 Urban Development:

The Department of Municipal Administration, Housing and Urban Development (MAHUD) deals with the control and supervision of Municipal Corporation, Municipal Councils, Nagar Panchayats/Small Town Committees under the Manipur Municipalities Act, 1994. The Department has been implementing various urban development schemes viz. Environmental Improvement of Urban Slums (EIUS), Improvement of District Headquarters and Other Towns (IDHQ), Smart City, Atal Mission for Rejuvenation and Urban Transformation (AMRUT), Swachh Bharat Mission (SBM), Pradhan Mantri Awas Yojana- Housing for All by 2022 (Urban), Deen Dayal Antyodaya Yojana- National Urban Livelihood Mission (DAY-NULM), Jawaharlal Nehru National Urban Renewal Mission (JnNURM), etc. These programmes/ schemes are implemented through the statutory bodies/agencies such as Municipal Corporation, Municipal Councils, Nagar Panchayats/ STC, PDA, MUDA and other line departments like PWD, PHED, IFCD etc.

The role of MAHUD in urbanization of the State is multi-dimensional. It has to provide guidance and supervision to the urban local bodies to ensure the local self-governance activities from time to time viz, implementation of urban poverty eradication programmes, development of small and medium towns and shaping of the Imphal capital into a modern and beautiful city.

11.1.1 Smart City Mission:

The Government of India launched its flagship Smart City Mission (SCM) for comprehensive development of physical, institutional, social and economic infrastructure to meet the increasing demands of the growing urbanization. Imphal city is one of the 100 cities selected for the mission. The original funding pattern of 50:50 between Centre and State has been revised recently for the NE States to 90:10, subject to a maximum of Rs.500 crore.

The focus of the smart cities is to create a robust IT intervention & connectivity to provide smarter services for the citizen. To this end, Imphal Smart City has taken up an Integrated Command and Control Center (ICCC) encompassing various IT interventions for providing

citizen centric services and conveniences. Besides the above IT interventions, some physical urban infrastructures are also being developed emphasizing on encouraging non-motorized transport, multilevel car parking cum offices, heritage, & other interventions.

The major projects are Integrated Command and Control Center (ICCC), Development of Western Riverfront of Imphal River Phase -I (Kangla Nongpok Torban), Development of Mall Road /(Thangal Lambi) in Thangal Bazar, Nongpok Thong (bridge) of Kangla, App Based Cycle Sharing System, Development of ICCC Building, Augmentation of Municipal Solid Waste Management Equipment, GIS based property tax module, development of two-wheeler parking in the basement of Luxmi Market, development of Western River Front of Imphal River Phase -II, Development Mall Road Phase -II, Development of Eastern River Front (Road), Rotary Parking with 42 ECS & 70 two wheeler parking at 4 locations, Kangla Battery Vehicle 3 Nos (14 seater) & 3 Nos (6 seater), "Development of Street for People: Site A: Governor Road between Jonhston School & BT Park section, Site B: Turel Mapal (New Lambulane) Road (connecting Nongpokthong)", development of 500 TPD capacity legacy waste processing plant at Lamdeng, Development of Organic Waste Composting Plant at Ima Keithel, and Development of Multi Level Car Parking (MLCP) cum Commercial Complex DFBOT basis at (i) PWD quarters, Kanglapat in Imphal & (ii) Old Power House Complex, Keishampat. Among these seven modules of ICCC project, Development of Western Riverfront of Imphal River Phase -I (Kangla Nongpok Torban) and Development of Mall Road /(Thangal Lambi) in Thangal Bazar have been inaugurated by the Hon'ble PM on 4th January, 2022 and Nongpok Thong (bridge) of Kangla has been inaugurated by the Hon'ble Union Home Minister on 6th January, 2023.

11.1.2 Swachh Bharat Mission (Urban):

Out of the target of constructing 43,644 nos. of Individual Household Latrines (IHHL), 39,203 are constructed and 506 seats of public/ community toilets are constructed out of the mission target of 620 seats. All 27 Urban Local Bodies (ULBs) are declared as Open Defecation Free (ODF). In the Swachh Survekshan-2021, the following ULBs of Manipur are awarded as:

Recognition in North-East Zone	Population Category	Name of the ULB
Best City in Citizen Feedback in North Zone	Population upto 50000	Kakching Municipal Council
The Cleanest City in North East Zone	Population upto 25000	Jiribam Municipal Council

The 2nd Phase of Swachh Bharat Mission (Urban) 2.0 was launched on 1st October, 2021 by the Hon'ble Prime Minister of India. The duration of the mission is for five years. "Used Water Management" (for towns less than one lakh population) is newly added component of the mission. The mission aims to have a clean sustainable environment with safe disposal with faecal sludge material.

11.1.3 Project under 10 % Lump Sum Scheme:

The projects taken up under the scheme are (i) construction of Tombisana Market and (ii) construction / upgradation of road under Kumbi Nagar Panchayat.

11.1.4 Deen Dayal Antyodaya Yojana-National Urban Livelihood Mission (DAY-NULM):

DAY-NULM aims to reduce poverty and vulnerability of the urban poor households by enabling them to access gainful self-employment and skilled wage-employment opportunities resulting in an appreciable improvement in their livelihoods on a sustainable basis by building strong grassroot level institutions for the poor. The components under the scheme includes Social Mobilization & Institutional Development (SM & ID); Employment through Skill Training & Placement (EST&P); Self-Employment Programme; Shelter for Urban Homeless; Support to Urban Street Vendors and Innovative and Special Project (ISP).

Under DAY-NULM, about 3,418 Women Self Help Groups (SHGs) have been formed and being matured. 80 Area Level Federations have been formed to oversee the functioning and protecting the interests of the SHGs. Under the mission, eight Skill Training Providers (STPs) in healthcare, apparel, chemical & petrochemical, IT & ITES, food processing capital goods, electronic construction and tourism & hospitality management & retail have been empaneled for imparting skills training to the urban poor of the State. Accordingly, 10,734 numbers of trainees have been trained, and 9,669 beneficiaries been provided employment.

11.1.5 Non Lapsable Central Pool of Resources (NLCPR) (Cluster – B, Solid Waste Management Project):

Management of solid waste on regional basis (Cluster-B) in Manipur comprising of seven ULBs viz., Thoubal, Lilong, Wangjing Lamding, Yairipok, Heirok, Andro & Shikhong Sekmai Municipal Councils under NLCPR scheme has been approved by the Ministry of DoNER, Government of India. Vehicles, dust bin, etc. were procured during 2022-23.

11.1.6 Jawaharlal Nehru National Urban Renewal Mission (JnNURM):

Under the JnNURM, two projects viz., Nambul River & Naga Nalla Riverfront Project and Solid Waste Management Project at Lamdeng (upgraded from its present state of “Waste to Compost” to “Waste to Compost & Energy” purely on Public Private Partnership mode) which has a capacity of treating 100 MT of waste per day have been taken up.

11.1.7 Pradhan Mantri Awas Yojana-Housing for All (Urban) Scheme (PMAY):

The Pradhan Mantri Awas Yojana-Housing for All (Urban) scheme was launched by the Hon’ble Prime Minister of India on 25th June, 2015 with an objective of providing affordable housing to urban homeless by 2022. So far, 18 towns of Manipur have achieved 100 per cent grounding of houses in their 1st BLC project and the Ministry has approved a 2nd BLC project with a total of 17,476 new beneficiaries and 55,804 houses for urban poor in 27 towns of Manipur. During the year 2022-23, construction of 11,657 houses have been completed and 34,101 houses are in different stages of construction. The Ministry also instituted a “PMAY (U) Award 2021 – 51 Days Challenge” to encourage healthy competition among State/ UT/ ULBs/beneficiaries and recognize their outstanding performance in the implementation of the scheme.

11.1.8 PM-SVANidhi:

PM-SVANidhi scheme was launched on 1st June, 2020 by the Ministry of Housing and Urban Affairs, for providing affordable loans to street vendors. The scheme is also extended to the hill districts and various loan camps are organized in the hill district headquarter towns of Manipur. The following details of loan that are applicable, sanctioned and disbursed to the street vendors.

Loan tranche	Loan Applications	Applications Sanctioned	Application Disbursed	Returned by Bank/Rejected
(1)	(2)	(3)	(4)	(5)
1st Tranche	16249	9821	9687	5893
2nd Tranche	5658	3335	3262	2067
3rd Tranche	545	308	297	173
Total	22452	13464	13246	8133

11.1.9 15th Finance Commission:

The 15th Finance Commission is recommended for the financial year 2021-22 till 2025-26 for the 27 ULBs of Manipur. In order to cater the growing urbanization needs, the Ministry released an amount of Rs.2,125.00 lakh as 1st installment of untied and tied grant for 27 ULBs. The untied grant can be used by the ULBs on felt needs under the 18th subjects enshrined in the 12th schedule, except for salaries & establishment costs, whereas the tied grants is earmarked for sanitation, solid waste management, drinking water, rainwater harvesting and water recycling. The 2nd installment for tied and untied amounting to Rs. 4,250 lakh is yet to be released by the Ministry. Budget Estimate (BE) 2022-23 has allocated a sum of Rs.6,400.00 lakh, out of which Rs. 2,560.00 lakh is untied fund and Rs.3840.00 lakh is tied fund.

11.1.10 15th Manipur Property Tax Board (MPTB):

Manipur Municipality Property Tax Board had framed a rule named as "Manipur Municipalities (Property Tax) Rules, 2019". The State Government notified the rules in the Extraordinary Gazette of Manipur that provides the assessment mechanism and the procedure for collection of tax for the municipalities.

11.2 Town Planning:

Town Planning Department Manipur was established in the year 1965-66 to act as an advisory body on the proper and judicious use of land and also to carry out statutory functions as laid down in the Manipur Town & Country Planning Act, 1975 and Imphal Municipality Building Bye-Laws, 1969. The department has been given the task of the preparation of regional plans, sub regional plans, area plan, preparation of guidelines for development of urban areas and functions specified under the Manipur Town & Country Planning Act, 1975. The department was designated by the State Government as nodal department/ mission directorate for Atal Mission for Rejuvenation & Urban Transformation (AMRUT).

11.2.1 Achievement:

The priorities set by the department was to co-ordinate with the State Government, Imphal Municipal Council, other ULBs, various line departments and consultants in the implementation of projects under AMRUT 2.0, its sub-missions and preparation of GIS-based master plan for 14 district headquarters and border town of Moreh.

11.2.1.1 AMRUT:

Only Imphal city is covered under the scheme. Projects under water supply (laying of pipes), amounting to 97.50 per cent of the total State Annual Action Plan (SAAP) is taken up, while projects under parks (25 per cent) is being taken up under AMRUT.

The physical status of water supply project under AMRUT for Imphal Municipal Corporation area are as follows:

Laying distribution pipes in all the 27 wards of IMC (383.40 Kms.).

Installation of Smart Water Meters in 44,000 households of IMC area.

Imphal is the pioneer city among the NE-States to take up the project for installation of Domestic Smart Water Meters on a ‘Whole City’ approach.

11.2.1.2 AMRUT 2.0:

AMRUT 2.0 was launched on 30th September, 2021 with an objective to make the cities ‘Water Secure’. The mission covers all the 27 ULBs of Manipur. Eligible components under AMRUT are (i) water supply (ii) rejuvenation of water bodies and (iii) parks and green space. The total Central share allocation for Manipur is Rs. 169.00 crore.

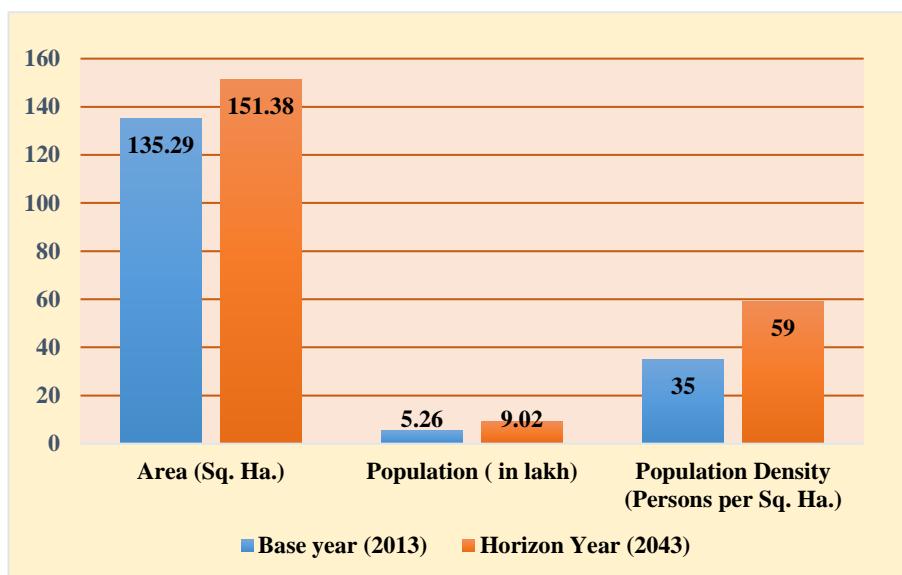

11.2.1.3 Local Area Plan (LAP) & Town Planning Scheme (TPS):

Imphal is one of the 25 selected cities for formulation of LAP and TPS. Government of India has appointed CEPT, Ahmedabad as the Anchor Institute (AI) to handhold Manipur in formulation of LAP and TPS. The AI has submitted draft Request for Proposal (RFP) for engagement of survey and planning consultants. The RFPs for engagement of survey and planning consultants were issued. Necessary amendments in the Manipur Town & Country Planning Act, 1975 to facilitate the implementation of LAP & TPS were drafted and submitted to the government.

11.2.1.4 GIS Based Master Plan:

The Government of Manipur had engaged School of Planning & Architecture, Bhopal for preparation of GIS based Master Plan of Imphal City for the horizon year 2043. The project offer long-term vision for the growth of the town, proper utilization of land under municipal regulation and wise use of resources to produce positive economic development in Manipur.

Fig. 11.1: GIS Based Master Plan of Greater Imphal for Horizon Year 2043

Source: Town Planning Department, Manipur

11.2.2 e-Municipality As A Service (E-MAAS):

11.2.2.1 Online Building Permission System (OBPS):

Online Building Permission System (OBPS) is to be introduced in all the ULBs under 'Ease of Doing Business' and e-Municipality As A Service (e-MAAS). In this regard, the Ministry of Electronics and Information Technology (MeitY) has approved the engagement of e-Governments Foundation, Bangalore and NIC to provide the necessary software and capacity building to the stakeholders. OBPS will be implemented in all the 27 towns of Manipur. The customization of building bye-laws for OBPS has been completed by NIC.

11.2.2.2 Online Municipal Services:

The Online Municipal Services under e-MAAS was introduced in all the municipalities. The Ministry of Electronics and Information Technology (MeitY) provided funding support for implementation of the Online Municipal Services for the first year and from second year onwards, the State Government has to fund from its own resources. List of municipal services prepared in consultation with all the 27 ULBs of Manipur to be made online using Service Plus platform of NIC are (1) Registration of Birth, (2) Registration of Death, (3) Booking and Payment for Desludging Tanks, (4) Registration of Shops & Establishment and Collection of Fee and (5) Levy of Water Tax.

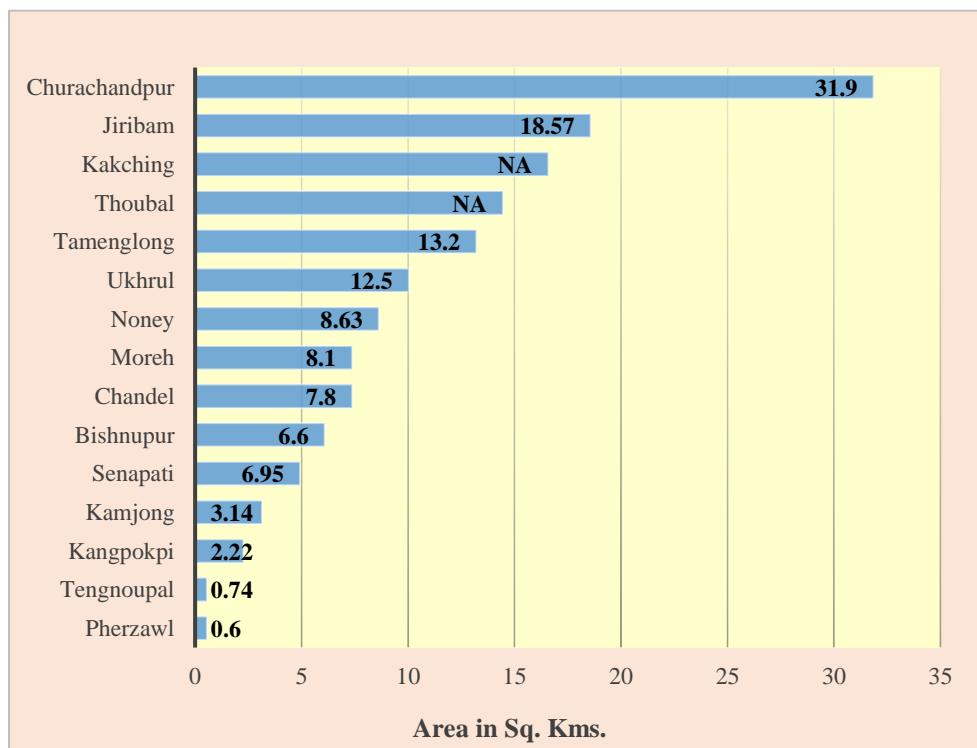

Three services viz., (1) Registration of Birth, (2) Registration of Death and (3) Booking & Payment for Desludging Tanks had been launched for all 27 ULBs of the State. In July 2022, the 4th service of Registration of Shops & Establishment and Collection of Fee for all 27 ULBs was launched.

11.2.2.3 GIS Based Master Plan for 14 District Headquarters & Moreh Town:

In order to ensure a planned development of 14 district headquarters and the border town of Moreh, the Government had taken up an initiative for preparation of GIS-Based Master Plan. School of Planning & Architecture, Bhopal was engaged by the State Government as the consultant for this work.

GIS Based Master Plan for 14 district headquarters & border town of Moreh for horizon year 2043 which is under preparation is shown in Fig. 11.2.

Fig. 11.2: GIS Based Master Plan for 14 District Headquarters & Border Town of Moreh

Source: Town Planning Department, Manipur

12. MISCELLANEOUS

12.1 Information and Public Relations:

The Department of Information and Public Relations (DIPR), Manipur is a government agency responsible for disseminating information about the government policies programmes and activities to the public. The DIPR provides a variety of services like press releases, publication, media outreach, public relations campaigns, events and exhibitions and social media. It plays an important role in keeping the public informed about the government's work and in building public trust and good will in the government.

The State Government introduced Manipur State Journalists Welfare Scheme with the allocation of Rs.10 crores as corpus fund from the budget 2017-18 to provide one-time ex-gratia relief on urgent basis to journalists. The scheme also covers medical requirements of the journalists. Under the scheme, Rs. 29,70,057/- have been spent in providing ex-gratia relief on an urgent basis to the 22 accredited and recognized journalists of Manipur so far.

From October, 2022 onwards monthly pensions for journalists have been increased to Rs. 8,000/- from Rs. 4,000/- and family pensions to Rs. 5,000/- from Rs. 2,000/-. Under Manipur Working Journalists Pension Scheme, a total of 21 pensioners are availing benefits of the scheme out of which six are retired journalists and 15 are family pensioners. As a one-time measure, the upper age limit for applying the Manipur Working Journalists Pension Scheme was relaxed upto the age of 65 years on 30th March, 2021.

The Directorate has also started digitization and maintenance of data bank for working and retired journalists and of rare and old photographs and videos which are currently stored in the Directorate's Archives.

For the first time, DIPR Manipur live streamed the Manipur State Assembly Elections, 2022 on Directorate's YouTube channel and Facebook on 10th March, 2022. The Live Webcast was viewed by around 5 lakhs 50 thousand viewers on YouTube alone. It also attracted around 10,000 new subscribers on the day.

Earlier, DIPR Manipur was assigned to install and operate PA/Sound System only in State and National functions. However, from 2022, DIPR Manipur has started taking major role in organizing Manipur Sangai Festival and other important events like Durand Cup. The Directorate installed PA/Sound System in all the venues of Manipur Sangai Festival besides taking active part in promoting these events through display of hoardings, radio jingles, TV advertisements, newspaper display advertisements, etc.

A Press Tour is conducted annually with a motive to strengthen the relationship between the government and the media. For the Year 2023-2024, the Directorate, in consultation with All Manipur Working Journalist's Union, organised a press tour for 9 (nine) days from 16th March to 24th March, 2024 at Port Blair, Andaman and Nicobar Islands. A total of 30 participants from both print and electronic media including DIPR officials participated at the external press tour.

12.2 Loktak Development Authority (LDA)

The Loktak Development Authority was constituted by the Government of Manipur in 1986 for overall improvement and management of Loktak Lake. The lake and its associated wet lands like Pumlen, Khoidum and Lamjao, Ikop and Kharung, Loushi, Waithou etc. provide support to ecological and economic security of the region through provisioning of fisheries and other aquatic resources, serving as habitat of several rare and endangered biodiversity and supporting hydro power generation and irrigation. These wetlands covered an area of 340 Sq.Kms., as recorded in the Survey of India Top Map, 1970, with the Loktak lake comprising the largest (60 per cent). The wetland system is drained by Manipur River and its major tributaries viz., Iril, Thoubal, Sekmai, Khuga etc.

An important feature of the Loktak Lake and its associated wetlands is the presence of floating islands (*Phumdis*). The southern portion of the lake forms the Keibul Lamjao National Park (KLNP) which is the world's largest floating protected wildlife area and the natural habitat of the most endangered ungulate species, the brow antlered deer (Sangai).

The LDA implements the Short Term Action Plan (STAP) for the project on conservation and management of the Loktak Lake and associated wetlands integrating Manipur River basin. With the completion of the Phumdi Management Activity by October, 2015 all components of STAP for the project have been completed.

12.2.1 Activities and Achievement:

World Wetlands Day: observed at Sendra, Loktak Lake, in February 2023

Regional Consultation for Wetlands Management: held in Imphal in April 2023

Mega Mann Ki Baat Programme: organised at Sendra in April 2023

G-20 Events at Loktak Lake: hosted with over 120 high level foreign delegates, numerous Hon'ble Ministers, MLAs, Chairman and senior government officials

Water Bird Census at Loktak Lake: an essential activity for wetland conservation conducted in February 2024

Removal of Phumdis from Lake and Drainage System: the target was achieved 100% (2,42,543 and 27,507 cum respectively) during 2023-24.

12.3 Settlement and Land Records Manipur:

Settlement and Land Records, Manipur was established in the year 1960 under the Act, Manipur Land Revenue & Land Reforms Act, 1960. It is to carry out operations in accordance with the provisions of the act in order to determine or revise the land revenue payable on lands in any local area called a “revenue survey”. The results of the operations are called “settlement” and the period during which such results are to be in force is called the “term of settlement”.

Under revenue survey, the record – of – rights are prepared or revised by (i) Traverse Survey; (ii) Cadastral Survey; (iii) Preliminary Record Writing and Field Classification (iv) Record Attestation; (v) Revenue Attestation, (vi) Offer of Settlement; (vii) Publication of the Draft Record-of-Rights; (viii) Disposal of Objection under sub-section (I) of section 43 and (ix) Preparation and Final Publication of the Record-of-Rights under sub-section (2) of section 43.

During 2022-23, 44 revenue villages from seven districts were under this Directorate for survey/ resurvey. District wise data of revenue villages under survey/ re- survey are: Imphal East – 11, Thoubal – 13, Kakching – 17, Kangpokpi – 1, Noney – 1 and Tengnoupal – 1.

12.3.1 Digital India Land Records Modernization Programme (DILRMP):

For modernization of land records system in the country, the National Land Records Modernisation Programme (NLRMP), a centrally sponsored scheme, was formulated by merging two centrally sponsored schemes viz, Computerisation of Land Records (CLR) and Strengthening of Revenue Administration and Updating of Land Records (SRA & ULR). The NLRMP, has since been revamped as the Digital India Land Records Modernization

Programme (DILRMP) as a Central Sector Scheme with cent per cent Central funding with effect from 1st April, 2016. The major components of this programme are (i) Computerization of Land Records, (ii) Computerization of Registration, (iii) Survey/ Resurvey and Innovative Initiatives, (iv) Modern Record Rooms, (v) Training & Capacity Building, IEC and Evaluation Studies, (vi) Project Management Unit (PMU) (vii) Consent-based linkage of Aadhaar with Record of Rights and (viii) Computerization of Revenue Courts.

In respect of the state of Manipur, the revamped programme was rolled out in 2020-21 with four components in target viz, Computerization of Land Records, Computerization of Registration, Modern Record Rooms & Project Management Unit (PMU).

In 2022-23, the following targets were achieved under the programme:-

Project Management Unit was set up to monitor the progress under DILRMP.

National Generic Document Registration System (NGDRS) was implemented in Sub-Registrar Offices of Bishnupur, Imphal West & Thoubal.

Digitisation of 710 nos. of cadastral maps were carried out.

Scanning of old documents and land records are going on in all the districts.

12.4 Relief & Disaster Management:

The Department of Relief & Disaster Management, Government of Manipur was setup as a separate department in 2006 as per the provisions of the Disaster Management Act, 2005 in order to manage effectively the impacts of various natural calamities such as earthquake, landslides, floods, forest fires, pest attack etc. The State is situated under seismic zone-V, which is highly prone to earthquake hazards.

It is vested with responsibilities of not only providing relief assistance to the victims of various natural calamities but also responsible for imparting awareness programmes to various stakeholders on pre and post disaster management comprising of disaster preparedness, mitigation, prevention, search & rescue, relief and rehabilitation, and reconstruction. It has set up Emergency Operation Centre (EOC) at the state level and district level for emergency communications, dissemination and coordination.

12.4.1 Mock Exercise:

The State government has organized a state level mock exercise and at district level too on the seismic disaster theme. These mock exercises helps the government to assess the preparedness, review the Standard Operating Procedures (SOP) and to evaluate the readiness of various related departments to any disaster or emergency. It also gives the opportunity to coordinate the activities of various stakeholders for their optimum utilization and to use the feedback to identify the gaps and lacuna and improve the capacities of the system to face an actual disaster situation in future.

12.4.2 Awareness/ Training Programme:

The State government also conducts various awareness programmes on disaster management at the state, district and grassroot level such as DLOs community training, clubs, NGOs, NYKs, CBOs Village head/ Chief Asha worker etc. The government also prepares the State Disaster Management Plan and updates annually. Department of Earth Sciences, Manipur University and MARSAC are involved in the preparation of State Disaster Management Plan with more emphasis on the Earthquake Hazards Vulnerability of the State, which help in mitigating the impact of any disaster and mounting an effective and timely response to it in the State.

12.4.3 Schemes/ Project:

National Disaster Management Authority (NDMA) is implementing "Up-scaling of Aapda Mitra" scheme in order to improve local capacity in disaster response across India. The scheme focuses on training of 1,00,000 community volunteers in disaster response in 350 most landslide, cyclone, flood and earthquake prone districts of all States/UTs of India. The scheme aims to provide the community volunteers with the skills that they would need to respond to their community's immediate needs in the aftermath of a disaster, thereby enabling them to undertake basic relief and rescue tasks during emergency situations. Except for Churachandpur and Pherzawl, all the other 14 districts of the State now have trained volunteers under the scheme.

District Disaster Management Authority, Chandel is the only DDMA selected for the scheme 'Strengthening of DDMA of Hazard Prone District' out of 115 identified backward districts.

12.4.4 Implementation of Sendai Framework:

The centrally sponsored scheme for implementation of Sendai Framework for Disaster Risk Reduction is also being implemented in the State. In collaboration with Manipur Technical University, a three days' Faculty Development Programme on Disaster Risk Reduction was conducted successfully from 11th March to 13th March 2024 for 40 college teachers from various institutions.

12.4.5 National Disaster Management Information System:

National Disaster Management Information System (NDMIS) is a comprehensive online application, being developed to capture disaster damages and the losses effectively and also for monitoring of fund disbursal under State Disaster Response Fund (SDRF) and National Disaster Response Fund (NDRF) to states for relief activities in case of disasters.

The online system will track the impacts of hazards for the entire country up to district level. It has two components: (i) reporting the data related to SDRF and NDRF from the districts to state, and from state to centre and (ii) capturing disaster damage and losses and also for monitoring the Sendai Framework for Disaster Risk Reduction (SFDRR) targets.

12.4.6 Common Alerting Protocol (CAP) based Integrated Alert System (SACHET):

National Disaster Management Authority (NDMA) has envisaged a Common Alerting Protocol (CAP) based integrated Alert System for Disaster Management to warn the Indian public of emergencies and disaster and to address measures for the prevention of disaster, or the mitigation or preparedness and capacity building.

The primary objective of CAP Sachet is to modernize and integrate existing alert and warning system at the national, state, territorial, and local level in a single, cohesive platform, which any forecasting agency can address public or the Infrared Search and Track (IRST) responders of a specific area simultaneously over all media coverage (SMS, TV, Radio, Internet Mobile application, social media etc.). This programme is implemented in the State by dissemination of warning or alert of the potential natural calamities after receiving alert/warning from various agencies like IMD, GSI, INCOIS, CWC, FSI etc.

12.4.7 Extension of Emergency Response Support System (Dial 112):

Emergency Response Support System (ERSS) is also one of the activity where an integrated emergency response system with a single emergency no. 112 can be provided. ERSS is designed to address all emergency signals received from citizens through voice call, SMS, e-mail, panic SOS signal, ERSS web portal etc. A mobile app called ‘112 India’ is introduced by Government of India, to quickly raise a request for help when a person is in emergency, by pressing a button to send alert messages with location data and make emergency call to 112. This facility will aid the concerned service agencies to reach out the requestor quickly.

12.4.8 Drought 2019:

Manipur faced a serious drought arising out of scanty rainfall during monsoon 2019. The rainfall deficit in June was 67.7 per cent. The State government had declared 70 blocks in 16 districts as drought affected and started relief measures on 31st August, 2019. A Core Group (CG) comprising Secretaries/Principal Secretaries of different line departments under the chairmanship of the State Chief Secretary continuously reviewed and monitored the situation. Similarly, a Task Force was constituted at the district level to review and monitor the situation at the district and lower levels. The actual rainfall recorded during the agriculture season till 31st August, 2019 is only 62.9 mm against a normal 195 mm showing a deficit of more than 67.7 per cent. The deficient or no rainfall situation throughout the State had adversely affected normal agricultural activities. Both the irrigated and rain fed areas have suffered substantially due to this unexpected situation.

12.4.9 COVID-19:

Coronavirus disease 2019 is a contagious disease caused by Severe Acute Respiratory Syndrome Coronavirus-2 (SARS-CoV-2). The first case was identified in Wuhan, China, in December 2019. The disease spread worldwide and led to a pandemic. The entire State was in lockdown from 23rd March, 2020. The handling and management of COVID-19 pandemic was controlled and co-ordinated by the Home Department primarily. Relief & Disaster Management Department supplemented in various ways. To tackle the pandemic situation the Department had sanctioned some funds to the District Administration, Police Department, Health Department, Transport Department, Manipur Bhawan, Guwahati and Kolkata.

During the pandemic situation the Department took up many training sessions as an awareness programme in respect to COVID-19 & disaster management to the public. The awareness was done by the Department's staffs along with concerned medical professionals. Some of the subject discussed includes (1) awareness on COVID-19 as a pandemic and how it is spread, (2) how to deal with the onset of the pandemic, (3). demonstration on first aid on how to tackle if any emergency arises. (5) demonstration and spread of awareness on disaster management.

12.4.10 Catastrophic Landslide at Marangching, Noney District, Manipur, 2022:

A massive landslide occurred at Tupul yard railway construction camp site located near Makhuamn area about 15 Kms. north east of Noney Police Station, Maranching Part -V village, Noney District, Manipur on intervening night of 29th June, 2022 at around 11:30 pm & on 30th June, 2022 at around 1:00 am and trapped 79 people, killed 61 people and injured 18 people. Search operations by NDRF, SDRF, MMTA, Police, Assam Rifle, Fire Services, Rongmei Naga Students Organisation (RNSO) and village volunteers continued for 20 days after which the Hon'ble Chief Minister of Manipur called off the search operations and permitted the villagers to perform their religious rituals for the deceases. The number of victims as per various organizations are shown in Table 12.1.

Table 10 (c)
Indicators not Covered in the SIF of Manipur

Sl. No.	Indicator	Year	Manipur	India	
(1)	(2)	(3)	(4)	(5)	
1.	1.3.2 Number of beneficiaries under ICDS (Total children 6 months to 6 years)	2022-23	265667	84327266	
2.	1.3.6 Number of senior citizens provided institutional assistance through Old Age Homes/ Day Care Centres funded by the Govt.	2022-23	1000	120105	
3.	2.1.1 Percentage of children aged under 5 years who are under weight	2019-21	13.3	32.1	
4.	2.1.2 Proportion of beneficiaries covered under National Food Security Act, 2013 (%)	2022-23	80.14	98.48	
5.	2.2.4 Percentage of women whose Body Mass Index (BMI) is below normal	2019-21	7.2	18.7	
6.	2.4.2 Percentage of farmers issued Soil Health Card	2019-20	-	100	
7.	2.4.3 Percentage of net area under organic farming	2020-21	0.01	2.38	
8.	3.1.2 Percentage of births attended by skilled health personnel (Period 5 years)	2019-21	85.6	89	
9.	3.1.3 Percentage of births attended by skilled health personnel (Period 1 year)	2019-21	87.2	90.9	
10.	3.1.4 Percentage of women aged 15-49 years with a live birth, for last birth, who received antenatal care, four times or more	2019-21	79.4	58.5	
11.	3.3.1 Number of new HIV infections per 1,000 uninfected population	2022	0.27	0.05	
12.	3.4.2 Suicide mortality rate (per 1,00,000 population)	2021	1.5	12	
13.	3.5.1 Number of persons treated in de-addiction Centres	2022-23	10313	339588	
14.	3.5.2 Percentage of population (Men: 15-49 years, Women: 15-49 years) who drink alcohol about once a week out of total population (Men: 15-49 years, Women: 15-49 years) who drink alcohol	2019-21	Women Men	19.5 46	36.6 43.4
15.	3.5.3 Percentage of population (Men: 15-54 years, Women: 15-49 years) who consume alcohol	2019-21	Women Men	0.9 37.2	1.3 18.7
16.	3.7.5 Percentage of women aged 15-19 years who were already mothers or pregnant	2019-21		8.6	6.8
17.	3.8.3 Percentage of people living with HIV currently receiving ART among the detected number of adults and children living with HIV	2022-23		92	86
18.	3.8.4 Prevalence of hypertension among men and women aged 15 and above	2019-21	Women Men	23.0 32.2	21.3 24.0
19.	3.8.6 Percentage of women aged 30- 49 years who have ever undergone a screening test for cervical cancer	2019-21		2.1	1.9

Contd.

Table 10 (c)
Indicators not Covered in the SIF of Manipur

Sl. No.	Indicator	Year	Manipur	India
(1)	(2)	(3)	(4)	(5)
20.	3.9.2 Proportion of men and women reporting Asthma in the age group 15-49 years	2019-21	Women	1.4
			Men	2.2
21.	4.1.2 Gross intake ratio to the last grade [Primary (P), Upper Primary (UP) and Secondary(S)]	2020-21	P	18.85
			UP	86.81
			S	76.38
22.	4.a.1 Proportion of schools with access to <ul style="list-style-type: none"> Electricity Computer for pedagogical purposes Adapted infrastructure and materials for students with disabilities/ disabled friendly ramp and toilets Basic drinking water Single sex basic sanitation facilities <ul style="list-style-type: none"> Boy Girl Basic hand washing facilities (as per WASH indicator definition) 	2021-22	66.5	89.3
			37.0	47.5
			49.6 (Ramp)	71.8 (Ramp)
			98.9	98.2
			87.8	96.2
			87.0	97.5
			83.2	93.6
23.	5.2.7 Child Sex Ratio (0-6 years) in numbers	2011	930	918
24.	5.3.1 Percentage of women aged 20-24 years who were married by exact age 18 years	2019-21	16.3	23.3
25.	5.6.3 Percentage of population aged 15-24 years with comprehensive knowledge of HIV/AIDS	2019-21	Women	48.7
			Men	48.4
26.	5.a.3 Wages of casual labourers other than public works (per day in Rs.)	April-June, 2022	502	383
27.	5.a.4 Average Agricultural wage earnings from casual labour work other than public works (per day in Rs.)	April-June, 2022	446	299
28.	8.3.1 Percentage of workers in informal sector among total workers engaged in non-agriculture sector	2021-22	59.2	71.8
29.	8.3.5 Number of Start-up recognized under Start-up India	2022		26522
30.	8.5.2 Unemployment Rate (%)	2021-22	9.0	4.1
31.	16.3.2 Unsentenced detainees as a proportion of overall prison population (in %)	2021	84	77.1
32.	16.3.3 Number of judges per lakh population	2022	3	1.49
33.	16.4.1 Number of cases under Arms Act	2021	35	74482

ACRONYMS

AAY	:	Antyodaya Anna Yojana
AB-HWCs	:	Ayushman Bharat Health and Wellness Centre
ABPS	:	Aadhaar Base Payment System
AC	:	Assembly Constituency
ACA	:	Additional Central Assistance
ACR	:	Additional Classroom
ADB	:	Asian Development Bank
ADMS	:	Automatic Demand Management Scheme
AES	:	Acute Encephalitis Syndrome
AI	:	Anchor Institute
AI	:	Artificial Insemination
AIDS	:	Acquired Immunodeficiency Syndrome
AIIB	:	Asian Infrastructure Investment Bank
AIR	:	All India Radio
AL	:	Agricultural Labourer
AMB	:	Anaemia Mukt Bharat
AMRUT	:	Atal Mission for Rejuvenation and Urban Transformation
ANB	:	Atma Nirbhar Bharat
ANC	:	Antenatal Check-up
ANC	:	Antenatal Clinic Attendee
ANM	:	Auxiliary Nurse and Midwife
APEDA	:	Agricultural and Processed Food Products Export Development Authority
ARWSP	:	Accelerated Rural Water Supply Programme
ASCAD	:	Assistance to State for Control of Animal Diseases
ASF	:	African Swine Fever
ASI	:	Annual Survey of Industries
ASPIRE	:	A Scheme for Promotion of Innovation, Rural Industries and Entrepreneurship
ATM	:	Automated Teller Machine
ATI	:	Appropriate Technology and Innovation
AWC	:	Advanced Wound Care
AWC	:	Anganwadi Centre
AWS	:	Automated Weather Station
AYUSH	:	Ayurveda Yoga Naturopathy Unani Siddha & Homeopathy
BaLA	:	Building as Learning Aid
BADP	:	Border Area Development Programme
BBI	:	Bamboo Based Industry
BDO	:	Block Development Officer
BG	:	Broad Guage

ACRONYMS

BLC	:	Beneficiary Led Construction
BJRCY	:	Babu Jagjivan Ram Chhatrawas Yojana
BMS	:	Basic Minimum Services
BN	:	Bharat Nirman
BOSEM	:	Board of Secondary Education Manipur
BPO	:	Business Process Outsourcing
BPL	:	Below Poverty Line
BQ	:	Black Quarter
BRO	:	Border Road Organisation
BSNL	:	Bharat Sanchar Nigam Limited
BWH	:	Birth Waiting Home
CAD & WM	:	Command Area Development and Water Management
CADCP	:	Critical Animal Disease Control Programme
CADCP	:	Control of Animal Disease Control Programme
CAF & PD	:	Consumer Affairs, Food & Public Distribution
CAGR	:	Compounded Annual Growth Rate
CAP	:	Common Alerting Protocol
CASA	:	Current Account and Saving Account
CAU	:	Central Agricultural University
CBE	:	Commander of British Empire
CBO	:	Community Based Organisation
CBSE	:	Central Board of Secondary Education
CCE	:	Crop Cutting Experiment
CCML	:	Cyber Corporation Manipur Limited
CDB	:	Coconut Development Board
CDR	:	Credit-Deposit Ratio
CEA	:	Central Electricity Authority
CEO	:	Chief Executive Officers
CEPT	:	Centre for Environment Planning and Technology
CFC	:	Consumption of Fixed Capital
CFP	:	Cluster Facilitation Project
CG	:	Core Group
CGI	:	Corrugated Galvanised Iron
CHC	:	Community Health Centre
CIF	:	Community Investment Fund
CIIIT	:	Centre for Invention, Innovation, Incubation & Training
CLF	:	Cluster Level Federation
CLR	:	Computerisation of Land Record
CMAT	:	Chief Ministergi Artistesinggi Tengbang
CMHA	:	Chief Minister's Health for All

ACRONYMS

CMHT	:	Chief Ministergi Hakselgi Tengbang
